EXPLANATORY NOTE

This report combines the quarterly reports on Form 10-Q for the quarter ended June 30, 2018 of American Assets Trust, Inc., a Maryland corporation, and American Assets Trust, L.P., a Maryland limited partnership, of which American Assets Trust, Inc. is the parent company and sole general partner. Unless otherwise indicated or unless the context requires otherwise, all references in this report to “we,” “us,” “our” or “the company” refer to American Assets Trust, Inc. together with its consolidated subsidiaries, including American Assets Trust, L.P. Unless otherwise indicated or unless the context requires otherwise, all references in this report to “our Operating Partnership” or “the Operating Partnership” refer to American Assets Trust, L.P. together with its consolidated subsidiaries.

American Assets Trust, Inc. operates as a real estate investment trust, or REIT, and is the sole general partner of the Operating Partnership. As of June 30, 2018, American Assets Trust, Inc. owned an approximate 73.2% partnership interest in the Operating Partnership. The remaining 26.8% partnership interests are owned by non-affiliated investors and certain of our directors and executive officers. As the sole general partner of the Operating Partnership, American Assets Trust, Inc. has full, exclusive and complete authority and control over the Operating Partnership’s day-to-day management and business, can cause it to enter into certain major transactions, including acquisitions, dispositions and refinancings, and can cause changes in its line of business, capital structure and distribution policies.

The company believes that combining the quarterly reports on Form 10-Q of American Assets Trust, Inc. and the Operating Partnership into a single report will result in the following benefits:

- better reflects how management and the analyst community view the business as a single operating unit;
- enhance investors' understanding of American Assets Trust, Inc. and the Operating Partnership by enabling them to view the business as a whole and in the same manner as management;
- greater efficiency for American Assets Trust, Inc. and the Operating Partnership and resulting savings in time, effort and expense; and
- greater efficiency for investors by reducing duplicative disclosure by providing a single document for their review.

Management operates American Assets Trust, Inc. and the Operating Partnership as one enterprise. The management of American Assets Trust, Inc. and the Operating Partnership are the same.

There are a few differences between American Assets Trust, Inc. and the Operating Partnership, which are reflected in the disclosures in this report. We believe it is important to understand the differences between American Assets Trust, Inc. and the Operating Partnership in the context of how American Assets Trust, Inc. and the Operating Partnership operate as an interrelated consolidated company. American Assets Trust, Inc. is a REIT, whose only material asset is its ownership of partnership interests of the Operating Partnership. As a result, American Assets Trust, Inc. does not conduct business itself, other than acting as the sole general partner of the Operating Partnership, issuing public equity from time to time and guaranteeing certain debt of the Operating Partnership. American Assets Trust, Inc. itself does not hold any indebtedness. The Operating Partnership holds substantially all the assets of the company, directly or indirectly holds the ownership interests in the company’s real estate ventures, conducts the operations of the business and is structured as a partnership with no publicly-traded equity. Except for net proceeds from public equity issuances by American Assets Trust, Inc., which are generally contributed to the Operating Partnership in exchange for partnership units, the Operating Partnership generates the capital required by the company’s business through the Operating Partnership’s operations, by the Operating Partnership’s direct or indirect incurrence of indebtedness or through the issuance of operating partnership units.

Noncontrolling interests and stockholders’ equity and partners’ capital are the main areas of difference between the consolidated financial statements of American Assets Trust, Inc. and those of American Assets Trust, L.P. The partnership interests in the Operating Partnership that are not owned by American Assets Trust, Inc. are accounted for

Edgar Filing: American Assets Trust, Inc. - Form 10-Q

as partners' capital in the Operating Partnership's financial statements and as noncontrolling interests in American Assets Trust, Inc.'s financial statements. To help investors understand the significant differences between the company and the Operating Partnership, this report presents the following separate sections for each of American Assets Trust, Inc. and the Operating Partnership:

• consolidated financial statements;

• the following notes to the consolidated financial statements:

Debt;

Equity/Partners' Capital; and

Earnings Per Share/Unit; and

Liquidity and Capital Resources in Management's Discussion and Analysis of Financial Condition and Results of Operations.

This report also includes separate Item 4. Controls and Procedures sections and separate Exhibit 31 and 32 certifications for each of American Assets Trust, Inc. and the Operating Partnership in order to establish that the Chief Executive Officer and the Chief Financial Officer of American Assets Trust, Inc. have made the requisite certifications and American Assets Trust, Inc. and the Operating Partnership are compliant with Rule 13a-15 or Rule 15d-15 of the Securities Exchange Act of 1934 and 18 U.S.C. §1350.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Business and Organization

American Assets Trust, Inc. (which may be referred to in these financial statements as the “Company,” “we,” “us,” or “our”) is a Maryland corporation formed on July 16, 2010 that did not have any operating activity until the consummation of our initial public offering on January 19, 2011. The Company is the sole general partner of American Assets Trust, L.P., a Maryland limited partnership formed on July 16, 2010 (the “Operating Partnership”). The Company’s operations are carried on through our Operating Partnership and its subsidiaries, including our taxable real estate investment trust (“REIT”) subsidiary (“TRS”). Since the formation of our Operating Partnership, the Company has controlled our Operating Partnership as its general partner and has consolidated its assets, liabilities and results of operations. We are a full service, vertically integrated, and self-administered REIT with approximately 193 employees providing substantial in-house expertise in asset management, property management, property development, leasing, tenant improvement construction, acquisitions, repositioning, redevelopment and financing.

As of June 30, 2018, we owned or had a controlling interest in 26 office, retail, multifamily and mixed-use operating properties, the operations of which we consolidate. Additionally, as of June 30, 2018, we owned land at four of our properties that we classify as held for development and/or construction in progress. A summary of the properties owned by us is as follows:

Basis of Presentation

Our consolidated financial statements include the accounts of the Company, our Operating Partnership and our subsidiaries. The equity interests of other investors in our Operating Partnership are reflected as noncontrolling interests.

All significant intercompany transactions and balances are eliminated in consolidation.

The accompanying consolidated financial statements of the Company and the Operating Partnership have been prepared in accordance with the rules applicable to Form 10-Q and include all information and footnotes required for interim financial statement presentation, but do not include all disclosures required under accounting principles generally accepted in the United States (“GAAP”) for annual financial statements. In the opinion of management, all adjustments (consisting of normal recurring adjustments, except as otherwise noted) considered necessary for a fair presentation have been included. These financial statements should be read in conjunction with the audited consolidated financial statements and notes therein included in the Company's and Operating Partnership's annual report on Form 10-K for the year ended December 31, 2017.

The preparation of financial statements in conformity with GAAP requires us to make estimates and assumptions that in certain circumstances affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities, and revenues and expenses. These estimates are prepared using our best judgment, after considering past, current and expected events and economic conditions. Actual results could differ from these estimates.

Any reference to the number of properties, number of units, square footage, employee numbers or percentages of beneficial ownership of our shares are unaudited and outside the scope of our independent registered public accounting firm's review of our financial statements in accordance with the standards of the United States Public Company Accounting Oversight Board.

Significant Accounting Policies

We describe our significant accounting policies in Note 1 to the consolidated financial statements in Item 8 of our Annual Report on Form 10-K for the year ended December 31, 2017. Except for the adoption of the accounting standards during the first quarter of 2018 as discussed below, there have been no changes to our significant accounting policies during the six months ended June 30, 2018.

Segment Information

Segment information is prepared on the same basis that our chief operating decision maker reviews information for operational decision-making purposes. We operate in four business segments: the acquisition, redevelopment, ownership and management of retail real estate, office real estate, multifamily real estate and mixed-use real estate. The products for our retail segment primarily include rental of retail space and other tenant services, including tenant reimbursements, parking and storage

space rental. The products for our office segment primarily include rental of office space and other tenant services, including tenant reimbursements, parking and storage space rental. The products for our multifamily segment include rental of apartments and other tenant services. The products of our mixed-use segment include rental of retail space and other tenant services, including tenant reimbursements, parking and storage space rental and operation of a 369-room all-suite hotel.

Recent Accounting Pronouncements

In February 2016, the Financial Accounting Standards Board (the "FASB") issued Accounting Standards Update ("ASU") No. 2016-2, Leases. This pronouncement is expected to result in the recognition of a right-to-use asset and related liability to account for future obligations under ground lease agreements for which we are the lessee. In addition, this pronouncement will require that lessees and lessors capitalize, as initial direct costs, only those costs that are incurred due to the execution of a lease. As of June 30, 2018, the remaining contractual payments under lease agreements for which we are the lessee aggregated approximately \$36.7 million.

As a lessor, under current accounting standards, we recognize rental revenue from our operating leases on a straight-line basis over the respective lease terms. We commence recognition of rental revenue at the date the property is ready for its intended use and the tenant takes possession of or controls the physical use of the property. Under current accounting standards, tenant recoveries related to payments of real estate taxes, insurance, utilities, repairs and maintenance, common area expenses, and other operating expenses are considered lease components. We recognize these tenant recoveries as revenue when services are rendered in an amount equal to the related operating expenses incurred that are recoverable under the terms of the applicable lease.

Under this pronouncement, each lease agreement will be evaluated to identify the lease components and nonlease components at lease inception. The total consideration in the lease agreement will be allocated to the lease and nonlease components based on their relative standalone selling prices. Lessors will continue to recognize the lease revenue component using an approach that is substantially equivalent to existing guidance for operating leases (straight-line basis). In March 2018, the FASB approved an amendment to the lease ASU that would allow lessors to elect, as a practical expedient, not to allocate the total consideration to lease and nonlease components based on their relative standalone selling prices. This practical expedient will allow lessors to elect a combined single lease component presentation if (i) the timing and pattern of the revenue recognition of the combined single lease component is the same, and (ii) the related lease component and, the combined single lease component would be classified as an operating lease.

The pronouncement is effective for fiscal years, and for interim periods within those fiscal years, beginning after December 15, 2018, with early adoption permitted. We plan to adopt the provisions of ASU No. 2016-2 effective January 1, 2019 using the modified retrospective approach. We continue to evaluate the impact this pronouncement will have on our consolidated financial statements.

In May 2014, the FASB issued ASU No. 2014-09, Revenue from Contracts with Customers. The pronouncement was issued to clarify the principles for recognizing revenue and to develop a common revenue standard and disclosure requirements for U.S. GAAP and International Financial Reporting Standards. The pronouncement is effective for reporting periods beginning after December 15, 2017. We adopted the provisions of the ASU effective January 1, 2018 using the modified retrospective approach. As discussed above, leases are specifically excluded from this and will be governed by the applicable lease codification.

We evaluated the revenue recognition for all contracts within this scope under existing accounting standards and under the new revenue recognition ASU and confirmed that there were no differences in the amounts recognized or the pattern of recognition. This evaluation included revenues from the hotel portion of our mixed-use property, parking income and excise taxes charged to customers. Therefore, the adoption of this ASU did not result in an adjustment to our retained earnings on January 1, 2018.

