ALEXANDER S, INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(UNAUDITED)

1. Organization

Alexander s, Inc. (NYSE: ALX) is a real estate investment trust (REIT), incorporated in Delaware, engaged in leasing, managing, developing and redeveloping its properties. All references to we, us, our, or Company refer to Alexander s, Inc. and its consolidated subsidiaries. We are managed by, and our properties are leased and developed by, Vornado Realty Trust (Vornado) (NYSE: VNO).

2. Basis of Presentation

The accompanying consolidated financial statements are unaudited. In our opinion, all adjustments (which include only normal recurring adjustments) necessary to present fairly the financial position, results of operations and cash flows have been made. Certain information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been condensed or omitted in accordance with Article 10 of Regulation S-X and the instructions to Form 10-Q. These consolidated financial statements should be read in conjunction with the consolidated financial statements and notes thereto included in our Annual Report on Form 10-K for the year ended December 31, 2008, as filed with the Securities and Exchange Commission. The results of operations for the three months ended March 31, 2009 are not necessarily indicative of the operating results for the full year.

The accompanying consolidated financial statements include our accounts and that of our consolidated subsidiaries. All significant intercompany amounts have been eliminated. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires us to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates.

Certain prior year balances have been reclassified in order to conform to current year presentation as a result of the adoption of Financial Accounting Standards Board (FASB) Statement No. 160, *Noncontrolling Interests in Consolidated Financial Statements - An Amendment of ARB No. 51* (SFAS 160).

We currently operate in one business segment.

3. Recently Issued Accounting Literature

In December 2007, the FASB issued Statement No. 141R, *Business Combinations* (SFAS 141R). SFAS 141R broadens the guidance of SFAS 141, extending its applicability to all transactions and other events in which one entity obtains control over one or more other businesses. It also broadens the fair value measurement and recognition of assets acquired, liabilities assumed, and interests transferred as a result of business combinations; and acquisition related costs will generally be expensed rather than included as part of the basis of the acquisition. SFAS 141R

Edgar Filing: ALEXANDERS INC - Form 10-Q

expands required disclosures to improve the ability to evaluate the nature and financial effects of business combinations. SFAS 141R became effective for all transactions entered into, on or after January 1, 2009. The adoption of SFAS 141R on January 1 2009, did not have a material effect on our consolidated financial statements.

In December 2007, the FASB issued SFAS 160. SFAS 160 requires a noncontrolling interest in a subsidiary to be reported as equity and the amount of consolidated net income specifically attributable to the noncontrolling interest to be identified in the consolidated financial statements. SFAS 160 also calls for consistency in the manner of reporting changes in the parent's ownership interest and requires fair value measurement of any noncontrolling equity investment retained in a deconsolidation. SFAS 160 became effective on January 1, 2009. The adoption of SFAS 160 on January 1, 2009, resulted in (i) the reclassification of our minority interest in consolidated subsidiary to noncontrolling interest in consolidated subsidiary, a component of permanent equity on our consolidated balance sheets, and (ii) the reclassification of minority interest expense to net income attributable to the noncontrolling interest on our consolidated statements of operations.

4. Relationship with Vornado

At March 31, 2009, Vornado owned 32.4% of our outstanding common stock. We are managed by, and our properties are leased and developed by, Vornado, pursuant to the agreements described below, which expire in March of each year and are automatically renewable.

Management and Development Agreements

We pay Vornado an annual management fee equal to the sum of (i) \$3,000,000, (ii) 3% of gross income from the Kings Plaza Regional Shopping Center, (iii) \$0.50 per square foot of the tenant-occupied office and retail space at 731 Lexington Avenue and (iv) \$234,000, escalating at 3% per annum, for managing the common area of 731 Lexington Avenue.

In addition, Vornado is entitled to a development fee of 6% of development costs, as defined, with minimum guaranteed fees of \$750,000 per annum. The development fee for the Rego Park II project (see note 5) is estimated to be approximately \$17,500,000, of which \$2,809,000 has been paid as of March 31, 2009. The balance is due on substantial completion of the construction.

