(Public Utility Holding Company Act of 1935)

TO THE SECURITIES AND EXCHANGE COMMISSION:

Dominion Resources, Inc., a Virginia corporation and registered holding company ("Dominion"), hereby submits the following Certificate of Notification pursuant to Rule 24.

By order dated December 15, 1999 (HCAR No. 27112) (the "Initial Financing Order") in the proceedings at File No. 70-9517, the Securities and Exchange Commission ("Commission") permitted the Application-Declaration of Dominion and Consolidated Natural Gas Company ("Old CNG"), to become effective. Concurrently, by order dated December 15, 1999 (HCAR No. 27113), the Commission authorized the merger (the "Merger") of Old CNG into a wholly-owned subsidiary of Dominion, which subsidiary as the survivor of the merger changed its name to Consolidated Natural Gas Company ("CNG"). The Merger was consummated on January 28, 2000. The Initial Financing Order authorized post-Merger financings for Dominion and CNG, and requires the filing by Dominion of certain certificates of notification pursuant to Rule 24.

By Commission order dated May 24, 2001 (HCAR No. 27406) (the "Second Financing Order") in the proceedings at File No. 70-9555, the financing authorizations of Dominion and its subsidiaries given in the Initial Financing Order were enhanced and extended.

Page 2

By Commission order dated October 5, 2000 (HCAR No. 27242) (the "Restructuring Order") in the proceeding at File No. 70-9679, Dominion was authorized to reorganize and restructure its existing nonutility interests along business and functional lines, using one of several business organizations.

By Commission order dated December 28, 2001 (HCAR No. 27485) in the proceeding at File No. 70-9555, an increase to Dominion's EWG investment limit was approved (the "December 28, 2001 Order").

By Commission order dated January 3, 2003 (HCAR 27634) (the "January 3, 2003 Order") in the proceeding at File No. 70-9967, Dominion was authorized to form a consolidated DRI Money Pool and to terminate the existing CNG Money Pool.

By Commission order dated January 28, 2003 (HCAR No. 27644) in the proceeding at File No. 70-9477, Dominion was granted authorization to continue its process of divesting the holdings of its subsidiary Dominion Capital, Inc. ("DCI") beyond the third anniversary of the effective date of the merger authorized in the Commission's order of December 15, 1999 (HCAR No. 27113) (the "January 28, 2003 Order"). The January 28, 2003 Order requires that certain financial information relating to DCI's investments be filed with the Commission on a quarterly basis.

This certificate provides information with respect to transactions occurring under the Initial Financing Order, the Second Financing Order, the Restructuring Order, the December 28, 2001 Order, the January 3, 2003 Order and the January 28, 2003 Order with respect to Dominion and its subsidiaries, including Dominion Energy, Inc. ("DEI"), DCI, and Virginia Electric and Power Company ("Virginia Power").

D. At March 31, 2003, the market-to-book ratio of Dominion's common stock was 1.65 to 1.

E. In the first quarter of 2003, Dominion invested or committed to invest in EWG's or FUCO's amounts that count against the Modified Rule 53 Test. Such amounts are set forth in Exhibit A, which is being filed in paper format pursuant to a request for confidential treatment under Rule 104(b) of PUHCA.

Page 6

B. Guarantees and Other Credit Support (excludes CNG Guarantees and Other Credit Support which are reported in CNG's quarterly Rule 24 certificate)

Guarantees

Dominion has issued guarantees to various third party creditors in relation to repayment of debt by certain of its subsidiaries and in relation to electric power or gas purchases or delivery performances of its subsidiaries. The estimated total outstanding exposure on these guarantees as of March 31, 2003 is approximately \$4.8 billion, and the subsidiaries' debt subject to such guarantees totaled \$563 million.

Standby Letters of Credit

At March 31, 2003, DEI had authorized the issuance of standby letters of credit by a financial institution in the amount of \$106 million, for the benefit of certain counterparties that had extended credit to this subsidiary. In the unlikely event that DEI does not pay amounts when due under the covered contracts, any covered counterparty may present its claim for payment to the financial institution, which would then request payment from DEI, as applicable. The letters of credit of DEI are backed by the 3-year revolving credit facility that matures in May 2005. As of March 31, 2003, no amounts had been presented for payment under these letters of credit.

Page 7

Surety Bonds

At March 31, 2003, Dominion and Virginia Power had purchased \$82 million of surety bonds, of which \$57 million was associated with the financial assurance requirements imposed by the Nuclear Regulatory Commission with respect to the decommissioning of Virginia Power's nuclear units. Under the terms of the surety bonds related to nuclear decommissioning, Virginia Power is obligated to indemnify the respective surety bond company for any amounts paid. The liability for future nuclear decommissioning is included in Dominion's consolidated balance sheets at March 31, 2003. The remaining \$25 million relates to surety bonds purchased by various Dominion subsidiaries for purposes, such as providing worker compensation coverage and obtaining licenses, permits and rights-of-way. To the extent liabilities are incurred as a result of the activities covered by the surety bonds, such liabilities would be included in Dominion's consolidated balance sheets until paid. Under the terms of the surety bonds, Dominion is obligated to indemnify the respective surety bond company for any amounts paid on behalf of its subsidiaries.

Short-term Demand Note

Effective March 1, 2003, a consolidated DRI Money Pool ("DRI Money Pool") was formed and the existing CNG Money Pool was terminated pursuant to a SEC order. Outstanding balances under the CNG money pool and certain advances from Dominion to CNG pursuant to a short-term demand note (Demand Note) were converted to DRI Money Pool borrowings on March 1, 2003. At March 31, 2003 there were no outstanding borrowings under the Demand Note.