NOTE 3. FAIR VALUE OF FINANCIAL INSTRUMENTS

A fair value measurement is based on the assumptions that market participants would use in pricing an asset or liability. The hierarchy for inputs used in measuring fair value is as follows:

1. Level 1 Inputs—quoted prices in active markets for identical assets or liabilities
2. Level 2 Inputs—observable inputs other than quoted prices in active markets for identical assets and liabilities
3. Level 3 Inputs—unobservable inputs

Except as disclosed below, the carrying amounts of our financial instruments approximate their fair value. In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level within which the fair value measurement is categorized is based on the lowest level input that is significant to the fair value measurement.

We measure the fair value of our deferred compensation liability, which is included in other liabilities and deferred credits on the consolidated balance sheet, on a recurring basis using Level 2 inputs. We measure the fair value of this liability based on prices provided by independent market participants that are based on observable inputs using market-based valuation techniques.

The fair value of the interest rate swap agreements are based on the estimated amounts we would receive or pay to terminate the contract at the reporting date and are determined using interest rate pricing models and interest rate related observable inputs. The effective portion of changes in the fair value of the derivatives that are designated as cash flow hedges are being recorded in accumulated other comprehensive income and will be subsequently reclassified into earnings during the period in which the hedged forecasted transaction affects earnings.

We incorporate credit valuation adjustments to appropriately reflect both our own non-performance risk and the respective counterparty's non-performance risk in the fair value measurements. In adjusting the fair value of our derivative contracts for the effect of non-performance risk, we considered the impact of netting and any applicable credit enhancements, such as collateral postings, thresholds, mutual puts, and guarantees.

Although we have determined that the majority of the inputs used to value our derivatives fall within Level 2 of the fair value hierarchy, the credit valuation adjustments associated with its derivatives utilize Level 3 inputs, such as estimates of current credit spreads to evaluate the likelihood of default by itself and its counterparties. However, as of June 30, 2018 we have assessed the significance of the impact of the credit valuation adjustments on the overall

valuation of our derivative position and have determined that the credit valuation adjustments are not significant to the overall valuation of our derivative. As a result, we have determined that our derivative valuation in its entirety is classified in Level 2 of the fair value hierarchy.

A summary of our financial liabilities that are measured at fair value on a recurring basis, by level within the fair value hierarchy is as follows (in thousands):

	June 30, 2018			December 31, 2017		
	Level	Level	Total	Level	Level	Total

Interest rate swap liability	\$—	\$—	\$—	\$10	\$—	\$10

The fair value of our secured notes payable and unsecured senior guaranteed notes are sensitive to fluctuations in interest rates. Discounted cash flow analysis using observable market interest rates (Level 2) is generally used to estimate the fair value of our secured notes payable, using rates ranging from 3.9% to 5.0%.

Considerable judgment is necessary to estimate the fair value of financial instruments. The estimates of fair value presented herein are not necessarily indicative of the amounts that could be realized upon disposition of the financial instruments. The carrying values of our revolving line of credit and term loan set forth below are deemed to be at fair value since the outstanding debt is directly tied to monthly LIBOR contracts. A summary of the carrying amount and fair value of our secured financial instruments, all of which are based on Level 2 inputs, is as follows (in thousands):

	June 30, 2018		December 31, 2017	
	Carrying	Fair Value	Carrying	Fair Value
Secured notes payable, net	\$205,155	\$208,889	\$279,550	\$286,156

Unsecured line of credit, net	\$20,133	\$22,000	\$—	\$—

NOTE 4. DERIVATIVE AND HEDGING ACTIVITIES

Our objectives in using interest rate derivatives are to add stability to interest expense and to manage our exposure to interest rate movements. To accomplish these objectives, we primarily use interest rate swaps as part of our interest rate risk management strategy. Interest rate swaps designated as cash flow hedges involve the receipt of variable-rate amounts from a counterparty in exchange for us making fixed-rate payments over the life of the agreements without exchange of the underlying notional amount.

The following is a summary of the terms of our outstanding interest rate swaps as of June 30, 2018 (dollars in thousands):

Swap Counterparty	Notional Amount	Effective Date	Maturity Date	Fair Value
Bank of America, N.A.	\$100,000	1/9/2014	1/9/2019	\$236
U.S. Bank N.A.	\$100,000	3/1/2016	3/1/2023	\$5,693
Wells Fargo Bank, N.A.	\$50,000	5/2/2016	3/1/2023	\$2,889

The effective portion of changes in the fair value of the derivatives that are designated as cash flow hedges are being recorded in accumulated other comprehensive income and will be subsequently reclassified into earnings during the period in which the hedged forecasted transaction affects earnings for as long as hedged cash flows remain probable. The valuation of these instruments is determined using widely accepted valuation techniques including discounted cash flow analysis on the expected cash flows of the derivative. This analysis reflects the contractual terms of the derivative, including the period to maturity, counter party credit risk and uses observable market-based inputs, including interest rate curves, and implied volatilities. The fair value of the interest rate swap is determined using the

market standard methodology of netting the discounted future fixed cash receipts (or payments) and the discounted expected variable cash payments (or receipts). The variable cash payments (or receipts) are based on an expectation of future interest rates (forward curves) derived from observable market interest rate curves.

The Operating Partnership has entered into an interest rate swap agreement that is intended to fix the interest rate (1) associated with Term Loan A at approximately 3.08% through its maturity date and extension options, subject to adjustments based on our consolidated leverage ratio.

The Operating Partnership entered into a one-month forward-starting seven-year swap contract on August 19, 2014, which was settled on September 19, 2014 at a gain of approximately \$1.6 million. The forward-starting (2) seven-year swap contract was deemed to be a highly effective cash flow hedge, accordingly, the effective interest rate is approximately 3.88% per annum.

The Operating Partnership has entered into an interest rate swap agreement that is intended to fix the interest rate (3) associated with Term Loan B at approximately 3.15% through its maturity date, subject to adjustments based on our consolidated leverage ratio. Effective March 1, 2018, the effective interest rate associated with Term Loan B is approximately 2.75%, subject to adjustments based on our consolidated leverage ratio.

The Operating Partnership has entered into an interest rate swap agreement that is intended to fix the interest rate (4) associated with Term Loan C at approximately 3.14% through its maturity date, subject to adjustments based on our consolidated leverage ratio. Effective March 1, 2018, the effective interest rate associated with Term Loan C is approximately 2.74%, subject to adjustments based on our consolidated leverage ratio.

The Operating Partnership entered into a treasury lock contract on May 31, 2017, which was settled on June 23, (5) 2017 at a loss of approximately \$0.5 million. The treasury lock contract was deemed to be a highly effective cash flow hedge, accordingly, the effective interest rate is approximately 3.85% per annum.

The Operating Partnership entered into forward-starting interest rate swap contracts on March 29, 2016 and April (6) 7, 2016, which were settled on January 18, 2017 at a gain of approximately \$10.4 million. The forward-starting

interest swap rate contracts were deemed to be a highly effective cash flow hedge, accordingly, the effective interest rate is approximately 3.87% per annum.

The Operating Partnership entered into a treasury lock contract on April 25, 2017, which was settled on May 11, (7)2017 at a gain of approximately \$0.7 million. The treasury lock contract was deemed to be a highly effective cash flow hedge, accordingly, the effective interest rate is approximately 4.18% per annum.

Certain loans require us to comply with various financial covenants. As of June 30, 2018, the Operating Partnership was in compliance with these financial covenants.

On January 9, 2018, we entered into the Third Amendment to the Term Loan Agreement (as so amended, the "Term Loan Agreement"), which maintains the seven-year \$150 million unsecured term loan (referred to herein as Term Loan B and Term Loan C) to the Operating Partnership that matures on March 1, 2023 (the "\$150mm Term Loan"). Effective as of March 1, 2018, borrowings under the Term Loan Agreement with respect to the \$150mm Term Loan bear interest at floating rates equal to, at the Operating Partnership's option, either (1) LIBOR, plus a spread which ranges from 1.20% to 1.70% based on the Operating Partnership's consolidated leverage ratio, or (2) a base rate equal to the highest of (a) 0%, (b) the prime rate, (c) the federal funds rate plus 50 bps or (d) the Eurodollar rate plus 100 bps, in each case plus a spread which ranges from 0.70% to 1.35% based on the Operating Partnership's consolidated leverage ratio. Additionally, the Operating Partnership may elect for borrowings to bear interest based on a ratings-based pricing grid as per the Operating Partnership's then-applicable investment grade debt ratings under the terms set forth in the Term Loan Agreement.

Second Amended and Restated Credit Facility

On January 9, 2018, we entered into a second amended and restated credit agreement (the "Second Amended and Restated Credit Facility"). The Second Amended and Restated Credit Facility provides for aggregate, unsecured borrowing of \$450 million, consisting of a revolving line of credit of \$350 million (the "Revolver Loan") and a term loan of \$100 million (the "Term Loan A"). The Second Amended and Restated Credit Facility has an accordion feature that may allow us to increase the availability thereunder up to an additional \$350 million, subject to meeting specified requirements and obtaining additional commitments from lenders. At June 30, 2018, there was \$22 million outstanding under the Revolver Loan with approximately \$1.9 million of debt issuance costs, net.

Borrowings under the Second Amended and Restated Credit Agreement initially bear interest at floating rates equal to, at our option, either (1) LIBOR, plus a spread which ranges from (a) 1.05% to 1.50% (with respect to the Revolver Loan) and (b) 1.30% to 1.90% (with respect to Term Loan A), in each case based on our consolidated leverage ratio, or (2) a base rate equal to the highest of (a) the prime rate, (b) the federal funds rate plus 50 bps or (c) LIBOR plus 100 bps, plus a spread which ranges from (i) 0.10% to 0.50% (with respect to the Revolver Loan) and (ii) 0.30% to 0.90% (with respect to Term Loan A), in each case based on our consolidated leverage ratio. For the six months ended June 30, 2018, the weighted average interest rate on the Revolver Loan was 3.01%.

The Revolver Loan initially matures on January 9, 2022, subject to our option to extend the Revolver Loan up to two times, with each such extension for a six-month period. The Term Loan A matures on January 9, 2019 with no further extension options. The foregoing extension options are exercisable by us subject to the satisfaction of certain conditions.

Additionally, the Second Amended and Restated Credit Facility includes a number of customary financial covenants, including:

• A maximum leverage ratio (defined as total indebtedness net of certain cash and cash equivalents to total asset value) of 60%,

• A maximum secured leverage ratio (defined as total secured debt to secured total asset value) of 40%,

• A minimum fixed charge coverage ratio (defined as consolidated earnings before interest, taxes, depreciation and amortization to consolidated fixed charges) of 1.50x,

• A minimum unsecured interest coverage ratio of 1.75x,

• A maximum unsecured leverage ratio of 60%, and

• Recourse indebtedness at any time cannot exceed 15% of total asset value.

