Item 1.01 Entry into a Material Definitive Agreement.

On December 28, 2015, Orbital Tracking Corp. (the “Company”) entered into separate subscription agreements (the “Subscription Agreement”) with accredited investors relating to the issuance and sale of \$550,000 of shares of Series F convertible preferred stock (the “Series F Preferred Stock”) at a purchase price of \$0.50 per share. Also on December 28, 2015, the Company entered into separate note purchase agreements (the “Note Purchase Agreement”) with accredited investors relating to the issuance and sale of an aggregate of \$605,000 in principal amount of original issue discount convertible notes (the “Notes”) for an aggregate purchase price of \$550,000.

The terms of the shares of Series F Preferred Stock (the “Preferred F Shares”) are set forth in the Certificate of Designation of Series F Convertible Preferred Stock (the “Series F COD”) filed with the Secretary of State of the State of Nevada. The Preferred F Shares are convertible into shares of common stock based on a conversion calculation equal to the stated value of such Preferred F Share divided by the conversion price. The stated value of each Preferred F Share is \$0.50 and the initial conversion price is \$0.50 per share, each subject to adjustment for stock splits, stock dividends, recapitalizations, combinations, subdivisions or other similar events. The Company is prohibited from effecting a conversion of the Preferred F Shares to the extent that, as a result of such conversion, such investor would beneficially own more than 4.99% of the number of shares of Common Stock outstanding immediately after giving effect to the issuance of shares of Common Stock upon conversion of the Preferred F Shares. Each Preferred F Share entitles the holder to vote on all matters voted on by holders of common stock as a single class. With respect to any such vote, each Preferred F Share entitles the holder to cast one vote per share of Series F Preferred Stock owned at the time of such vote subject to the 4.99% beneficial ownership limitation. Subject to certain specified exceptions, in the event the Company issues securities at a per share price less than the conversion price for a period of two years from the closing, each holder will be entitled to receive from the Company additional shares of common stock such that the holder shall hold that number of conversion shares, in total, had such holder purchased the Preferred F Shares with a conversion price equal to the lower price issuance.

The Notes mature on December 28, 2017. The Company must repay 1/24th of the principal of the Notes each month commencing January 18, 2016. The Notes do not bear interest except that all overdue and unpaid principal bears interest at a rate equal to the lesser of 18% per year or the maximum rate permitted by applicable law. The Notes are convertible into common stock at the option of the holder at a conversion price of \$1.00, subject to adjustment for stock splits, stock dividends, recapitalizations, combinations, subdivisions or other similar events; provided however, that the principal and interest, if any, on the Notes may not be converted to the extent that, as a result of such conversion, the holder would beneficially own more than 4.99% of the number of shares of common stock outstanding immediately after giving effect to the issuance of shares of common stock upon conversion of the Notes. Subject to certain specified exceptions, in the event the Company issues securities at a per share price less than the conversion price for a period of one year from the closing, each holder will be entitled to receive from the Company additional shares of common stock such that the holder shall hold that number of conversion shares, in total, had such holder purchased the Notes with a conversion price equal to the lower price issuance.

Pursuant to the Subscription Agreement and Note Purchase Agreement the Company agreed to use its reasonable best efforts to effectuate the increase of its authorized shares of common stock from 200,000,000 shares of common stock to 750,000,000 shares of common stock on or prior to January 31, 2016. \$350,000 of the proceeds from the sale of Preferred F Shares and the Notes are intended to be utilized for public relations and expenses associated with publications, reports and communications with shareholders and others concerning the company's business. The Subscription Agreement provides the purchasers of the Preferred F Shares with a 100% right of participation in all future securities offerings of the Company, subject to customary exceptions.

The Company entered into a letter agreement (the “Placement Agent Agreement”) with Chardan Capital Markets LLC (the “Placement Agent”), dated December 21, 2015, pursuant to which the Placement Agent agreed to serve as the
