Audit Committee

The Audit Committee of our Board of Directors currently consists of Messrs. Gupta, Kane and Mark, with Mr. Kane serving as Chairman. During the fiscal year ended November 30, 2012, the Audit Committee consisted of Messrs. Egan, Kane and Mark. Mr. Egan stepped down as a member of the Audit Committee in December 2012 following his

appointment as Non-Executive Chairman of the Board of Directors.

Our Board of Directors has determined that each member of the Audit Committee meets the independence requirements promulgated by NASDAQ and the SEC, including Rule 10A-3(b)(1) under the Securities Exchange Act of 1934, as amended, or the Exchange Act. In addition, our Board of Directors has determined that each member of the Audit Committee is financially literate and that Mr. Kane qualifies as an “audit committee financial expert” under the rules of the SEC.

The Audit Committee operates under a written charter adopted by our Board of Directors, a copy of which can be found on our website at www.progress.com under the heading “Corporate Governance” located on the “About Progress/Who We Are” page.

The Audit Committee assists our Board of Directors in fulfilling its oversight responsibilities for accounting and financial reporting compliance. The Audit Committee meets with management and with our independent registered public accounting firm to discuss our financial reporting policies and procedures, our internal control over financial reporting, the results of the independent auditor's examinations, our critical accounting policies and the overall quality of our financial reporting, and the Audit Committee reports on these matters to our Board of Directors. The Audit Committee meets with the independent registered public accounting firm with and without our management present.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our directors, executive officers and holders of more than 10% of our common stock to file with the SEC initial reports of ownership and reports of changes in ownership of our common stock. These reporting persons are required by regulations of the SEC to furnish us with copies of all such filings. Based solely on a review of the copies of such forms that we have received, we believe that, with respect to the fiscal year ended November 30, 2012, our directors, officers and 10% shareholders complied with all applicable Section 16(a) filing requirements, except that each of our executive officers inadvertently filed a Form 4 late in connection with shares withheld by us to pay withholding taxes upon vesting on October 1, 2012 of restricted stock units previously awarded to those executive officers.

Codes of Conduct

Our Board of Directors has adopted a Finance Code of Professional Ethics that applies to the Chief Executive Officer, Chief Financial Officer, Corporate Controller and other employees of our finance organization and a Code of Conduct that applies to all of our officers, directors and employees. Copies of the Code of Conduct and the Finance Code of Professional Ethics can be found on our website at www.progress.com under the Corporate Governance page located on the “About Progress/Who We Are” page. We intend to disclose any amendment or waiver of the Code of Conduct and the Finance Code of Professional Ethics that applies to our Chief Executive Officer, Chief Financial Officer, Corporate Controller or persons performing similar functions, by posting such information on our website as listed above.

Item 11. Executive Compensation

Compensation Discussion and Analysis

This “Compensation Discussion and Analysis” section describes the material elements of our compensation programs for our executive officers. This section also provides an overview of our executive compensation philosophy and analyzes how and why the Compensation Committee of our Board of Directors arrives at specific compensation decisions and policies.

We describe below our compensation philosophy, policies and practices relating to the fiscal year ended November 30, 2012 (“FY12”) with respect to the following individuals:

• Philip M. Pead, who became our Executive Chairman on October 8, 2012 and our Interim Chief Executive Officer on November 2, 2012;

• Jay H. Bhatt, who served as our Chief Executive Officer from December 5, 2011 until November 2, 2012;

• Melissa H. Cruz, who became our Chief Financial Officer on July 16, 2012;

• Charles F. Wagner, Jr., who served as our Chief Financial Officer until March 22, 2012;

• Andrew E. Zupsic, who became our Senior Vice President, Global Field Operations on April 2, 2012;

• Antonio J. Aquilina, who became our Senior Vice President, Strategy and Corporate Development on January 9, 2012; and

• John P. Goodson, who served as our Senior Vice President, Engineering for all of FY12.

In August 2011, we announced that Richard D. Reidy, who was then our Chief Executive Officer, would leave our company when his successor was named. Mr. Reidy remained our Chief Executive Officer until December 5, 2011, when he resigned in connection with the appointment of Mr. Bhatt as our new Chief Executive Officer. Because Mr. Reidy served as our Chief Executive Officer during a portion of FY12, we are required to include Mr. Reidy as a named executive officer in the “Summary Compensation Table.” However, because Mr. Reidy was Chief Executive Officer for only five days of FY12 and his successor was determined prior to the beginning of FY12, Mr. Reidy's compensation is not discussed in this section.

We refer to the individuals named above and Mr. Reidy collectively, as our named executive officers.

Between March 22, 2012 and July 16, 2012, Mr. Bhatt served as Acting Chief Financial Officer. Mr. Bhatt received no additional compensation in connection with his service as Acting Chief Financial Officer.

Messrs. Aquilina and Goodson were not serving in executive officer capacities at the end of FY12. However, because they would have been among our three other most highly compensated executive officers during FY12 had they served in executive officer capacities at the end of FY12, we are required by SEC rules to include Messrs. Aquilina and Goodson as named executive officers.

Subsequent to FY12, on December 7, 2012, Mr. Pead was appointed Chief Executive Officer and resigned as Executive Chairman, and on February 1, 2013, Ms. Cruz retired as Chief Financial Officer. On February 1, 2013, Chris E. Perkins became our Chief Financial Officer. Because Mr. Perkins became our Chief Financial Officer subsequent to FY12, the terms of his compensation are not described in this section.

