**PROTOCOL AND JUSTIFICATION OF TOTAL SPIN-OFF OF NOVA PONTOCOM COMÉRCIO
ELETRÔNICO S.A.**

By this private instrument:

- (1) **NOVA PONTOCOM COMÉRCIO ELETRÔNICO S.A.**, a closed corporation (*sociedade por ações fechada*) headquartered in the city of São Paulo, State of São Paulo, at Rua Gomes de Carvalho, nº 1.609, 3º ao 7º andares, zip code 04547-006, enrolled with the Brazilian Corporate Taxpayers' Registry of the Ministry of Finance ("**CNPJ/MF**") under No. 09.358.108/0001-25, and with the Board of Trade of the State of São Paulo ("**JUCESP**") under NIRE 35.300.386.540, hereby represented pursuant to its By-laws ("**Nova Pontocom**");
- (2) **VIA VAREJO S.A.**, a publicly-held corporation (*sociedade por ações aberta*) headquartered in the city of São Caetano do Sul, State of São Paulo, at Rua João Pessoa, nº 83, Centro, zip code 09520-010, enrolled with CNPJ/MF under No. 33.041.260/0652-90 and with JUCESP under NIRE 35.300.394.925, hereby represented pursuant to its By-laws ("**Via Varejo**");
- (3) **COMPANHIA BRASILEIRA DE DISTRIBUIÇÃO**, a publicly-held corporation (*sociedade por ações aberta*) headquartered in the city of São Paulo, State of São Paulo, at Av. Brigadeiro Luis Antônio, nº 3.142, zip code 01402-901, enrolled with CNPJ/MF under No. 47.508.411/0001-56 and with JUCESP under NIRE 35.300.089.901, hereby represented pursuant to its By-laws ("**CBD**");
- (4) **QE PARTICIPAÇÕES LTDA.**, a limited liability company under incorporation, headquartered in the city of São Paulo, State of São Paulo, at Rua das Açucenas, nº 206, Cidade Jardim, CEP 05673-040 (parte), hereby represented pursuant to its Articles of Association ("**QE Participações**"); and
- (5) **CAMBERRA PARTICIPAÇÕES LTDA.**, a limited liability company under incorporation, headquartered in the city of São Paulo, State of São Paulo, hereby represented pursuant to its Articles of Association ("**Camberra Participações**") and jointly referred to with Nova Pontocom, Via Varejo, CBD and QE Participações as "**Parties**" and, individually, as "**Party**".

THE PARTIES DECIDE, in compliance with the provisions set forth in Articles 224, 225, 227 and 229 of Law No. 6,404, dated December 15, 1976, as amended ("**Brazilian Corporate Law**"), to enter into this Protocol and Justification of Total Spin-off ("**Protocol**"), which shall regulate the terms and conditions applicable to the total spin-off of Nova Pontocom followed by absorption of the respective spin-off assets, as indicated below, by Via Varejo, CBD, QE Participações and Camberra Participações ("**Receiving Companies**" and "**Spin-off**", respectively), subject to the approvals referred to in Clause 4.2 below.

1 Purpose

The purpose of the Protocol is to establish the basis of the non-proportional Spin-off, upon subsequent transfer to each Receiving Companies of a portion of assets of Nova Pontocom proportionally to their interests in the net equity of Nova Pontocom, as provided for in Article 229, paragraph 3 and Article 229, paragraph 5, part two, of the Brazilian Corporate Law and pursuant to the spin-off provided for in the Shareholders' Agreement of Nova Pontocom, entered into on 23 July, 2014 among all shareholders of Nova Pontocom, provided that the spin-off assets allocated to the merger will be transferred to the Receiving Companies, which will be resolved on by the board of directors and the shareholders of Nova Pontocom, the shareholders of Via Varejo and CBD and the shareholders of QE Participações and Camberra Participações.

2 Justification and interest of the Parties to perform the Spin-off

Management of Nova Pontocom and of the Receiving Companies understand that, if approved, the Spin-off will result in the transfer to, and the consequent absorption by, the Receiving Companies, of all assets and liabilities of Nova Pontocom, which will result in capital and financial nature benefits to the Parties and will optimize the corporate structure of the group to which they belong by enabling each of the Parties to have greater autonomy and flexibility to manage their investments.

3 Appraisal of Spin-off Assets

3.1 Spin-off Assets. As a result of the Spin-off, the total net equity of Nova Pontocom, comprised by the assets and liabilities described in the Report (as defined below), will be transferred to and received by the Receiving Companies, provided that:

- (i) the assets and liabilities of Via Varejo, equivalent to 43.900% of total amount of Spin-off Assets, are listed in Exhibit 4 attached to the Report (“**Via Varejo Spin-off Assets**”);
- (ii) the assets and liabilities da CBD, equivalent to 53.203% of total amount of Spin-off Assets, are listed in Exhibit 4 attached to the Report (“**CBD Spin-off Assets**”);
- (iii) the assets and liabilities da QE Participações, equivalent to 2.723% of total amount of Spin-off Assets, are listed in Exhibit 4 attached to the Report (“**QE Participações Spin-off Assets**”); and
- (iv) the assets and liabilities da Camberra Participações, equivalent to 0.174% of total amount of Spin-off Assets, are listed in Exhibit 4 attached to the Report (“**Camberra Participações Spin-off Assets**” and, jointly with QE Participações Spin-off Assets, Via Varejo Spin-off Assets and CBD Spin-off Assets, the “**Spin-off Assets**”).

3.2 Appraisal. The Parties agree that, pursuant to the appraisal report provided for in **Exhibit 3.2** attached hereto (“**Report**”), the book value of each of the Spin-off Assets was appraised by **MAGALHÃES ANDRADE S/S AUDITORES INDEPENDENTES**, enrolled with the Regional Accounting Council of the State of São Paulo under No. 2SP000233/O-3, and with CNPJ/MF under No. 62.657.242/0001-00, headquartered in the city of São Paulo, State of São Paulo, at Av. Brigadeiro Faria Lima, nº 1.893, 6º andar, Jardim Paulistano (“**Appraisal Firm**”), as of the date of reference on September 30, 2015, based on the balance sheet prepared by the management of Nova Pontocom as of the same date and for this specific purpose. Pursuant to the Report, the total book value of Spin-off Assets, to be absorbed by the Receiving Companies, is equivalent to R\$ 10,000.00 (ten thousand reais), of which (i) R\$ 4,389.97 (four thousand, three hundred and eighty nine and ninety seven cents) is equivalent to Via Varejo Spin-off Assets; (ii) R\$ 5,320.34 (five thousand, three hundred and twenty reais and thirty four cents) is equivalent to CBD Spin-off Assets; (iii) R\$ 272.27 (two hundred and seventy two reais and twenty seven cents) is equivalent to QE Participações Spin-off Assets; and (iv) R\$ 17.42 (seventeen reais and forty two cents) is equivalent to Camberra Participações Spin-off Assets.

3.3 Spin-off Assets.

- (i) Via Varejo Spin-off Assets will be received by Via Varejo in replacement of 26,643,996 (twenty six million, six hundred and forty three Thousand, nine hundred and ninety six) shares issued by Nova Pontocom which are held by Via Varejo;

- (vi) will be carried out based on the total net equity of Nova Pontocom, upon transfer to the Receiving Companies of assets and liabilities proportionally to their interests held in Nova Pontocom;
- (vii) balances of assets and liabilities related to existing agreements between Nova Pontocom and Via Varejo and between Nova Pontocom and CBD, which are described in **Exhibit 4.1.2(vii)** attached hereto, will be liquidated by means of equity merger; and
- (viii) all suits, claims, action and judicial or administrative proceedings of any nature, including, but not limited to, of labor, social security, civil, tax, environmental and commercial nature, related to acts performed or triggering events occurred until the date of Spin-off consummation will be attributed to CBD, which shall, upon succession, plaintiff/defendant in such suits, claims, action and proceedings.

4.2 Conditions to implement Spin-off. Spin-off implementation, upon transfer of Spin-off Assets to the Receiving Companies, appointment of Appraisal Firm, Report approval and other terms and conditions set forth herein, were approved (i) by the board of directors of Via Varejo and by the board of directors of CBD, on 18 November 2015; (ii) by the board of directors of Nova Pontocom, on 18 November 2015, and are subject to the approval or ratification, as the case may be, (a) of the shareholders of Nova Pontocom, the shareholders of Via Varejo and the shareholders of CBD; and (b) of the partners of QE Participações and Camberra Participações.

4.3 Succession of rights and obligations. In accordance with the provisions of item 4.1.2(viii), the Receiving Companies shall succeed Nova Pontocom in all of its rights and obligations not expressly described herein, proportionally to their respective Spin-off Assets, pursuant to Article 229, paragraph 1, part two, and shall be held jointly liable for Nova Pontocom's obligations, pursuant to Article 233, *caput*, of the Brazilian Corporate Law.