The Second Amended and Restated Credit Facility provides that our annual distributions may not exceed the greater of (1) 95% of our funds from operation ("FFO") or (2) the amount required for us to (a) qualify and maintain our REIT status and (b) avoid the payment of federal or state income or excise tax. If certain events of default exist or would result from a distribution, we may be precluded from making distributions other than those necessary to qualify and maintain our status as a REIT.

As of June 30, 2018, the Operating Partnership was in compliance with the financial covenants in the Second Amended and Restated Credit Facility.

NOTE 8. PARTNERS' CAPITAL OF AMERICAN ASSETS TRUST, L.P.

Noncontrolling interests in our Operating Partnership are interests in the Operating Partnership that are not owned by us. Noncontrolling interests consisted of 17,177,608 common units (the "noncontrolling common units"), and represented approximately 26.8% of the ownership interests in our Operating Partnership at June 30, 2018. Common units and shares of our common stock have essentially the same economic characteristics in that common units and shares of our common stock share equally in the total net income or loss distributions of our Operating Partnership. Investors who own common units have the right to cause our Operating Partnership to redeem any or all of their common units for cash equal to the then-current market value of one share of our common stock, or, at our election,

shares of our common stock on a one-for-one basis.

During the six months ended June 30, 2018, 17,372 common units were converted into shares of our common stock.

Earnings Per Unit of the Operating Partnership

Basic earnings per unit (“EPU”) of the Operating Partnership is computed by dividing income applicable to unitholders by the weighted average Operating Partnership units outstanding, as adjusted for the effect of participating securities. Operating Partnership units granted in equity-based payment transactions that have non-forfeitable dividend equivalent rights are considered participating securities prior to vesting. The impact of unvested Operating Partnership unit awards on EPU has been calculated using the two-class method whereby earnings are allocated to the unvested Operating Partnership unit awards based on distributions and the unvested Operating Partnership units’ participation rights in undistributed earnings.

The calculation of diluted EPU for the three months ended June 30, 2018 and 2017 does not include the weighted average of 266,260 and 232,047 unvested Operating Partnership units, respectively, as these equity securities are either considered contingently issuable or the effect of including these equity securities was anti-dilutive to income from continuing operations and net income attributable to the unitholders. The calculation of diluted EPU for the six months ended June 30, 2018 and 2017 does not include the weighted average of 267,367 and 232,073 unvested Operating Partnership units, respectively.

NOTE 9. EQUITY OF AMERICAN ASSETS TRUST, INC.**Stockholders' Equity**

On May 27, 2015, we entered into an at-the-market (“ATM”) equity program with five sales agents in which we may, from time to time, offer and sell shares of our common stock having an aggregate offering price of up to \$250.0 million. On March 2, 2018, we amended certain of these equity programs, terminated one such program and entered into a new equity program with one new sales agent. The sales of shares of our common stock made through the ATM equity program, as amended, are made in “at-the-market” offerings as defined in Rule 415 of the Securities Act of 1933, as amended. During the six months ended June 30, 2018, no shares of common stock were sold through the ATM equity program.

We intend to use the net proceeds from the ATM equity program to fund our development or redevelopment activities, repay amounts outstanding from time to time under our revolving line of credit or other debt financing obligations, fund potential acquisition opportunities and/or for general corporate purposes. As of June 30, 2018, we had the capacity to issue up to an additional \$176.2 million in shares of our common stock under our ATM equity program. Actual future sales will depend on a variety of factors including, but not limited to, market conditions, the trading price of our common stock and our capital needs. We have no obligation to sell the remaining shares available for sale under the ATM equity program.

Dividends

The following table lists the dividends declared and paid on our shares of common stock and noncontrolling common units during the six months ended June 30, 2018:

Period	Amount per Share/Unit	Period Covered	Dividend Paid Date
First Quarter 2018	\$ 0.27	January 1, 2018 to March 31, 2018	March 29, 2018
Second Quarter 2018	\$ 0.27	April 1, 2018 to June 30, 2018	June 28, 2018

Taxability of Dividends

Earnings and profits, which determine the taxability of distributions to stockholders and holders of common units, may differ from income reported for financial reporting purposes due to the differences for federal income tax purposes in the treatment of revenue recognition and compensation expense and in the basis of depreciable assets and estimated useful lives used to compute depreciation.

Stock-Based Compensation

We follow the FASB guidance related to stock compensation which establishes financial accounting and reporting standards for stock-based employee compensation plans, including all arrangements by which employees receive shares of stock or other equity instruments of the employer. The guidance also defines a fair value-based method of accounting for an employee stock option or similar equity instrument.

The following table summarizes the activity of restricted stock awards during the six months ended June 30, 2018:

	Units	Weighted Average Grant Date Fair Value
Nonvested at January 1, 2018	268,768	\$29.89
Granted	5,320	\$37.58
Vested	(6,719)	\$37.90
Forfeited	(3,312)	\$29.71
Nonvested at June 30, 2018	264,057	\$29.85

We recognize noncash compensation expense ratably over the vesting period, and accordingly, we recognized \$0.7 million and \$0.6 million in noncash compensation expense for the three month periods ended June 30, 2018 and 2017, respectively, which is included in general and administrative expense on the consolidated statements of comprehensive income. We recognized \$1.5 million and \$1.3 million in noncash compensation expense for the six months ended June 30, 2018 and 2017, respectively. Unrecognized compensation expense was \$2.7 million at June 30, 2018.

Earnings Per Share

We have calculated earnings per share (“EPS”) under the two-class method. The two-class method is an earnings allocation methodology whereby EPS for each class of common stock and participating security is calculated according to dividends declared and participation rights in undistributed earnings. The weighted average unvested shares outstanding, which are considered participating securities, were 266,260 and 232,047 for the three months ended June 30, 2018 and 2017, respectively and 267,367 and 232,073 for the six months ended June 30, 2018 and 2017, respectively. Therefore, we have allocated our earnings for basic and diluted EPS between common shares and unvested shares as these unvested shares have nonforfeitable dividend equivalent rights.

Diluted EPS is calculated by dividing the net income applicable to common stockholders for the period by the weighted average number of common and dilutive instruments outstanding during the period using the treasury stock method. For the three months ended June 30, 2018 and 2017, diluted shares exclude incentive restricted stock as these awards are considered contingently issuable. Additionally, the unvested restricted stock awards subject to time vesting are anti-dilutive for all periods presented, and accordingly, have been excluded from the weighted average common shares used to compute diluted EPS.

NOTE 10. INCOME TAXES

We elected to be taxed as a REIT and operate in a manner that allows us to qualify as a REIT for federal income tax purposes commencing with our initial taxable year. As a REIT, we are generally not subject to corporate level income tax on the earnings distributed currently to our stockholders that we derive from our REIT qualifying activities.

Taxable income from non-REIT activities managed through our TRS is subject to federal and state income taxes.

We lease our hotel property to a wholly owned TRS that is subject to federal and state income taxes. We account for income taxes using the asset and liability method, under which deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between GAAP carrying amounts and their respective tax bases.

Additionally, we classify certain state taxes as income taxes for financial reporting purposes in accordance with ASC Topic 740, Income Taxes.

A deferred tax liability is included in our consolidated balance sheets of \$0.1 million as of June 30, 2018 and December 31, 2017, respectively, in relation to real estate asset basis differences of property subject to state taxes based on income and certain prepaid expenses of our TRS.

Income tax expense is recorded in other (expense) income, net on our consolidated statements of comprehensive income. For the three and six months ended June 30, 2018, we recorded income tax expense of \$0.2 million and \$0.1 million, respectively. For the three and six months ended June 30, 2017, we recorded income tax benefit of \$0.1 million and \$0.2 million, respectively.

NOTE 11. COMMITMENTS AND CONTINGENCIES**Legal**

We are sometimes involved in various disputes, lawsuits, warranty claims, environmental and other matters arising in the ordinary course of business. Management makes assumptions and estimates concerning the likelihood and amount

of any potential loss relating to these matters.

We are currently a party to various legal proceedings. We accrue a liability for litigation if an unfavorable outcome is probable and the amount of loss can be reasonably estimated. If an unfavorable outcome is probable and a reasonable estimate of the loss is a range, we accrue the best estimate within the range; however, if no amount within the range is a better estimate than any other amount, the minimum within the range is accrued. Legal fees related to litigation are expensed as incurred. We do not believe that the ultimate outcome of these matters, either individually or in the aggregate, could have a material adverse effect on our financial position or overall trends in results of operations; however, litigation is subject to inherent uncertainties. Also, under our leases, tenants are typically obligated to indemnify us from and against all liabilities, costs and expenses imposed upon or asserted against us as owner of the properties due to certain matters relating to the operation of the properties by the tenant.

Commitments

At the Landmark at One Market, we lease (the "Annex Lease"), as lessee, a building adjacent to the Landmark at One Market under an operating lease effective through June 30, 2021, which we have the option to extend until 2031 by way of two five-year extension options.

At Waikiki Beach Walk, we sublease a portion of the building of which Quiksilver is currently in possession, under an operating lease effective through December 31, 2021.

Current minimum annual payments under the leases are as follows, as of June 30, 2018 (in thousands):

Year Ending December 31,

2018 (six months ending December 31, 2018)	\$1,655
2019	3,347
2020	3,422
2021	3,460 ⁽¹⁾
2022	2,613
Thereafter	22,210
Total	\$36,707

Lease payments on the Annex Lease will be equal to fair rental value from July 2021 through the end of the (1) extended lease term. In the table above, we have shown the option lease payments for this period based on the stated rate for the month of June 2021 of \$217,744.

We have management agreements with Outrigger Hotels & Resorts or an affiliate thereof ("Outrigger") pursuant to which Outrigger manages each of the retail and hotel portions of the Waikiki Beach Walk property. Under the management agreement with Outrigger relating to the retail portion of Waikiki Beach Walk (the "retail management agreement"), we pay Outrigger a monthly management fee of 3.0% of net revenues from the retail portion of Waikiki Beach Walk. Pursuant to the terms of the retail management agreement, if the agreement is terminated in certain instances, including our election not to repair damage or destruction at the property, a condemnation or our failure to make required working capital infusions, we would be obligated to pay Outrigger a termination fee equal to the sum of the management fees paid for the two calendar months immediately preceding the termination date. The retail management agreement may not be terminated by us or by Outrigger without cause. Under our management agreement with Outrigger relating to the hotel portion of Waikiki Beach Walk (the "hotel management agreement"), we pay Outrigger a monthly management fee of 6.0% of the hotel's gross operating profit, as well as 3.0% of the hotel's gross revenues; provided that the aggregate management fee payable to Outrigger for any year shall not exceed 3.5% of the hotel's gross revenues for such fiscal year. Pursuant to the terms of the hotel management agreement, if the agreement is terminated in certain instances, including upon a transfer by us of the hotel or upon a default by us under the hotel management agreement, we would be required to pay a cancellation fee calculated by multiplying (1) the management fees for the previous 12 months by (2) (a) eight, if the agreement is terminated in the first 11 years of its

term, or (b) four, three, two or one, if the agreement is terminated in the twelfth, thirteenth, fourteenth or fifteenth year, respectively, of its term. The hotel management agreement may not be terminated by us or by Outrigger without cause.