Executive Summary

FY12 Performance

In April 2012, we announced a new strategic plan in which we intend to become a leading provider of next-generation, context-aware application development and deployment platform in the Cloud for the Application Platform-as-a-Service market by investing in our OpenEdge, DataDirect and Decision Analytics product lines and integrating them into a single, cohesive offering. As part of the new strategic plan, we divested ten product lines which were not considered core to our business, with the last of these divestitures having been completed in February 2013. During 2012, we also executed on cost reductions as part of the plan, which included a reduction in our global workforce of 11%. Lastly, as part of the plan, we changed the structure of our internal organization and the way we manage our business.

Our financial results for FY12 were adversely impacted by factors related to the development, announcement and execution of the plan, including the undertaking of large restructuring efforts and the marketing for divestiture and actual sale of non-core products. These factors contributed to a very uncertain environment for our company, partners, customers and employees. In particular, during the second and third quarters of FY12, customer purchasing decisions were delayed, which caused deal slippage at a greater rate than usual. This was caused both by uncertainty surrounding the plan and generally deteriorating macroeconomic conditions, primarily in Europe. In addition, our announcement of the proposed divestiture of the non-core products had an adverse impact on the financial performance of these products.

However, with substantially all of the non-core products divested or under agreement to be divested, our financial performance improved significantly during the fourth quarter of FY12, resulting in better than expected results for the second half of FY12. After several quarters of declining performance in our core products, we achieved flat revenue growth during the fourth quarter of FY12 and improved operating margin performance.

Executive Compensation Philosophy

Our philosophy is to reward executives based upon corporate performance, as well as to provide long-term incentives for the achievement of future financial and strategic goals. We emphasize pay-for-performance compensation programs, which we believe advance both the short and long-term interests of our shareholders. We use a combination of total target cash compensation, composed of base salary and an annual cash bonus program, a long-term equity incentive compensation program, and a broad-based benefits program to create a competitive compensation package for our executive management team.

Objectives of our Executive Compensation Program

Our Compensation Committee is responsible for establishing and administering our policies governing the compensation of our executive officers, including salaries, cash incentives and equity incentive compensation. Our Compensation Committee has designed our overall executive compensation program to achieve the following objectives:

- attract and retain talented executives in today's highly competitive market;
- motivate and reward executives whose knowledge, skills and performance are critical to our success;
-

provide a competitive compensation package that aligns the interests of our executive management team and shareholders by tying a significant portion of an executive's cash compensation to the achievement of performance goals; and

- ensure fairness among the executive management team by recognizing the contributions each executive makes to our success.

Executive Officer Compensation Components

The following table summarizes the principal components of our executive compensation program in FY12.

Compensation Element	Objective	Key Features	Performance Metrics
		Set on average at 50th percentile of peer group	
Base Salary	To secure and retain services of key executive talent	Adjustments may be made to reflect market conditions for a position, changes in the status or duties associated with a position or internal equity	Not applicable
		Set on average of 50th percentile of peer group	Funding based on total corporate revenue and non-GAAP operating income
Annual Cash Bonus	To encourage and reward corporate performance that enhances long-term shareholder value	Performance goals and target bonus amounts established at beginning of fiscal year	Delivery based on individual performance ratings (except to CEO)

Compensation Governance

We maintain compensation governance and other compensation practices that are aligned with shareholder interests and our compensation philosophy, including the following:

• Our Compensation Committee is comprised of three directors who are “independent” under NASDAQ Stock Market rules.

• Our Compensation Committee's independent compensation consultant is retained directly by the Compensation Committee and performs no services directly for us other than to provide compensation surveys to our human resources department.

• Our Compensation Committee seeks input from our Chief Executive Officer and other internal personnel and advice from its external compensation consultant as to the amount and form of compensation established, but the

Compensation Committee ultimately determines our executive compensation policies and practices.

• Our long-term equity incentives generally vest over a period of three years to ensure that our executives maintain a long-term view of shareholder value.

• We are mindful of risks to the company that could be posed by our compensation policies and practices and design our compensation policies and practices to mitigate such risk.

We do not provide significant perquisites or supplemental retirement benefits to our executives.

Our executive agreements do not contain tax “gross-ups” on “golden parachute” payments in connection with a change in control.

Compensation Committee Responsibilities and Authority

Our Compensation Committee reviews and approves the annual salary and annual cash bonus awards as well as all long-term equity incentive awards for our executive officers and other direct reports of the Chief Executive Officer, establishes our general compensation policies, administers our equity plans, determines or consults with management regarding compensation and benefits for our other officers and other employees (as appropriate) and oversees our executive compensation and benefit plans and policies. Our Compensation Committee reviews, and recommends to our Board of Directors for its approval, the compensation of our Chief Executive Officer.

During FY12, our Compensation Committee consisted of members of our Board of Directors who met the independence requirements promulgated by NASDAQ. From December 1, 2011 until October 8, 2012, our Compensation Committee consisted of Messrs. Egan, Krall and Pead, with Mr. Krall serving as Chairman. In connection with his appointment as Executive Chairman, Mr. Pead resigned from the Compensation Committee on October 8, 2012 and was replaced by Mr. Kane, who served on the Compensation Committee, together with Messrs. Egan and Krall, until the end of FY12.

Our Compensation Committee operates under a written charter adopted by our Board of Directors, a copy of which can be found on our website at www.progress.com under the heading “Corporate Governance” located on the “About Progress/Who We Are” page.