4.4 Reimbursement amount. The right of withdrawal is not applied to the shareholders of Nova Pontocom since Spin-off approval depends on consent from all shareholders of Nova Pontocom, that is, all Receiving Companies, pursuant to Article 229, paragraph 5, part two, of the Brazilian Corporate Law

4.5 Interests in the corporate capital of the Parties. As of the date hereof, CBD holds 410,352,691 (four hundred and ten million, three hundred and fifty two Thousand, six hundred and ninety one) common shares and 149,168,394 (one hundred and forty nine million, one hundred and sixty eight thousand, three hundred and ninety four) preferred shares issued by Via Varejo, which will not be changed as a result of the Spin-off. As described in item 4.1.2 above, the shares held by CBD, Via Varejo, QE Participações and Camberra Participações in the corporate capital of Nova Pontocom will be cancelled as a result of the Spin-off.

5 GENERAL PROVISIONS

5.1 Severability. Possible order rendered by any court to cancel or deem any of the covenants set forth herein unenforceable shall not affect the validity or effectiveness of the other covenants set forth herein, which shall be fully complied with, provided that the Parties shall use their best efforts in order to be validly adjusted to obtain the same effects of such cancelled or unenforceable covenant.

5.2 Entire agreement, exhibits and amendments. This Protocol and its exhibits constitute the entire understanding and covenants between the managers of the Parties, as applicable, with respect to the matters regulated herein. This Protocol and its exhibits may only be changed or amended through a written instrument signed by all managers of the Parties.

5.3 Filing. Upon Spin-off approval by the shareholders of Nova Pontocom, by the shareholders Via Varejo and CBD and by the partners of QE Participações and Camberra Participações, the management of the Receiving Companies shall file and publish all acts related to the Spin-off, pursuant to Article 229, paragraph 4, of the Brazilian Corporate Law.

5.4 Applicable law. This Protocol shall be governed by and construed in accordance with the laws of the Federative Republic of Brazil.

5.5 Recommendation. In light of the foregoing, including all requirements provided for in Articles 224 and 225 of the Brazilian Corporate Law, the Spin-off is deemed to meet the interests of the Parties and its shareholders, reason by which the implementation thereof is hereby recommended.

IN WITNESS WHEREOF, the Parties execute this Protocol and Justification of Total Spin-off in fifteen (15) counterparts, same in content and form, in the presence of the two (2) undersigned witnesses.

APPRAISAL REPORT

INTRODUCTION

1. Grupo Pão de Açúcar is undertaking a reorganization whereby, according to the managements of NOVA PONTOCOM COMÉRCIO ELETRÔNICO S.A. (NOVA PONTOCOM or SPUN-OFF COMPANY) and RECEIVING COMPANIES, COMPANHIA BRASILEIRA DE DISTRIBUIÇÃO (CBD), VIA VAREJO S.A. (VIA VAREJO), HOLDING 1 and HOLDING 2, the Spin-off will trigger the transfer and the subsequent merger of the total assets and liabilities of NOVA PONTOCOM, which will result in equity and financial benefits to the Parties and optimize the corporate structure of the group to which these companies belong, as it allows each of the Parties to have more autonomy and flexibility in the management of their investments.
 2. HOLDINGS 1 and 2, which will incorporate a portion of the net assets were in process of incorporation at the time of preparation of this report. Capital stock of the holdings shall be paid up by shares of NOVA PONTOCOM held by minority shareholders.
 3. Accordingly, the purpose of this Report is to determine the value of the net worth at book value to be spun-off, taking into consideration the financial condition of NOVA PONTOCOM as at 30 September 2015.
 4. The Report is issued in connection with the audit of the balance sheet of NOVA PONTOCOM prepared for such purpose as at 30 September 2015. The management is responsible for the preparation and appropriate presentation of these financial statements in accordance with accounting practices adopted in Brazil and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, regardless if caused by fraud or error.
 5. The appraisal was conducted in accordance with Brazilian and international auditing rules. Such rules require the compliance with ethical rules by the auditors and that the audit is planned and performed with purposes to obtain reasonable assurance that the financial statements are free from material misstatement.
 6. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The chosen procedures depend on the auditor's judgment, including the assessment of the risks of material misstatements of the financial statements, regardless if caused by fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and appropriate presentation of the financial statements in order to design audit procedures that are adequate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting
-

estimates made by management, as well as evaluating the overall presentation of the financial statements.

7. We believe that the audit evidence obtained is enough and appropriate to support the opinion.

FINANCIAL CONDITION OF NOVA PONTOCOM

8. The assessment is carried out at book value, as set forth in article 226 of Law 6404/76, and based on the financial condition reflected in the Balance Sheet as at 30 September 2015, included as EXHIBIT 1 and whose financial condition of negative equity is broken down as follows:

ASSETS	236,205,960.79
(-) LIABILITIES	<u>250,692,486.65</u>
NEGATIVE EQUITY	(14,486,525.86)

9. Such balance sheet was prepared in accordance with accounting practices adopted in Brazil

and considered, for purposes of assessment, that the company shall continue as a going concern. EXHIBIT 2 describes the main accounting practices and policies adopted by NOVA PONTOCOM.

10. NOVA PONTOCOM maintains its accounting records in a regular manner in own books and the balances are duly recorded and reconciled.

11. In NOVA PONTOCOM's assets there are tax credits arising from accumulated losses, net of the provision for impairment loss of these assets, in the amount of R\$ 4,014,222.34 (four million, fourteen thousand, two hundred and twenty-two and thirty-four cents). As this balance cannot be offset against the RECEIVING COMPANIES' profit, this balance shall be reduced to zero. Such adjustment was adopted in this Report and is described in EXHIBIT 3 hereto.

12. In assets, there is also a credit arising from deferred temporary differences, which shall be adjusted to reflect the benefit that shall be transferred, which reduces the balance by R\$1,375,225.63.

13. On 5 November 2015, management used a portion of the balance of the loan agreements entered with shareholders Companhia Brasileira de Distribuição and Via Varejo to partially offset accumulated losses. This offset is in the amount of R\$ 19,885,973.83 (nineteen million, eight hundred and eighty-five thousand, nine hundred and seventy-three Reais and eighty-three cents), out of which R\$ 10,895,645.22 (ten million, eight hundred and ninety-five thousand, six hundred and forty-five Reais and twenty-two cents) against CBD and R\$ 8,990,328.61 (eight million, nine hundred and ninety thousand, three hundred and twenty-eight Reais and sixty-one cents) against Via Varejo.

14. The SPUN-OFF COMPANY has a current account balance with CBD, in the amount of

R\$2,406,046.80 (two million, four hundred and six thousand, forty-six Reais and eighty cents). This balance shall be offset upon merger and shall not impact the RECEIVING COMPANY's net worth.

15. In liabilities, the SPUN-OFF COMPANY has credits arising from loan agreements with CBD, in the total amount of, after the adjustment referred to in paragraph 13, R\$ 88,982,827.52 (eighty-eight million, nine hundred and eighty-two thousand, eight hundred and twenty-seven Reais and fifty-two cents) and with VIA VAREJO, in the total amount of R\$ 74,876,159.77 (seventy-four million, eight hundred and seventy-six thousand, one hundred and fifty-nine Reais and seventy-seven cents). These balances shall be offset upon merger and shall not impact the RECEIVING COMPANIES' net worth.

16. By virtue of the adjustments described in paragraphs 11, 12 and 13, the financial condition of NOVA PONTOCOM, as at 30 September 2015, for purposes of spin-off, is described in EXHIBIT 4 and is summarized as follows:

ASSETS	230,816,512.82
(-) LIABILITIES	<u>230,806,512.82</u>
SHAREHOLDERS' EQUITY	10,000.00

17. The capital stock of NOVA PONTOCOM amounts to R\$ 50,741,294.71 (fifty million, seven

hundred and forty-one thousand, two hundred and ninety-four Reais and seventy-one cents) and is divided into 60,692,838 (sixty million, six hundred and ninety-two thousand and eight hundred and thirty-eight) shares, distributed as follows:

EFFECT OF THE SPIN-OFF ON NOVA PONTOCOM

19. As a result of the spin-off, NOVA PONTOCOM shall be extinct, and its net assets shall be absorbed by the RECEIVING COMPANIES, as set forth in EXHIBIT 4.

Shares held by CBD, VIA VAREJO, HOLDING 1 and HOLDING 2, equal to the spin-off shall

20.

be forfeited and replaced with assets and liabilities incorporated thereby.

EFFECT OF THE MERGER ON CBD

21. CBD absorbs part of the net worth of NOVA PONTOCOM in the amount of R\$5,320.34 (five thousand, three hundred and twenty Reais and thirty-four cents), as demonstrated in EXHIBIT 4.

22. NOVA PONTOCOM's shares held by CBD shall be cancelled and replaced with assets and liabilities incorporated thereby, while CBD's interest in NOVA PONTOCOM is extinguished, in the exact amount of the net assets incorporated hereby, without any impact on its net worth.

EFFECT OF THE MERGER ON VIA VAREJO

23. VIA VAREJO absorbs part of the net worth of NOVA PONTOCOM in the amount of R\$4,389.97 (four thousand, three hundred and eighty-nine Reais and ninety-six cents).

24. NOVA PONTOCOM's shares held by VIA VAREJO shall be cancelled and replaced with assets and liabilities incorporated thereby, while VIA VAREJO's interest in NOVA PONTOCOM is extinguished, in the exact amount of the net assets absorbed hereby, without any impact on its net worth.

