## Explanatory Note

This Current Report on Form 8-K/A (the “Amendment”) is being filed as an amendment to the Current Report on Form 8-K filed by the Registrant on June 15, 2018 (the “Original 8-K”). The Original 8-K was filed with the Securities and Exchange Commission to report the preliminary tally of consents by stockholders (the “Consents”) with respect to the proposals that were submitted to the stockholders by certain minority stockholders on December 5, 2018. The purpose of this Amendment is to (i) provide, in accordance with Item 5.07 of Form 8-K, the information set forth in a report dated June 26, 2018 from an outside independent ballot tabulation firm (IVS Associates, Inc. (“IVS”)) concerning the final tally of the Consents and (ii) update the exhibit to reflect the press release issued by the Registrant on July 2, 2018 announcing the final tally of Consents.

### ITEM 5.07. Submission of Matters to a Vote of Security Holders

On June 26, 2018, IVS, an independent ballot tabulation firm, reported the final tally of Consents with respect to the proposals that were submitted to the vote of all stockholders by certain minority stockholders on December 5, 2018. The proposals were neither supported by the management of the Registrant, nor were the proposals supported by four of the five current directors of the Registrant. The final tally is based on information tabulated by IVS. Based on the final tally, none of the proposals were adopted because the proposals did not receive Consents from a majority of the stock outstanding on the February 13, 2018 record date.

As of the close of business on February 13, 2018, the record date for the Consents, there were 38,997,971 shares of common stock of the Registrant (the “Common Stock”) issued and outstanding. The six proposals, none of which were approved by the Company’s stockholders, proposed to remove four of the five current directors, elect new directors to the Board, make three different amendments to the Registrant’s existing Bylaws, and repeal prior amendments to the Bylaws. As shown below, the proposals were not approved because the number of Consents received represented less than a majority of the Common Stock outstanding on the record date.

Set forth below is the final tally calculated by IVS of Consents for each respective proposal.

Proposal 1 – Removal of Four of the Five Current Directors. (This proposal was not approved based on the following final results calculated by IVS.)