In accordance with its charter, the Compensation Committee:

- oversees our overall executive compensation structure, policies and programs;

- administers our equity-based plans;

- reviews, and recommends to our Board of Directors for its approval, the compensation of our Chief Executive Officer;

- reviews and determines the compensation of all direct reports of the Chief Executive Officer;

- reviews and makes recommendations to our Board of Directors regarding the compensation of our directors; and

- is responsible for producing the annual report included in this Form 10-K/A.

Our Chief Executive Officer, various other executives, and our human resources department support the Compensation Committee in its duties and may be delegated authority to fulfill certain administrative duties regarding our compensation programs. In addition, our Chief Executive Officer makes recommendations to the Compensation Committee on an annual basis regarding salary increases, potential bonuses and equity awards for each of his direct reports.

The Compensation Committee has sole authority under its charter to retain, approve fees for, determine the scope of the assignment of, and terminate advisors and consultants as it deems necessary to assist in the fulfillment of its responsibilities. During FY12, the Compensation Committee retained Radford Surveys + Consulting (“Radford”) to assist it in evaluating the compensation of our officers and directors. Radford did not directly provide any other services to us, other than to provide compensation surveys to our human resources department, and consults with our management only as necessary to obtain relevant compensation and performance data for the executives as well as essential business information so that it can effectively support the Compensation Committee with appropriate competitive market information and relevant analyses.

Roles of the Compensation Committee, the Chief Executive Officer and Compensation Consultant

Role of Compensation Committee

At the beginning of each fiscal year, the Compensation Committee begins the process of reviewing executive officer and board compensation for the next fiscal year. The Compensation Committee members are provided reports from the external compensation consultant comparing our executive compensation and equity granting practices relative to the market and to a peer group. Reports are also provided on board of director compensation relative to the market and a peer group.

During the first quarter of each fiscal year, the Compensation Committee reviews recommendations from management on the current fiscal year short-term incentive compensation programs relative to anticipated corporate performance.

The Compensation Committee also reviews recommendations from management on the current fiscal year long-term incentive programs, principally in the form of annual equity awards. In February or March, the Compensation Committee reviews and approves changes to executive officers' total target cash compensation, which includes base salary and target incentive compensation.

Prior to the annual meeting of shareholders for each fiscal year, the Compensation Committee also reviews and makes recommendations to the full Board of Directors regarding any changes to board compensation.

At the end of the fiscal year, the Compensation Committee reviews preliminary results of the short-term incentive compensation programs and 401(k) match. Final review and approval of these programs and costs are completed early in the following fiscal year prior to any payments.

In accordance with our Stock Option Grant Policy, the Compensation Committee meets at least four times a year to review and approve equity award requests.

Communication with Compensation Committee members is accomplished through committee meetings, teleconference calls or e-mail. Members of management and/or the external compensation consultants participate in these various communication methods and attend meetings or conference calls at the invitation of the Compensation Committee.

Role of Chief Executive Officer

Our Chief Executive Officer makes recommendations to the Compensation Committee with respect to compensation for his direct reports (including our other named executive officers), including the terms of these executives' annual cash bonus compensation and long-term equity compensation. Our Chief Executive Officer considers factors such as tenure, individual performance, responsibilities and experience levels of the executives, as well as the compensation of the executives relative to one another, when making recommendations regarding appropriate total compensation of our executives.

Our Chief Executive Officer typically discusses his initial recommendations with the Chairman of the Compensation Committee or has management present them at Compensation Committee meetings. The compensation and benefits group within our Human Resources Department and individuals within our Finance and Legal Departments support the Compensation Committee in the performance of its responsibilities. During FY12, our Chief Financial Officer, General Counsel and Senior Vice President of Human Resources and other representatives of the human resources, finance and legal departments regularly attended the Compensation Committee meetings to provide perspectives on the competitive landscape, the needs of the business, information about our financial performance and relevant legal and regulatory developments. The Compensation Committee periodically meets in executive session without management to deliberate on executive compensation matters. The Compensation Committee considers, but is not bound to and does not always accept, the Chief Executive Officer's recommendations regarding executive compensation. The Compensation Committee reviews all recommendations in light of our compensation philosophy and generally seeks input from its external compensation consultant prior to making any final decisions.

Role of Compensation Consultant

For the past several years, including FY12, our Compensation Committee engaged Radford as its outside compensation consultant to advise the Compensation Committee on all matters related to executive compensation. Radford did not directly provide any other services for us other than to provide compensation surveys to our Human Resources Department. Radford consulted with our management only as necessary to obtain relevant compensation and performance data for the executives as well as essential business information so that it can effectively support the Compensation Committee with appropriate competitive market information and relevant analyses. Through a separate subsidiary, Radford's parent company, AON Corporation, provided advisory services to our subsidiary in Ireland with respect to a pension plan our subsidiary maintains for our employees based in Ireland.

During FY12, Radford provided a range of services to the Compensation Committee to support the Compensation Committee's agenda and obligations, including providing regulatory updates, peer group compensation data so that the Compensation Committee can set compensation for executives in accordance with our policies, advice on the structure and competitiveness of our compensation programs (including benefits provided by our peers upon a change in control and otherwise as part of their compensation programs), and advice on the consistency of our programs with our executive compensation philosophy. Representatives of Radford attended Compensation Committee meetings and provided advice to the Compensation Committee upon its request. Typically, management worked with Radford on matters for the Compensation Committee where that work was requested by the Compensation Committee. The Compensation Committee determined that no services provided by Radford during FY12 interfered with the exercise of Radford's independent judgment.