EFFECT OF THE MERGER ON HOLDING 1

25. HOLDING 1 absorbs part of the net worth of NOVA PONTOCOM in the amount of R\$272.27 (two hundred and seventy-two Reais and twenty-seven cents), as demonstrated in EXHIBIT 4.

The shares of NOVA PONTOCOM held by HOLDING 1 will be replaced and forfeited by the assets

26.

and liabilities incorporated thereby, at the same time as the interest of HOLDING 1 in NOVA PONTOCOM will be extinct, at the exact amount of the net asset absorbed, without any impact in its net asset.

27. HOLDING 2 absorbs part of the net worth of NOVA PONTOCOM in the amount of R\$17.42 (seventeen Reais and forty-two cents), as demonstrated in EXHIBIT 4.

28. The shares of NOVA PONTOCOM held by HOLDING 2 will be replaced and forfeited by the assets and liabilities incorporated thereby, at the same time as the interest of HOLDING 2 in NOVA PONTOCOM will be extinct, at the exact amount of the net asset incorporated, without any impact in its asset.

CONCLUSION

29. Given the findings and statements, it can be concluded that the Spun-Off Company's installment of NOVA PONTOCOM on 30 September 2015, transferred to COMPANHIA BRASILEIRA DE DISTRIBUIÇÃO, to VIA VAREJO S.A., and to two new Holdings, represents an adjusted net worth of R\$10,000.00 (ten thousand Reais) and is in compliance with article 226 of Law 6,404/76.

REPRESENTATIONS

30. The appraisal expert expressly represents that she has no interest, directly or indirectly, in NOVA PONTOCOM COMÉRCIO ELETRÔNICO S.A., in COMPANHIA BRASILEIRA DE DISTRIBUIÇÃO, in VIA VAREJO S.A., in HOLDING 1 and in HOLDING 2 or even in the transaction, and that there is no other circumstance that could characterize a conflict of interest. She also informs that the managers of NOVA PONTOCOM, CBD, and VIA VAREJO did not limit, difficult, or perform any acts that could have compromised the access, use, or knowledge of information, properties, documents, or work methods relevant to the quality of the respective conclusions.

This Report is issued in six (6) counterparts and has seven (7) pages and four (4) exhibits, printed on just one side and initialed by the undersigned expert.

EXHIBIT 2

Main Accounting Practices and Policies

1. Accounting rules

The financial statements were prepared pursuant to the rules issued by the Brazilian Accounting Pronouncements Committee –CPC and approved by the Federal Accounting Council –CFC.

The financial statements were prepared based on the historical cost, except for certain financial instruments, measured at the fair value.

The financial statements are submitted in Real, which is the functional currency and the presentation currency of the Company and its subsidiaries.

2. Preparation and presentation basis

2.1. Use of judgments and estimates

The preparation of the Company's financial statements requires management to use judgments, estimates, and assumptions that affect the stated amounts of revenues, expenses, assets, liabilities, and their relevant disclosure, in addition to the disclosure of the contingent liabilities. Uncertainties regarding such assumptions and estimates may deliver results that require material adjustments to the carrying amount of affected assets or liabilities in future fiscal years.

Trials

In the process of enforcing the Company's accounting policies, Management adopted the following judgments, which significantly affected the amounts recognized in the financial statements:

Estimates and assumptions

We describe below the main assumptions with respect to future sources and other main sources of uncertainty in the estimates on the date of the balance sheet that may pose a significant risk of requirement of material adjustments to the carrying amounts of assets and liabilities during the next fiscal year. The Company based its assumptions and estimates on metrics available at the time of the preparation of the financial statements. However, the real circumstances and assumptions regarding future developments may vary according to changes in the market or circumstances beyond the control of the Company. Such changes are reflected on the assumptions as they occur.

2. Preparation and presentation basis (Continued)

2.1. Use of judgments and estimates (Continued)

a) Impairment of non-financial assets

The impairment occurs when the carrying amount of an asset or a cash generating unit exceeds its recoverable amount, which is the higher of the fair value, less any disposal costs, and its value in use. For this closing, the Company performed no impairment tests, which shall be performed as of the end of the year, but there is no evidence of change in the business environment that leaves room to the reversal of the recoverability of the assets.

b) Tax credits (PIS, COFINS, and ICMS)

The Company is subject to the methodology for tax debits and credits that may accrue under the applicable laws and regulations. Management took into account the possibilities of realizing the tax credits based on the technical feasibility study on the future realization of taxes, considering the ongoing spin-off and the use of such balances by the RECEIVING COMPANIES.

c) Provision for judicial claims

The Company is a party to several legal and administrative proceedings. The provisions for legal demands are made for all actions likely to give rise to resolution expenses. The assessment of the probability of loss includes assessment of the available evidence, law hierarchy, available case law, the most recent court decisions and their legal relevance, as well as assessment by outside counsel. Management believes that the provisions for tax, civil, and labor demands are properly presented in the consolidated separate financial statements.

d) Stock-based compensation

The Company measures the cost of stock-based compensation to employees based on the fair value of the equity instruments at the granting date.

The estimated Fair Value of stock-based compensation transactions requires choice of the most suitable assessment regime, depending on the terms and conditions of the award. This estimate also requires choice of the most suitable sources to be used in the assessment model, including the expected useful life of the share option, the volatility, and the dividend yield, in addition to the use of assumptions in this regard.

3. Main accounting policies

3.1 Controlled companies

The Company is deemed to be in control when it is exposed or holds rights to varied returns resulting from its engagement with the invested company and when it is able to influence such returns through its power over the invested company.

Specifically, the Company is deemed the parent of an investee only when the Company:

- Has power over the invested company (that is, existing rights ensuring the ability to control the investee's relevant activities);
-

- Is exposed or holds rights to varied returns resulting from its engagement with the investee;

and

- Can use its power over the investee to influence its returns.

In the events the Company holds a non-controlling interest in the decisions or other rights to an invested company, the Company takes into account all relevant facts and circumstances when analyzing its power over an invested company, such as:

- Contractual agreements with other holders of voting rights in the invested company;
- Rights arising from contractual agreements;
- The Company's voting rights and potential voting rights.

The Company reassesses its position of parent of an invested company or the absence of such position if the facts and circumstances indicate changes in one or more of these three control elements.

On 30 September 2015, only LuxCo. is deemed a controlled company, in which the Company holds interest of 95.13% of the capital stock. In case of the other invested companies, the Company is a member of the controlling group, but it holds an interest lower than 50%.

The amount of the investment in these controlled companies is assessed through the Equity Method, based on the invested companies' financial statements as of September 30, 2015.

3.2. Impairment of non-current assets

The intangible assets with indefinite useful life are tested for impairment at least once a year, on

31 December, or when there is any sign of impairment. Other assets are also tested for impairment whenever there is any sign thereof.

3. Main accounting policies (Continued)

3.2. Impairment of non-current assets (Continued) Cash-Generating Units (CGUs)

A cash generation unit is the smaller group of assets generating cash, which assets are, most of the times, independent from the cash of other assets or group of assets.

Impairment indicators

In addition to the external sources of data monitored by the Company (economic environment, asset market value, etc.), the operational performance is used as an impairment indicator.

Recoverable amount

The recoverable amount of an asset is the higher of its fair value, less selling costs, and its value

in use. It is usually determined on an individual basis for each asset. In case such determination is not possible, the recoverable amount of the CGU group to which the asset belongs is used.

Fair Value is the price that would be received for the sale of an asset or paid for the transfer of a liability in an ordinary transaction between market players on the date of measurement.

The value in use is the present value of the expected future cash flows from the continuous use of an asset, plus a terminal value. It is assessed internally or by external experts based on:

- forecasted cash flows contained in the business plan or budgets with maximum time horizon of five years. Cash flows beyond the forecast period are estimated through application of a constant or decreasing growth rate;
- the terminal value is determined through application of a perpetual growth rate until the end of the forecasted cash flow. The cash flows and terminal value are discounted at long-term rates, net of taxes, reflecting the market estimates of the temporal cash value and specific risks related to the assets.

Reduction to recoverable value (impairment)

Impairment losses are recognized when the book value of an asset or CGU to which it belongs is higher than its recoverable amount. Impairment losses are accounted for as expenses in the item "Asset impairment loss".

3. Main accounting policies (Continued)

3.2. Impairment of non-current assets (Continued) Impairment (impairment) (Continued)

Impairment losses recognized in a previous period are reversed if, and only if, there were changes in the estimates used to determine the recoverable amount of the assets since the last recognition of an impairment loss. However, the increase in the book value of an asset due to the reversed impairment losses may not exceed the book value that would have been assessed if no impairment loss of the asset had been recognized in previous years.

On 30 September 2015, the Company had no intangible assets.

3.3. Net equity

Stock-based compensation

Employees (including senior executives of the Company) may receive share call options and share awards.

The benefit granted through share option plans, assessed at the fair value upon award, corresponds to an additional compensation. The fair value of the options on the date of the award is recognized as employee benefit expenses during the vesting period.

The fair value of the options is determined through the Black & Scholes option pricing model, based on the characteristics of the plan, market data (including the market price of the shares subject to the options, volatility of the share price, and risk-free interest rate) on the date of the award, and on assumptions related to the probability of keeping the relationship of the beneficiaries with the Company until the options become exercisable.