Leasing Agreements

Vornado also provides us with leasing services for a fee of 3% of rent for the first ten years of a lease term, 2% of rent for the eleventh through the twentieth year of a lease term, and 1% of rent for the twenty-first through thirtieth year of a lease term, subject to the payment of rents by tenants. In the event third-party real estate brokers are used, the fees to Vornado increase by 1% and Vornado is responsible for the fees to the third-party real estate brokers. Vornado is also entitled to a commission upon the sale of any of our assets equal to 3% of gross proceeds, as defined, for asset sales less than \$50,000,000 and 1% of gross proceeds, as defined, for asset sales of \$50,000,000 or more. The total of these amounts is payable in annual installments in an amount not to exceed \$4,000,000, with interest on the unpaid balance at one-year LIBOR plus 1.0% (3.02% at March 31, 2009).

Other Agreements

We have also entered into agreements with Building Maintenance Services, a wholly owned subsidiary of Vornado, to supervise cleaning, engineering and security services at our Lexington Avenue and Kings Plaza properties for an annual fee of the cost for such services plus 6%.

The following is a summary of fees to Vornado that were incurred under the agreements discussed above.

5. Rego Park II Project

We own approximately 6.6 acres of land adjacent to our Rego Park I property in Queens, New York, which comprises the entire square block bounded by the Horace Harding Service Road (of the Long Island Expressway), 97th Street, 62nd Drive and Junction Boulevard. The development at Rego Park II consists of a 600,000 square foot shopping center on four levels and a parking deck containing approximately 1,400 spaces. Construction is expected to be substantially completed by the end of this year and estimated to cost approximately \$410,000,000, of which \$316,198,000 has been expended as of March 31, 2009. The shopping center will be anchored by a 134,000 square foot Century 21 department store, a 138,000 square foot Home Depot and a 132,000 square foot Kohl's.

There can be no assurance that this project will be completed, completed on time, or completed for the budgeted amount.

6. 731 Lexington Avenue

On March 25, 2009, Citibank N.A. completed the assignment of its lease aggregating 176,000 square feet to Bloomberg L.P. Bloomberg L.P. now occupies 99% of the office space at the property.

7. Flushing

In February 2009, we sub-leased the Flushing property to a developer for the remainder of our ground lease term.

8. Debt

The following is a summary of our outstanding debt.

(Amounts in thousands)	Maturity	Interest Rate at March 31, 2009	Balance at March 31, 2009	December 31, 2008

(1) In the event of a substantial casualty, as defined, up to \$75,000 of this loan may become recourse to us.

- (2) On March 10, 2009, we repaid the \$78,246 outstanding balance of the Rego Park I mortgage loan which was scheduled to mature in June 2009 and simultaneously completed a refinancing in the same amount. The new loan bears interest at 75 basis points, is secured by the property and is 100% cash collateralized. The proceeds of the new loan were placed in a non-interest bearing restricted mortgage escrow account. The loan is pre-payable without penalty after June 2009.

(UNAUDITED)

9. FIN 48 Income Tax Liability

As of March 31, 2009 and December 31, 2008, we had \$48,517,000 and \$47,868,000, respectively, of unrecognized tax benefits that if recognized, would result in non-cash income and reduce our effective tax rate. These amounts, which include \$10,537,000 and \$9,888,000 of accrued interest as of March 31, 2009 and December 31, 2008, respectively, are included as a component of liability for income taxes and other on our consolidated balance sheets.

We recognize interest related to the unrecognized tax benefits in interest and debt expense in our consolidated statements of operations. In the three months ended March 31, 2009 and 2008, we recognized \$649,000 and \$634,000, respectively, of interest related to unrecognized tax benefits.

As of March 31, 2009, TRS tax returns for the years 2003-2008 and REIT tax returns for the years 2006-2008 remain open to examination by the major taxing jurisdictions to which we are subject.

10. Stock Appreciation Rights

Stock appreciation rights (SARs) are granted at 100% of the market price of our common stock on the date of grant. Compensation expense for each SAR is measured by the excess of stock price at the current balance sheet date over the stock price at the previous balance sheet date. If the stock price is lower at the current balance sheet date, previously recognized expense is reversed but not below zero. On March 2, 2009, Steven Roth, the Chairman of our Board of Directors and Chief Executive Officer and Michael Fascitelli, our President, each exercised 150,000 SARs, which were scheduled to expire on March 4, 2009. Mr. Roth and Mr. Fascitelli each received gross proceeds of \$11,419,000. As a result of the March 2, 2009 exercises, we reversed \$34,275,000 of previously recognized SARs compensation expense in the three months ended March 31, 2009. In the three months ended March 31, 2008, we had accrued \$625,000 for SARs expense based on the March 31, 2008 closing stock price of \$354.50 at March 31, 2008, compared to \$353.25 at December 31, 2007. As of March 31, 2009, there are no SARs outstanding.

