(1) Basis of Presentation

On July 5, 2011, and as a result of the sale of Arby's Restaurant Group, Inc. ("Arby's") as discussed in Note 2, Wendy's/Arby's Group, Inc. changed its name to The Wendy's Company ("The Wendy's Company" and, together with its subsidiaries, the "Company") and Wendy's/Arby's Restaurants, LLC, a 100% owned subsidiary of The Wendy's Company, changed its name to Wendy's Restaurants, LLC ("Wendy's Restaurants").

The accompanying unaudited condensed consolidated financial statements (the "Financial Statements") of The Wendy's Company and Wendy's Restaurants have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP") for interim financial information and, therefore, do not include all information and footnotes required by GAAP for complete financial statements. In our opinion, the Financial Statements contain all adjustments necessary to present fairly our financial position as of July 3, 2011 and the results of our operations for the three months and six months ended July 3, 2011 and July 4, 2010 and our cash flows for the six months ended July 3, 2011 and July 4, 2010. The results of operations for the three months and six months ended July 3, 2011 are not necessarily indicative of the results to be expected for the full 2011 fiscal year. These Financial Statements should be read in conjunction with the audited consolidated financial statements for The Wendy's Company and Wendy's Restaurants, and combined notes thereto, included in our Annual Report on Form 10-K for the fiscal year ended January 2, 2011 (the "Form 10-K").

Following the sale of Arby's, The Wendy's Company and Wendy's Restaurants (together, the "Companies") manage and internally report their business in one segment: the operation and franchising of Wendy's® restaurants through a wholly owned subsidiary Wendy's International, Inc. ("Wendy's"), including its wholesale bakery operations. References herein to The Wendy's Company corporate ("Corporate") represent The Wendy's Company parent company only functions and their effect on the Company's consolidated results of operations and financial condition.

We report on a fiscal year consisting of 52 or 53 weeks ending on the Sunday closest to December 31. All three month and six month periods presented herein contain 13 weeks and 26 weeks, respectively. All references to years and quarters relate to fiscal periods rather than calendar periods.

(2) Discontinued Operations

On July 4, 2011, Wendy's Restaurants completed the sale of 100% of the common stock of Arby's, its wholly owned subsidiary, to ARG IH Corporation ("Buyer"), a wholly owned subsidiary of ARG Holding Corporation ("Buyer Parent"), for \$130,000 in cash (subject to customary purchase price adjustments) and 18.5% of the common stock of Buyer Parent (through which Wendy's Restaurants will indirectly retain an 18.5% interest in Arby's and the preliminary fair value of which is estimated to be \$19,000). Buyer and Buyer Parent were formed for purposes of this transaction. The Buyer also assumed approximately \$190,000 of Arby's debt, consisting primarily of capital lease and sale-leaseback obligations. The sale occurred pursuant to the terms of a Purchase and Sale Agreement by and among Wendy's Restaurants, Buyer Parent and Buyer dated as of June 13, 2011. In accordance with the Purchase and Sale Agreement, The Wendy's Company expects to make an election under §338(h)(10) of the Internal Revenue Code, which will have the effect of treating the transaction as a sale of assets and is expected to result in an approximate \$240,000 ordinary loss for income tax purposes. If this election were not to be made, the sale of Arby's common stock would result in a capital loss for income tax purposes.

Wendy's Restaurants also entered into a Stockholders Agreement with Buyer Parent and ARG Investment Corporation, an entity affiliated with Buyer Parent, which sets forth certain agreements among the parties thereto concerning,

among other things, the governance of Buyer Parent and transfer rights, information rights and registration rights with respect to the equity securities of Buyer Parent. In addition, Wendy's Restaurants entered into a Transition Services Agreement with Buyer, pursuant to which it will provide and be reimbursed for continuing corporate and shared services to Buyer for a limited period of time; such services are currently anticipated to be completed by the end of 2011.

As a result of our sale of Arby's on July 4, 2011, information related to Arby's has been reflected in the accompanying condensed consolidated financial statements as follows:

Balance sheets - Arby's assets and liabilities have been aggregated and classified as assets and liabilities of discontinued operations in our July 3, 2011 balance sheet. Arby's assets and liabilities have not been so reclassified on our January 2, 2011 balance sheet;

Statements of income (loss) - Arby's income (loss) from operations for all periods presented has been reclassified to discontinued operations (see further discussion below). Discontinued operations also includes our estimated loss on Arby's disposal; and

Statements of cash flows - Arby's cash flows for all periods presented have been included in, and not separately reported from, all our cash flows.

The Companies do not expect to have continuing operational involvement in Arby's after the sale and future Arby's results of operations and cash flows will be eliminated from the Companies' financial statements. As a result, we classified Arby's results of operations as discontinued operations for all periods presented. The condensed consolidated statements of income for the three months and six months ended July 3, 2011 and July 4, 2010 include certain indirect corporate overhead costs in "General and administrative," which for segment reporting purposes had previously been allocated to Arby's. These indirect corporate overhead costs do not qualify for classification within discontinued operations, and therefore are included in "General and administrative" in continuing operations. Interest expense on Arby's debt that has been assumed by Buyer is included in discontinued operations; interest expense on Wendy's Restaurants' credit agreement, which is not required to be repaid as a result of the sale, continues to be included in "Interest expense" in continuing operations.

The following table details Arby's revenues and (loss) income from operations which have been reported in discontinued operations:

	Three Months Ended		Six Months Ended	
	July 3, 2011	July 4, 2010	July 3, 2011	July 4, 2010
Revenues	\$281,094	\$269,587	\$546,453	\$522,320
(Loss) income from discontinued operations, net of income taxes:				
Income (loss) from discontinued operations before income taxes	\$6,472	\$9,386	\$4,279	\$(6,943)
(Provision for) benefit from income taxes	(2,800)	(4,086)	(1,720)	1,532
	3,672	5,300	2,559	(5,411)
Loss on disposal, net of income tax benefit	(3,780)	—	(3,780)	—
(Loss) income from discontinued operations	\$(108)	\$5,300	\$(1,221)	\$(5,411)

The Companies have recorded an estimated pre-tax loss on disposal of Arby's of \$6,000 in the second quarter of 2011 based upon the preliminary valuation of our indirect retained interest and our current estimates of the transaction closing costs (\$11,300) and post closing purchase price adjustments primarily related to working capital (\$15,000). Such valuation and estimates are subject to change. The Companies have recognized a \$2,220 tax benefit on the estimated pre-tax loss on disposal of Arby's in the second quarter of 2011. In the third quarter of 2011, due to a permanent difference between the book and tax basis of Arby's assets related to goodwill, the Companies will record a tax expense of approximately \$5,500 in connection with completing the Arby's sale.

(3) Acquisitions and Other Dispositions

During the first half of 2011, Wendy's acquired the operating assets, net of liabilities assumed, of nine Wendy's franchised restaurants in three separate acquisitions. The total consideration for these acquisitions before post closing adjustments was \$7,673 consisting of (1) \$6,613 of cash, net of \$55 of cash acquired, and (2) the issuance of a note payable of \$1,060. The total consideration was allocated to net tangible and identifiable intangible assets acquired, primarily property, and liabilities assumed based on their estimated fair values with the excess of \$3,689 recognized as goodwill.

Other restaurant acquisitions and dispositions during the periods presented were not significant.

(4) DFR Notes

(The Wendy's Company)

On June 9, 2010, pursuant to a March 2010 agreement between the Company and Deerfield Capital Corp. ("DFR"), we received cash proceeds of \$31,330, including interest, in consideration for the repayment and cancellation of the series A senior notes (the "DFR Notes") we received in December 2007 in connection with the sale of Deerfield & Company (the "Deerfield Sale") to DFR. Additional information on the DFR Notes and the Deerfield Sale is discussed in the Form 10-K. The proceeds represented 64.1% of the \$47,986 aggregate principal amount of the DFR Notes.

During the fourth quarter of 2008, we recognized an allowance for collectability of \$21,227 to reduce the then carrying amount of the notes to \$24,983. As a result, we recognized income of \$4,909 during the three months and six months ended July 4, 2010, as the repayment proceeds exceeded the carrying value of the DFR Notes. This gain is included in "Investment income, net."

(5) Investment in Joint Venture with Tim Hortons Inc.