A wholly owned subsidiary of our Operating Partnership, WBW Hotel Lessee LLC, entered into a franchise license agreement with Embassy Suites Franchise LLC, the franchisor of the brand “Embassy Suites™,” to obtain the non-exclusive right to operate the hotel under the Embassy Suites™ brand for 20 years. The franchise license agreement provides that WBW Hotel Lessee LLC must comply with certain management, operational, record keeping, accounting, reporting and marketing standards and procedures. In connection with this agreement, we are also subject to the terms of a product improvement plan pursuant to which we expect to undertake certain actions to ensure that our hotel's infrastructure is maintained in compliance with the franchisor's brand standards. In addition, we must pay to Embassy Suites Franchise LLC a monthly franchise royalty fee equal to 4.0% of the hotel's gross room revenue through December 2021 and 5.0% of the hotel's gross room revenue thereafter, as well as a monthly program fee equal to 4.0% of the hotel's gross room revenue. If the franchise license is terminated due to our failure to make required improvements or to otherwise comply with its terms, we may be liable to the franchisor for a termination payment, which could be as high as \$7.6 million based on operating performance through June 30, 2018.

Our Del Monte Center property has ongoing environmental remediation related to ground water contamination. The environmental issue existed at purchase and remains in remediation. The final stages of the remediation will include routine, long term ground monitoring by the appropriate regulatory agency over the next five to seven years. The work performed is financed through an escrow account funded by the seller upon purchase of the Del Monte Center. We believe the funds in the escrow account are sufficient for the remaining work to be performed. However, if further work is required costing more than the remaining escrow funds, we could be required to pay such overage, although we may have a contractual claim for such costs against the prior owner or our environmental remediation consultant.

Concentrations of Credit Risk

Our properties are located in Southern California, Northern California, Hawaii, Oregon, Texas, and Washington. The ability of the tenants to honor the terms of their respective leases is dependent upon the economic, regulatory and social factors affecting the markets in which the tenants operate. Thirteen of our consolidated properties are located in Southern California, which exposes us to greater economic risks than if we owned a more geographically diverse portfolio. Tenants in the retail industry accounted for 31.7% of total revenues for the six months ended June 30, 2018. This makes us susceptible to demand for retail rental space and subject to the risks associated with an investment in real estate with a concentration of tenants in the retail industry. Furthermore, tenants in the office industry accounted for 34.9% of total revenues for the six months ended June 30, 2018. This makes us susceptible to demand for office rental space and subject to the risks associated with an investment in real estate with a concentration of tenants in the office industry. For the six months ended June 30, 2018 and 2017, no tenant accounted for more than 10% of our total rental revenue.

NOTE 12. OPERATING LEASES

Our leases with office, retail, mixed-use and residential tenants are classified as operating leases. Leases at our office and retail properties and the retail portion of our mixed-use property generally range from three to ten years (certain leases with anchor tenants may be longer), and in addition to minimum rents, usually provide for cost recoveries for the tenant's share of certain operating costs and also may include percentage rents based on the tenant's level of sales achieved. Leases on apartments generally range from 7 to 15 months, with a majority having 12-month lease terms. Rooms at the hotel portion of our mixed-use property are rented on a nightly basis.

As of June 30, 2018, minimum future rentals from noncancelable operating leases, before any reserve for uncollectible amounts and assuming no early lease terminations, at our office and retail properties and the retail portion of our mixed-use property are as follows (in thousands):

Year Ending December 31,	
2018 (six months ending December 31, 2018)	\$84,572
2019	162,912
2020	145,082
2021	122,495
2022	103,261
Thereafter	278,047
Total	\$896,369

The above future minimum rentals exclude residential leases, which typically have a term of 12 months or less, and exclude the hotel, as rooms are rented on a nightly basis.

NOTE 15. RELATED PARTY TRANSACTIONS

Through July 1, 2018, we maintained a workers' compensation insurance policy with Insurance Company of the West, a California corporation ("ICW"), which is an insurance company majority owned and controlled by Ernest Rady, our Chief Executive Officer, President and Chairman of the Board. The workers' compensation policy was renewed on July 1, 2016 and the premium was approximately \$0.2 million for the period from July 1, 2016 through July 1, 2017. We renewed this policy with ICW during the second quarter of 2017 and the premium was approximately \$0.2 million for the period from July 1, 2017 through July 1, 2018. We did not renew this policy with ICW during the second quarter of 2018 and commencing July 1, 2018, we entered into a workers' compensation policy with an unaffiliated third-party insurer.

During the first quarter of 2018, we signed a lease agreement with EDisability, LLC, an entity majority owned and controlled by Mr. Rady, for office space at Torrey Reserve Campus. Rent commenced on June 1, 2018 for an initial lease term of five years at an average annual rental rate of \$0.2 million. Rental revenue recognized on the lease will be included in rental income on the statements of comprehensive income.

The Waikiki Beach Walk entities have a 47.7% investment in WBW CHP LLC, an entity that was formed to, among other things, construct a chilled water plant to provide air conditioning to the property and other adjacent facilities.

The operating expenses of WBW CHP LLC are recovered through reimbursements from its members, and reimbursements to WBW CHP LLC of \$0.5 million and \$0.5 million for the six months ended June 30, 2018 and 2017, respectively, are included in rental expenses on the statements of comprehensive income.

NOTE 16. SEGMENT REPORTING

Segment information is prepared on the same basis that our management reviews information for operational decision-making purposes. We operate in four business segments: the acquisition, redevelopment, ownership and management of retail real estate, office real estate, multifamily real estate and mixed-use real estate. The products for our retail segment primarily include rental of retail space and other tenant services, including tenant reimbursements, parking and storage space rental. The products for our office segment primarily include rental of office space and other tenant services, including tenant reimbursements, parking and storage space rental. The products for our multifamily segment include rental of apartments and other tenant services. The products of our mixed-use segment include rental of retail space and other tenant services, including tenant reimbursements, parking and storage space rental and operation of a 369-room all-suite hotel.

We evaluate the performance of our segments based on segment profit, which is defined as property revenue less property expenses. We do not use asset information as a measure to assess performance and make decisions to allocate resources. Therefore, depreciation and amortization expense is not allocated among segments. General and administrative expenses, interest expense, depreciation and amortization expense and other income and expense are not included in segment profit as our internal reporting addresses these items on a corporate level.

Segment profit is not a measure of operating income or cash flows from operating activities as measured by GAAP, and it is not indicative of cash available to fund cash needs and should not be considered an alternative to cash flows as a measure of liquidity. Not all companies calculate segment profit in the same manner. We consider segment profit to be an appropriate supplemental measure to net income because it assists both investors and management in understanding the core operations of our properties.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Forward-Looking Statements

The following discussion should be read in conjunction with the consolidated financial statements and notes thereto appearing elsewhere in this report. We make statements in this report that are forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995 (set forth in Section 27A of the Securities Act of 1933, as amended, or the Securities Act, and Section 21E of the Securities Exchange Act of 1934, as amended, or the Exchange Act). In particular, statements pertaining to our capital resources, portfolio performance and results of operations contain forward-looking statements. Likewise, all of our statements regarding anticipated growth in our funds from operations and anticipated market conditions, demographics and results of operations are forward-looking statements. You can identify forward-looking statements by the use of forward-looking terminology such as "believes," "expects," "may," "will," "should," "seeks," "approximately," "intends," "plans," "pro forma," "estimates" or "anticipates" or these words and phrases or similar words or phrases which are predictions of or indicate future events or trends and which do not relate solely to historical matters. You can also identify forward-looking statements by discussions of strategy, plans or intentions.

Forward-looking statements involve numerous risks and uncertainties and you should not rely on them as predictions of future events. Forward-looking statements depend on assumptions, data or methods which may be incorrect or imprecise and we may not be able to realize them. We do not guarantee that the transactions and events described will happen as described (or that they will happen at all). The following factors, among others, could cause actual results and future events to differ materially from those set forth or contemplated in the forward-looking statements:

- adverse economic or real estate developments in our markets;
- our failure to generate sufficient cash flows to service our outstanding indebtedness;
- defaults on, early terminations of or non-renewal of leases by tenants, including significant tenants;
- difficulties in identifying properties to acquire and completing acquisitions;
- difficulties in completing dispositions;
- our failure to successfully operate acquired properties and operations;
- our inability to develop or redevelop our properties due to market conditions;
- fluctuations in interest rates and increased operating costs;
- risks related to joint venture arrangements;
- our failure to obtain necessary outside financing;
- on-going litigation;
- general economic conditions;
- financial market fluctuations;
- risks that affect the general retail, office, multifamily and mixed-use environment;
- the competitive environment in which we operate;
- decreased rental rates or increased vacancy rates;
- conflicts of interests with our officers or directors;
 - lack or insufficient amounts of insurance;
- environmental uncertainties and risks related to adverse weather conditions and natural disasters;
- other factors affecting the real estate industry generally;
- limitations imposed on our business and our ability to satisfy complex rules in order for us to continue to qualify as a real estate investment trust, or REIT, for U.S. federal income tax purposes; and
- changes in governmental regulations or interpretations thereof, such as real estate and zoning laws and increases in real property tax rates and taxation of REITs.

While forward-looking statements reflect our good faith beliefs, they are not guarantees of future performance. We disclaim any obligation to publicly update or revise any forward-looking statement to reflect changes in underlying assumptions or factors,

new information, data or methods, future events or other changes. For a further discussion of these and other factors, see the section entitled “Item 1A. Risk Factors” contained herein and in our annual report on Form 10-K for the year ended December 31, 2017.

Overview

References to “we,” “our,” “us” and “our company” refer to American Assets Trust, Inc., a Maryland corporation, together with our consolidated subsidiaries, including American Assets Trust, L.P., a Maryland limited partnership, of which we are the sole general partner and which we refer to in this report as our Operating Partnership.

We are a full service, vertically integrated and self-administered REIT that owns, operates, acquires and develops high quality retail, office, multifamily and mixed-use properties in attractive, high-barrier-to-entry markets in Southern California, Northern California, Oregon, Washington, Texas and Hawaii. As of June 30, 2018, our portfolio was comprised of twelve retail shopping centers; seven office properties; a mixed-use property consisting of a 369-room all-suite hotel and a retail shopping center; and six multifamily properties. Additionally, as of June 30, 2018, we owned land at four of our properties that we classified as held for development and/or construction in progress. Our core markets include San Diego; the San Francisco Bay Area; Portland, Oregon; Bellevue, Washington; and Oahu, Hawaii. We are a Maryland corporation formed on July 16, 2010 to acquire the entities owning various controlling and noncontrolling interests in real estate assets owned and/or managed by Ernest S. Rady or his affiliates, including the Ernest Rady Trust U/D/T March 13, 1983, or the Rady Trust, and did not have any operating activity until the consummation of our initial public offering on January 19, 2011. Our Company, as the sole general partner of our Operating Partnership, has control of our Operating Partnership and owned 73.2% of our Operating Partnership as of June 30, 2018. Accordingly, we consolidate the assets, liabilities and results of operations of our Operating Partnership.