11. Commitments and Contingencies

Insurance

We carry commercial liability with limits of \$200,000,000 per location and all risk property insurance for (i) fire, (ii) flood, (iii) rental loss, (iv) extended coverage, and (v) acts of terrorism, as defined in the Terrorism Risk Insurance Program Reauthorization Act (TRIPRA) of 2007, with respect to our assets, with limits of \$1.7 billion per occurrence, for all of our properties. To the extent that we incur losses in excess of our insurance coverage, these losses would be borne by us and could be material.

Our debt instruments, consisting of mortgage loans secured by our properties (which are generally non-recourse to us), contain customary covenants requiring us to maintain insurance. Although we believe that we have adequate insurance coverage for the purposes of these agreements, we may not be able to obtain an equivalent amount of coverage at reasonable costs in the future. Further, if lenders insist on greater coverage than we are able to obtain, it could adversely affect our ability to finance and/or refinance our properties.

Environmental Remediation

Edgar Filing: ALEXANDERS INC - Form 10-Q

In July 2006, we discovered an oil spill at our Kings Plaza Regional Shopping Center. We have notified the New York State Department of Environmental Conservation (NYSDEC) about the spill and have developed a remediation plan. The NYSDEC has approved a portion of the remediation plan and clean up is ongoing. The estimated costs associated with the clean up will aggregate approximately \$2,500,000. We have paid \$500,000 of such amount and the remainder is covered under our insurance policy.

11. Commitments and Contingencies - continuedFlushing Property

In the fourth quarter of 2003, we recognized \$1,289,000 of income representing a non-refundable deposit of \$1,875,000, net of \$586,000 of costs associated with the transaction, from a party that had agreed to purchase this property, as such party had not met its obligations under a May 30, 2002 purchase contract. On September 10, 2002, November 7, 2002, and July 8, 2004, we received letters from the party demanding return of the deposit. On December 28, 2005, the party filed a complaint against us in the Supreme Court of the State of New York alleging that we failed to honor the terms and conditions of the agreement. The complaint seeks specific performance and, if specific performance is denied, it seeks the return of the deposit plus interest and \$50,000 in costs. In our opinion, after consultation with legal counsel, we do not believe the party is entitled to either specific performance or a return of the deposit and we are defending against the action. Accordingly, we have not recorded a loss contingency for this matter.

Paramus

In 2001 we leased 30.3 acres of land located in Paramus, New Jersey to IKEA Property, Inc. The lease has a 40-year term with a purchase option in 2021 for \$75,000,000. We have a \$68,000,000 interest only, non-recourse mortgage loan on the property from a third party lender. The fixed interest rate on the debt is 5.92% with interest payable monthly until maturity in October 2011. The annual triple-net rent is the sum of \$700,000 plus the amount of debt service on the mortgage loan. If the purchase option is exercised, we will receive net cash proceeds of approximately \$7,000,000 and recognize a gain on sale of land of approximately \$62,000,000. If the purchase option is not exercised, the triple-net rent for the last 20 years must include the debt service sufficient to fully amortize \$68,000,000 over the remaining 20-year lease term.

Letters of Credit

At March 31, 2009, we had approximately \$7,998,000 of standby letters of credit that were issued and outstanding.

Other

There are various other legal actions against us in the ordinary course of business. In our opinion, the outcome of such matters in the aggregate will not have a material effect on our financial condition, results of operations or cash flows.

12. Income Per Share

The following table sets forth the computation of basic and diluted income per share, including a reconciliation of net income and the number of shares used in computing basic and diluted earning per share. Basic earnings per share is determined using the weighted average shares of common stock outstanding during the period. Diluted earnings per share is determined using the weighted average shares of common stock outstanding during the period and assumes all potentially dilutive securities were converted into common shares at the earliest date possible.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Stockholders of

Alexander's, Inc.

Paramus, New Jersey

We have reviewed the accompanying consolidated balance sheet of Alexander's, Inc. and subsidiaries (the Company) as of March 31, 2009, and the related consolidated statements of operations, changes in equity and cash flows for the three-month periods ended March 31, 2009 and 2008. These interim financial statements are the responsibility of the Company's management.