Wendy's is a partner in a Canadian restaurant real estate joint venture ("TimWen") with Tim Hortons Inc. Wendy's 50% share of the joint venture is accounted for using the equity method of accounting. Our equity in earnings from TimWen is included in "Other operating expense, net."

Presented below is an unaudited summary of activity related to our portion of TimWen included in our condensed consolidated balance sheets and condensed consolidated statements of income:

(a) The carrying amounts approximated fair value due to the short-term maturities of the cash equivalents or restricted cash equivalents.

Fair value of these investments was based entirely on statements of account received from investment managers or investees which were principally based on quoted market or broker/dealer prices. To the extent that some of these (b) investments, including the underlying investments in investment limited partnerships, do not have available quoted market or broker/dealer prices, the Companies relied on valuations performed by the investment managers or investees in valuing those investments or third-party appraisals.

(c) The fair values were based on information provided by the bank counterparties that is model-driven and whose inputs were observable or whose significant value drivers were observable.

(d) The fair values were based on quoted market prices.

The fair values were determined by discounting the future scheduled principal payments using an interest rate (e) assuming the same original issuance spread over a current U.S. Treasury bond yield for securities with similar durations.

Wendy's provided loan guarantees to various lenders on behalf of franchisees entering into pooled debt facility (f) arrangements for new store development and equipment financing. Wendy's has accrued a liability for the fair value of these guarantees, the calculation for which was based upon a weighted average risk percentage established at the inception of each program.

The carrying amounts of current accounts, notes receivable and non-current notes receivable approximated fair value due to the effect of related allowances for doubtful accounts and notes receivable. The carrying amounts of accounts payable and accrued expenses approximated fair value due to the short-term maturities of those items.

Valuation techniques under the accounting guidance related to fair value measurements were based on observable and unobservable inputs. Observable inputs reflected readily obtainable data from independent sources, while unobservable inputs reflected our market assumptions. These inputs are classified into the following hierarchy:

Level 1 Inputs - Quoted prices for identical assets or liabilities in active markets.

Level 2 Inputs - Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are not active; and model-derived valuations whose inputs are observable or whose significant value drivers are observable.

Level 3 Inputs - Pricing inputs are unobservable for the assets or liabilities and include situations where there is little, if any, market activity for the assets or liabilities. The inputs into the determination of fair value require significant management judgment or estimation.

The following table presents the Companies' financial assets and liabilities (other than cash and cash equivalents) measured at fair value on a recurring basis as of July 3, 2011 by the valuation hierarchy as defined in the fair value guidance:

The following table presents the fair values for those assets and liabilities of continuing operations measured at fair value during the six months ended July 3, 2011 on a non-recurring basis. Total losses include losses recognized from all non-recurring fair value measurements during the six months ended July 3, 2011. The carrying value of properties presented in the table below substantially represents the remaining carrying value of land for Wendy's properties that were impaired. See Note 7 for more information on the impairment of our long-lived assets.

Derivative instruments

The Companies' derivative instruments in the second quarter of 2011 included interest rate swaps with notional amounts totaling \$225,000 that were all designated as fair value hedges on Wendy's 6.20% senior notes. At July 3, 2011 and January 2, 2011, the fair value of these interest rate swaps of \$10,493 and \$9,623, respectively, has been included in "Deferred costs and other assets" and as an adjustment to the carrying amount of the Wendy's 6.20% senior notes.

Interest income on interest rate swaps was \$1,435 and \$2,848 for the three months and six months ended July 3, 2011, respectively and \$3,264 and \$5,076 for the three months and six months ended July 4, 2010, respectively. In connection with the redemption of the Wendy's 6.25% senior notes during the second quarter of 2010, we recognized a gain of \$1,875 on the cancellation of four interest rate swaps with notional amounts totaling \$175,000, which is included in the amounts above for the three months and six months ended July 4, 2010.

(7) Impairment of Long-Lived Assets

Wendy's company-owned restaurant impairment losses included in the table below for the three months and six months ended July 3, 2011 predominantly reflected impairment charges on restaurant level assets resulting from the deterioration in operating performance of certain restaurants, and additional charges for capital improvements in restaurants impaired in prior years which did not subsequently recover.

These impairment losses represented the excess of the carrying amount over the fair value of the affected assets and are included in "Impairment of long-lived assets." The fair values of impaired assets in the table below were generally estimated based on the present values of the associated cash flows and on market value with respect to land (Level 3 inputs).

	Three Months Ended		Six Months Ended	
	July 3, 2011	July 4, 2010	July 3, 2011	July 4, 2010

-------	-------	---------	-------

Arby's company-owned restaurant impairment losses of \$1,932 and \$13,533 for the three months and six months ended July 4, 2010, respectively, predominantly reflected impairment charges on restaurant level assets resulting from the deterioration in operating performance of certain restaurants, and additional charges for capital improvements in restaurants impaired in prior years which did not subsequently recover. These impairment losses represented the excess of the carrying amount over the fair value of the affected assets and are included in discontinued operations.

The fair values of impaired assets were generally estimated based on the present values of the associated cash flows and on market value with respect to land (Level 3 inputs). Arby's impairment losses for the three months and six months ended July 3, 2011 were not significant. See Note 2 for more information on discontinued operations.

(8) Income Taxes

The Company's effective tax rate for the three months ended July 3, 2011 and July 4, 2010 was 42.2% and 40.6%, respectively. Wendy's Restaurants effective tax rate for the three months ended July 3, 2011 and July 4, 2010 was 40.8% and 37.2%, respectively. The Companies' effective tax rates vary from the U.S. federal statutory rate of 35% due to the effect of (1) state income taxes, net of federal income tax benefit and (2) tax credits.

The Company's effective tax rate for the six months ended July 3, 2011 and July 4, 2010 was 40.2% and 24.8%, respectively. Wendy's Restaurants effective tax rate for the six months ended July 3, 2011 and July 4, 2010 was 39.1% and 21.8%, respectively. The Companies' effective tax rates vary from the U.S. federal statutory rate of 35% due to the effect of (1) state income taxes, net of federal income tax benefit, (2) tax credits, and (3) a reduction in our state valuation allowances in 2010.

There were no significant changes to unrecognized tax benefits or related interest and penalties for either the Company or Wendy's Restaurants for the six month periods ended July 3, 2011 and July 4, 2010.

Amounts payable for Federal and certain state income taxes are settled by Wendy's Restaurants to The Wendy's Company under a tax sharing agreement. During the six months ended July 3, 2011 and July 4, 2010, Wendy's Restaurants made tax sharing payments to Wendy's of \$13,078 and \$0, respectively.

As described in Note 2, Wendy's Restaurants completed the sale of Arby's on July 4, 2011. In the third quarter of 2011, as a result of the closing of the sale of Arby's which then affects our state income tax apportionment factors, the Companies expect to record a deferred income tax expense of approximately \$5,800.

(9) Income Per Share

(The Wendy's Company)

Basic income per share for the three months and six months ended July 3, 2011 and July 4, 2010 was computed by dividing net income by the weighted average number of common shares outstanding.

The weighted average number of shares used to calculate basic and diluted income per share was as follows:

	Three Months Ended		Six Months Ended	
	July 3, 2011	July 4, 2010	July 3, 2011	July 4, 2010
Common Stock:				
Weighted average basic shares outstanding	417,676	425,594	418,098	434,460
Dilutive effect of stock options and restricted shares	1,563	973	1,317	1,068
Weighted average diluted shares outstanding	419,239	426,567	419,415	435,528

Diluted income per share for the three months and six months ended July 3, 2011 and July 4, 2010 was computed by dividing income by the weighted average number of basic shares outstanding plus the potential common share effect of dilutive stock options and of restricted shares, computed using the treasury stock method. For the three months and six months ended July 3, 2011, we excluded 15,250 and 18,295, respectively, of potential common shares from our

Edgar Filing: Wendy's Co - Form 10-Q

diluted per share calculation as they would have had anti-dilutive effects. For the three months and six months ended July 4, 2010, we excluded 15,796 and 16,048, respectively, of potential common shares from our diluted per share calculation as they would have had anti-dilutive effects.

As of July 3, 2011, our potential common shares consisted of the following: (1) outstanding stock options which can be exercised into 31,420 shares of our Common Stock and (2) 4,107 restricted shares of our Common Stock.