The fair value of the share awards is also determined based on the characteristics of the plan, market data on the date of the award, and on assumptions related to the probability of keeping the relationship of the beneficiaries with the Company until the options become exercisable. In the event there are no restrictions on the exercise related to the share award plan, the expense is fully recognized upon creation of the plan. Otherwise the expense is deferred throughout the vesting period, as long as the conditions to exercise are satisfied.

3. Main accounting policies (Continued)

3.3. Net worth (Continued) Dividends

When applicable to the distribution of dividends to shareholders of the Company, it is recognized as liabilities in the end of the year, based on the mandatory minimum dividends defined in the bylaws. Any amounts exceeding the minimum dividends shall be accounted for only on the date on which such additional dividends are approved by the shareholders of the Company.

3.4. Financial liabilities Definitions

Financial liabilities are classified under the category of loans recognized at the amortized cost.

Financial liabilities are classified as current liabilities, if they expire within one year, or non-current liabilities, if their expiration date is within more than one year.

Recognition and measurement of financial liabilities

a) Financial liabilities recognized at the amortized cost

The loan agreements with related parties are recognized at the amortized cost through the effective interest rate method.

b) Financial liabilities recognized at fair value through profit or loss

Financial liabilities that the Company intends to maintain for negotiation in the short term. They are measured at the fair value, and any gains or losses arising from reassessment of the fair value are recognized in the income statement. On 30 September 2015, the Company has no financial liabilities under this classification.

3.5. Other Provisions

Provisions are made when the Company has a (legal or constructive) present obligation resulting from a past event, which amount may be reliably estimated and when there is a probability of outflow of resources that incorporate economic benefits for acquittance of the obligation. The provisions are discounted when the related adjustment is material.

3. Main accounting policies (Continued)

3.5. Other Provisions (Continued)

Contingent liabilities correspond to a potential obligation that results from past events and which existence shall be confirmed only by the occurrence, or lack of it, of one or more uncertain future events not completely under control of the Company, or present obligations for which no outflow of resources that incorporate economic benefits for acquittance of the obligation are expected. Contingent liabilities are not recognized in the balance sheet, but are disclosed in a note to the financial statements.

3.6. Classification of the assets and liabilities as current and non-current

The assets expected to be realized or that the Company intends to sell or consume during the regular cycle of its operations or within twelve months of the date of the balance sheet are classified as current assets, together with the assets kept with the main purpose of trading and cash and cash equivalents. The other assets are classified as "non-current assets". The liabilities expected to be settled during the regular cycle of operations of the Company or within twelve months of the date of the balance sheet are classified as current liabilities. The regular cycle of operations of the Company is of 12 months.

All receivable or payable deferred taxes are classified as non-current assets or liabilities.

3.7. Taxes.

Current Income Tax

Current tax assets and liabilities for the current year are defined at the expected recovery amount or the amount to be paid to the tax authorities.

The current income tax related to items directly recognized as shareholder's equity, when applicable, is recognized in the shareholders' equity, rather than in the income statement. Management assesses, from time to time, the positions accounted for in the tax returns with respect to situations in which the applicable tax laws and regulations are subject to interpretations and makes provisions when appropriate.

The taxation on the income comprises the Corporate Income Tax ("IRPJ") and the Social Contribution on Net Profits ("CSLL") and is calculated by the taxable income regime (adjusted profit) at the applicable rates pursuant to the current laws and regulations: 15% on the taxable income and additional 10% on what exceeds R\$240 in taxable income per year, for IRPJ, and 9% for CSLL.

Main Accounting Practices and Policies

3. Main accounting policies (Continued)

3.7. Taxes (Continued) Deferred income tax

The deferred taxes are recognized according to the balance sheet. They are calculated by the liability method, which consists in the adjustment of the deferred taxes recognized in previous years due to any changes in the income tax rate.

The deferred tax assets correspond to future tax benefits arising from deductible temporary differences and certain adjustments with expected recovery.

The deferred tax liabilities are fully recognized for:

- temporary tax differences, except when the deferred tax liability results from recognition of a non-deductible goodwill impairment loss or from initial recognition of an asset or liability in a transaction other than a business combination that, at the time of the transaction, has no impact on the accounting profit or on the taxable profit or tax loss; and
 - temporary tax differences related to investments in controlled companies, except when the Company is the parent at the time of reversal of the difference and if the reversal is not likely to occur in the near future.

COMPANHIA BRASILEIRA DE DISTRIBUIÇÃO

and

SÉ SUPERMERCADOS LTDA.

MERGER PROTOCOL AND JUSTIFICATION

of Sé Supermercados Ltda. into Companhia Brasileira de Distribuição

MERGER PROTOCOL AND JUSTIFICATION OF SÉ SUPERMERCADOS LTDA. INTO COMPANHIA BRASILEIRA DE DISTRIBUIÇÃO

By this private instrument:

(1) **COMPANHIA BRASILEIRA DE DISTRIBUIÇÃO**, a publicly held company, with head offices in the City of São Paulo, State of São Paulo, at Av. Brigadeiro Luis Antônio, No. 3,142, CEP 01402-000, enrolled with the Corporate Taxpayers' Registry ("**CNPJ/MF**") under No. 47.508.411/0001-56, herein represented in accordance to its By-laws ("**Merging Company**"); and

(2) **SÉ SUPERMERCADOS LTDA.**, a limited liability company, with head offices in the City of São Paulo, State of São Paulo, at Av. Brigadeiro Luís Antônio, No. 3,172, Jardim Paulista, CEP 01402-002, enrolled with the CNPJ/MF under No. 01.545.828/0001-98, herein represented in accordance to its Articles of Association ("**Merged Company**" or "**Sé**" and, when jointly referred with the Merging Company, the "**Parties**" and, individually, a "**Party**"),

DECIDE, pursuant to the provisions of Articles 224, 225 and 227 of Law No. 6,404 dated December 15, 1976, as amended ("**Brazilian Corporate Law**") and Articles 1,116 to 1,118 of Law 10,406 dated January 10, 2002, as amended ("**Civil Code**"), to enter into this Merger Protocol and Justification ("**Protocol**"), in order to regulate the terms and conditions applicable to the merger of the Merged Company into the Merging Company ("**Merger**"), subject to the approvals mentioned in Section 4.2 below.

1 Purpose

The purpose of this Protocol is to set forth the basis of the Merger proposal to be discussed by the shareholders and the quotaholder of the Parties, as applicable. If the proposal subject of this Protocol is approved:

- (i) the Merging Company shall succeed the Merged Company in all its rights and obligations and all assets and liabilities of the Merged Company, will be transferred to the Merging Company; and
- (ii) the Merged Company will be extinguished and therefore the quotas of the Merged Company's corporate capital will be extinguished and canceled, and the corporate capital of the Merging Company will remain unchanged, subject to the provisions set forth in Section 4.1.2.

2 Justification and interest of the Parties in carrying out the Merger

The management of the Parties understands that the Merger will offer patrimonial, legal and financial benefits, among which:

- (i) the optimization of the corporate structure of the group to which the Parties belong; and
- (ii) the reduction of costs in administrative areas and the fulfillment of ancillary obligations, creating synergies to be benefited from.

3 Appraisal

3.1 Appraisal. The Parties agree that, pursuant to the appraisal report attached hereto as **Exhibit 3.1** (“**Report**”), the value of the Merged Company’s net equity was appraised by **MAGALHÃES ANDRADE S/S AUDITORES INDEPENDENTES**, enrolled with the Regional Accounting Council of the State of São Paulo, under No. 2SP000233/O-3 and with the CNPJ/MF under No. 62.657.242/0001-00, with head offices in the City of São Paulo, State of São Paulo, at Av. Brigadeiro Faria Lima, No. 1,893, 6th floor, Jardim Paulistano (“**Appraiser**”), on the reference date of September 30, 2015, based on the balance sheet prepared by the management of the Merged Company on the same date and for this specific purpose. According to the Report, the value of the Merged Company’s net equity on September 30, 2015 corresponds, reflecting the effect of subsequent events as described in the Report, on the date of the Report, to two billions, seven hundred and thirteen million, thirty thousand, four hundred and six reais and sixty-four cents (R\$ 2,713,030,406.64).

3.2 Changes in equity. In case the proposed Merger is approved, the changes in the equity of the Merged Company which occur after the base date of September 30, 2015 shall be absorbed by the Merging Company and duly registered in its financial statements.

3.3 Conflict. The Appraiser declared it has no direct or indirect interest in the companies involved in the Merger or, also, in relation to the Merger itself, which could prevent it from preparing or affect the preparation of the Report required for the purposes of the Merger.

4 General Aspects of the Merger

In case the Merger proposal is approved, the Merger shall be implemented as follows:

4.1 Corporate Capital

4.1.1 Current composition.

(i) The corporate capital of the Merged Company is one billion, four hundred and forty-four million, one hundred and forty-one thousand, seven hundred and fifty-two reais and nine cents (BRL 1,444,141,752.09), divided into three hundred and sixty-six million, two hundred and sixty-seven thousand and thirty-four (366,267,034) quotas with par value of 3.94286577287 each, totally held by the Merging Company.