We conducted our reviews in accordance with the standards of the Public Company Accounting Oversight Board (United States). A review of interim financial information consists principally of applying analytical procedures and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with standards of the Public Company Accounting Oversight Board (United States), the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our reviews, we are not aware of any material modifications that should be made to such consolidated interim financial statements for them to be in conformity with accounting principles generally accepted in the United States of America.

As discussed in Notes 2 and 3 to the consolidated financial statements, in 2009 the Company changed its method of accounting for minority interest to conform to the FASB Statement No. 160, *Noncontrolling Interest in Consolidated Financial Statements*, and, retrospectively, adjusted the 2008 consolidated financial statements for the changes.

We have previously audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the consolidated balance sheet of Alexander's, Inc. and subsidiaries as of December 31, 2008, and the related consolidated statements of operations, stockholders' equity, and cash flows for the year then ended prior to retrospective adjustments for the adoption of FASB Statement No. 160, *Noncontrolling Interests in Consolidated Financial Statements*, (not presented herein); and in our report dated February 23, 2009, we expressed an unqualified opinion on those consolidated financial statements. In our opinion, the information set forth in the accompanying consolidated balance sheet as of December 31, 2008 is fairly stated, in all material respects, in relation to the consolidated balance sheet from which it has been derived.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Certain statements contained herein constitute forward-looking statements as such term is defined in Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Forward-looking statements are not guarantees of future performance. They involve risks, uncertainties and assumptions. Our future results, financial condition, results of operations and business may differ materially from those expressed in these forward-looking statements. You can find many of these statements by looking for words such as approximates, believes, expects, anticipates, estimates, intends, plans, would, may or other similar expressions in this Quarterly 10-Q. We also note the following forward-looking statements: in the case of our development project, the estimated completion date, estimated project costs and costs to complete. These forward-looking statements represent our intentions, plans, expectations and beliefs and are subject to numerous assumptions, risks and uncertainties. Many of the factors that will determine these items are beyond our ability to control or predict. For a further discussion of factors that could materially affect the outcome of our forward-looking statements, see Item 1A - Risk Factors in our Annual Report on Form 10-K. For these statements, we claim the protection of the safe harbor for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995. You are cautioned not to place undue reliance on the forward-looking statements, which speak only as of the date of this Quarterly Report on Form 10-Q or the date of any document incorporated by reference. All subsequent written and oral forward-looking statements attributable to us or any person acting on our behalf are expressly qualified in their entirety by the cautionary statements contained or referred to in this section. We do not undertake any obligation to release publicly, any revisions to our forward-looking statements to reflect events or circumstances after the date of this Quarterly Report on Form 10-Q.

Management's Discussion and Analysis of Financial Condition and Results of Operations includes a discussion of our consolidated financial statements for the three months ended March 31, 2009 and 2008. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires us to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates.

Overview

Alexander's, Inc. (NYSE: ALX) is a real estate investment trust (REIT), incorporated in Delaware, engaged in leasing, managing, developing and redeveloping its properties. All references to we, us, our, or Company refer to Alexander's, Inc. and its consolidated subsidiaries. We are managed by, and our properties are leased and developed by, Vornado Realty Trust (Vornado). We have seven properties in the greater New York City metropolitan area including the 731 Lexington Avenue property, a 1.3 million square foot multi-use building in Manhattan, and the Kings Plaza Regional Shopping Center located in Brooklyn.

We compete with a large number of real estate property owners and developers, some of which may be willing to accept lower returns on their investments. Principal factors of competition are rents charged, attractiveness of the location, the quality of the property and breadth and quality of the services provided. Our success depends upon, among other factors, trends of national and local economies, the financial condition and operating results of current and prospective tenants and customers, availability and cost of capital, construction and renovation costs, taxes, governmental regulations, legislation and population trends.