(10) Debt and Equity

Debt

The Wendy's Restaurants senior secured term loan facility (the "Term Loan"), which is part of the credit agreement entered into in May 2010 and is further described in the Form 10-K, requires prepayments of principal amounts resulting from certain events and on an annual basis from Wendy's Restaurants excess cash flow as defined under the Term Loan. An excess cash flow payment for fiscal 2010 of \$24,874 was paid in the first quarter of 2011. As set forth in the Term Loan, Wendy's Restaurants currently anticipates that it will not be required to utilize any portion of the proceeds from the sale of Arby's described in Note 2 as a Term Loan prepayment.

In the second quarter of 2010 the Companies recognized a loss on early extinguishment of debt of \$26,197 related to the repayment of debt from the proceeds of the Term Loan as discussed above. This loss consisted of (1) a \$14,953 premium payment required to redeem the Wendy's 6.25% senior notes, (2) \$5,477 for the write-off of the unaccreted discount of the Wendy's 6.25% senior notes (recorded in connection with the Wendy's merger), and (3) \$5,767 for the write-off of deferred costs associated with the repayment of the Wendy's Restaurants prior senior secured term loan.

(11) Guarantees and Other Commitments and Contingencies

Except as related to the sale of Arby's as discussed in Note 2 and as described below, the Companies did not have any significant changes to their guarantees, other commitments and contingencies as disclosed in the combined notes to our consolidated financial statements included in the Form 10-K.

Equipment for Systemwide Core Menu Initiative

In order to facilitate the purchase and related installation of equipment by franchisees required to implement a systemwide core menu initiative, Wendy's has initiated the following programs:

Wendy's agreed with two lenders to partially subsidize interest rates for loans to qualified franchisees. Wendy's will be required to pay the full interest subsidy amount in the fourth quarter of 2011. As of July 3, 2011, there is an accrued liability of \$356 for the interest subsidy. Wendy's has no other obligations related to these programs.

For franchisees that will otherwise not be able to take advantage of the subsidized interest programs described above, Wendy's will provide up to an aggregate of \$3,000 of loan guarantees under an additional lender program. Wendy's will have full recourse to its franchisees for any payments Wendy's may be required to make under this program. As of

July 3, 2011, Wendy's had no guarantees outstanding under this program.

Loan funding to franchisees under the programs described above must be completed by September 30, 2011. Wendy's maximum liability under these programs, including the full interest subsidy and the aggregate guaranteed loans which is dependent on the final amounts borrowed by franchisees, is not expected to exceed \$5,000.

Breakfast Test Expansion

In order to encourage franchisees to participate in expanded testing of the breakfast daypart, Wendy's has established the following programs:

Wendy's will continue to lease equipment to franchisees that are testing the breakfast program. At the time breakfast becomes a required program, the franchisees will be required to purchase the equipment from Wendy's based on its then book value plus installation costs. The total amount of expenditures for equipment (including installation) leased to franchisees is expected to be no more than \$7,000.

Additionally, Wendy's will provide loans to certain franchisees for the purchase and installation of equipment required to implement the breakfast program. The loans are expected to not exceed \$25 per restaurant, carry no interest charge and be repayable in full 24 months after the installation is completed. Wendy's will fund a maximum of \$20,000 of these loans for early adopters of the breakfast program.

As of July 3, 2011, no loans have been made under the above breakfast program. We have purchased equipment with a current net book value of approximately \$1,900 that has been leased to franchisees. The above programs also have the following additional features:

For the first three years of an early adopting franchisee's participation in the breakfast program, a portion of franchise royalties (on a sliding scale) will not be payable to Wendy's but will be required to be reinvested in local advertising and promotions for the breakfast program. Based on franchisee participation in the breakfast program, Wendy's estimates the royalties not to be received under this program will approximate \$6,000 over the three year period.

Contributions otherwise due to Wendy's National Advertising Program, Inc. ("Wendy's National Advertising Program") based on breakfast sales will not be payable to Wendy's National Advertising Program but will be required to be reinvested in local advertising and promotions for the breakfast program until Wendy's National Advertising Program begins to purchase national advertising for the breakfast programs.

North America Incentive Program

In order to promote new unit development, Wendy's has established a franchisee assistance program for its North American franchisees that provides for reduced technical assistance fees and a sliding scale of royalties for the first two years of operation for qualifying locations opened between April 1, 2011 and December 31, 2013. While we are unable to project the number of locations to be opened under this program, we do not expect the effect on current or future franchise revenues to be material.

Canadian Lease Guarantee Program

Wendy's Canadian subsidiary has established a lease guarantee program, which is to promote new unit development, for its Canadian franchisees for up to an aggregate of C\$5,000 for periods of up to five years. Franchisees pay the

Canadian subsidiary a nominal fee for the guarantee. As of July 3, 2011, the Canadian subsidiary had guaranteed C\$249 under this program.

Transactions with Purchasing Cooperatives

As agreed by its board of directors in March 2011, effective April 2011 the activities of Strategic Sourcing Group Co-op, LLC ("SSG") were transferred to the Wendy's independent purchasing cooperative, Quality Supply Chain Co-op ("QSCC"), and Arby's independent purchasing cooperative ("ARCOP"), which, following the sale of Arby's, is (a) no longer a related party. Wendy's Restaurants had committed to pay approximately \$5,145 of SSG expenses, of which \$4,900 was expensed in the first quarter of 2010, and was to be paid over a 24 month period through March 2012. During the first quarter of 2011, the remaining accrued commitment of \$2,275 was reversed and credited to "General and administrative."

Wendy's and QSCC entered into a sublease amendment, effective January 1, 2011, which increased the office space (b) subleased to QSCC to 14,333 square feet for a one year period for a revised annual base rental of \$176 with five one-year renewal options.

The Companies received \$23 and \$8 of sublease income from SSG and \$59 and \$56 of sublease income from QSCC during the first six months of 2011 and 2010, respectively.

Transactions with the Management Company

(c) The Companies paid approximately \$2,465 in the second quarter of 2010 in fees for corporate finance advisory services in connection with the negotiation and execution of the Wendy's Restaurants credit agreement.

In addition, The Wendy's Company incurred service fees of \$500 in the first six months of 2011 and 2010, which are included in "General and administrative."

These fees were paid to a management company (the "Management Company") which was formed by our Chairman, who was our former Chief Executive Officer, and our Vice Chairman, who was our former President and Chief Operating Officer, and a director, who was our former Vice Chairman, in connection with a services agreement which

expired on June 30, 2011.

The Wendy's Company recognized income of \$818 and \$823 from the Management Company under subleases, which expire in May 2012, for office space on two of the floors of the Company's former New York headquarters for the first six months of 2011 and 2010, respectively, which has been recorded as a reduction of "General and administrative."

On June 29, 2011, The Wendy's Company and TASCOCO, LLC, an affiliate of the Management Company, entered into an agreement to extend an aircraft lease agreement for an additional one year period (expiring on June 30, (e)2012) for an increased monthly rent of \$13. Under the extended lease agreement, TASCOCO, LLC continues to be responsible for operating costs related to the aircraft's usage. The Wendy's Company received lease income of \$60 in the first half of 2011 and 2010, which is included as an offset to "General and administrative."

We intend to dispose of the Company-owned aircraft leased under the lease agreement discussed above as soon as practicable. As of July 3, 2011, the aircraft has a carrying value that approximates its fair value, is classified as held-for-sale, and is included in "Prepaid expenses and other current assets."

The Wendy's Company paid the Management Company a fee of \$900 in two installments in June 2009 and 2010, (f) which was deferred and amortized through its June 30, 2011 expiration date for assistance in the sale, liquidation, or other disposition of certain of our investments. \$220 was amortized and recorded in "General and administrative" in the first six months of 2011 and 2010.

(g) Wendy's Restaurants paid cash dividends to The Wendy's Company which were charged to "Invested equity."

(h) Wendy's Restaurants made cash payments to The Wendy's Company under a tax sharing agreement, as discussed in more detail in Note 8.

(i) Wendy's Restaurants incurs share based compensation costs for The Wendy's Company Common Stock awards issued to certain employees under The Wendy's Company various equity plans. Such compensation cost is allocated by The Wendy's Company to Wendy's Restaurants and is correspondingly recorded as capital contributions from The Wendy's Company.

