(1) Each restricted stock unit converts into one share of common stock upon vesting.

(2) The restricted stock units vest in four equal annual installments beginning on April 3, 2018.

(3) Each market share unit converts into the number of shares of common stock determined by applying a payout factor to the target number of shares vesting on a given date. The payout factor is a ratio of the average of the closing price on the measurement date plus the nine prior trading days divided by the average stock price on the grant date (also a 10-day average). The minimum payout factor that must be achieved to earn a payout is 60% and the maximum payout factor is 200%.

(4) Twenty-five percent of the market share unit award will vest on each of the first, second, third and fourth anniversaries of the grant date.