In the second half of 2007 the residential mortgage and capital markets began showing signs of stress, primarily in the form of escalating default rates on sub-prime mortgages, declining home values and increasing inventory nationwide. In 2008, the credit crisis spread to the broader commercial credit and financial markets resulting in illiquidity and volatility in the bond and equity markets. These trends have continued in the first quarter of 2009. We are currently in an economic recession which has negatively affected substantially all businesses, including ours. During the past year, real estate transactions have diminished significantly and capitalization rates have risen. Our real estate portfolio may continue to be affected by declining demand for office and retail space due to bankruptcies, layoffs, downsizing, cost cutting as well as general economic conditions, which would result in lower occupancy rates and effective rents and a corresponding decrease in net income, funds from operations and cash flow. During the quarter ended March 31, 2009, the occupancy rate at Kings Plaza decreased 2.6%. In addition, our allowance for doubtful accounts increased during the first quarter, primarily related to Circuit City, which filed for bankruptcy in 2008 and rejected its lease at Rego Park I in March 2009. It is not possible for us to quantify the impact of the above trends, which may persist for the remainder of 2009 and beyond, on our future financial results.

Stock Appreciation Rights

Stock appreciation rights (SARs) are granted at 100% of the market price of our common stock on the date of grant. Compensation expense for each SAR is measured by the excess of stock price at the current balance sheet date over the stock price at the previous balance sheet date. If the stock price is lower at the current balance sheet date, previously recognized expense is reversed but not below zero. On March 2, 2009, Steven Roth, the Chairman of our Board of Directors and Chief Executive Officer and Michael Fascitelli, our President, each exercised 150,000 SARs, which were scheduled to expire on March 4, 2009. Mr. Roth and Mr. Fascitelli each received gross proceeds of \$11,419,000. As a result of the March 2, 2009 exercises, we reversed \$34,275,000 of previously recognized SARs compensation expense in the three months ended March 31, 2009. In the three months ended March 31, 2008, we had accrued \$625,000 for SARs expense based on the March 31, 2008 closing stock price of \$354.50 at March 31, 2008, compared to \$353.25 at December 31, 2007. As of March 31, 2009, there are no SARs outstanding.

Flushing

In February 2009, we sub-leased the Flushing property to a developer for the remainder of our ground lease term.

Rego Park I

On March 10, 2009, we repaid the \$78,246,000 outstanding balance of the Rego Park I mortgage loan which was scheduled to mature in June 2009 and simultaneously completed a refinancing in the same amount. The new loan bears interest at 75 basis points, is secured by the property and is 100% cash collateralized. The proceeds of the new loan were placed in a non-interest bearing restricted mortgage escrow account. The loan is pre-payable without penalty after June 2009.

731 Lexington Avenue

On March 25, 2009, Citibank N.A. completed the assignment of its lease aggregating 176,000 square feet to Bloomberg L.P. Bloomberg L.P. now occupies 99% of the office space at the property.

Critical Accounting Policies

A summary of our critical accounting policies is included in our Annual Report on Form 10-K for the year ended December 31, 2008 in Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations and Note 2 Summary of Significant Accounting Policies to the consolidated financial statements included therein. There have been no significant changes to those policies during 2009.

Recently Issued Accounting Literature

In December 2007, the Financial Accounting Standard Board (FASB) issued Statement No. 141 *Business Combinations* (SFAS 141R). SFAS 141R broadens the guidance of SFAS 141, extending its applicability to all transactions and other events in which one entity obtains control over one or more other businesses. It also broadens the fair value measurement and recognition of assets acquired, liabilities assumed, and interests transferred as a result of business combinations; and acquisition related costs will generally be expensed rather than included as part of the basis of the acquisition. SFAS 141R expands required disclosures to improve the ability to evaluate the nature and financial effects of business combinations. SFAS 141R became effective for all transactions entered into, on or after January 1, 2009. The adoption of SFAS 141R on January 1 2009, did not have a material effect on our consolidated financial statements.

In December 2007, the FASB issued Statement No. 160, *Noncontrolling Interest in Consolidated Financial Statements - An Amendment of ARB No. 51* (SFAS 160). SFAS 160 requires a noncontrolling interest in a subsidiary to be reported as equity and the amount of consolidated net income specifically attributable to the noncontrolling interest to be identified in the consolidated financial statements. SFAS 160 also calls for consistency in the manner of reporting changes in the parent's ownership interest and requires fair value measurement of any noncontrolling equity investment retained in a deconsolidation. SFAS 160 became effective on January 1, 2009. The adoption of SFAS 160 on January 1, 2009, resulted in (i) the reclassification of our minority interest in consolidated subsidiary to noncontrolling interest in consolidated subsidiary, a component of permanent equity on our consolidated balance sheet and (ii) the reclassification of minority interest expense to net income attributable to the noncontrolling interest on our consolidated statements of operations.