(j) Wendy's Restaurants incurred \$2,521 and \$2,509 for management services during the first six months of 2011 and 2010, respectively. Such fees are included in "General and administrative" and are settled through Wendy's Restaurants' intercompany account with The Wendy's Company.

As a result of the sale of Arby's, Arby's and its affiliates are no longer considered related parties. Prior to the sale, the transactions between Arby's and its non-consolidated affiliates were not material.

(13) Legal and Environmental Matters

We are involved in litigation and claims incidental to our current and prior businesses. We provide reserves for such litigation and claims when payment is probable and reasonably estimable. As of July 3, 2011, Wendy's Restaurants had reserves for continuing operations for all of its legal and environmental matters aggregating \$3,164, which are included in the total \$3,193 accrued for continuing operations by The Wendy's Company for all legal and environmental matters. We cannot estimate the aggregate possible range of loss due to most proceedings being in preliminary stages, with various motions either yet to be submitted or pending, discovery yet to occur, and significant factual matters unresolved. In addition, most cases seek an indeterminate amount of damages and many involve multiple parties. Predicting the outcomes of settlement discussions or judicial or arbitral decisions are thus inherently difficult. Based on currently available information, including legal defenses available to us, and given the aforementioned reserves and our insurance coverage, we do not believe that the outcome of these legal and environmental matters will have a material effect on our consolidated financial position or results of operations.

(14) Retention Program and Other Transaction Related Costs

During the three months and six months ended July 3, 2011, Wendy's Restaurants incurred "Retention program and other transaction related costs" of \$4,692 and \$5,971, which are included in the total \$5,039 and \$6,923, both respectively, incurred by The Wendy's Company for an employee retention program resulting from our strategic alternatives announcement regarding Arby's, the elimination of a senior executive position and certain other professional fees. During the third quarter of 2011, the Companies will incur additional costs of approximately \$5,100 under the retention program which were contingent upon the closing of the sale of Arby's. Additional retention payments aggregating \$700 to two corporate executives will be incurred in the third quarter of 2011 and will be expensed over the related service periods of six and nine months.

In the third quarter of 2011, the Companies will incur \$1,780 in bonus costs upon the closing of the sale of Arby's and will recognize \$1,073 in compensation costs for accelerated vesting of stock options and restricted stock (\$683 of such bonus costs and \$891 of such compensation costs will be included in discontinued operations). In addition, we anticipate we will incur (i) employee relocation costs of approximately \$2,400 related to the relocation of our corporate offices during the second half of 2011 and (ii) compensation costs of \$1,500 due to the relocation of a corporate executive anticipated to take place during the third quarter of 2011 which, in accordance with its terms, will be expensed over the three year period following this executive's relocation.

(15) Accounting Standards Not Yet Adopted

In May 2011, the Financial Accounting Standards Board (the "FASB") issued amendments which provide additional guidance about how fair value should be determined under existing standards and expands existing disclosure requirements for certain fair value measurements. The purpose of these amendments is to improve and converge International Financial Reporting Standards and GAAP. The guidance is effective commencing with our 2012 fiscal year. We do not expect adoption of this amendment to have a material effect on our consolidated financial statements.

In June 2011, the FASB issued an amendment that requires companies to present comprehensive income in either a single statement or two consecutive statements reporting net income and other comprehensive income. The purpose of this amendment is to increase the prominence of other comprehensive income in financial statements. The guidance is effective commencing with our 2012 fiscal year. The guidance affects only the presentation of comprehensive income

and does not change the composition or calculation of comprehensive income.

(16) Guarantor/Non-Guarantor

(Wendy's Restaurants)

Wendy's Restaurants is the issuer of, and certain of its domestic subsidiaries have guaranteed amounts outstanding under our 10% senior notes. Each of the guaranteeing subsidiaries, including Arby's and its subsidiaries through the closing of the sale on July 4, 2011, is a direct or indirect 100% owned subsidiary of Wendy's Restaurants and each has fully and unconditionally guaranteed the 10% senior notes on a joint and several basis. Information related to Arby's has been reflected as discontinued operations in the accompanying condensed consolidating balance sheet as of July 3, 2011 and condensed consolidating statements of income for the three months and six months ended July 3, 2011 and July 4, 2010. Arby's cash flows for all periods presented have been included in, and not separately reported from, all our cash flows.

The following are included in the presentation of our consolidating: (1) Condensed Consolidating Balance Sheets as of July 3, 2011 and January 2, 2011, (2) Condensed Consolidating Statements of Income for the three months and six months ended July 3, 2011 and July 4, 2010, and (3) Condensed Consolidating Statements of Cash Flows for the six months ended July 3, 2011 and July 4, 2010 to reflect:

- (a) Wendy's Restaurants (the "Parent");
- (b) the 10% senior notes guarantor subsidiaries as a group;
- (c) the 10% senior notes non-guarantor subsidiaries as a group;
- (d) elimination entries necessary to combine the Parent with the guarantor and non-guarantor subsidiaries; and
- (e) Wendy's Restaurants on a consolidated basis.

Substantially all of our domestic restricted subsidiaries are guarantors of the 10% senior notes. Certain of our subsidiaries, including our foreign subsidiaries and national advertising funds, do not guarantee the 10% senior notes.

As a result of the closing of the sale of Arby's on July 4, 2011 as described in Note 2, Arby's and its subsidiaries are no longer guarantors of the amounts outstanding under the 10% senior notes. Accordingly, condensed consolidating financial statements contained in our future periodic filings will be retroactively revised to reflect Arby's and its subsidiaries as non-guarantors for all periods presented.

For purposes of presentation of such consolidating information, investments in subsidiaries are accounted for by the Parent on the equity method. The elimination entries are principally necessary to eliminate intercompany balances and transactions.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Introduction

On July 5, 2011, as a result of the sale of Arby's Restaurant Group, Inc. ("Arby's") described below under "Executive Overview- Sale of Arby's," Wendy's/Arby's Group, Inc. changed its name to The Wendy's Company ("The Wendy's Company" and, together with its subsidiaries, the "Company") and Wendy's/Arby's Restaurants, LLC, a 100% owned subsidiary of The Wendy's Company, changed its name to Wendy's Restaurants, LLC ("Wendy's Restaurants").

This "Management's Discussion and Analysis of Financial Condition and Results of Operations" of The Wendy's Company and Wendy's Restaurants should be read in conjunction with the accompanying unaudited condensed consolidated financial statements included elsewhere herein and "Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations" in our Annual Report on Form 10-K for the fiscal year ended January 2, 2011 (the "Form 10-K"). There have been no material changes as of July 3, 2011 to the application of our critical accounting policies as described in Item 7 of the Form 10-K. Certain statements we make under this Item 2 constitute "forward-looking statements" under the Private Securities Litigation Reform Act of 1995. See "Special Note Regarding Forward-Looking Statements and Projections" in "Part II – Other Information" preceding "Item 1." You should consider our forward-looking statements in light of our unaudited condensed consolidated financial statements, related combined notes, and other financial information appearing elsewhere in this report, the Form 10-K and our other filings with the Securities and Exchange Commission.

The Wendy's Company is the parent company of its 100% owned subsidiary holding company Wendy's Restaurants. Wendy's Restaurants is the parent company of Wendy's International, Inc. ("Wendy's"). Prior to its sale of Arby's, Wendy's Restaurants was also the parent company of Arby's. Wendy's and Arby's are the owners and franchisors of the Wendy's® and Arby's® restaurant systems, respectively. Wendy's Restaurants currently has no operations other than those of Wendy's and its respective subsidiaries.

Arby's operating results are classified as discontinued operations for all periods presented. Following the sale of Arby's, The Wendy's Company and Wendy's Restaurants (together, the "Companies") manage and internally report their business in one segment: the operation and franchising of Wendy's restaurants, including its wholesale bakery operations. References herein to The Wendy's Company corporate ("Corporate") represent The Wendy's Company parent company only functions and their effect on the Company's consolidated results of operations and financial condition. The results of operations discussed below may not necessarily be indicative of future results.