We paid approximately \$78,600 to Radford for services performed for the Compensation Committee during FY12. In November 2012, following the completion of a competitive bid process, the Compensation Committee selected Pearl Meyer & Partners as its external compensation consultant for the fiscal year ended November 30, 2013.

Peer Group Selection

To assist the Compensation Committee in making decisions on total compensation for executives and company-wide equity grants, the Compensation Committee utilizes peer and industry group data and analysis provided by Radford. Radford provided the following studies: “Executive Compensation Review” and “Aggregate Equity Usage”. The “Executive

Compensation Review” prepared by Radford utilized the survey data from the Radford High Technology Executive Compensation Survey and peer group data to benchmark the various elements of executive pay. The “Aggregate Equity Usage” report utilized the peer group data and general market data for details of equity practices, in particular equity burn rates. The Compensation Committee believes that it is important to benchmark compensation against our peer group because those companies are directly comparable to us in terms of revenue, market capitalization and industry. For FY12, the peer group list was comprised of 20 other companies in the software industry with revenue and market capitalization comparable to us. The peer group list is reviewed on an annual basis to ensure the companies remain a valid comparison and to account for any corporate structure changes in the peer groups, such as an acquisition by another company. In November 2011, at the time Radford compiled data for the peer group companies, the companies in the peer group ranged in size on a revenue basis from approximately \$0.2 billion to \$1.9 billion with a median of \$0.8 billion as compared to our revenue of \$0.5 billion, and on a market capitalization basis from approximately \$0.2 billion to \$18 billion with a median of \$4.7 billion as compared to our then market capitalization of \$1.4 billion. We may include companies that do not fit these criteria if we believe that we are directly competing with those companies for executive talent.

We also use survey data for additional perspective on executive compensation. We participate in the Radford Executive Survey to benchmark our executives, including the named executive officers, to the marketplace. The materials from Radford include a comprehensive report providing details on the benchmark positions used for each executive as well as analysis on base salary, short-term incentives, total actual cash, total target cash compensation, actual total direct compensation and target total direct compensation. The survey data was comprised of compensation information from companies in the high technology industry with revenue ranging from \$0.4 billion to \$0.8 billion. There were 69 companies that fit within this criterion.

Shareholder Vote

At our 2012 Annual Meeting of Shareholders, our shareholders approved, in an advisory vote, the compensation of our named executive officers, as disclosed in the Compensation Discussion and Analysis, the compensation tables and the related disclosures in our proxy statement for fiscal 2011. The proposal was approved by our shareholders with 89% of the votes cast voting “for” approval and 2% voting “against” approval. In light of the level of approval by our

shareholders, the Compensation Committee did not make changes to our compensation policies or practices in response to the shareholder vote. However, the Compensation Committee regularly reviews the compensation programs of our executive officers to ensure that they achieve our desired goal of aligning the interests of our executive officers and shareholders.

Executive Compensation Components

Our executive compensation program has been primarily composed of the following elements:

• Base salary;

• Incentive compensation in the form of annual cash bonus awards, through our corporate bonus plan;

Equity-based long-term incentive compensation in the form of stock options, RSUs and PSUs;
401(k) Plan and other benefits; and
Severance and change in control protection.

Our Compensation Committee has not adopted a formal policy for allocating between these various forms of compensation. However, we generally strive to provide our named executive officers with a balance of short-term and long-term incentives. Within the context of the overall objectives of our compensation programs, the Compensation Committee determined the specific amounts of compensation, including base salary, incentive cash compensation and equity compensation, to be paid to each of our executives for FY12 based on a number of factors, including:

- our understanding of compensation generally paid by similarly-situated companies to their executives with similar roles and responsibilities;
- the roles and responsibilities of our executives; and
- the individual experience and skills of, and expected contributions from, our executives.

We discuss each of the primary elements of our executive compensation program in detail below. While we have identified particular compensation objectives that each element of executive compensation serves, our compensation programs are meant to complement each other and collectively serve all of our executive compensation objectives described above. Accordingly, whether or not specifically mentioned below, we believe that, as a part of our overall executive compensation, each element to a greater or lesser extent serves each of our objectives.

Base Salary

The Compensation Committee annually reviews total target cash compensation ranges, including base salary, for each of our named executive officers, during the first fiscal quarter. Base salaries may be adjusted by our Compensation Committee in accordance with various criteria, including:

- individual performance;
- levels of responsibilities;
- individual competencies, skills and contributions;
- individual tenure and experience;
- functions performed;
- peer group compensation levels for comparable positions;
- internal compensation equity issues; and
- our general financial performance.

Our Chief Executive Officer proposes base salary amounts for all executive officers other than himself for the Compensation Committee's consideration based on his evaluation of these criteria. The weight given each factor by the Compensation Committee may vary with each individual. For FY12, the philosophy of the Compensation Committee was to target base salary for our executive officers generally at the 50th percentile of the peer group and the broader software industry.

Annual Cash Bonus Awards

It is our philosophy to base a significant portion of an executive officer's total compensation opportunity on performance incentives. Our named executive officers participate in our corporate bonus plan, which is intended to motivate eligible participants toward overall business results, to tie their goals and interests to those of the company and its shareholders, and to enable the company to attract and retain highly qualified executives. This bonus plan is administered by our Compensation Committee.

Awards under the corporate bonus plan are based upon the achievement of performance metrics established on an annual basis by the Compensation Committee. Generally, performance is measured over a one-year period. These performance goals are based on our strategy as reflected in our annual operating plan and budget.