Significant Tenants

Bloomberg L.P. accounted for approximately 34% and 32% of our consolidated revenues in each of the three months ended March 31, 2009 and 2008, respectively. No other tenant accounted for more than 10% of our consolidated revenues.

Results of Operations for the Three Months Ended March 31, 2009 and 2008

Net income attributable to common stockholders for the quarter ended March 31, 2009 was \$46,054,000, compared to \$15,152,000 for the quarter ended March 31, 2008. Net income attributable to common stockholders for the quarter ended March 31, 2009 includes \$34,275,000 for the reversal of a portion of previously recognized SARs compensation expense, compared to \$625,000 for an accrual of SARs compensation expense, in the quarter ended March 31, 2008.

Property Rentals

Property rentals were \$36,197,000 in the quarter ended March 31, 2009, compared to \$36,033,000 in the prior year's quarter, an increase of \$164,000.

Expense Reimbursements

Tenant expense reimbursements were \$16,893,000 in the quarter ended March 31, 2009, compared to \$15,733,000 in the prior year's quarter, an increase of \$1,160,000. This increase was primarily due to reimbursements for higher real estate taxes.

Operating Expenses

Operating expenses were \$19,035,000 in the quarter ended March 31, 2009, compared to \$17,667,000 in the prior year's quarter, an increase of \$1,368,000. This increase was primarily due to higher real estate taxes.

General and Administrative Expenses

Excluding \$34,275,000 for the reversal of previously recognized SARs compensation expense in the quarter ended March 31, 2009, and \$625,000 an accrual of SARs compensation expense in the quarter ended March 31, 2008, general and administrative expenses increased by \$1,370,000 from the prior year's quarter. This increase is primarily due to the write-off of previously capitalized costs at our Flushing property.

Interest and Other Income, net

Interest and other income, net was \$964,000 in the quarter ended March 31, 2009, compared to \$4,416,000 in the prior year's quarter, a decrease of \$3,452,000. This decrease resulted primarily from lower average yields on investments, from 3.3% in the quarter ended March 31, 2008 to 0.5% in the quarter ended March 31, 2009.

Interest and Debt Expense

Interest and debt expense was \$14,896,000 in the quarter ended March 31, 2009, compared to \$15,681,000 in the prior year's quarter, a decrease of \$785,000. This decrease was primarily due to the repayment of the Rego Park I mortgage loan on March 10, 2009, and a decrease in interest on leasing commissions due to Vornado as a result of a lower rate in the current period.

Net Loss Attributable to the Noncontrolling Interest

Edgar Filing: ALEXANDERS INC - Form 10-Q

Net loss attributable to the noncontrolling interest represents our venture partner's 75% pro rata share of net loss in our consolidated partially owned entity, the Kings Plaza energy plant joint venture.

Income Tax Expense of the Taxable REIT Subsidiary

Income tax expense was \$88,000 in the quarter ended March 31, 2009, compared to \$502,000 in the prior year's quarter, a decrease of \$414,000. The decrease was due to the liquidation of 731 Residential LLC, our taxable REIT subsidiary, in September 2008.

Liquidity and Capital Resources

We anticipate that cash from operations, together with existing cash balances, will be adequate to fund our business operations, recurring capital expenditures, and debt amortization over the next twelve months.

Rego Park II Development Project

We own approximately 6.6 acres of land adjacent to our Rego Park I property in Queens, New York, which comprises the entire square block bounded by the Horace Harding Service Road (of the Long Island Expressway), 97th Street, 62nd Drive and Junction Boulevard. The development at Rego Park II consists of a 600,000 square foot shopping center on four levels and a parking deck containing approximately 1,400 spaces. Construction is expected to be substantially completed by the end of this year and estimated to cost approximately \$410,000,000, of which \$316,198,000 has been expended as of March 31, 2009. As of March 31, 2009, \$195,082,000 was drawn on the \$350,000,000 construction loan. The loan has an interest rate of LIBOR plus 1.20% (1.70% at March 31, 2009), and matures in December 2010, with a one-year extension option. The shopping center will be anchored by a 134,000 square foot Century 21 department store, a 138,000 square foot Home Depot and a 132,000 square foot Kohl's.