Executive Overview

Sale of Arby's

During January 2011, The Wendy's Company decided to explore strategic alternatives for the Arby's brand, which culminated in the sale of Arby's, in order to focus on the development of the Wendy's brand. On July 4, 2011, Wendy's Restaurants completed the sale of 100% of the common stock of Arby's to ARG IH Corporation ("Buyer"), a wholly owned subsidiary of ARG Holding Corporation ("Buyer Parent"), for \$130 million in cash (subject to customary purchase price adjustments) and 18.5% of the common stock of Buyer Parent (through which Wendy's Restaurants will indirectly retain an 18.5% interest in Arby's and the preliminary fair value of which is estimated to be \$19.0 million). Buyer and Buyer Parent were formed for purposes of this transaction. The Buyer also assumed approximately \$190 million of Arby's debt, consisting primarily of capital lease and sale-leaseback obligations. The sale occurred pursuant to the terms of a Purchase and Sale Agreement by and among Wendy's Restaurants, Buyer Parent and Buyer dated as of June 13, 2011. In accordance with the Purchase and Sale Agreement, The Wendy's Company expects to make an election under §338(h)(10) of the Internal Revenue Code, which will have the effect of

treating the transaction as a sale of assets and is expected to result in an approximate \$240.0 million ordinary loss for income tax purposes. If this election were not to be made, the sale of Arby's common stock would result in a capital loss for income tax purposes.

The Companies have recorded an estimated pre-tax loss on disposal of Arby's of \$6.0 million in the second quarter of 2011 based upon the preliminary valuation of our indirect retained interest and our current estimates of the transaction closing costs (\$11.3 million) and post closing purchase price adjustments primarily related to working capital (\$15.0 million). Such valuation and estimates are subject to change. The Companies have recognized a \$2.2 million tax benefit on the estimated pre-tax loss on disposal of Arby's in the second quarter of 2011. In the third quarter of 2011, due to a permanent difference between the book and tax basis of Arby's assets related to goodwill, the Companies will record a tax expense of approximately \$5.5 million in connection with completing the Arby's sale.

Table of Contents

Wendy's Restaurants also entered into a Stockholders Agreement with Buyer Parent and ARG Investment Corporation, an entity affiliated with Buyer Parent, which sets forth certain agreements among the parties thereto concerning, among other things, the governance of Buyer Parent and transfer rights, information rights and registration rights with respect to the equity securities of Buyer Parent. In addition, Wendy's Restaurants entered into a Transition Services Agreement with Buyer, pursuant to which it will provide and be reimbursed for continuing corporate and shared services to Buyer for a limited period of time; such services are currently anticipated to be completed by the end of 2011.

Our Continuing Business

As of July 3, 2011, the Wendy's restaurant system was comprised of 6,571 restaurants, of which 1,400 were owned and operated by the Companies. The company-owned restaurants are located principally in the United States and to a lesser extent in Canada (the "North America Restaurants").

Wendy's operating results have been impacted by a number of factors, including high unemployment, negative general economic trends and intense price competition, as well as increased commodity costs in the 2011 first half. These increased costs negatively affected cost of sales and restaurant margins. Wendy's expects that significant increases in commodity costs as compared to 2010 will continue for the remainder of 2011. Wendy's expects to offset a portion of these increases with strategic price increases.

Wendy's long-term growth opportunities include (1) continuing to improve its core menu, (2) capturing incremental sales through daypart expansion, (3) upgrading our existing store base, (4) developing new restaurants within the United States, and (5) building the brand worldwide.

Wendy's revenues for the first six months of 2011 include: (1) \$1,016.1 million of sales from company-owned restaurants, (2) \$37.4 million from the sale of bakery items and kids' meal promotion items to our franchisees, (3) \$139.2 million of royalty income from franchisees, and (4) \$12.2 million of other franchise-related revenue and other revenues. During the first quarter of 2011, Wendy's purchasing cooperative, Quality Supply Chain Co-op, Inc. ("QSCC") began managing the operations for kids' meal promotion items sold to franchisees. Sales of kids' meal promotion items recorded during the first half of 2011 were from inventory on hand prior to QSCC's management of the process. Therefore, in future quarters we do not expect to receive any revenue from sales of kids' meal promotion items sold to franchisees. However, we do not expect the decrease in these revenues to have a material adverse effect on our results of operations or financial condition. Most of our Wendy's royalty agreements provided for royalties of 4.0% of franchise revenues for the six months ended July 3, 2011.

Key Business Measures

We track our results of operations and manage our business using the following key business measures:

Same-Store Sales

We report same-store sales commencing after a store has been open for at least 15 continuous months and as of the beginning of the previous fiscal year. This methodology is consistent with the metric used by our management for internal reporting and analysis. Same-store sales exclude the impact of currency translation.

Restaurant Margin

We define restaurant margin as sales from company-owned restaurants less cost of sales divided by sales from company-owned restaurants. Cost of sales includes food and paper, restaurant labor, and occupancy, advertising and other operating costs. Sales and cost of sales exclude amounts related to bakery items and kids' meal promotion items sold to franchisees. Restaurant margin is influenced by factors such as restaurant openings and closures, price increases, the effectiveness of our advertising and marketing initiatives, featured products, product mix, the level of

our fixed and semi-variable costs, and fluctuations in food and labor costs.

Related Party Transactions

The Companies have entered into the following transactions with related parties since those reported in our Form 10-K:

SSG

As agreed by its board of directors in March 2011, effective April 2011 the activities of Strategic Sourcing Group Co-op, LLC (“SSG”) were transferred to QSCC, and Arby’s independent purchasing cooperative (“ARCOP”), which, following the sale of Arby’s, is no longer a related party. Wendy’s Restaurants had committed to pay approximately \$5.2 million of SSG expenses, of which \$4.9 million was expensed in the first quarter of 2010, and was to be paid over a 24 month period through March 2012. During the first quarter of 2011, the remaining accrued commitment of \$2.3 million was reversed and credited to “General and administrative.”

QSCC Sublease

Wendy’s and QSCC entered into a sublease amendment, effective January 1, 2011, which increased the office space subleased to QSCC to 14,333 square feet for a one year period for a revised annual base rental of approximately \$0.2 million with five one-year renewal options.

(The Wendy’s Company)

Aircraft Agreement

On June 29, 2011, The Wendy’s Company and TASCOCO, LLC, an affiliate of the management company (the “Management Company”) which was formed by our Chairman, who was our former Chief Executive Officer, and our Vice Chairman, who was our former President and Chief Operating Officer, and a director, who was our former Vice Chairman, entered into an agreement to extend an aircraft lease agreement for an additional one year period (expiring on June 30, 2012) for an increased monthly rent of \$13 thousand. Under the extended lease agreement, TASCOCO, LLC continues to be responsible for operating costs related to the aircraft’s usage.

We intend to dispose of the Company-owned aircraft leased under the lease agreement discussed above as soon as practicable. As of July 3, 2011, the aircraft has a carrying value that approximates its fair value, is classified as held-for-sale, and is included in “Prepaid expenses and other current assets.”

Franchisee-Related Equipment Purchase and Installation Programs

Equipment for Systemwide Core Menu Initiative

In order to facilitate the purchase and related installation of equipment by franchisees required to implement a systemwide core menu initiative, Wendy’s has initiated the following programs:

Wendy’s agreed with two lenders to partially subsidize interest rates for loans to qualified franchisees. Wendy’s will be required to pay the full interest subsidy amount in the fourth quarter of 2011. As of July 3, 2011, there is an accrued liability of \$0.4 million for the interest subsidy. Wendy’s has no other obligations related to these programs.

For franchisees that will otherwise not be able to take advantage of the subsidized interest programs described above, Wendy’s will provide up to an aggregate of \$3.0 million of loan guarantees under an additional lender program. Wendy’s will have full recourse to its franchisees for any payments Wendy’s may be required to make under this

program. As of July 3, 2011, Wendy's had no guarantees outstanding under this program.

Loan funding to franchisees under the programs described above must be completed by September 30, 2011. Wendy's maximum liability under these programs, including the full interest subsidy and the aggregate guaranteed loans which is dependent on the final amounts borrowed by franchisees, is not expected to exceed \$5.0 million.

Breakfast Test Expansion

In order to encourage franchisees to participate in expanded testing of the breakfast daypart, Wendy's has established the following programs:

Wendy's will continue to lease equipment to franchisees that are testing the breakfast program. At the time breakfast becomes a required program, the franchisees will be required to purchase the equipment from Wendy's based on its then book value plus installation costs. The total amount of expenditures for equipment (including installation) leased to franchisees is expected to be no more than \$7.0 million.