Critical Accounting Policies

We identified certain critical accounting policies that affect certain of our more significant estimates and assumptions used in preparing our consolidated financial statements in our annual report on Form 10-K for the year ended December 31, 2017. We have not made any material changes to these policies during the periods covered by this report, other than those described in Footnote 1.

Same-store

We have provided certain information on a total portfolio, same-store and redevelopment same-store basis. Information provided on a same-store basis includes the results of properties that we owned and operated for the entirety of both periods being compared except for properties for which significant redevelopment or expansion occurred during either of the periods being compared, properties under development, properties classified as held for development and properties classified as discontinued operations. Information provided on a redevelopment same-store basis includes the results of properties undergoing significant redevelopment for the entirety or portion of both periods being compared. Same-store and redevelopment same-store is considered by management to be important measures because they assist in eliminating disparities due to the development, acquisition or disposition of properties during the particular period presented, and thus provides a more consistent performance measure for the comparison of the Company's stabilized and redevelopment properties, as applicable. Additionally, redevelopment same-store is considered by management to be an important measure because it assists in evaluating the timing of the start and stabilization of our redevelopment opportunities and the impact that these redevelopments have in enhancing our operating performance.

While there is judgment surrounding changes in designations, we typically reclassify significant development, redevelopment or expansion properties into same-store properties once they are stabilized. Properties are deemed stabilized typically at the earlier of (i) reaching 90% occupancy or (ii) four quarters following a property's inclusion in operating real estate. We typically remove properties from same-store properties when the development, redevelopment or expansion has or is expected to have a significant impact on the property's annualized base rent, occupancy and operating income within the calendar year. Our evaluation of significant impact related to development, redevelopment or expansion activity is based on quantitative and qualitative measures including, but not

limited to the following: the total budgeted cost of planned construction activity compared to the property's annualized base rent, occupancy and property operating income within the calendar year; percentage of development, redevelopment or expansion square footage to total property square footage; and the ability to maintain historic occupancy and rental rates. In consideration of these measures, we generally remove properties from same-store properties when we see a decline in a property's annualized base rent, occupancy and operating income within the calendar year as a direct result of ongoing redevelopment, development or expansion activity. Acquired properties are classified into same-store properties once we have owned such properties for the entirety of comparable period(s) and the properties are not under significant development or expansion.

Table of Contents

Below is a summary of our same-store composition for the three and six months ended June 30, 2018 and 2017. For the three months ended June 30, 2018, Hassalo on Eighth - Retail and Hassalo on Eighth - Multifamily were reclassified to same-store properties when compared to the designations for the three months ended June 30, 2017 as the entities became stabilized after their respective construction periods. Waikele Center was transferred out of same-store properties due to significant redevelopment activity and Pacific Ridge Apartments and Gateway Marketplace were classified as non-same-store properties as they were acquired on April 28, 2017 and July 6, 2017, respectively, when compared to the designations for the three months ended June 30, 2017.

For the six months ended June 30, 2018, Torrey Reserve Campus, Hassalo on Eighth - Retail and Hassalo on Eighth - Multifamily were reclassified to same-store properties when compared to the designations for the six months ended June 30, 2017 as the entities became stabilized after their respective construction periods. Pacific Ridge Apartments and Gateway Marketplace were classified as non-same-store properties as they were acquired on April 28, 2017 and July 6, 2017, respectively, when compared to the designations for the six months ended June 30, 2018. Additionally, Waikele Center was transferred out of same-store properties due to significant redevelopment activity for the six months ended June 30, 2018.

In our determination of same-store and redevelopment same-store properties for the six months ended June 30, 2018, Waikele Center has been identified as a same-store redevelopment property due to significant construction activity. Retail same-store net operating income increased approximately 3.6% for the six months ended June 30, 2018 compared to the same period in 2017. Retail redevelopment same-store net operating income increased approximately 3.4% for the six months ended June 30, 2018 compared to the same period in 2017.

Outlook

We seek growth in earnings, funds from operations and cash flows primarily through a combination of the following: growth in our same-store portfolio, growth in our portfolio from property development and redevelopments and expansion of our portfolio through property acquisitions. Our properties are located in some of the nation's most dynamic, high-barrier-to-entry markets primarily in Southern California, Northern California, Oregon, Washington and Hawaii, which allow us to take advantage of redevelopment opportunities that enhance our operating performance through renovation, expansion, reconfiguration and/or retensing. We evaluate our properties on an ongoing basis to identify these types of opportunities.

We intend to opportunistically pursue the development of future phases of Lloyd District Portfolio based on, among other things, market conditions and our evaluation of whether such opportunities would generate appropriate risk-adjusted financial returns. Our redevelopment and development opportunities are subject to various factors,

including market conditions and may not ultimately come to fruition.

We continue to review acquisition opportunities in our primary markets that would complement our portfolio and provide long-term growth opportunities. Some of our acquisitions do not initially contribute significantly to earnings growth; however, we believe they provide long-term re-leasing growth, redevelopment opportunities and other strategic opportunities. Any growth from acquisitions is contingent upon our ability to find properties that meet our qualitative standards at prices that meet our financial hurdles. Changes in interest rates may affect our success in achieving earnings growth through acquisitions by affecting both the price that must be paid to acquire a property, as well as our ability to economically finance a property acquisition. Generally, our acquisitions are initially financed by available cash, mortgage loans and/or borrowings under our revolving line of credit, which may be repaid later with funds raised through the issuance of new equity or new long-term debt.

Table of Contents

Leasing

Our same-store growth is primarily driven by increases in rental rates on new leases and lease renewals and changes in portfolio occupancy. Over the long-term, we believe that the infill nature and strong demographics of our properties provide us with a strategic advantage, allowing us to maintain relatively high occupancy and increase rental rates. We have continued to see signs of improvement for many of our tenants, as well as increased interest from prospective tenants for our spaces. While there can be no assurance that these positive signs will continue, we remain cautiously optimistic regarding the improved trends we have seen over the past few years. We believe the locations of our properties and diverse tenant base mitigate the potentially negative impact of the current economic environment. However, any reduction in our tenants' abilities to pay base rent, percentage rent or other charges will adversely affect our financial condition and results of operations.

During the three months ended June 30, 2018, we signed 19 retail leases for a total of 74,650 square feet of retail space including 66,415 square feet of comparable space leases (leases for which there was a prior tenant), at an average rental rate increase on a cash and GAAP basis of 1.3% and 14.1%, respectively. New retail leases for comparable spaces were signed for 7,986 square feet at an average rental rate decrease on a cash and GAAP basis of 10.2% and 4.1%, respectively. Renewals for comparable retail spaces were signed for 58,429 square feet at an average rental rate increase on a cash and GAAP basis of 4.7% and 19.9%, respectively. Tenant improvements and incentives were \$82.72 per square foot of retail space for comparable new leases for the three months ended June 30, 2018, mainly attributed to tenants at Alamo Quarry Market.

During the three months ended June 30, 2018, we signed 24 office leases for a total of 156,521 square feet of office space including 113,182 square feet of comparable space leases, at an average rental rate increase on a cash and GAAP basis of 16.5% and 28.8%, respectively. New office leases for comparable spaces were signed for 38,599 square feet at an average rental rate increase on a cash and GAAP basis of 12.9% and 30.5%, respectively. Renewals for comparable office spaces were signed for 74,583 square feet at an average rental rate increase on a cash and GAAP basis of 18.8% and 27.9%, respectively. Tenant improvements and incentives were \$83.57 per square foot of office space for comparable new leases for the three months ended June 30, 2018, mainly attributed to tenants at Torrey Reserve Campus.

The rental increases associated with comparable spaces generally include all leases signed in arms-length transactions reflecting market leverage between landlords and tenants during the period. The comparison between average rent for expiring leases and new leases is determined by including minimum rent and percentage rent paid on the expiring lease and minimum rent and, in some instances, projections of first lease year percentage rent, to be paid on the new lease. In some instances, management exercises judgment as to how to most effectively reflect the comparability of spaces reported in this calculation. The change in rental income on comparable space leases is impacted by numerous factors including current market rates, location, individual tenant creditworthiness, use of space, market conditions when the expiring lease was signed, capital investment made in the space and the specific lease structure. Tenant improvements and incentives include the total dollars committed for the improvement of a space as it relates to a specific lease, but may also include base-building costs (i.e. expansion, escalators or new entrances) which are required to make the space leasable. Incentives include amounts paid to tenants as an inducement to sign a lease that do not represent building improvements.

The leases signed in 2018 generally become effective over the following year, though some may not become effective until 2019 and beyond. Further, there is risk that some new tenants will not ultimately take possession of their space and that tenants for both new and renewal leases may not pay all of their contractual rent due to operating, financing or other matters. However, we believe that these increases do provide information about the tenant/landlord relationship and the potential fluctuations we may achieve in rental income over time.

Through the remainder of 2018, we believe our leasing volume will be in-line with our historical averages and result in overall positive increases in rental income. However, changes in rental income associated with individual signed leases on comparable spaces may be positive or negative, and we can provide no assurance that the rents on new leases will continue to increase at the above disclosed levels, if at all.

Capitalized Costs

Certain external and internal costs directly related to the development and redevelopment of real estate, including pre-construction costs, real estate taxes, insurance, interest, construction costs and salaries and related costs of personnel directly involved, are capitalized. We capitalize costs under development until construction is substantially complete and the property is held available for occupancy. The determination of when a development project is substantially complete and when capitalization must cease involves a degree of judgment. We consider a construction project as substantially complete and held available for occupancy upon the completion of landlord-owned tenant improvements or when the lessee takes possession of the unimproved space for construction of its own improvements, but not later than one year from cessation of major construction activity. We cease capitalization on the portion substantially completed and occupied or held available for occupancy, and capitalize only those costs associated with any remaining portion under construction.

We capitalized external and internal costs related to both development and redevelopment activities combined of \$1.7 million and \$4.9 million for the three months ended June 30, 2018 and 2017, respectively. We capitalized external and internal costs related to both development and redevelopment activities combined of \$2.4 million and \$7.4 million for the six months ended June 30, 2018 and 2017, respectively.

We capitalized external and internal costs related to other property improvements combined of \$8.0 million and \$9.3 million for the three months ended June 30, 2018 and 2017, respectively. We capitalized external and internal costs related to other property improvements combined of \$16.8 million and \$14.6 million for the six months ended June 30, 2018 and 2017, respectively.

Interest costs on developments and major redevelopments are capitalized as part of developments and redevelopments not yet placed in service. Capitalization of interest commences when development activities and expenditures begin and end upon completion, which is when the asset is ready for its intended use as noted above. We make judgments as to the time period over which to capitalize such costs and these assumptions have a direct impact on net income because capitalized costs are not subtracted in calculating net income. If the time period for capitalizing interest is extended, however, more interest is capitalized, thereby decreasing interest expense and increasing net income during that period. We capitalized interest costs related to development activities of \$0.5 million and \$0.4 million for the three months ended June 30, 2018 and 2017, respectively. We capitalized interest costs related to development activities of \$0.9 million and \$0.7 million for the six months ended June 30, 2018 and 2017, respectively.