There can be no assurance that this project will be completed, completed on time, or completed for the budgeted amount.

Insurance

We carry commercial liability with limits of \$200,000,000 per location and all risk property insurance for (i) fire, (ii) flood, (iii) rental loss, (iv) extended coverage, and (v) acts of terrorism, as defined in the Terrorism Risk Insurance Program Reauthorization Act (TRIPRA) of 2007, with respect to our assets, with limits of \$1.7 billion per occurrence for all of our properties. To the extent that we incur losses in excess of our insurance coverage, these losses would be borne by us and could be material.

Our debt instruments, consisting of mortgage loans secured by our properties (which are generally non-recourse to us), contain customary covenants requiring us to maintain insurance. Although we believe that we have adequate insurance coverage for the purposes of these agreements, we may not be able to obtain an equivalent amount of coverage at reasonable costs in the future. Further, if lenders insist on greater coverage than we are able to obtain, it could adversely affect our ability to finance and/or refinance our properties.

Cash Flows

Rental income from our properties is our principal source of operating cash flow. Our property rental income is dependent on a number of factors including the occupancy level and rental rates of our properties, as well as our tenants' ability to pay their rents. Our properties provide us with a relatively consistent stream of cash flow that enables us to pay our operating expenses, non-development capital improvements and interest expense. Other sources of liquidity to fund our cash requirements include our existing cash, proceeds from debt financings, including mortgage or construction loans secured by our properties and proceeds from asset sales.

Three Months Ended March 31, 2009

Cash and cash equivalents were \$426,265,000 at March 31, 2009, compared to \$515,940,000 at December 31, 2008, a decrease of \$89,675,000. This decrease resulted from \$105,702,000 of net cash used in investing activities, partially offset by \$10,265,000 of net cash provided by financing activities and \$5,762,000 of net cash provided by operating activities.

Net cash provided by operating activities of \$5,762,000 was comprised of net income of \$46,002,000, partially offset by adjustments for non-cash items of \$28,559,000 and the net change in operating assets and liabilities of \$11,681,000. The adjustments for non-cash items were comprised of (i) a reversal of the liability for SARs compensation expense of \$34,275,000 and (ii) straight-lining of rental income of \$2,579,000, partially offset by (iii) depreciation and amortization of \$6,411,000 and (iv) other non-cash adjustments of \$1,884,000, primarily due to a \$1,407,000 write-off of previously capitalized costs at our Flushing property. The net change in operating assets and liabilities of \$11,681,000 included a \$22,838,000 payment for SARs compensation expense.

Net cash used in investing activities of \$105,702,000 was primarily comprised of restricted cash of \$83,931,000, primarily related to the fully cash-collateralized mortgage at Rego Park I, and capital expenditures of \$21,771,000, primarily related to the development of our Rego Park II project.

Net cash provided by financing activities of \$10,265,000 was primarily comprised of borrowings under the construction loan to fund expenditures at our Rego Park II project. Financing activities also include the \$78,246,000 refinancing of the Rego Park I mortgage loan.

Three Months Ended March 31, 2008

Cash and cash equivalents were \$576,530,000 at March 31, 2008, compared to \$560,231,000 at December 31, 2007, an increase of \$16,299,000. This increase resulted from \$24,738,000 of net cash provided by operating activities and \$22,331,000 of net cash provided by financing activities, partially offset by \$30,770,000 of net cash used in investing activities.

Net cash provided by operating activities of \$24,738,000 was comprised of (i) net income of \$14,885,000, (ii) the net change in operating assets and liabilities of \$6,041,000 and (iii) adjustments for non-cash items of \$3,812,000. The adjustments for non-cash items were primarily comprised of depreciation and amortization of \$6,263,000, partially offset by \$3,076,000 for the straight-lining of rental income.

Edgar Filing: ALEXANDERS INC - Form 10-Q

Net cash used in investing activities of \$30,770,000 was primarily comprised of capital expenditures of \$27,239,000, primarily related to the development of our Rego Park II project.

Net cash provided by financing activities of \$22,331,000 was primarily comprised of \$25,875,000 of borrowings under the construction loan to fund expenditures at our Rego Park II project, partially offset by repayments of borrowings of \$3,685,000.