Additionally, Wendy's will provide loans to certain franchisees for the purchase and installation of equipment required to implement the breakfast program. The loans are expected to not exceed \$25 thousand per restaurant, carry no interest charge and be repayable in full 24 months after the installation is completed. Wendy's will fund a maximum of \$20.0 million of these loans for early adopters of the breakfast program.

As of July 3, 2011, no loans have been made under the above breakfast program. We have purchased equipment with a current net book value of approximately \$1.9 million that has been leased to franchisees. The above programs also have the following additional features:

For the first three years of an early adopting franchisee's participation in the breakfast program, a portion of franchise royalties (on a sliding scale) will not be payable to Wendy's but will be required to be reinvested in local advertising and promotions for the breakfast program. Based on franchisee participation in the breakfast program, Wendy's estimates the royalties not to be received under this program will approximate \$6.0 million over the three year period.

Contributions otherwise due to Wendy's National Advertising Program, Inc. ("Wendy's National Advertising Program") based on breakfast sales will not be payable to Wendy's National Advertising Program but will be required to be reinvested in local advertising and promotions for the breakfast program until Wendy's National Advertising Program begins to purchase national advertising for the breakfast programs.

North America Incentive Program

In order to promote new unit development, Wendy's has established a franchisee assistance program for its North American franchisees that provides for reduced technical assistance fees and a sliding scale of royalties for the first two years of operation for qualifying locations opened between April 1, 2011 and December 31, 2013. While we are unable to project the number of locations to be opened under this program, we do not expect the effect on current or future franchise revenues to be material.

Canadian Lease Guarantee Program

Wendy's Canadian subsidiary has established a lease guarantee program, which is to promote new unit development, for its Canadian franchisees for up to an aggregate of C\$5.0 million for periods of up to five years. Franchisees pay the Canadian subsidiary a nominal fee for the guarantee. As of July 3, 2011, the Canadian subsidiary had guaranteed C\$0.2 million under this program.

Presentation of Financial Information

The Companies report on a fiscal year consisting of 52 or 53 weeks ending on the Sunday closest to December 31. All quarters presented contain 13 weeks. All references to years and quarters relate to fiscal periods rather than calendar periods. Certain percentage changes between these years are considered not measurable or not meaningful ("n/m").

Sales

	Change
Wendy's	\$19.5
Bakery and kids' meal promotion items sold to franchisees	(7.6
) \$11.9

The increase in sales for the 2011 second quarter was primarily due to (1) an increase in our average per customer check amount of 1.4% and (2) an increase of 0.9% in customer transactions. Wendy's sales also include a \$3.7 million benefit from Canadian foreign currency rates, which was partially offset by a decrease of \$0.8 million primarily due to the continuing effect of higher sales taxes, which began in the 2010 third quarter, in two Canadian provinces. Wendy's company-owned stores opened or acquired subsequent to the second quarter of 2010 resulted in incremental sales of \$7.4 million in the 2011 second quarter, which were partially offset by a reduction in sales of \$3.1 million from locations sold or closed after the 2010 second quarter.

Franchise Revenues

Change
\$3.2

Wendy's North America franchise revenues increased during the second quarter of 2011 primarily due to a 2.3% increase in franchise restaurant same-store sales. We believe Wendy's North America franchised restaurant same-store sales for the second quarter of 2011 were impacted by the same factors described above for company-owned restaurants.

The increases in Wendy's food and paper costs in the 2011 second quarter were primarily due to a 1.8% point increase in commodity costs as a percent of sales. The increase in occupancy, advertising, and other operating expenses in the 2011 second quarter was primarily due to a 0.6% point increase in advertising expenses as a percent of sales associated with the expansion of Wendy's breakfast test programs in additional markets.

The decrease in depreciation and amortization for Wendy's Restaurants was primarily related to (1) previously impaired long-lived assets, (2) depreciation on properties in the second quarter of 2010 which have since been fully depreciated, and (3) the transfer of certain information technology equipment from our shared services center to Arby's during the first half of 2011 (the depreciation of those assets is included in discontinued operations). Additionally, depreciation and amortization for Corporate decreased due to the classification of one of our corporate aircraft as held for sale during the second quarter of 2011. In accordance with applicable accounting guidance, no depreciation expense is recorded on assets held for sale.

The decrease in interest expense in the 2011 second quarter was primarily due to the redemption of the Wendy's 6.25% senior notes in the 2010 second quarter, partially offset by a \$1.9 million gain on the cancellation of the interest rate swaps related to the Wendy's 6.25% senior notes in connection with their redemption in the 2010 second quarter.

Loss on Early Extinguishment of Debt

The decrease in the loss on early extinguishment of debt of \$26.2 million relates to amounts recorded in the 2010 second quarter comprised of (1) a \$15.0 million premium payment required to redeem the Wendy's 6.25% senior notes, (2) \$5.5 million for the write-off of the unaccreted discount of the Wendy's 6.25% senior notes (recorded in connection with the Wendy's merger), and (3) \$5.7 million for the write-off of deferred costs associated with the repayment of the Wendy's Restaurants prior senior secured term loan.

Revenues from discontinued operations were \$281.1 million in the second quarter of 2011 compared to \$269.6 million in the second quarter of 2010. This increase was primarily due to an increase in company-owned same-store sales of 5.3% for the comparable periods. Income from discontinued operations in the second quarter of 2011 and 2010 was \$3.7 million and \$5.3 million, respectively, net of a provision for income taxes of \$2.8 million and \$4.1 million, respectively. The decrease in income from discontinued operations in the second quarter of 2011 compared to the 2010 second quarter was primarily due to a decline in restaurant margin resulting from increased commodity costs, partially offset by \$2.1 million in lower impairment charges for the comparable periods. Discontinued operations for the second quarter of 2011 also includes an estimated loss on disposal of \$6.0 million, net of a benefit from income taxes of \$2.2 million.

The increase in sales for the first half of 2011 was primarily due to an increase in our average per customer check amount of 0.7%. Customer transactions during the first half of 2011 were unchanged compared to the same period of 2010, but have improved since the first quarter of 2011. Sales in the first quarter of 2011 were impacted by severe winter weather. Wendy's sales also include a \$6.6 million benefit from Canadian foreign currency rates, which was partially offset by a decrease of \$2.8 million primarily due to the continuing effect of higher sales taxes, which began in the 2010 third quarter, in two Canadian provinces. Franchise Revenues

Change
\$4.5

Wendy's North America franchise revenues increased during the first half of 2011 primarily due to a 1.3% increase in franchise restaurant same-store sales. We believe Wendy's North America franchised restaurant same-store sales for the first half of 2011 were impacted by the same factors described above for company-owned restaurants; however, Wendy's franchised restaurants have higher same-store sales year over year than Wendy's company-owned restaurants, which we believe is due to differences in pricing during the first quarter of 2011.

Cost of Sales

Change

Wendy's

Increases in Wendy's food and paper costs in the first half of 2011 were primarily due to a 1.3% point increase in commodity costs as a percent of sales. The increase in occupancy, advertising, and other operating expenses in the first half of 2011 was primarily due to a 0.8% point increase in advertising expenses as a percent of sales associated with the expansion of Wendy's breakfast test programs in additional markets partially offset by a 0.3% point decrease in employee health insurance costs as a percent of sales.

Other, net	0.6)	1.3)	1.9)
	\$(8.2)	\$0.9)	\$(7.3)

The decrease in general and administrative expenses in the first half of 2011 was primarily due to (1) expenses related to the formation of SSG incurred in the first quarter of 2010 combined with the reversal of the accrual for the remaining estimated SSG funding commitment during the first quarter of 2011 and (2) the completion of the Wendy's integration efforts in early 2010. These decreases were partially offset by an increase in professional fees associated primarily with information technology projects. Certain Arby's transaction related costs of \$0.5 million included in general and administrative in the first quarter of 2011 were reclassified to discontinued operations.

During the first half of 2011, the Companies incurred “Retention program and other transaction related costs” for (1) an employee retention program resulting from our strategic alternatives announcement regarding Arby's, (2) severance costs incurred related to the elimination of a senior executive position, and (3) certain other professional fees.