The Compensation Committee has the discretion to increase or reduce awards if it believes management has performed exceptionally compared to its peer group or if the Compensation Committee believes unanticipated factors assisted or inhibited management in achieving financial objectives. Historically, the Compensation Committee has not chosen to exercise such discretion and has instead relied on the achievement of the financial performance metrics to determine the awards paid to management and other plan participants. For FY12, the Compensation Committee relied on the achievement of the financial performance metrics to determine the overall funding of the bonus plan but

utilized individual performance ratings to determine

the actual bonus payout amounts to individual participants in the plan (except for the Chief Executive Officer, whose annual bonus was to be determined exclusively by reference to the achievement of the performance metrics).

Target awards under the corporate bonus plan are based on a pre-determined percentage of each executive's base salary, which is established by the Compensation Committee as part of its annual review of each executive's compensation. The Compensation Committee sets these target bonus percentages to ensure that a substantial portion of each executive's target cash compensation is linked directly to business performance and to provide the executives with a performance-based opportunity to achieve total cash compensation at the 50th percentile of the peer group and the broader software industry based on adequate company performance.

Equity Compensation

We also use equity compensation to attract, retain, motivate and reward our named executive officers. We issue annual and new hire equity awards based on guidelines for awards commensurate with position levels and that reflect grant practices within our peer group and the broader software industry generally. The Compensation Committee reviews the mix of equity awards to our named executive officers on an annual basis.

In recent years, equity awards to named executive officers and other recipients have typically been made in the form of a combination of stock options and RSUs. In 2011, we introduced the use of PSUs as part of our equity compensation program. During the past few years, the Compensation Committee has altered the mix of equity compensation to executive officers so that a greater proportion of equity compensation is awarded in the form of RSUs or PSUs rather than stock options and, in 2012, the Compensation Committee determined that stock options should not be part of the annual equity program for any recipient, including the named executive officers. The Compensation Committee believes that eliminating the grant of stock options reflects current market trends and that RSUs and PSUs are preferred vehicles for retention and the achievement of company goals. However, during 2012, the new hire equity awards provided to Messrs. Bhatt and Aquilina included stock options.

RSUs typically vest in six equal installments over three years beginning six months after issuance. In a volatile stock market, RSUs continue to provide value when stock options may not, which the Compensation Committee believes is useful in retaining talented executives in unpredictable economic times.

PSUs are subject to performance criteria aligned with our business plan and are earned only to the extent the performance criteria are achieved, with any PSUs earned being subject to subsequent time-based vesting (one-third vests upon determination of achievement of the performance goals established for that year and one-third in each of the next two years if the executive remains employed on the vesting date). The Compensation Committee grants PSUs consistent with its pay-for-performance philosophy. During FY12, the Compensation Committee increased the proportion of equity compensation awarded in the form of PSUs to 35%.

The Compensation Committee's decisions regarding the amount and type of equity incentive compensation, the allocation of equity and relative weighting of these awards within total executive compensation have been based on the Compensation Committee's understanding, and individual experiences with market practices, of similarly-situated companies. Equity-based incentive awards are intended to be the longer-term components of our overall executive compensation program and are designed to encourage performance by our executive officers over several years, while annual incentive cash compensation is designed to encourage shorter-term performance (generally performance over a one-year period).

To determine the size of the equity awards, the Compensation Committee first determined the total number of shares that would be available for the annual equity awards to all proposed recipients. The total number of shares was determined by consideration of the potential dilution to our shareholders and average burn rate of other companies in our industry. The Compensation Committee utilized the grant data from the peer group and the survey data provided by Radford to assist it in determining the size of the overall equity pool for our company as well as the individual grants to the named executive officers.

To determine the size of the individual annual equity awards, the Compensation Committee, with the assistance of Radford, compared the long-term equity incentive compensation levels of our executives with similar positions within our peer group to determine the long-term equity incentive compensation amount for each executive. The Compensation Committee evaluated the total value delivered by the annual equity grant against the average of the 50th and the 75th percentile of the value of long-term incentive compensation of our peer group and broader software

industry. In finalizing the amounts of the FY12 annual equity awards, the Compensation Committee considered our Chief Executive Officer's recommendations, the burn rate of the executive grants, and the degree to which those amounts are aligned with our retention goals.

On occasion, the Compensation Committee makes additional grants of equity awards for the purpose of encouraging certain executives and other individuals to remain with our company. In situations where management determines that additional grants of equity awards are necessary or appropriate for our continued success, recommendations are made by the Chief Executive Officer to the Compensation Committee, typically after consulting with its external compensation consultant. Retention awards include vesting provisions that are designed to encourage recipients to maintain their employment with us and these provisions may differ from our standard vesting schedules.

401(k) Plan

We currently provide a non-elective contribution under our 401(k) plan. All employees who participate in our 401(k) plan, including our named executive officers, receive a discretionary matching contribution, depending upon the employee's length of service with the company and the employee's contribution level. This contribution is approved by the Compensation Committee. In past years, due to limitations imposed on 401(k) matching to higher-paid individuals under federal tax law, a portion of the contributions that otherwise would have been received by certain employees, including the named executive officers, was instead paid directly to them in cash. In FY12, the Compensation Committee eliminated this practice.

Other Benefits

We believe that establishing competitive benefit packages for our employees is an important factor in attracting and retaining highly qualified personnel. The named executive officers are eligible to participate in all of our health and insurance plans, in each case on the same basis as other employees. In addition, our stock purchase plan is available to all employees other than employees, if any, who hold 5% or more of our common stock.

