## GOL Elects Paulo Kakinoff as New Independent Board Member

**São Paulo, January 6, 2010** GOL Linhas Aéreas Inteligentes S.A. (BM&FBOVESPA: GOLL4 and NYSE: GOL), Latin America's largest low-cost and low-fare airline, announces the election of Paulo Kakinoff as the newest member of its Board of Directors. The election took place today at an extraordinary meeting of GOL shareholders.

Paulo Kakinoff, 35, is currently CEO of Audi Brasil and has 17 years of experience in the auto industry, having served as Sales & Marketing Director at Volkswagen do Brasil and as Executive Director for South America at the Volkswagen Group's head offices in Germany. Kakinoff holds a bachelor's degree in Business Administration from Mackenzie University.

I am honored to be part of this board, because I have always seen GOL as one of the best companies in terms of brand building. My main objective is to help ensure that GOL continues to stand out in the market for the quality of its services, said the new board member.

GOL will benefit enormously from Kakinoff's expertise in the consumption sector, especially in the middle class, which is our main focus, said Constantino de Oliveira Junior, GOL's CEO.

GOL's Board of Directors, which is currently composed of nine members (four of whom are independent members, including the chairman), is responsible for establishing the company's strategic policies and general guidelines. The Board's responsibilities include electing the members of the executive board and overseeing the exercise of their functions. GOL outstands in corporate governance with its compliance with Bovespa Level 2 practices, whereby at least 20% (twenty percent) of its Board of Directors must be composed of independent members.

**FORWARD-LOOKING STATEMENTS**

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