Total Wendy's Restaurants	(3.3)

The decrease in depreciation and amortization for Wendy's Restaurants was primarily related to (1) previously impaired long-lived assets, (2) depreciation on properties in the first half of 2010 which have since been fully depreciated, and (3) the transfer of certain information technology equipment from our shared services center to Arby's during the first half of 2011 (the depreciation of those assets is included in discontinued operations). Additionally, depreciation and amortization for Corporate decreased due to the classification of one of our corporate aircraft as held for sale during the second quarter of 2011. In accordance with applicable accounting guidance, no depreciation expense is recorded on assets held for sale.

Impairment of Long-Lived Assets

	Change
Restaurants, primarily properties at underperforming locations	\$7.8

As a result of indications that the carrying amount of the Wendy's long-lived assets may not be recoverable, we performed a test for impairment during the 2011 first quarter and recorded impairment charges primarily from certain underperforming Wendy's restaurants. A similar test was not required during the 2011 second quarter or the first half of 2010. Wendy's impairment charges in the 2011 first half primarily reflected impairment charges on restaurant level assets resulting from the deterioration in operating performance of certain restaurants, and additional charges for capital improvements in restaurants impaired in prior years which did not subsequently recover.

The decrease in interest expense in the 2011 first half was primarily due to the redemption of the Wendy's 6.25% senior notes in the 2010 second quarter. This decrease in interest expense was partially offset by (1) the Wendy's Restaurants term loan's higher average principal amounts outstanding during the 2011 first half partially offset by its lower effective interest rate as compared to the average principal amounts outstanding during the 2010 first half and the effective interest rate of the prior Arby's credit agreement, and (2) a \$1.9 million gain on the cancellation of the interest rate swaps related to the Wendy's 6.25% senior notes in connection with their redemption in the 2010 second quarter.

Loss on Early Extinguishment of Debt

The decrease in the loss on early extinguishment of debt of \$26.2 million relates to amounts recorded in the 2010 first half comprised of (1) a \$15.0 million premium payment required to redeem the Wendy's 6.25% senior notes, (2) \$5.5 million for the write-off of the unaccreted discount of the Wendy's 6.25% senior notes (recorded in connection with the Wendy's merger), and (3) \$5.7 million for the write-off of deferred costs associated with the repayment of the Wendy's Restaurants prior senior secured term loan.

(The Wendy's Company)

The decrease in investment income primarily relates to the recognition of income of \$4.9 million on the repayment and cancellation of the series A senior notes of Deerfield Capital Corp. during the 2010 first half.

Revenues from discontinued operations were \$546.5 million in the first six months of 2011 compared to \$522.3 million in the first six months of 2010. This increase was primarily due to an increase in company-owned same-store sales of 6.0%. Income (loss) from discontinued operations in the first six months of 2011 and 2010 was \$2.6 million and \$(5.4) million, respectively, net of a (provision for) benefit from income taxes of \$(1.7) million and \$1.5 million, respectively. The increase in income from discontinued operations in the first six months of 2011 compared to the first six months of 2010 was primarily due to \$12.0 million in lower impairment charges for the comparable periods. Discontinued operations for the second quarter of 2011 also includes an estimated loss on disposal of \$6.0 million, net of a benefit from income taxes of \$2.2 million.

Liquidity and Capital Resources

The Companies' discussion below regarding its liquidity and capital resources includes the discontinued operations of Arby's.

Net Cash Provided by Operating Activities

(The Wendy's Company)

Cash provided by operating activities increased \$30.3 million in the first half of 2011 as compared to the first half of 2010 primarily due to the following:

a \$28.6 million favorable impact in accounts payable resulting from an increase in accounts payable of \$14.6 million during the first half 2011 compared to a decrease in accounts payable of \$14.0 million during the first half of 2010, both as compared to the end of the respective prior fiscal year. The changes for each of the 2011 and 2010 comparable periods, respectively, were primarily due to the following: (1) an increase in amounts payable for marketing costs primarily related to the timing of receipt and payment of vendor invoices, (2) an increase in amounts payable for food purchases at both Wendy's and Arby's primarily due to an increase in Wendy's and Arby's sales combined with an increase in commodity costs, and (3) a decrease in amounts payable for Wendy's kids' meal promotion items as the management of the operations for kids' meal promotion items sold to franchisees was transferred to QSCC in the first quarter of 2011;

a \$20.7 million favorable impact in accrued expenses and other current liabilities for the comparable periods. These favorable impacts were primarily due to the following: (1) a decrease in amounts paid in 2011 versus 2010 under incentive compensation plans for the 2010 and 2009 fiscal years, respectively, and an increase in amounts accrued for the 2011 fiscal year bonus plans versus 2010 due to improved operating performance as compared to plan in 2011, (2) payments to QSCC in the first quarter of 2010 which were accrued in 2009, (3) amounts accrued for severance and other transaction related costs in the first half of 2011 due to the sale of Arby's as discussed above in "Executive Overview - Sale of Arby's," and (4) a decrease in interest payments in the first half of 2011 compared to the first half of 2010, partially offset by a decrease in accrued interest expense both primarily due to the redemption of the Wendy's

6.25% senior notes in the second quarter of 2010. These favorable changes were partially offset by a decrease in current income tax accruals due to variations in taxable income of continuing and discontinued operations during the same comparable periods;

partially offset by:

a \$4.7 million increase in payments for prepaid expenses and other current assets for the comparable periods. The increase in cash outflows was primarily due to (1) increases in comparable expenditures for equipment and supplies related to new product development and (2) increases in prepaid expenses resulting from the nature and timing of the prepayment; and

Table of Contents

a \$13.2 million decrease in depreciation and amortization and impairment of long-lived assets in the first half of 2011 compared to the first half of 2010.

(Wendy's Restaurants)

Cash provided by operating activities decreased \$16.9 million in the first half of 2011 as compared to the first half of 2010 primarily due to the following:

a \$27.1 million favorable impact in accounts payable resulting from an increase in accounts payable of \$14.1 million during the first half 2011 compared to a decrease in accounts payable of \$12.9 million during the first half of 2010, both as compared to the end of the respective prior fiscal year. The changes for each of the 2011 and 2010 comparable periods, respectively, were primarily due to the following: (1) an increase in amounts payable for marketing costs primarily related to the timing of receipt and payment of vendor invoices, (2) an increase in amounts payable for food purchases at both Wendy's and Arby's primarily due to an increase in Wendy's and Arby's sales combined with an increase in commodity costs, and (3) a decrease in amounts payable for Wendy's kids' meal promotion items as the management of the operations for kids' meal promotion items sold to franchisees was transferred to QSCC in the first quarter of 2011;

a \$20.1 million favorable impact in accrued expenses and other current liabilities for the comparable periods. These favorable impacts were primarily due to the following: (1) a decrease in amounts paid in 2011 versus 2010 under incentive compensation plans for the 2010 and 2009 fiscal years, respectively, and an increase in amounts accrued for the 2011 fiscal year bonus plans versus 2010 due to improved operating performance as compared to plan in 2011, (2) payments to QSCC in the first quarter of 2010 which were accrued in 2009, (3) amounts accrued for severance and other transaction related costs in the first half of 2011 due to the sale of Arby's as discussed above in "Executive Overview - Sale of Arby's," and (4) a decrease in interest payments in the first half of 2011 compared to the first half of 2010, partially offset by a decrease in accrued interest expense both primarily due to the redemption of the Wendy's 6.25% senior notes in the second quarter of 2010. These favorable changes were partially offset by a decrease in current income tax accruals due to variations in taxable income of continuing and discontinued operations during the same comparable periods;

partially offset by:

\$13.1 million in cash outflows related to tax payments made under a tax sharing agreement with The Wendy's Company net of amounts accrued under this tax sharing agreement. No similar payments or accruals were made under this tax sharing agreement in the first half of 2010;

a \$4.4 million increase in payments for prepaid expenses and other current assets for the comparable periods. The increase in cash outflows was primarily due to (1) increases in comparable expenditures for equipment and supplies related to new product development and (2) increases in prepaid expenses resulting from the nature and timing of the prepayments; and

a \$12.8 million decrease in depreciation and amortization and impairment of long-lived assets in the first half of 2011 compared to the first half of 2010.