Severance and Change in Control Benefits

In December 2009, we adopted company-wide severance guidelines applicable to our employees in the United States in connection with the undertaking of a large reduction in force. These guidelines provide for severance and other benefits to be paid to employees who are involuntarily terminated from our employment, with the precise amount of severance determined based on position and seniority. Former members of our executive management team have received severance and other benefits in accordance with these guidelines, which were approved by the Compensation Committee.

Currently, the severance guidelines applicable to our executive management team provide upon involuntary termination for the payment of severance of twelve months of total target cash compensation as of the date of termination and twelve months of acceleration of unvested stock options and RSUs. Receipt of these severance payments and benefits is subject to the execution of our standard form of separation and release agreement, which includes a non-competition clause. Although subject to change in the sole discretion of the Compensation Committee, we expect that these severance guidelines will continue to apply to involuntary terminations of executive officers, including the named executive officers in the future. These severance guidelines, however, will not apply in the event that the executive officer is entitled to severance under a specific agreement between the executive officer and our company.

We entered into Executive Employment Agreements with each of Messrs. Pead and Bhatt upon their respective appointment as Chief Executive Officer. These agreements provide Messrs. Pead and Bhatt with certain payments and benefits upon an involuntary termination of employment. See "Executive Compensation-Severance and Change in Control Agreements."

In December 2011, we entered into executive severance agreements with our executive officers, including Messrs. Wagner and Goodson. In October 2012, we extended the recipients of these executive severance agreements to include other direct reports of Mr. Bhatt, including Ms. Cruz and Messrs. Zupsic and Aquilina. The Compensation Committee approved these agreements, following consultation with Radford, in order to retain our executive officers and other key management personnel during periods of CEO transition.

These executive severance agreements provide each executive officer with certain payments and benefits upon an involuntary termination of employment. The terms of the executive severance agreements generally reflect the severance and benefits payable to executive officers under the company-wide severance guidelines described above except that these agreements provide for twenty-four months of equity acceleration. Each executive severance agreement will expire on September 1, 2013. Upon expiration of the executive severance agreements, the executive officers will thereafter be subject to the severance plan, if any, then applicable to direct reports of the Chief Executive Officer. See "Executive Compensation-Severance and Change in Control Agreements."

We have also entered into an Employee Retention and Motivation Agreement with each of the named executive officers. Each agreement provides for certain payments and benefits upon a change in control of our company and/or certain involuntary terminations of employment thereafter. Our Board of Directors determined that it is in the best interests of our company and its shareholders to assure that we will have the continued dedication and objectivity of

our key employees, despite the possibility, threat or occurrence of a change in control of the company. These agreements are described below. See “Executive Compensation -Severance and Change in Control Agreements.” The Compensation Committee periodically reviews these agreements to determine if these agreements should be maintained. For 2012, the Compensation Committee reviewed current market practices and the terms of the agreements with its external compensation consultant and determined that such agreements and their terms were substantially consistent with the practices of our peer companies. As a result of its review, the Compensation Committee decided that it was appropriate to maintain the agreements.

The Compensation Committee believes that these agreements are important motivational and retention tools because, in a time of increased consolidation in our industry and increased competition for executive talent, they provide a measure of earnings security by offering income protection in the form of severance and continued benefits if the executive is terminated without cause, economic protection for the executive's family if the executive becomes disabled or dies, and additional protections in connection with a change in control of our company.

Analysis of Compensation Decisions for 2012

The target total direct compensation established for each of the named executive officers (other than Mr. Pead who was a non-employee member of our Board of Directors at the time compensation decisions for FY12 were made) is set forth in the table below.

2012 Target Compensation

⁽¹⁾ Represents the grant date fair value of PSUs, which is equal to the number of PSUs granted at target performance multiplied by the closing price of our stock on the grant date. See the "Grants of Plan-Based Awards Table" for further detail regarding these awards.

⁽²⁾ Represents the grant date fair value of RSUs and options on the date of grant. The grant date fair value of RSUs is equal to the number of RSUs granted multiplied by the closing price of our stock on the grant date. The grant date fair value of our options is equal to the number of shares subject to the option multiplied by the fair value of our options on the date of grant determined using the Black-Scholes option valuation model. The methodology and assumptions used to calculate the Black-Scholes value of our options are described in Note 12 of the consolidated financial statements contained in our Annual Report on Form 10-K for the fiscal year ended November 30, 2012.

See the "Grants of Plan-Based Awards Table" for further detail regarding these awards.

Overall Considerations

Considerations for Mr. Pead

On October 8, 2012, our Board of Directors appointed Mr. Pead to the position of Executive Chairman in connection with the announcement that Mr. Bhatt would be voluntarily terminating his employment as our Chief Executive Officer in December 2012. On November 2, 2012, Mr. Pead was named Interim Chief Executive Officer and Mr. Bhatt's employment terminated.

In connection with Mr. Pead's appointment as Executive Chairman and Interim Chief Executive Officer, we and Mr. Pead entered into a letter agreement setting forth the terms of Mr. Pead's compensation as Executive Chairman and Interim Chief Executive Officer. For the period from October 8, 2012 until November 2, 2012, Mr. Pead was paid a base salary of \$10,000 per month in cash. In addition, for each month in which Mr. Pead served as Executive Chairman, Mr. Pead was entitled to receive RSUs having a value equal to \$10,000, which RSUs would vest in two equal installments over one year.

