Notice to the Market

Banco Bradesco S.A. informs our shareholders and the market in general that on September 29, 2017 the United States District Court for the Southern District of New York ("Court") ruled on Defendants' pending motion to dismiss, the Class Action, filed on June 3, 2016

The Court granted in part and denied in part Defendants' motion to dismiss, limiting the proposed class to investors that purchased Bradesco's preferred American Depositary Shares ("ADS") between August 8, 2014 and July 27, 2016.

The Court granted the leader plaintiff leave to file a second amended complaint in 30 days that attempts to remedy the deficiencies identified by the Court in its ruling. At the end of this period, the Court will address the schedule of the discovery phase if the leader plaintiff does not attempt to amend its complaint.

FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
