On September 17, 2018, MamaMancini's Holdings, Inc. ("MamaMancini's" or the "Company") announced that it has retained Akin Bay Company in partnership with Kernick Advisory Group (collectively, the "Consultants") to investigate and advise the Company with respect to potential strategic options for the shareholders of MamaMancini's. The Consultants are experienced independent investment bankers in the natural and organic foods industry. In connection with the engagement, the Consultants have and will continue to evaluate the Company's market position and prospects and investigate if there are alternatives where shareholder value can be substantially enhanced. Potential options could include, but not be limited to, strategic acquisitions, a merger with, or purchase by a larger strategic food company or investors or recapitalization of the Company. There is no guarantee that any transaction will occur. Given the current strong U.S. economic environment, management and the Company's Board of Directors believe that this is an appropriate time to undertake this analysis and that it is in the best interests of the Company's shareholders. Company management intends to further comment on this process when appropriate.