Results of Operations

For our discussion of results of operations, we have provided information on a total portfolio and same-store basis. Comparison of the three months ended June 30, 2018 to the three months ended June 30, 2017

The following summarizes our consolidated results of operations for the three months ended June 30, 2018 compared to our consolidated results of operations for the three months ended June 30, 2017. As of June 30, 2018, our operating portfolio was comprised of 26 retail, office, multifamily and mixed-use properties with an aggregate of approximately 5.9 million rentable square feet of retail and office space, including the retail portion of our mixed-use property, 2,112 residential units (including 122 RV spaces) and a 369-room hotel. Additionally, as of June 30, 2018, we owned land at four of our properties that we classified as held for development and/or construction in progress. As of June 30, 2017, our operating portfolio was comprised of 25 retail, office, multifamily and mixed-use properties with an aggregate of approximately 5.9 million rentable square feet of retail and office space, including the retail portion of our mixed-use property, 2,112 residential units (including 122 RV spaces) and a 369-room hotel. Additionally, as of June 30, 2017, we owned land at four of our properties that we classified as held for development and/or construction in progress.

Revenue

Total property revenues. Total property revenue consists of rental revenue and other property income. Total property revenue increased \$7.9 million, or 10%, to \$85.0 million for the three months ended June 30, 2018 compared to \$77.1 million for the three months ended June 30, 2017. The percentage leased was as follows for each segment as of June 30, 2018 and 2017:

	Percentage Leased	
	(1)	
	June 30,	
	2018	2017
Retail	96.7 %	96.8 %
Office	93.8 %	88.7 %
Multifamily	93.9 %	92.6 %
Mixed-Use (2)	95.9 %	95.7 %

(1) The percentage leased includes the square footage under lease, including leases which may not have commenced as of June 30, 2018 or June 30, 2017, as applicable.

(2) Includes the retail portion of the mixed-use property only.

Table of Contents

The increase in total property revenue was attributable primarily to the factors discussed below.

Rental revenues. Rental revenue includes minimum base rent, cost reimbursements, percentage rents and other rents. Rental revenue increased \$4.0 million, or 5%, to \$76.9 million for the three months ended June 30, 2018 compared to \$72.9 million for the three months ended June 30, 2017. Rental revenue by segment was as follows (dollars in thousands):

Total retail property operating income increased \$1.1 million for the three months ended June 30, 2018 compared to the three months ended June 30, 2017 primarily due to the acquisition of Gateway Marketplace on July 6, 2017 and higher annualized base rents at same-store retail properties during the quarter.

Total office property operating income increased \$4.4 million for the three months ended June 30, 2018 compared to the three months ended June 30, 2017 primarily due to lease termination fees at Lloyd District Portfolio and Torrey Point and higher annualized base rents at The Landmark at One Market.

Total multifamily property operating income increased \$0.7 million for the three months ended June 30, 2018 compared to the three months ended June 30, 2017 primarily due to the acquisition of the Pacific Ridge Apartments on April 28, 2017.

Other

General and Administrative. General and administrative expenses increased \$0.3 million, or 5%, to \$5.4 million for the three months ended June 30, 2018, compared to \$5.1 million for the three months ended June 30, 2017. This increase was primarily due to an increase in employee-related costs.

Depreciation and Amortization. Depreciation and amortization expense increased \$8.7 million, or 36%, to \$32.9 million for the three months ended June 30, 2018, compared to \$24.2 million for the three months ended June 30, 2017. This increase was primarily due to an increase in depreciation expense at Waialele Center attributed to the redevelopment of the Kmart space and Lloyd District Portfolio attributed to acceleration of depreciation related to lease terminations.

Interest Expense. Interest expense increased \$0.0 million, or 0%, to \$12.7 million for the three months ended June 30, 2018, compared to \$12.7 million for the three months ended June 30, 2017. This increase was primarily due to the closing of our offerings of Series F Notes on July 19, 2017.

Other (Expense) Income, Net. Other (Expense) income, net decreased \$0.3 million, or 177%, to other expense, net of \$0.1 million for the three months ended June 30, 2018, compared to other income, net of \$0.2 million for the three months ended June 30, 2017, primarily due to a increase in income tax expense during the period attributed to a valuation allowance on our deferred tax asset for our taxable REIT subsidiary and a decrease in the 2018 corporate tax rate. The decrease is also due to a decrease in interest and investment income attributed to lower cash balances during the period.

For this table and tables following, the same-store portfolio includes the Forever 21 building at Del Monte Center which we acquired on September 1, 2017 after previously owning the underlying land. The same-store portfolio (1) excludes: (i) the Pacific Ridge Apartments as it was acquired April 28, 2017; (ii) Gateway Marketplace as it was acquired on July 6, 2017; (iii) Waikele Center due to significant redevelopment activity and (iv) land held for development.

Total retail rental revenue increased \$2.7 million for the six months ended June 30, 2018 compared to the six months ended June 30, 2017 primarily due to the acquisition of Gateway Marketplace on July 6, 2017, which had rental revenue of approximately \$1.7 million during the period. The increase in total retail rental revenue is also attributed to higher annualized base rents at Lomas Santa Fe Plaza and Del Monte Center. Same-store retail rental revenue increased \$1.3 million for the six months ended June 30, 2018 compared to the six months ended June 30, 2017 primarily due to higher annualized base rents and additional cost reimbursements at Lomas Santa Fe Plaza and Del Monte Center.

Total office rental revenue increased \$1.3 million for the six months ended June 30, 2018 compared to the six months ended June 30, 2017 due to higher annualized base rents and additional cost reimbursements during the period, primarily at Lloyd District Portfolio, The Landmark at One Market, and Torrey Reserve Campus. The increase was partially offset by a decrease in annualized base rents at City Center Bellevue.

Multifamily rental revenue increased \$5.8 million for the six months ended June 30, 2018 compared to the six months ended June 30, 2017 primarily due to the acquisition of the Pacific Ridge Apartments on April 28, 2017, which had incremental rental revenue of approximately \$5.2 million for the period. Same-store multifamily rental revenue increased \$0.5 million during the period due to an increase in occupancy and higher average base rent per unit of \$1,765 during the six months ended June 30, 2018 compared to \$1,726 during the six months ended June 30, 2017. Mixed-use rental revenue increased \$0.4 million for the six months ended June 30, 2018 compared to the six months ended June 30, 2017 due to higher annualized base rents at the retail portion of our mixed-use property.

Other property income. Other property income increased \$4.7 million, or 60%, to \$12.7 million for the six months ended June 30, 2018 compared to \$7.9 million for the six months ended June 30, 2017. Other property income by segment was as follows (dollars in thousands):

Total retail property operating income increased \$2.4 million during the six months ended June 30, 2018 compared to the six months ended June 30, 2017 primarily due to the acquisition of Gateway Marketplace on July 6, 2017 and higher annualized base rents at same-store retail properties during the period.

Total office property operating income increased \$5.0 million during the six months ended June 30, 2018 compared to the six months ended June 30, 2017 primarily due to lease termination fees at Lloyd District Portfolio and Torrey Point and higher annualized base rents at The Landmark at One Market and Torrey Reserve Campus.

Total multifamily property operating income increased \$3.4 million for the six months ended June 30, 2018 compared to the six months ended June 30, 2017 primarily due to the acquisition of the Pacific Ridge Apartments on April 28, 2017.

Mixed-use property operating income increased \$0.8 million during the six months ended June 30, 2018 compared to the six months ended June 30, 2017. The increase was primarily due to an increase in annualized base rents at the retail portion of our mixed-use property and a decrease in bad debt expense at the hotel portion of our mixed-use property.

Other

General and Administrative. General and administrative expenses increased \$0.8 million, or 7%, to \$11.0 million for the six months ended June 30, 2018, compared to \$10.2 million for the six months ended June 30, 2017. This increase was primarily due to an increase in employee-related costs.

Depreciation and Amortization. Depreciation and amortization expense increased \$24.0 million, or 57%, to \$66.1 million for the six months ended June 30, 2018, compared to \$42.2 million for the six months ended June 30, 2017. This increase was primarily due to an increase in depreciation expense at Waialele Center attributed to the redevelopment of the Kmart space and Lloyd District Portfolio attributed to acceleration of depreciation related to lease terminations.

Interest Expense. Interest expense increased \$0.5 million, or 2%, to \$26.5 million for the six months ended June 30, 2018 compared to \$26.0 million for the six months ended June 30, 2017. This increase was primarily due to the closing of our offerings of Series D Notes on March 1, 2017, Series E Notes on May 23, 2017 and Series F Notes on July 19, 2017, offset by the payoff of property mortgages for Waikiki Beach Walk - Retail during the first quarter of

Edgar Filing: American Assets Trust, Inc. - Form 10-Q

2017, Solana Beach Corporate Center III-IV during the second quarter of 2017, and Loma Palisades during the first quarter of 2018.

Other Income (Expense), Net. Other income, net decreased \$0.4 million, or 88%, to \$0.1 million for the six months ended June 30, 2018, compared to \$0.5 million for the six months ended June 30, 2017, primarily due to a increase in income tax

expense during the period attributed to a valuation allowance on our deferred tax asset for our taxable REIT subsidiary and a decrease in the 2018 corporate tax rate. The decrease is also due to a decrease in interest and investment income attributed to lower cash balances during the period.

Liquidity and Capital Resources of American Assets Trust, Inc.

In this “Liquidity and Capital Resources of American Assets Trust, Inc.” section, the term the “company” refers only to American Assets Trust, Inc. on an unconsolidated basis, and excludes the Operating Partnership and all other subsidiaries.

The company’s business is operated primarily through the Operating Partnership, of which the company is the parent company and sole general partner, and which it consolidates for financial reporting purposes. Because the company operates on a consolidated basis with the Operating Partnership, the section entitled “Liquidity and Capital Resources of American Assets Trust, L.P.” should be read in conjunction with this section to understand the liquidity and capital resources of the company on a consolidated basis and how the company is operated as a whole.

The company issues public equity from time to time, but does not otherwise generate any capital itself or conduct any business itself, other than incurring certain expenses in operating as a public company which are fully reimbursed by the Operating Partnership. The company itself does not have any indebtedness, and its only material asset is its ownership of partnership interests of the Operating Partnership. Therefore, the consolidated assets and liabilities and the consolidated revenues and expenses of the company and the Operating Partnership are the same on their respective financial statements. However, all debt is held directly or indirectly by the Operating Partnership. The company’s principal funding requirement is the payment of dividends on its common stock. The company’s principal source of funding for its dividend payments is distributions it receives from the Operating Partnership.