From and after November 2, 2012 until December 7, 2012, the date of his appointment as President and Chief Executive Officer, Mr. Pead was paid a monthly base salary of \$25,000 in cash. In addition, Mr. Pead was entitled to receive RSUs having a value equal to \$25,000 for each month in which Mr. Pead served as Interim Chief Executive Officer, which RSUs would vest in two equal installments over one year. In January 2013, Mr. Pead was issued 1,480

RSUs, with such RSUs having an aggregate value equal to \$35,000, reflecting the aggregate amount he was entitled to for his service as Executive Chairman and Interim Chief Executive Officer from October 8, 2012 until December 7, 2012.

The foregoing compensation was in lieu of any other compensation to which Mr. Pead would otherwise be entitled as a member of the Board of Directors during his term as Executive Chairman.

The compensation set forth in Mr. Pead's employment letter agreement and described above was the result of arms length negotiations with Mr. Pead and was determined based on Mr. Pead's responsibilities as Executive Chairman and Interim

Chief Executive Officer and market data provided by Radford. Mr. Pead's employment letter was approved by our Board of Directors and Compensation Committee after consultation with Radford.

Upon Mr. Pead's appointment as President and Chief Executive Officer in December 2012, we and Mr. Pead entered into an employment agreement which replaced and superseded the letter agreement described above. See "Executive Compensation-Severance and Change in Control Agreements" for a description of Mr. Pead's employment agreement.

Considerations for Mr. Bhatt
Mr. Bhatt became our Chief Executive Officer on December 5, 2011. The terms of Mr. Bhatt's compensation were determined by the employment agreement we entered into with him in November 2011. Pursuant to this employment agreement, Mr. Bhatt's base salary was set at \$700,000 and his target bonus was set at 150% of his base salary. Mr. Bhatt also received a new hire equity award of 900,000 stock options and 200,000 RSUs, which was issued in December 2011. At the request of the Compensation Committee, we consulted with Radford in determining the compensation to be paid to Mr. Bhatt and the Board of Directors and the Compensation Committee approved the terms of Mr. Bhatt's employment agreement.

Between March 22, 2012 and July 16, 2012, Mr. Bhatt served as Acting Chief Financial Officer. Mr. Bhatt received no additional compensation in connection with his service as Acting Chief Financial Officer.

On October 8, 2012, Mr. Bhatt announced that he was voluntarily terminating his employment with our company effective in December 2012. At the request of our Board of Directors, Mr. Bhatt resigned as Chief Executive Officer on November 2, 2012. Mr. Bhatt did not receive any severance or any portion of his target bonus compensation in connection with his termination of employment and the portion of his new hire equity award that had not yet vested as of that date was forfeited.

Considerations for Ms. Cruz

Ms. Cruz became our Chief Financial Officer on July 16, 2012. The terms of Ms. Cruz's compensation were determined by the employment letter we entered into with her in July 2012 in connection with her joining our company. Pursuant to this employment letter, Ms. Cruz's base salary was set at \$350,000 and her target bonus was set at \$275,000. Ms. Cruz also received a new hire equity award of 115,000 RSUs, which was issued in July 2012. At the request of the Compensation Committee, we consulted with Radford in determining the compensation to be paid to Ms. Cruz and the Compensation Committee approved the terms of Ms. Cruz's employment letter.

In December 2012, Ms. Cruz announced that she was retiring as Chief Financial Officer effective February 1, 2013 and that her employment with our company would terminate on April 1, 2013. Ms. Cruz will not receive any severance in connection with her termination of employment and the portion of her new hire equity award that has not yet vested on the date of her termination of employment will be forfeited.

Considerations for Mr. Wagner

Mr. Wagner became our Chief Financial Officer on November 15, 2010. The terms of Mr. Wagner's initial compensation were determined by the employment letter we entered into with him in October 2010 in connection with his joining our company. Pursuant to this employment letter, Mr. Wagner was paid a base salary of \$400,000 and his target bonus was set at \$250,000. Mr. Wagner also received a new hire equity award of 180,000 stock options and 48,000 RSUs, which was issued in November 2010.

In March 2011, Mr. Wagner's base salary was increased to \$450,000 and his target bonus was increased to \$300,000. Mr. Wagner's compensation for FY12 was not changed prior to his termination of employment as Mr. Wagner's base salary and target bonus were determined to be consistent with the target range relative to our compensation peer group for his position.

On March 22, 2012, Mr. Wagner's employment with our company terminated. In connection with his termination of his employment, we amended the Executive Severance Agreement we previously entered into with Mr. Wagner to reduce the amount of his equity that accelerated in connection with his termination. Under this amended agreement, we accelerated 58,810 unvested stock options and 30,999 unvested restricted stock units that would have vested during the next thirteen months. Except for this change, the severance and other benefits we provided Mr. Wagner were substantially in accordance with the terms of his Executive Severance Agreement. See "Executive Compensation-Severance and Change in Control Agreements."

Considerations for Mr. Zupsic

Mr. Zupsic became our Senior Vice President, Global Field Operations on April 2, 2012. The terms of Mr. Zupsic's initial compensation were determined by the employment letter we entered into with him in connection with his joining our company. Pursuant to this employment letter, Mr. Zupsic's base salary was set at \$350,000 and his target bonus was set at \$300,000. Mr. Zupsic also received a new hire equity award of 100,000 RSUs and 15,000 PSUs, which was issued in May 2012. At the request of the Compensation Committee, we consulted with Radford in determining the compensation to be paid to Mr. Zupsic and the Compensation Committee approved the terms of Mr. Zupsic's employment letter.