(ii) The corporate capital of the Merging Company, fully subscribed and paid for, is six billion, eight hundred and six million, eighty-nine thousand, four hundred and fifty-four reais and eighty-one cents (BRL 6,806,089,454.81), divided into two hundred and sixty-five million, six hundred and ninety-nine thousand and seven hundred and seventy-nine (265,699,779) book entry shares without par value, of which (a) ninety-nine million, six hundred and seventy-nine thousand and eight hundred and fifty-one (99,679,851) common shares; and (b) one hundred and sixty-six million, nineteen thousand and nine hundred and twenty-eight (166,019,928) preferred shares.

4.1.2 Effects of the Merger in the Parties’ corporate capital and provisions related to the quotas held by the Merging Company in the Merged Company. On the date of the Merger:

(i) the Merging Company shall fully absorb the net assets of Sé in exchange of the quotas held by it in Sé's corporate capital, which will be canceled as a result of the Merger;

(ii) the interest held by the Merging Company in Sé's corporate capital shall be replaced in the balance sheet of the Merging Company by the assets and liabilities that comprise Sé's net equity, by their respective book value; and

(iii) the corporate capital of the Merging Company shall remain unchanged. Therefore, it is not necessary to establish any exchange ratio.

4.2 Conditions for the implementation of the Merger. The implementation of the Merger, the Appraiser indication and the approval of its Report and other terms and conditions of the Protocol are subject to the approval or ratification, as the case may be, of the board of directors and of the shareholders of the Merging Company and of the quotaholder of the Merged Company.

4.3 Effects of the Merger. In case the Merger is approved, the Merged Company shall be extinguished and universally succeeded by the Merging Company, without any interruption, in all its assets and liabilities, rights and obligations of any nature whatsoever.

4.4 Reimbursement amount. Considering that the Merging Company is the sole quotaholder of the Merged Company, withdrawal rights are not applicable.

4.5 Use of the corporate name. The Merged Company may continue to conduct the transactions, on its behalf, until all the registries are formalized and all authorizations required are obtained under the applicable legislation for the effectiveness of the Merger.

5 MISCELLANEOUS

5.1 Severability. A potential declaration of nullity or unenforceability of any of the provisions of this Protocol by any court shall not affect the validity and enforceability of the other, which shall be fully complied with. The Parties agree to use their best efforts to validly agree to obtain the same effects of the provision declared null or unenforceable.

5.2 Entire agreement, exhibits and amendments. This Protocol and its exhibits constitute the totality of understandings and agreements between the management of the Parties, as applicable, in relation to the matters agreed herein. This Protocol and its exhibits may only be modified or amended by means of a written instrument executed by all the managers of the Parties.

5.3 Filing. Once the Merger is approved by the Merging Company's shareholders and by the Merged Company's quotaholder, the management of the Merging Company's shall file and publish all corporate acts related to the Merger.

5.4 Governing law. This Protocol shall be governed and construed in accordance with the laws of the Federative Republic of Brazil.

5.5 Recommendation. In view of the elements exposed, which include all the requirements of Articles 224 and 225 of the Brazilian Corporate Law, the Merger is deemed to serve the interests of the Parties involved, their shareholders and quotaholder, and therefore its implementation is recommended.

In witness whereof, the Parties execute this Merger Protocol and Justification in six (6) counterparts of the same content and effect in the presence of the two (2) witnesses signed below.

1. By means of this present transaction, **Sé Supermercados Ltda. (SÉ or MERGED COMPANY)** is merged into **Companhia Brasileira de Distribuição** (hereby, **CBD or MERGING COMPANY**).
2. The present merger is part of a restructuring project of Grupo Pão de Açúcar (**GPA**), to which both parties above belong, and which chiefly aims at achieving considerable benefits of administrative, economic, and financial nature, primarily by rationalizing and simplifying the corporate structure of **GPA**, enabling operational and tax synergies.
3. Therefore, the purpose of this **APPRAISAL REPORT** is to ascertain the book value of the net assets of **SÉ**, taking into account the company's financial position as of September 30, 2015.
4. The Appraisal Report is hereby issued in connection with the audited balance sheets of the **MERGED COMPANY**, prepared for such purpose on September 30, 2015, as well as the summary of the significant accounting policies.
5. The Management of **SÉ** is responsible for preparing and appropriately presenting the company's balance sheets pursuant to the accounting practices adopted in Brazil and by the internal controls it determined as necessary so that such balance sheets contain no significant discrepancies, whether caused by fraud or error.
6. Our responsibility is to express an opinion on the net assets to be merged based on our audit, conducted in accordance with both Brazilian and international auditing standards. Such standards require

compliance with ethical requirements by auditors and that the audit be planned and performed to obtain reasonable assurance that the financial statements are free from any relevant distortions.

7. An auditing procedure involves performing selected procedures to obtain evidence on the amounts and disclosures made in the financial statements. Such selected procedures depend on the auditors' judgment, including the assessment of risks of material errors in the financial statements, whether due to fraud or error. In such risk assessment, the auditors consider the relevant internal controls to prepare and present appropriately the Company's financial statements to plan all the auditing procedures suitable under these circumstances, but not for the purpose of expressing an opinion on the effectiveness of those internal controls used by the Company. An auditing procedure also includes an evaluation of the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the Management, as well as an evaluation of the overall presentation of the financial statements taken as a whole.

8. We believe that the audit evidence is sufficient and appropriate to base our opinion.

FINANCIAL POSITION OF THE MERGED COMPANY

9. The appraisal is made at the book value, pursuant to article 226 of Law 6,404/76 (the Brazilian Corporations Act) and CVM (Brazilian Securities and Exchange Committee) normative instructions numbers 319/99 and 320/99, based on the Company's financial position as shown in the balance sheets ascertained on September 30, 2015 prepared for such purpose, as submitted in **ANNEX 1** and that is summarized as follows:

ASSETS	2,832,551,513.14
(-) LIABILITIES	<u>119,521,106.50</u>
NET WORTH	<u>2,713,030,406.64</u>

10. Such balance sheets have been prepared according to the generally accepted accounting practices adopted in Brazil and complying with CVM standards; in addition, the significant notes to financial statements used to prepare this report are shown in **ANNEX 2**. For appraisal purposes, the company's activities were considered according to the concept of continuity of normal business.

11. The capital stock of **SÉ** is R\$ 1,444,141,752.09 (one billion, four hundred and forty- four million, one hundred and forty-one thousand, seven hundred and fifty-two reais and nine cents of Brazilian Real), divided into 366,267,034 (three hundred and sixty-six million two hundred and sixty-seven thousand and thirty-four) shares, with the par value of R\$ 3.94286577287 each, fully owned by the only partner or shareholder, **CBD**.

12. As a result of the merger, the shares formerly held by **SÉ** will be cancelled.

EFFECTS ON THE MERGING COMPANY

17. The balance sheets of **CBD** as of September 30, 2015 are shown in **ANNEX 3** and its financial position as of that date is summarized below:

ASSETS	22,404,631,607.80
(-) LIABILITIES	<u>11,938,459,857.16</u>
NET WORTH	<u>10,466,171,750.64</u>

18. **CBD** is the controlling entity of **SÉ** and registers such investment on its non-current assets, and evaluates it by the value of the investee's net assets (equity method).

19. As already mentioned, **CBD** is the sole shareholder of **SÉ**.

20. Outstanding balances, both of assets and liabilities, held between **CBD** and **SÉ** are shown in **ANNEX 4** and will be eliminated upon the merger transaction.

21. As a result of the merger, **CBD's** investment made in **SÉ** is reduced, being replaced by the assets and liabilities of the **MERGED COMPANY**, as provided for in **ANNEX 5** with no effect on **CBD's** net worth.

22. **ANNEX 5** also shows all the adjustments resulting from the merger and **CBD'S balance sheets** after such merger.

CONCLUSION

23. In view of the aforementioned findings and statements, it is hereby concluded that the net worth of **SÉ** to be merged into **Companhia Brasileira de Distribuição** is that of **R\$ 2,713,030,406.64** (two billion, seven hundred and thirteen million, thirty thousand, four hundred and six Real, and sixty-four cents of Real). Such merger, however, does not cause any changes in the net worth of the **MERGING COMPANY**, as it is **SÉ's** sole shareholder, and such amount is recorded in the **MERGING COMPANY's** assets as an investment, which is evaluated by the equity method in order to reflect the value of the net worth of **SÉ**, the subsidiary.

STATEMENTS

24. The expert appraiser hereby expressly states, pursuant to section I, article 5 of CVM normative instructions No. 319 of December 3, 1999, does not have any interest, whether direct or indirect, in **Companhia Brasileira de Distribuição** or in **Sé Supermercados Ltda.**, or even in this merger transaction, and there is not any other situation that could be deemed as a conflict of interest. The appraiser also reports, pursuant to section II, paragraph 5 of the aforementioned CVM normative instructions No. 319 that all of **CBD's** and **SÉ's** managers did not restrict, hinder or do any acts that could have compromised the access, use or knowledge of information, assets, documents or work methodologies relevant for the quality of the conclusions made.

This Appraisal Report is issued in ten (10) counterparts of equal contents and it is composed of four (4) pages and five (5) annexes printed on one side only and initialed by the undersigned expert appraiser.