As of June 30, 2018, the company owned an approximate 73.2% partnership interest in the Operating Partnership. The remaining 26.8% are owned by non-affiliated investors and certain of the company’s directors and executive officers. As the sole general partner of the Operating Partnership, American Assets Trust, Inc. has the full, exclusive and complete authority and control over the Operating Partnership’s day-to-day management and business, can cause it to enter into certain major transactions, including acquisitions, dispositions and refinancings, and can cause changes in its line of business, capital structure and distribution policies. The company causes the Operating Partnership to distribute such portion of its available cash as the company may in its discretion determine, in the manner provided in the Operating Partnership’s partnership agreement.

The liquidity of the company is dependent on the Operating Partnership’s ability to make sufficient distributions to the company. The primary cash requirement of the company is its payment of dividends to its stockholders. The company also guarantees some of the Operating Partnership’s debt, as discussed further in Note 7 of the Notes to Consolidated Financial Statements included elsewhere herein. If the Operating Partnership fails to fulfill certain of its debt requirements, which trigger the company’s guarantee obligations, then the company will be required to fulfill its cash payment commitments under such guarantees. However, the company’s only significant asset is its investment in the Operating Partnership.

We believe the Operating Partnership’s sources of working capital, specifically its cash flow from operations, and borrowings available under its unsecured line of credit, are adequate for it to make its distribution payments to the company and, in turn, for the company to make its dividend payments to its stockholders. As of June 30, 2018, the company has determined that it has adequate working capital to meet its dividend funding obligations for the next 12 months. However, we cannot assure you that the Operating Partnership’s sources of capital will continue to be available at all or in amounts sufficient to meet its needs, including its ability to make distribution payments to the company. The unavailability of capital could adversely affect the Operating Partnership’s ability to pay its distributions to the company, which would in turn, adversely affect the company’s ability to pay cash dividends to its stockholders.

Our short-term liquidity requirements consist primarily of funds to pay for future dividends expected to be paid to the company's stockholders, operating expenses and other expenditures directly associated with our properties, interest expense and scheduled principal payments on outstanding indebtedness, general and administrative expenses, funding construction projects, capital expenditures, tenant improvements and leasing commissions.

The company may from time to time seek to repurchase or redeem the Operating Partnership's outstanding debt, the company's shares of common stock or other securities in open market purchases, privately negotiated transactions or otherwise.

Table of Contents

Such repurchases or redemptions, if any, will depend on prevailing market conditions, our liquidity requirements, contractual restrictions and other factors. The amounts involved may be material.

For the company to maintain its qualification as a REIT, it must pay dividends to its stockholders aggregating annually at least 90% of its REIT taxable income, excluding net capital gains. While historically the company has satisfied this distribution requirement by making cash distributions to American Assets Trust, Inc.'s stockholders or American Assets Trust, L.P.'s unitholders, it may choose to satisfy this requirement by making distributions of cash or other property, including, in limited circumstances, the company's own stock. As a result of this distribution requirement, the Operating Partnership cannot rely on retained earnings to fund its ongoing operations to the same extent that other companies whose parent companies are not REITs can. The company may need to continue to raise capital in the equity markets to fund the operating partnership's working capital needs, acquisitions and developments. Although there is no intent at this time, if market conditions deteriorate, the company may also delay the timing of future development and redevelopment projects as well as limit future acquisitions, reduce the Operating Partnership's operating expenditures, or re-evaluate its dividend policy.

The company is a well-known seasoned issuer. As circumstances warrant, the company may issue equity from time to time on an opportunistic basis, dependent upon market conditions and available pricing. When the company receives proceeds from preferred or common equity issuances, it is required by the Operating Partnership's partnership agreement to contribute the proceeds from its equity issuances to the Operating Partnership in exchange for partnership units of the Operating Partnership. The Operating Partnership may use the proceeds to repay debt, to develop new or existing properties, to acquire properties or for general corporate purposes.

In February 2018, the company filed a universal shelf registration statement on Form S-3ASR with the SEC, which became effective upon filing and which replaced the prior Form S-3ASR that was filed with the SEC in February 2015. The universal shelf registration statement may permit the company from time to time to offer and sell equity securities of the company. However, there can be no assurance that the company will be able to complete any such offerings of securities. Factors influencing the availability of additional financing include investor perception of our prospects and the general condition of the financial markets, among others.

In May 2015, we entered into an ATM equity program with five sales agents in which we may, from time to time, offer and sell shares of our common stock having an aggregate offering price of up to \$250.0 million. On March 2, 2018, we amended certain of these equity programs, terminated one such program and entered into a new equity program with one new sales agent. The sales of shares of the company's common stock made through the ATM equity program, as amended, are made in "at-the-market" offerings as defined in Rule 415 of the Securities Act. As of June 30, 2018, we had the capacity to issue up to an additional \$176.2 million in shares of common stock under the ATM equity program. We intend to use the net proceeds to fund development or redevelopment activities, repay amounts outstanding from time to time under our amended and restated credit facility or other debt financing obligations, fund potential acquisition opportunities and/or for general corporate purposes. Actual future sales will depend on a variety of factors including, but not limited to, market conditions, the trading price of the company's common stock and the company's capital needs. We have no obligation to sell the remaining shares available for sale under the ATM equity program.

Liquidity and Capital Resources of American Assets Trust, L.P.

In this "Liquidity and Capital Resources of American Assets Trust, L.P." section, the terms "we," "our" and "us" refer to the Operating Partnership together with its consolidated subsidiaries, or the Operating Partnership and American Assets Trust, Inc. together with their consolidated subsidiaries, as the context requires. American Assets Trust, Inc. is our sole general partner and consolidates our results of operations for financial reporting purposes. Because we operate on a consolidated basis with American Assets Trust, Inc., the section entitled "Liquidity and Capital Resources of American Assets Trust, Inc." should be read in conjunction with this section to understand our liquidity and capital resources on a consolidated basis.

Due to the nature of our business, we typically generate significant amounts of cash from operations. The cash generated from operations is used for the payment of operating expenses, capital expenditures, debt service and dividends to American Assets Trust, Inc.'s stockholders and our unitholders. As a REIT, American Assets Trust, Inc. must generally make annual distributions to its stockholders of at least 90% of its net taxable income. As of June 30, 2018, we held \$51.3 million in cash and cash equivalents.

Our short-term liquidity requirements consist primarily of operating expenses and other expenditures associated with our properties, regular debt service requirements, dividend payments to American Assets Trust, Inc.'s stockholders required to maintain its REIT status, distributions to our unitholders, capital expenditures and, potentially, acquisitions. We expect to meet our short-term liquidity requirements through net cash provided by operations, reserves established from existing cash and, if necessary, borrowings available under our credit facility.

Table of Contents

Our long-term liquidity needs consist primarily of funds necessary to pay for the repayment of debt at maturity, property acquisitions, tenant improvements and capital improvements. We expect to meet our long-term liquidity requirements to pay scheduled debt maturities and to fund property acquisitions and capital improvements with net cash from operations, long-term secured and unsecured indebtedness and, if necessary, the issuance of equity and debt securities. We also may fund property acquisitions and capital improvements using our amended and restated credit facility pending permanent financing. We believe that we have access to multiple sources of capital to fund our long-term liquidity requirements, including the incurrence of additional debt and the issuance of additional equity. However, we cannot be assured that this will be the case. Our ability to incur additional debt will be dependent on a number of factors, including our degree of leverage, the value of our unencumbered assets and borrowing restrictions that may be imposed by lenders. Our ability to access the equity capital markets will be dependent on a number of factors as well, including general market conditions for REITs and market perceptions about our company.

Our overall capital requirements for the remainder of 2018 and first quarter 2019 will depend upon acquisition opportunities and the level of improvements and redevelopments on existing properties. Our capital investments will be funded on a short-term basis with cash on hand, cash flow from operations and/or our revolving line of credit. On a long-term basis, our capital investments may be funded with additional long-term debt. Our ability to incur additional debt will be dependent on a number of factors, including our degree of leverage, the value of our unencumbered assets and borrowing restrictions that may be imposed by lenders. Our capital investments may also be funded by additional equity including shares issued by American Assets Trust, Inc. under its ATM equity program. Although there is no intent at this time, if market conditions deteriorate, we may also delay the timing of future development and redevelopment projects as well as limit future acquisitions, reduce our operating expenditures, or re-evaluate our dividend policy.

In February 2018, the Operating Partnership filed a universal shelf registration on Form S-3 ASR with the SEC which provided for the registration of an unspecified amount of debt securities by the Operating Partnership. However, there can be no assurance that the Operating Partnership will be able to complete any such offerings of debt securities. Factors influencing the availability of additional financing include investor perception of our prospects and the general condition of the financial markets, among others.

Off-Balance Sheet Arrangements

We currently do not have any off-balance sheet arrangements.

Cash Flows

Comparison of the six months ended June 30, 2018 to the six months ended June 30, 2017

Cash, cash equivalents, and restricted cash were \$60.7 million and \$40.6 million at June 30, 2018 and 2017, respectively.

Net cash provided by operating activities decreased \$0.7 million to \$82.3 million for the six months ended June 30, 2018 compared to \$83.0 million for the six months ended June 30, 2017. The decrease in cash from operations was due to

the settlements of the forward-starting interest rate swaps during the six months ended June 30, 2017 in connection with the

Series D Notes issued on March 1, 2017.

Net cash used in investing activities decreased \$231.6 million to \$23.4 million for the six months ended June 30, 2018 compared to \$255.0 million for the six months ended June 30, 2017. The decrease was primarily due to the acquisition of Pacific Ridge Apartments on April 28, 2017.

Net cash provided by financing activities decreased \$248.1 million to cash used of \$90.2 million for the six months ended June 30, 2018 compared to cash provided of \$157.9 million for the six months ended June 30, 2017. The decrease in cash provided by financing activities was primarily due to the closing of Series D Notes issued on March 1, 2017 and Series E Notes issued on May 23, 2017.

Net Operating Income

Net Operating Income, or NOI, is a non-GAAP financial measure of performance. We define NOI as operating revenues (rental income, tenant reimbursements, lease termination fees, ground lease rental income and other property

income) less property and related expenses (property expenses, ground lease expense, property marketing costs, real estate taxes and insurance). NOI excludes general and administrative expenses, interest expense, depreciation and amortization, acquisition-related expense, other nonproperty income and losses, gains and losses from property dispositions, extraordinary items, tenant improvements, and leasing commissions. Other REITs may use different methodologies for calculating NOI, and accordingly, our NOI may not be comparable to the NOIs of other REITs.