Funds from Operations (FFO)

FFO is computed in accordance with the definition adopted by the Board of Governors of the National Association of Real Estate Investment Trusts (NAREIT). NAREIT defines FFO as net income or loss determined in accordance with Generally Accepted Accounting Principles (GAAP), excluding extraordinary items as defined under GAAP and gains or losses from sales of previously depreciated operating real estate assets, plus specified non-cash items, such as real estate asset depreciation and amortization, and after adjustments for unconsolidated partnerships and joint ventures.

FFO and FFO per diluted share are used by management, investors and industry analysts as supplemental measures of operating performance of equity REITs. FFO and FFO per diluted share should be evaluated along with GAAP net income and income per diluted share (the most directly comparable GAAP measures), as well as cash flow from operating activities, investing activities and financing activities, in evaluating the operating performance of equity REITs. Management believes that FFO and FFO per diluted share are helpful to investors as supplemental performance measures because these measures exclude the effect of depreciation, amortization and gains or losses from sales of real estate, all of which are based on historical costs which implicitly assumes that the value of real estate diminishes predictably over time. Since real estate values instead have historically risen or fallen with market conditions, these non-GAAP measures can facilitate comparisons of operating performance between periods and among other equity REITs.

FFO does not represent cash generated from operating activities in accordance with GAAP and is not necessarily indicative of cash available to fund cash needs as disclosed in our Statements of Cash Flows. FFO should not be considered as an alternative to net income as an indicator of the Company's operating performance or as an alternative to cash flows as a measure of liquidity.

FFO attributable to common stockholders for the Quarters Ended March 31, 2009 and 2008

FFO attributable to common stockholders for the quarter ended March 31, 2009 was \$51,643,000, or \$10.12 per diluted share, compared to \$20,353,000, or \$4.00 per diluted share, for the quarter ended March 31, 2008. FFO attributable to common stockholders for the quarter ended March 31, 2009 includes \$34,275,000, or \$6.72 per diluted share, for the reversal of previously recognized SARs compensation expense, compared to \$625,000, or \$0.12 per diluted share, for an accrual of SARs compensation expense in the quarter ended March 31, 2008.

The following table reconciles our net income to FFO:

(Amounts in thousands, except share and per share amounts)	Three Months Ended March 31,	
	2009	2008
Net income attributable to Alexander's	\$ 46,054	\$ 15,152
Depreciation and amortization of real property	5,589	5,201
FFO attributable to common stockholders	\$ 51,643	\$ 20,353
FFO attributable to common stockholders per diluted share	\$ 10.12	\$ 4.00
Weighted average shares used in computing diluted FFO per share	5,102,826	5,092,973

Item 3. Quantitative and Qualitative Disclosures About Market Risk

We have exposure to fluctuations in interest rates, which are sensitive to many factors that are beyond our control. Our exposure to a change in interest rates is summarized in the table below.

	Balance as of		Effect of
	March 31,	Weighted-Average	1%
(Amounts in thousands, except per share amounts)	2009	Interest Rate	Change in
			Base Rates
Variable	\$ 239,212	1.94%	\$ 2,392
Fixed Rate	1,035,655	5.31%	
	\$ 1,274,867		\$ 2,392
Total effect on diluted earnings per share			\$ 0.47

The fair value of our debt, estimated by discounting the future contractual cash flows of our existing debt using the current rates available to borrowers with similar credit ratings for the remaining terms of such debt, was less than the aggregate carrying amount by approximately \$148,423,000 at March 31, 2009.

Item 4. Controls and Procedures

(a) **Disclosure Controls and Procedures** Our management, with the participation of our Chief Executive Officer and Chief Financial Officer, has evaluated the effectiveness of our disclosure controls and procedures (as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended) as of the end of the period covered by this Quarterly Report on Form 10-Q. Based on such evaluation, our Chief Executive Officer and Chief Financial Officer have concluded that, as of the end of such period, our disclosure controls and procedures are effective.

(b) **Internal Control Over Financial Reporting** There have not been any changes in our internal control over financial reporting during the fiscal quarter to which this Quarterly Report on Form 10-Q relates that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II. OTHER INFORMATION

Item 1. Legal Proceedings

We are from time to time involved in legal actions arising in the ordinary course of business. In our opinion, after consultation with our legal counsel, the outcome of such matters in the aggregate will not have a material effect on our financial condition, results of operations or cash flows.

Item 1A. Risk Factors