Notes to the financial statements prepared on September 30, 2015

1. Basis to prepare the financial statements

The individual mid-period financial statements have been prepared pursuant to IAS 34

- "Interim Financial Reporting" issued by the International Accounting Standards Board ("IASB") and according to the accounting Technical Pronouncement CPC 21 - "Interim Financial Reporting", and presented in accordance with the standards approved and issued by the Brazilian Securities and Exchange Committee ("CVM"), applicable to the preparation of Quarterly Financial Statements ("ITR"). The financial statements are based on the historical cost, except for certain financial instruments measured at fair value. These financial statements are stated in Real, the Brazilian legal tender. The valid currency for the MERGED COMPANY is the Brazilian Real. The interim financial statements for the three-month period ended on March 31, 2015 were approved by the Board of Directors on October 29, 2015.

2. Significant accounting policies

2.1. Financial instruments

Financial assets are initially recognized at fair value when the **MERGED COMPANY** assumes contractual rights to receive cash or other financial assets from contracts in which it is part. Financial assets are derecognized when the rights to receive cash flows connected to the financial assets expire or when all the risks and benefits have been substantially transferred to third parties. Assets and liabilities are recognized when rights or obligations are retained in the transfer by the MERGED COMPANY. Financial liabilities are recognized when the **MERGED COMPANY** undertakes contractual obligations to settle in cash or when it undertakes third-parties' liabilities through a contract in which it is part. Financial liabilities are initially recognized at fair value and are derecognized when they are settled, cease to exist, or expire. Financial instruments measured at amortized cost are measured subsequently to their initial recognition at the effective interest rate. Income and expenses from interests due, monetary and exchange variation, net of estimated losses for not receiving financial assets, are recognized when incurred in the statement of income

as financial income and expenses. THE **MERGED COMPANY** ascertains every month the loss estimates for not receiving financial assets. An estimate for loss is recognized when there is objective evidence that the **MERGED COMPANY** failed to receive all amounts payable on their due dates. To make such calculation, the **MERGED COMPANY** considers historical losses, historical statistical information, *aging* of receivables and assessment of the likelihood of further portfolio deterioration, taking into account macroeconomic and market factors. When the collection of accounts receivable is unlikely, its book value and its corresponding loss estimate are recognized in the income statement for the period. Subsequent recoveries are recognized, if any, under the caption selling expenses in the income statement for the year.

2. Significant accounting policies (continued)

2.1. Financial instruments (continued)

(i) Financial assets

Initial recognition and measurement

The financial assets held by the MERGED COMPANY are classified according to the purpose for which they were acquired or contracted, in the following categories: (i) financial assets at fair value through profit or loss; (ii) loans and receivables, and (iii) investments held to maturity. The MERGED COMPANY determines the classification of its financial assets at initial recognition.

Financial assets are initially recognized and measured at fair value through income and transaction costs, charged to the income statement. Loans and receivables are carried at amortized cost. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the marketplace (negotiations under normal conditions) are recognized on the trade date, i.e., the date on which the MERGED COMPANY undertakes to purchase or sell such assets. The MERGED COMPANY'S financial assets include cash and cash equivalents, accounts receivable from customers, accounts receivable from related parties, and derivative financial instruments.

Subsequent Measurement

- Financial assets at fair value through profit or loss: they represent assets acquired for purposes of realization in the short term and are measured at fair value on the date of each balance

sheets. Interest rates, monetary variation, exchange variation and variations deriving from the valuation at fair value are recognized in the income statement as financial income or expenses, if any.

- Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. After initial recognition, they are measured using the amortized cost method of effective interest rate. Income from interests, indexation, and exchange rate variation, less impairment losses, as applicable, are recognized in the income statement whether as financial income or expenses, as incurred; and
 - Financial assets held to maturity: financial assets and liabilities that can not be classified as loans and receivables because they are quoted in an active market. In this case, such financial assets are acquired with the intent and ability to be held in portfolio until maturity. They are valued at merger cost, plus income earned against the income statement, by using the method of effective interest rate.

2.1. Financial instruments (continued)

(i) Financial assets (continued)

Derecognition of financial assets

A financial asset (or, where applicable, part of a financial asset or part of a group of similar financial assets) is derecognized upon:

- The rights to receive cash flows expire; and
- The MERGED COMPANY transfers its rights to receive cash flows from the assets or assumes an obligation to pay in full to a third party the cash flows received under a pass-through arrangement; and (a) the MERGED COMPANY has transferred substantially all the risks and rewards connected to the assets; or (b) the MERGED COMPANY have not transferred nor retained substantially all the risks and connected to the assets, but it has transferred the control thereof.

In case the MERGED COMPANY assigns its rights to receive cash flows from an asset or enters into a pass-through arrangement, without having either transferred or retained substantially all the risks and rewards of the asset nor transferred controlling rights on the asset, such asset is held and recognizes a corresponding liability. The assigned asset and the corresponding liability are measured in a way so as to reflect the rights and obligations retained by the MERGED COMPANY and its subsidiaries.

Impairment losses of financial assets

On the balance sheet dates, the MERGED COMPANY checks for traces of impairment losses of any asset or group of financial assets. The impairment loss of any asset or group of financial assets is only (and exclusively) considered if there is objective evidence resulting from one or more events that occurred after the initial recognition of the asset (a 'loss event'), and in case such event may impact the estimated future cash flows of the asset or group of financial assets, which can be reliably estimated. Evidence of impairment loss may include signs that debtors (or a group of debtors) are experiencing significant financial difficulties, moratorium or default on repayment of interests or principal, probability of entering in bankruptcy or other financial reorganization and when such data indicate a measurable decrease in future cash flows, such as changes in interest rates on arrears or economic conditions that correlate with defaults.

Particularly in relation to financial assets held to maturity, the MERGED COMPANY will, first of all, check for objective evidence of impairment losses for individual financial assets

that are individually significant, or collectively for assets that are not individually significant. If the MERGED COMPANY determines that there is no objective evidence of impairment loss of a financial asset assessed individually - be such loss significant or not - the MERGED COMPANY then ranks it in a group of financial assets with similar credit risk characteristics, which are evaluated collectively. Assets individually assessed for impairment loss, or for which the impairment loss is (or keeps being) recognized are not included in the collective assessment of loss.

The loss amount is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows (excluding future credit losses not incurred) discounted at the original effective interest rate of the financial asset. The carrying value of the asset is reduced by using an allowance account, and the amount of loss is recognized in the income statement of the fiscal year. Income from interests is recorded in the financial statements as part of financial income. In the case of loans or investments held to maturity with variable interest rate, the MERGED COMPANY and its subsidiaries measure the non-recovery based on the fair value of the instrument adopting an observable market price.

If, in a subsequent period, the amount of impairment loss is reduced and such reduction can be related objectively to an event occurring after the recognition of provision (such as an improvement in the debtor's credit rating), the reversal of impairment loss previously recognized is recognized in the income statement. In case a loss is subsequently recovered, the recovery is also recognized in the income statement.

(ii) Financial liabilities

Financial liabilities in the scope of the so-called CPC 38 (IAS 39) standard are classified as loans, financing and derivative financial instruments designated as hedging instruments in an effective hedge relationship, as appropriate. The MERGED COMPANY determines the classification of its financial assets at initial recognition. All financial liabilities are initially recognized at fair value and, in the case of loans and financing, plus directly attributable transaction costs. Financial liabilities of the MERGED COMPANY include suppliers, loans and financing, debentures, financing for purchase of assets and derivative financial instruments.

2.1. Financial instruments (continued)

(ii) Financial liabilities (continued)

Subsequent Measurement

After initial recognition, loans and borrowings are subsequently measured at amortized cost adopting the method of effective interest rate. Gains and losses are recognized in the income statement when the liabilities are derecognized, as well as by the amortization process using the method of effective interest rate.

Derecognition of financial liabilities

A financial liability is derecognized when the obligation under the liability is discharged, cancelled or expired.

When an existing financial liability is replaced by another from the same lender on terms substantially different, or the terms of an existing liability are substantially modified, such a replacement or modification is treated as derecognition of the original liability and the recognition of a new liability, and the difference between the respective carrying amounts is recognized in income.

Compensation of financial instruments

Financial assets and liabilities are offset and presented net in the financial statements if, and only if, there is the right to offset the recognized amounts and also the intention to settle them on a net basis or to realize the assets and settle the liabilities simultaneously.

2.2. Transactions in foreign currency

Transactions in foreign currencies are initially recognized at fair value of the corresponding currencies on the date that the transaction qualifies for recognition. Monetary assets and liabilities stated in foreign currencies are translated into Brazilian Real according to the market price effective on the date of the balance sheets. Differences arising from payment or the translation of monetary items are recognized in the financial income.

2.3. Hedge accounting

The MERGED COMPANY uses derivative financial instruments such as interest rate swaps and foreign exchange swaps. Such derivative financial instruments are initially recognized at fair value on the date the derivative contract is entered into and subsequently remeasured at fair value at each balance sheet date. Derivatives are accounted for as financial assets when fair value is positive and as liabilities when negative. Any gains or losses resulting from changes in the fair value of derivatives are recorded directly in the income statement.