Table of Contents

NOI is used by investors and our management to evaluate and compare the performance of our properties and to determine trends in earnings and to compute the fair value of our properties as it is not affected by (1) the cost of funds of the property owner, (2) the impact of depreciation and amortization expenses as well as gains or losses from the sale of operating real estate assets that are included in net income computed in accordance with GAAP or (3) general and administrative expenses and other gains and losses that are specific to the property owner. The cost of funds is eliminated from net income because it is specific to the particular financing capabilities and constraints of the owner. The cost of funds is also eliminated because it is dependent on historical interest rates and other costs of capital as well as past decisions made by us regarding the appropriate mix of capital, which may have changed or may change in the future. Depreciation and amortization expenses as well as gains or losses from the sale of operating real estate assets are eliminated because they may not accurately represent the actual change in value in our retail, office, multifamily or mixed-use properties that result from use of the properties or changes in market conditions. While certain aspects of real property do decline in value over time in a manner that is intended to be captured by depreciation and amortization, the value of the properties as a whole have historically increased or decreased as a result of changes in overall economic conditions instead of from actual use of the property or the passage of time. Gains and losses from the sale of real property vary from property to property and are affected by market conditions at the time of sale which will usually change from period to period. These gains and losses can create distortions when comparing one period to another or when comparing our operating results to the operating results of other real estate companies that have not made similarly timed purchases or sales. We believe that eliminating these costs from net income is useful because the resulting measure captures the actual revenue generated and actual expenses incurred in operating our properties as well as trends in occupancy rates, rental rates and operating costs. However, the usefulness of NOI is limited because it excludes general and administrative costs, interest expense, interest income and other expense, depreciation and amortization expense and gains or losses from the sale of properties, and other gains and losses as stipulated by GAAP, the level of capital expenditures and leasing costs necessary to maintain the operating performance of our properties, all of which are significant economic costs. NOI may fail to capture significant trends in these components of net income which further limits its usefulness. NOI is a measure of the operating performance of our properties but does not measure our performance as a whole. NOI is therefore not a substitute for net income as computed in accordance with GAAP. This measure should be analyzed in conjunction with net income computed in accordance with GAAP and discussions elsewhere in “Management's Discussion and Analysis of Financial Condition and Results of Operations” regarding the components of net income that are eliminated in the calculation of NOI. Other companies may use different methods for calculating NOI or similarly entitled measures and, accordingly, our NOI may not be comparable to similarly entitled measures reported by other companies that do not define the measure exactly as we do. The following is a reconciliation of our NOI to net income for the three and six months ended June 30, 2018 and 2017 computed in accordance with GAAP (in thousands):

	Three Months Ended June 30,		Six Months Ended June 30,	
	2018	2017	2018	2017
Net operating income	\$55,513	\$49,361	\$107,279	\$95,758
General and administrative	(5,396)	(5,131)	(10,963)	(10,213)
Depreciation and amortization	(32,868)	(24,182)	(66,147)	(42,168)
Interest expense	(12,688)	(12,652)	(26,508)	(25,983)
Other income, net	(148)	192	61	502
Net income	\$4,413	\$7,588	\$3,722	\$17,896

Funds from Operations

We calculate funds from operations, or FFO, in accordance with the standards established by the National Association of Real Estate Investment Trusts, or NAREIT. FFO represents net income (computed in accordance with GAAP), excluding gains (or losses) from sales of depreciable operating property, impairment losses, real-estate related depreciation and amortization (excluding amortization of deferred financing costs) and after adjustments for

unconsolidated partnerships and joint ventures.

FFO is a supplemental non-GAAP financial measure. Management uses FFO as a supplemental performance measure because it believes that FFO is beneficial to investors as a starting point in measuring our operational performance.

Specifically, in excluding real-estate related depreciation and amortization and gains and losses from property dispositions, which do not relate to or are not indicative of operating performance, FFO provides a performance measure that, when compared year over year, captures trends in occupancy rates, rental rates and operating costs. We also believe that, as a widely recognized measure

Table of Contents

of the performance of REITs, FFO will be used by investors as a basis to compare our operating performance with that of other REITs. However, because FFO excludes depreciation and amortization and captures neither the changes in the value of our properties that result from use or market conditions nor the level of capital expenditures and leasing commissions necessary to maintain the operating performance of our properties, all of which have real economic effects and could materially impact our results from operations, the utility of FFO as a measure of our performance is limited. In addition, other equity REITs may not calculate FFO in accordance with the NAREIT definition as we do, and, accordingly, our FFO may not be comparable to such other REITs' FFO. Accordingly, FFO should be considered only as a supplement to net income as a measure of our performance. FFO should not be used as a measure of our liquidity, nor is it indicative of funds available to fund our cash needs, including our ability to pay dividends or service indebtedness. FFO also should not be used as a supplement to or substitute for cash flow from operating activities computed in accordance with GAAP.

The following table sets forth a reconciliation of our FFO for the three and six months ended June 30, 2018 to net income, the nearest GAAP equivalent (in thousands, except per share and share data):

	Three Months Ended June 30, 2018	Six Months Ended June 30, 2018
Funds from Operations (FFO)		
Net income	\$ 4,413	\$ 3,722
Plus: Real estate depreciation and amortization	32,868	66,147
Funds from operations	37,281	69,869
Less: Nonforfeitable dividends on incentive restricted stock awards	(70)	(141)
FFO attributable to common stock and units	\$ 37,211	\$ 69,728
FFO per diluted share/unit	\$ 0.58	\$ 1.09
Weighted average number of common shares and units, diluted ⁽¹⁾	64,132,485	64,131,519

(1) The weighted average common shares used to compute FFO per diluted share include unvested restricted stock awards that are subject to time vesting, which were excluded from the computation of diluted EPS, as the vesting of the restricted stock awards is dilutive in the computation of FFO per diluted share but is anti-dilutive for the computation of diluted EPS for the period. Diluted shares exclude incentive restricted stock as these awards are considered contingently issuable.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Our future income, cash flows and fair values relevant to financial instruments are dependent upon prevalent market interest rates. Market risk refers to the risk of loss from adverse changes in market prices and interest rates. We manage our market risk by attempting to match anticipated inflow of cash from our operating, investing and financing activities with anticipated outflow of cash to fund debt payments, dividends to our stockholders and Operating Partnership unitholders, investments, capital expenditures and other cash requirements.

Interest Rate Risk

Outstanding Debt

The following discusses the effect of hypothetical changes in market rates of interest on the fair value of our total outstanding debt. Interest rate risk amounts were determined by considering the impact of hypothetical interest rates on our debt. Discounted cash flow analysis is generally used to estimate the fair value of our mortgages payable. Considerable judgment is necessary to estimate the fair value of financial instruments. This analysis does not purport to take into account all of the factors that may affect our debt, such as the effect that a changing interest rate environment could have on the overall level of economic activity or the action that our management might take to reduce our exposure to the change. This analysis assumes no change in our financial structure.

Fixed Interest Rate Debt

Our outstanding notes payable obligations (maturing at various times through May 2029) have fixed interest rates which limit the risk of fluctuating interest rates. However, interest rate fluctuations may affect the fair value of our fixed rate debt instruments. At June 30, 2018, we had \$1,005.4 million of fixed rate debt outstanding with an estimated fair value of \$990.7 million. The carrying values of our revolving line of credit and term loan are deemed to be at fair value since the outstanding debt is directly tied to monthly LIBOR contracts. Additionally, we consider our \$250.0 million term loan outstanding as of June 30, 2018 to be fixed rate debt as the rate is effectively fixed by an interest rate swap agreement. If interest rates at June 30, 2018 had been 1.0% higher, the fair value of those debt instruments on that date would have decreased by approximately \$22.4 million. If interest rates at June 30, 2018 had been 1.0% lower, the fair value of those debt instruments on that date would have increased by approximately \$46.7 million.

Variable Interest Rate Debt

At June 30, 2018, we had \$272.0 million of variable rate debt outstanding. We have entered into forward starting interest rate swaps in order to economically hedge against the risk of rising interest rates that would affect our interest expense related to our future anticipated debt issuances as part of its overall borrowing program. See the discussion under Note 4 to the accompanying consolidated financial statements for certain quantitative details related to the interest rate swaps and for a discussion on how we value derivative financial instruments.

ITEM 4. CONTROLS AND PROCEDURES

Controls and Procedures (American Assets Trust, Inc.)

American Assets Trust, Inc. maintains disclosure controls and procedures (as such term is defined in Rule 13a-15(e) and 15d-15(e) under the Exchange Act) that are designed to ensure that information required to be disclosed in American Assets Trust, Inc.'s reports under the Exchange Act is processed, recorded, summarized and reported within the time periods specified in the rules and regulations of the SEC and that such information is accumulated and communicated to management, including American Assets Trust, Inc.'s Chief Executive Officer and Chief Financial Officer, as appropriate, to allow for timely decisions regarding required disclosure. In designing and evaluating the disclosure controls and procedures, management recognizes that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives, and management is required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures.

American Assets Trust, Inc. has carried out an evaluation, under the supervision and with the participation of management, including American Assets Trust, Inc.'s Chief Executive Officer and Chief Financial Officer, regarding the effectiveness of its disclosure controls and procedures as of June 30, 2018, the end of the period covered by this report. Based on the foregoing, its Chief Executive Officer and Chief Financial Officer have concluded, as of June 30, 2018, that American Assets Trust, Inc.'s disclosure controls and procedures were effective in ensuring that information required to be disclosed by it in reports filed or submitted under the Exchange Act (1) is processed, recorded, summarized and reported within the time periods specified in the SEC's rules and forms and (2) is accumulated and communicated to its management, including American Assets Trust, Inc.'s Chief Executive Officer and its Chief Financial Officer, as appropriate to allow for timely decisions regarding required disclosure.

No changes to American Assets Trust, Inc.'s internal control over financial reporting were identified in connection with the evaluation referenced above that occurred during the period covered by this report that have materially affected, or are reasonably likely to materially affect, American Assets Trust, Inc.'s internal control over financial reporting.

Controls and Procedures (American Assets Trust, L.P.)

The Operating Partnership maintains disclosure controls and procedures (as such term is defined in Rule 13a-15(e) and 15d-15(e) under the Exchange Act) that are designed to ensure that information required to be disclosed in its reports under the Exchange Act is processed, recorded, summarized and reported within the time periods specified in the rules and regulations of the SEC and that such information is accumulated and communicated to management, including the Operating Partnership's Chief Executive Officer and Chief Financial Officer, as appropriate, to allow for timely decisions regarding required disclosure. In designing and evaluating the disclosure controls and procedures, management recognizes that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives, and management is required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures.

The Operating Partnership has carried out an evaluation, under the supervision and with the participation of management, including its Chief Executive Officer and Chief Financial Officer, regarding the effectiveness of its disclosure controls and procedures as of June 30, 2018, the end of the period covered by this report. Based on the foregoing, its Chief Executive Officer and Chief Financial Officer have concluded, as of June 30, 2018, that the Operating Partnership's disclosure controls and procedures were effective in ensuring that information required to be disclosed by it in reports filed or submitted under the Exchange Act (1) is processed, recorded, summarized and reported within the time periods specified in the SEC's rules and forms and (2) is accumulated and communicated to its management, including its Chief Executive Officer and Chief Financial Officer, as appropriate to allow for timely decisions regarding required disclosure.

No changes to the Operating Partnership's internal control over financial reporting were identified in connection with the evaluation referenced above that occurred during the period covered by this report that have materially affected, or are reasonably likely to materially affect, the Operating Partnership's internal control over financial reporting.