Additionally, for the six months ended July 3, 2011, the Companies had the following significant sources and uses of cash other than from operating activities:

Repayments of long-term debt of \$34.0 million, including an excess cash flow prepayment of \$24.9 million as required by the Wendy's Restaurants term loan;

Edgar Filing: Wendy's Co - Form 10-Q

Cash capital expenditures totaling \$56.0 million, which included \$9.6 million for the remodeling of restaurants, \$6.4 million for the construction of new restaurants, and \$40.0 million for various capital projects;

(The Wendy's Company)

Dividend payments of \$16.8 million; and

Repurchases of Common Stock of \$37.4 million, including commissions of \$0.1 million and excluding \$9.2 million of repurchases that were not settled until after the end of the second quarter.

Table of Contents

The net cash (used in) provided by our operations before the effect of exchange rate changes on cash was approximately \$(14.2) million and \$29.9 million for The Wendy's Company and Wendy's Restaurants, respectively.

Sources and Uses of Cash for the Remainder of 2011

Our anticipated consolidated sources of cash and cash requirements for the remainder of 2011 exclusive of operating cash flow requirements consist principally of:

- \$103 million in net proceeds from the sale of Arby's, after estimated transaction closing costs and customary purchase price adjustments primarily related to working capital;
- Cash capital expenditures of approximately \$94 million, which would result in total cash capital expenditures for the year of approximately \$150 million;
- Approximately \$27 million which will be utilized for the franchisee-related breakfast equipment purchase and installation programs described above in "Executive Overview - Our Business;"
- Approximately \$5.0 million for the retention program and other transaction related costs described in "Results of Operations - Retention Program and Other Transaction Related Costs;"
- Scheduled debt principal repayments aggregating \$1.1 million;
- Any potential business acquisitions or dispositions;

(The Wendy's Company)

• Quarterly cash dividends aggregating up to approximately \$15.8 million as discussed below in "Dividends";

• Potential repurchases of common stock of up to approximately \$127.6 million as of August 5, 2011 under the currently authorized stock buyback program, including \$75.5 million, excluding commissions of \$0.2 million, already purchased in the third quarter through August 5, 2011; and

(Wendy's Restaurants)

• Potential intercompany dividends and fees.

Based upon current levels of operations, the Companies expect that cash flows from Wendy's operations and available cash will provide sufficient liquidity to meet operating cash requirements for the next 12 months.

Dividends

(The Wendy's Company)

On March 15, 2011 and June 15, 2011, The Wendy's Company paid quarterly cash dividends of \$0.02 per share on its common stock, aggregating \$16.8 million. On August 5, 2011, The Wendy's Company declared dividends of \$0.02 per share to be paid on September 15, 2011 to shareholders of record as of September 1, 2011. If The Wendy's Company pays regular quarterly cash dividends for the remainder of 2011 at the same rate declared in our 2011 first half, The Wendy's Company total cash requirement for dividends for the remainder of 2011 would be approximately \$15.8 million based on the number of shares of its common stock outstanding at August 5, 2011. The Wendy's Company currently intends to continue to declare and pay quarterly cash dividends; however, there can be no assurance that any quarterly dividends will be declared or paid in the future or of the amount or timing of such dividends, if any.

(Wendy's Restaurants)

As of July 3, 2011, under the terms of the Wendy's Restaurants' credit agreement, there was \$52.0 million available for the payment of dividends directly to The Wendy's Company.

(The Wendy's Company)

As of January 2, 2011, as previously approved by our Board of Directors, our management is currently authorized, when and if market conditions warrant and to the extent legally permissible, to repurchase up to \$250 million of our common stock. No shares were repurchased in the first quarter of 2011. For the three months ended July 3, 2011, we repurchased 9.3 million shares with an aggregate purchase price of \$46.5 million, excluding commissions of \$0.1 million and including \$9.2 million of repurchases that were not settled until after July 3, 2011. Subsequent to this period and through August 5, 2011, we repurchased an additional 14.3 million shares for an aggregate purchase price of \$75.5 million, excluding commissions of \$0.2 million and excluding the \$9.2 million of repurchases that occurred prior to July 3, 2011 but were not settled until after July 3, 2011.

Seasonality

Our restaurant operations are moderately impacted by seasonality; Wendy's restaurant revenues are normally higher during the summer months than during the winter months. Because our business is moderately seasonal, results for any future quarter will not necessarily be indicative of the results that may be achieved for any other quarter or for the full fiscal year.

Item 3. Quantitative and Qualitative Disclosures about Market Risk

There were no material changes from the information contained in the Companies' Annual Report on Form 10-K as of July 3, 2011.

Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

The management of The Wendy's Company and Wendy's Restaurants, under the supervision and with the participation of their Chief Executive Officer and Chief Financial Officer, evaluated the effectiveness of the design and operation of their disclosure controls and procedures (as defined in Rules 13a-15(e) or 15d-15(e) under the Securities Exchange Act of 1934, as amended (the "Exchange Act")), as of July 3, 2011. Based on such evaluations, the Chief Executive Officer and Chief Financial Officer concluded that as of July 3, 2011, the disclosure controls and procedures of The Wendy's Company and Wendy's Restaurants were effective in (1) recording, processing, summarizing and reporting, on a timely basis, information required to be disclosed by each company in the reports that it files or submits under the Exchange Act and (2) ensuring that information required to be disclosed by each company in such reports is accumulated and communicated to management, including the Chief Executive Officer and Chief Financial Officer, as appropriate to allow timely decisions regarding required disclosure.

Changes in Internal Control Over Financial Reporting

There were no changes in the internal control over financial reporting of The Wendy's Company and Wendy's Restaurants during the second quarter of 2011 that materially affected, or are reasonably likely to materially affect, their internal control over financial reporting.

Inherent Limitations on Effectiveness of Controls

There are inherent limitations in the effectiveness of any control system, including the potential for human error and the possible circumvention or overriding of controls and procedures. Additionally, judgments in decision-making can be faulty and breakdowns can occur because of simple error or mistake. An effective control system can provide only reasonable, not absolute, assurance that the control objectives of the system are adequately met. Accordingly, the management of The Wendy's Company and Wendy's Restaurants, including their Chief Executive Officer and Chief Financial Officer, does not expect that the control system can prevent or detect all error or fraud. Finally, projections of any evaluation or assessment of effectiveness of a control system to future periods are subject to the risks that, over time, controls may become inadequate because of changes in an entity's operating environment or deterioration in the degree of compliance with policies or procedures.

• competition, including pricing pressures, aggressive marketing and the potential impact of competitors’ new unit openings on sales of Wendy’s restaurants;

• consumers’ perceptions of the relative quality, variety, affordability and value of the food products we offer;

• food safety events, including instances of food-borne illness (such as salmonella or E. coli) involving Wendy’s or its supply chain;

• consumer concerns over nutritional aspects of beef, poultry, French fries or other products we sell, or concerns regarding the effects of disease outbreaks such as “mad cow disease” and avian influenza or “bird flu”;

• the impact of general economic conditions and high unemployment rates on consumer spending, particularly in geographic regions that contain a high concentration of Wendy’s restaurants;

• changes in consumer tastes and preferences, and in discretionary consumer spending;

• changes in spending patterns and demographic trends, such as the extent to which consumers eat meals away from home;

In addition, it is our policy generally not to endorse any projections regarding future performance that may be made by third parties.

Item 1. Legal Proceedings.

We are involved in litigation and claims incidental to our current and prior businesses. We provide reserves for such litigation and claims when payment is probable and reasonably estimable. As of July 3, 2011, Wendy's Restaurants had reserves for continuing operations for all of its legal and environmental matters aggregating \$3.2 million, which are included in the total \$3.2 million accrued for continuing operations by The Wendy's Company for all legal and

environmental matters. We cannot estimate the aggregate possible range of loss due to most proceedings being in preliminary stages, with various motions either yet to be submitted or pending, discovery yet to occur, and significant factual matters unresolved. In addition, most cases seek an indeterminate amount of damages and many involve multiple parties. Predicting the outcomes of settlement discussions or judicial or arbitral decisions are thus inherently difficult. Based on our currently available information, including legal defenses available to us, and given the aforementioned reserves and our insurance coverage, we do not believe that the outcome of these legal and environmental matters will have a material effect on our consolidated financial position or results of operations.