**Notes to the financial statements prepared on September

2. Significant accounting policies (continued)

2.3. Hedge accounting (continued)

At the beginning of the hedging relationship, the MERGED COMPANY formally allots and registers the hedge relationship to which it wants to apply the hedge accounting, as well as its target and the risk management strategy to sign it. The documentation includes identification of the hedging instrument, the protected item or transaction, the nature of the hedged risk and how the MERGED COMPANY should assess the effectiveness of changes in the fair value of the hedging instrument in neutralizing the exposure to changes in fair value of hedged item or cash flows attributable to the hedged risk. It is expected that such hedges are highly effective in offsetting changes in fair value or cash flows, and they are continuously assessed to determine whether they actually have been highly effective over all years of financial reports for which they were intended.

For hedge accounting purposes, these are classified as fair value hedges when hedging exposure to changes in fair value of a recognized asset or liability.

They are accounted for as fair value hedges, adopting the following procedures:

- The change in fair value of a derivative financial instrument classified as hedge interest rate is recognized as financial income. The change in fair value of the hedged item is recorded as part of the carrying value of the hedged item and is recognized in the income statement;
- As regards fair value hedges connected to items carried at amortized cost, the adjustment to carrying value is amortized in the income statement over the remaining year until maturity. The amortization of the effective interest rate may begin as soon as an adjustment exists and shall occur at most at the time when the hedged item ceases to be adjusted for changes in fair value attributable to the hedged risk;

- If the hedged item is derecognized, the unamortized fair value is recognized immediately in profit or loss; and
- To calculate fair value, debts and swaps are measured using rates published in the financial market and projected to the date of maturity. The discount rate used to calculate the interpolation method of foreign currency loans is developed through the curves of DDI, clean Coupon and DI rates used and published by the Brazilian stock exchange known as BM&FBovespa, and for loans in the Brazilian legal currency the DI curve is used, which is an index disclosed by CETIP and calculated by the method of exponential interpolation.

2.4. Cash and Cash Equivalents

Include cash, bank accounts and short-term, highly-liquid investments, readily convertible to known amounts of cash and subject to

an insignificant risk of change in value, with intention and possibility of being redeemed in the short term within 90 days from the application date.

2.5. Accounts receivable

They are registered and kept in the balance sheets at their sales figures and net of estimated losses from doubtful accounts, which is recognized based on the history of losses and risk analysis of the entire client portfolio and probability of receipt.

Accounts receivables are non-derivative financial assets with fixed payments without quotation in an active market. After initial measurement, these financial assets are subsequently measured at amortized cost using the method of effective interest rate ("EIR"), by deducting the impairment loss. Amortized cost is calculated taking into account any discounts or premiums on merger and fees or costs that compose the EIR. The EIR amortization is included in net financial income, in the income statement of the fiscal year. Expenses arising from the impairment loss are recognized in the income statement of the fiscal year.

At every closing of the balance sheets the MERGED COMPANY assesses whether the assets or groups of financial assets had an impairment loss.

Estimated losses with doubtful accounts of customers is based on a history of effective losses over the last 24 months, besides the evaluation of macroeconomic events such as unemployment and consumer confidence index, as well as the volume of overdue loans of portfolio of accounts receivable.

The receivables are deemed irrecoverable and thus they are written off the portfolio of receivables when the payment is not made after 180 days from the due date.

2.6. Inventories

They are carried at cost or at the net realizable value, whichever is less. Acquired inventories are recorded at average cost, including storage and handling costs, to the extent that such costs are necessary to bring the stocks in its condition of sale in stores, net of rebates received from suppliers. The net realizable value is the selling price in the ordinary course of business, less estimated costs necessary to make the sale. Inventories are reduced by an allowance for losses and breakage, which are periodically reviewed and assessed for adequacy.

ANNEX 2 (continued)

SÉ SUPERMERCADOS LTDA.

**Notes to the financial statements prepared on September

2. Significant accounting policies (continued)

2.7. Bonuses

Bonuses received from suppliers are measured and recognized based on contracts and agreements executed, which are recorded in income to the extent that the corresponding inventories are sold. They include agreements for volume purchasing, logistics and timely negotiations for margin restoration, reimbursement of expenses among others and are recorded as a reduction of accounts payable to their suppliers, since under agreement terms the MERGED COMPANY is entitled to liquidate liabilities with suppliers net of bonuses receivable.

2.8. Present value adjustment of assets and liabilities

The current monetary assets and liabilities, when relevant, and long-term assets and liabilities, are adjusted to present value. The adjustment to present value is calculated taking into account contractual cash flows and the corresponding interest rate, whether explicit or implicit. Interests included in revenues, expenses and costs related to those assets and liabilities are adjusted to the appropriate recognition in accordance with the accrual basis. The adjustment to present value of sales in installments is recorded against the caption "Accounts receivable" and its realization is recorded in the "Net operating income" account, according to maturity. Other items in the balance sheet whose application of present value adjustment becomes necessary, has its counterpart in the "Financial income" section.

2.9. Reduction to impairment of non-financial assets

The recovery test (*impairment test*) aims at presenting in a prudent way the actual net realizable value of an asset. Such realization can be performed directly or indirectly, respectively, through sale or the cash flows generation on use of assets in the MERGED COMPANY'S activities.

Every year the MERGED COMPANY performs the impairment test of its tangible or intangible assets or whenever there is any internal or external evidence that the asset may have an impairment loss.

The impairment of an asset is defined as the higher of fair value of the asset or the value in use of its cash generating unit (CGU), unless the asset does not generate cash inflows that are largely independent of the inputs box of other assets or groups of assets.

If the carrying amount of an asset or CGU exceeds its impairment, such asset is deemed as nonrecoverable and a provision for devaluation is created to adjust the carrying value to its impairment. In assessing the impairment, the estimated future cash flows are discounted to present value, adopting a discount rate, which is the capital cost of the CBD ("WACC"), before taxes, that reflects current assessments market about the value of money over time and specific risks of the asset.

ANNEX 2 (continued)**SÉ SUPERMERCADOS LTDA.****Notes to the financial statements prepared on September
30, 2015****2. Significant accounting policies (continued)****2.9. Impairment of non-financial assets (continued)**

Impairment losses are recognized in the income statement in those expense categories consistent with the function of the impaired asset. The impairment loss previously recognized is reversed only if there are changes in the assumptions used to determine the recoverable amount of the asset on initial recognition or later, except in the case of goodwill that cannot be reversed in future years.

2.10. Fixed Assets

Fixed assets are stated at cost, net of accumulated depreciation and/or impairment losses, if any. The cost includes the amount for the merger of equipment and the borrowing costs for long-term construction projects if the recognition criteria are met. When significant components of property and equipment are replaced, such components are recognized as individual assets with particular shelf lives and depreciations. Likewise, when a significant replacement is performed, its cost is recognized in the carrying amount of the equipment as a replacement, provided they meet the recognition criteria. All other repair and maintenance costs are recognized in profit or loss as incurred in the income of the fiscal year.

Asset category	Average annual depreciation rate
Buildings	2.50%
Leasehold improvements	4.41%
Machines and equipment	9.17%
IT equipment	20.93%
<i>Software</i>	11.81%
Facilities	7.88%
Furniture and equipment	10.21%
Vehicles	21.52%
Decoration	20.0%

Items of fixed assets, and any significant parts are written off upon they are assigned or when there is not any expected future economic benefits derived from its use or assignment. Any gains or losses resulting from the disposal of assets are included in the income statement.

Residual values, shelf life of assets and depreciation methods are reviewed at the end of every year, and adjusted prospectively, if applicable. The MERGED COMPANY revised the shelf life of fixed and intangible assets in year 2014 and concluded that there are no changes to be carried out this fiscal year.

2.11. Capitalized interests

Interests from loans directly attributable to the merger, construction or manufacturing of an asset that requires a substantial period of time to be finished for the intended use or sale (qualifying assets) are capitalized as part of the cost of the underlying assets during the construction phase.

2. Significant accounting policies (continued)

2.11. Capitalized interests (continued)

From the date the corresponding asset becomes effective, capitalized costs are depreciated over the estimated shelf life of such asset.

2.12. Property investment

Investment properties are measured at historical cost (including transaction costs), net of accumulated depreciation and or impairment losses, if any.

Investment properties are written off when sold or when they cease to be used permanently and is not expected any future economic benefit from their sale. An investment property is also transferred when there is intent to sell and this case is considered as non-current assets available for sale. The difference between the net sales value and the carrying amount of the asset is recognized in the income statement in the period of derecognition.

2.13. Intangible assets

The separately acquired intangible assets are measured at cost being upon their initial recognition, being deducted by amortization and any impairment losses. The internally generated intangible assets, excluding capitalized software development costs, are reflected in the income statement that were incurred.

Intangible assets consist mainly of software purchased from third parties, software developed for internal use, goodwill (right to use the stores), customer lists, advantageous lease agreements, profitable contracts to supply furniture and brands.

Intangible assets with a defined shelf life are amortized using the straight line method. The period and the amortization method are reviewed at least in the end of every fiscal year. Changes in the expected shelf life or in the expected pattern of consumption of future economic benefits embodied in assets are accounted for by changing the amortization period or method, as appropriate, and treated as changes in accounting assumptions.

Software development costs recognized as assets are amortized over their estimated shelf lives, which is 10 years.

Intangible assets with indefinite shelf lives are not amortized; they are rather tested for impairment in the end of each fiscal year or whenever there are signs that their carrying amount may not be recoverable, whether individually or at the level of cash generating unit. The assessment is reviewed annually to determine whether such indefinite shelf life is still valid. Otherwise, the estimated shelf life is prospectively changed from indefinite to definite.

Gains or losses, where applicable, resulting from derecognition of an intangible asset are measured as the difference between the net proceeds from the sale and

the carrying amount of the asset, being recognized in the income statement of the fiscal year when the asset is written off.

2.14. Classification of assets and liabilities as current and noncurrent

Assets (except for deferred income tax and social contribution) with intent to be realized or intended to be sold or consumed within twelve months from the balance sheets date, are classified as current assets. Liabilities (excluding deferred income tax and social contribution) with settlement expected within twelve months from the balance sheets date are classified as current liabilities. All other assets and liabilities (including deferred taxes) are classified as "non-current" assets and liabilities.

Deferred tax assets and liabilities are classified as "non-current", net per legal entity, as required by the corresponding accounting pronouncement.

2.15. Leasing

The definition of an agreement as a lease is based on the terms of such arrangement on its inception date, that is, if compliance with such agreement depends on the use of one or more specific assets or if such arrangement conveys a right to use the asset.

The MERGED COMPANY leases equipment and commercial spaces under both cancelable and non-cancelable leases. The terms of such leases vary between 5 and 20 years.

The MERGED COMPANY as lessee

Leasing agreements that transfer to the MERGED COMPANY substantially all the risks and benefits incidental to ownership of the leased item are capitalized at the inception of the leasing at fair value of the leased property or the present value of minimum lease payments, whichever is less. Leasing payments are apportioned between finance charges and reduction of the leasing liability so as to achieve a constant interest rate on the balance of the liability. Financial costs are recognized as expenses in the fiscal year.

Leased assets are depreciated over their shelf life. However, if there is not a reasonable certainty that the MERGED COMPANY will obtain ownership by the end of the leasing term, the asset is depreciated over its estimated shelf life or the leasing term, whichever is less; capitalization of improvements and renovations carried out in stores are also considered.

2. Significant accounting policies (continued)

2.15. Leasing agreements (continued)

The MERGED COMPANY and its subsidiaries as lessees (continued)

The leasing agreements are classified as operating leasing when there is not any transfer of risk and benefits derived from ownership of the leased item.

Payments of leasing installments (excluding costs for services such as insurance and maintenance) classified as operating leases are recognized as expenses, according to their competence, during the term of the lease.

Contingent rents are recognized as expenses in the fiscal years in which they incur. The MERGED COMPANY as lessor

Leasing agreements in which the MERGED COMPANY does not transfer substantially all the risks and rewards of ownership on the asset are classified as operating leasing agreements. Initial direct costs incurred in negotiating operating leasing agreements are added to the carrying value of the leased asset and recognized over the lease term on the same basis as rental income.

Contingent rents are recognized as revenue in the fiscal years in which they are earned.

2.16. Allowances

Allowances are recognized when the MERGED COMPANY have a present (whether legal or not formalized) obligation as a result of a past event, and it is probable that an outflow of resources will be required to settle such obligation, and a reliable estimate of the obligation can be made. In cases in which the MERGED

COMPANY and its subsidiaries have the expectation of repayment of all or part of the provision - for example, under an insurance contract - the reimbursement is recognized as a separate asset but only when it is virtually certain. An expense connected to any provision is recorded in the income statement of the fiscal year, net of any reimbursement. In cases of lawyers' fees on success, the MERGED COMPANY has as policy to make an allowance at the time such fees are actually incurred, i.e., when the lawsuits are finally judged, and those amounts corresponding to lawsuits not yet finished are disclosed in the notes to the financial statements.

2.17. Dividend distribution

The distribution of dividends to the MERGED COMPANY'S shareholders is recognized as a liability in the end of the fiscal year, based on the minimum mandatory dividends as set forth in the bylaws. Any amounts exceeding such

minimum amount are only recorded on the date on which such incremental dividends are approved by the MERGED COMPANY'S shareholders.

2.18. Revenues to be recognized

Anticipated revenues are recorded by the MERGED COMPANY as a liability by the anticipation of amounts received from trading partners for exclusivity in providing intermediary services of supplementary or extended warranties and recognized in income by submitting a proof of service that such warranties have been actually sold to with commercial partners.

2.19. Net Worth

Equity shares are classified under net worth.

In case equity shares are acquired from the MERGED COMPANY itself (treasury shares), the payable compensation, including any directly attributable incremental costs, is deducted from net worth, and remain registered as treasury shares until the shares are canceled or relocated in the market. When such shares

are subsequently relocated, any consideration received, net of any directly attributable incremental transaction costs, is included in net worth. Losses or gains resulting from the purchase, sale, issue or cancellation of instruments representing the MERGED COMPANY'S own capital are not recognized.

2.20. Calculation of the net profit

Revenues are recognized to the extent that it is probable that the MERGED COMPANY will have economic benefits and it is possible to measure revenues reliably. Revenues are measured at fair value of the consideration received, excluding discounts, rebates and taxes or charges on sales. The MERGED COMPANY assesses its revenue-generating agreements according to specific criteria to determine whether it will act as principal or agent. The MERGED COMPANY concluded that it will act as principal in all its revenue-generating agreements, except those connected to sales of extended warranties brokerage and sale of insurance policy brokerage. Particularly in this case the MERGED COMPANY acts as agent, and the revenue is recognized on a net basis, which reflects the commission received from insurance companies.

ARTICLE 3 - The Company's term of duration shall be indefinite.

CHAPTER II

CAPITAL STOCK AND SHARES

ARTICLE 4 The Company Capital is six billion seven hundred and eighty-six million, hundred and seventy thousand, eight hundred and sixty-eight Reais and sixty-nine cents (R\$ 6.786.170.868,69), fully paid in and divided into two hundred sixty-five million one hundred thirty-seven thousand, seven hundred ninety-one (265.137.791) shares with no par value, of which ninety-nine million, six hundred seventy-nine thousand and eight hundred fifty-one (99,679,851) are common shares and one hundred sixty-five million four hundred fifty-seven thousand, nine hundred and forty (165.457.940) are preferred shares.

First Paragraph - The shares of capital stock are indivisible in relation to the Company and each common shares entitles its holder to one vote at the General Shareholders' Meetings.

Second Paragraph - The shares shall be recorded in book-entry systems and be kept in deposit accounts on behalf of their holders with the authorized financial institution designated by the Company, without issuance of share certificates.

Third Paragraph – Shareholders can, at any time, convert common shares into preferred shares, since they are paid-up and observing the limit of article 5 below. Conversion requests should be sent in writing to the Executive Board. Conversion requests received by the Executive Board should be ratified on the first Board of Directors' meeting, since the conditions above are complied with.

Fourth Paragraph – The cost of the service of transferring the ownership of the book-entry shares charged by the depositary financial institution may be passed on to the shareholder, pursuant to the third paragraph of Article 35 of Law No. 6,404 dated 12/15/76, subject to the maximum limits established by the Brazilian Securities Exchange Commission ("Comissão de Valores Mobiliários", or "CVM").

ARTICLE 5 - The Company is entitled to issue new shares without maintaining proportion between types and/or classes of the existing shares, provided that the number of preferred shares shall not exceed the limit of two thirds (2/3) of the total issued shares.

First Paragraph - The preferred shares shall be entitled to the following privileges and preferences:

- a) priority in the reimbursement of capital, in an amount calculated by dividing the Capital Stock by the number of outstanding shares, without premium, in the event of liquidation of the Company;
- b) priority in the receipt of a minimum annual dividend in the amount of eight cents of Real (R\$ 0.08) per one (1) preferred share, on a non-cumulative basis;

c) participation under equal conditions as the common shares in the distribution of bonus shares resulting from capitalization of reserves or retained earnings; and

d) participation in the receipt of dividend as set forth in Article 36, IV, item "c" of these By-laws, which shall be distributed for the common and preferred shares so as to for each preferred share shall be ascribed a dividend ten percent (10%) higher than the dividend assigned to each common share, pursuant to the provisions of Article 17, first paragraph, of Law No. 6,404/76, as amended by Law No. 10,303/01, including, for purposes of such calculation, in the sum of the total amount of dividends paid to the preferred shares, the amount paid as minimum dividend set forth in item "b" of this First Paragraph.

Second Paragraph - The preferred shares shall have no voting rights.

Third Paragraph - The preferred shares shall acquire voting rights in the event that the Company fails to pay the minimum or fixed dividends to which they are entitled according to these By-laws for a period of three (3) consecutive fiscal years, according to the provisions of first paragraph of Article 111 of Law No. 6,404/76. These voting rights will cease upon the payment of such minimum or fixed dividends.

ARTICLE 6 - The Company is authorized to increase its Capital Stock by resolution of the Board of Directors without the need to amend the Company by-laws, up to the limit of four hundred million (400,000,000) shares, through issuance of new common or preferred shares, with due regard to the limit established in article 5 above.