Considerations for Mr. Aquilina

Mr. Aquilina became our Senior Vice President, Strategy and Corporate Development on January 9, 2012. The terms of Mr. Aquilina's initial compensation were determined by the employment letter we entered into with him in connection with his joining our company. Pursuant to this employment letter, Mr. Aquilina's base salary was set at \$315,000 and his target bonus was set at \$157,500. Mr. Aquilina also received a cash signing bonus of \$75,000. Mr. Aquilina also received a new hire equity award of 40,000 stock options and 16,000 RSUs, which was issued in January 2012.

In May 2012, Mr. Aquilina was granted 16,250 RSUs and 8,750 PSUs under our FY12 annual equity program. Typically, recipients of new hire awards are not eligible for an annual equity award during the year in which they join our company. However, in the case of Mr. Aquilina, it was determined that he should receive an annual equity award in light of the critical role he would play during FY12 in the execution of our new strategic plan.

In addition, upon the recommendation of Mr. Bhatt, our Compensation Committee authorized a special equity award of 6,000 RSUs to Mr. Aquilina. This award was made in recognition of Mr. Aquilina's efforts in connection with the formulation of our new strategic plan. These special RSUs vest on June 1, 2013, subject to continued employment.

Considerations for Mr. Goodson

We evaluated Mr. Goodson's 2012 target compensation against our compensation peer group and our other officers to determine whether any changes should be made to his target compensation. Although Mr. Goodson's total target compensation was within our target range relative to our compensation peer group for his position, the Compensation Committee determined that the mix of compensation between base salary and target bonus should be modified to better reflect our compensation peer group for his position. As a result, Mr. Goodson's base salary was increased from \$305,000 to \$320,000 and his target bonus was decreased from \$195,000 to \$190,000.

In May 2012, Mr. Goodson was granted 16,250 RSUs and 8,750 PSUs under our FY12 annual equity program. In addition, upon the recommendation of Mr. Bhatt, our Compensation Committee authorized a special equity award of 4,000 RSUs to Mr. Goodson. This award was made in recognition of Mr. Goodson's efforts in connection with the formulation of our new strategic plan. These special RSUs vest on June 1, 2013, subject to continued employment.

The FY12 Performance-Based Compensation Structure and Criteria

Our FY12 incentive compensation plans were designed to motivate our executive officers toward the achievement of our overall business goals during 2012. These business goals were designed to create and deliver value to our shareholders over the long term. For FY12, our annual performance-based incentives were a cash bonus plan and performance-based equity awards (PSUs).

In March 2012, the Compensation Committee formally approved the design of the FY12 Annual Bonus and Equity Plan. For FY12, the Compensation Committee adopted two plan metrics, both of which would be utilized to determine funding under the cash bonus plan and the PSUs. These two plan metrics were total corporate revenue and total non-GAAP operating income, with each metric receiving equal weight. These two metrics were in line with our corporate goal of growing revenue while increasing operating profit margins.

Non-GAAP operating income differs from operating income determined under GAAP by excluding amortization of acquired intangibles, stock-based compensation, purchase accounting adjustments related to deferred revenue, and restructuring and transition expense and acquisition-related expenses. We use non-GAAP measures to make operational and investment decisions because we believe the costs and expenses that we exclude from GAAP operating income are not tied to our core results. For these reasons, we use non-GAAP operating income as a performance goal.

The Compensation Committee also determined that once the funding of the cash bonus plan had been established, the delivery of bonuses to participants in the plan (other than the CEO) would be tied to an individual's overall performance using documented performance ratings. The cash bonus to be paid to the CEO would be based entirely on the achievement under the two plan metrics. The PSUs to be issued to all recipients would be based entirely on the achievement under the two plan metrics.

The Compensation Committee did not determine the specific targets applicable to the plan metrics at that time. In March 2012, we announced that our Board of Directors and management were then conducting a comprehensive evaluation of our operations and business plan and that we intended to announce our new strategic direction in late

April 2012. Because the Board of Directors and management expected significant changes to our business plan, which would likely include the divestiture of certain product lines, the Compensation Committee deferred the establishment of specific targets applicable to the plan metrics until we had adopted a new business plan.

In April 2012, we announced our new strategic plan, which included the planned divestitures of ten product lines that were not considered core to our new plan. We also undertook a restructuring of our internal organization and the way we manage our business. As part of this restructuring, we changed our internal and external reporting to reflect two segments, our core

segment, consisting of those product lines we considered core to our new strategic plan, and non-core, consisting of those products to be divested. Until this restructuring was completed, we could not complete our business plan and budget for the balance of FY12.

In May 2012, upon the recommendation of management, the Compensation Committee determined that funding under the corporate bonus plan would be guaranteed at 75%, with the funding of the remaining 25% to be determined by achievement under the two financial metrics. The Compensation Committee made this decision because of the disruption caused by the announcement of our new strategic plan and the impact of the announced divestitures of the non-core product lines, which resulted in employee turnover and customer uncertainty. The actual payout of bonuses under the plan would still be determined by reference to individual performance (except in the case of the CEO). Funding of the PSUs would not be guaranteed and would be determined entirely by achievement under the two financial metrics.

In July 2012, our Board of Directors approved a new business plan and budget for our core operations and, in connection with the new plan and budget, the Compensation Committee approved the specific targets applicable to the financial metrics. In setting the specific targets, the Compensation Committee weighted performance within our core operations during the second half of FY12 at 100%.

The 2012 Annual Performance-Based Compensation Criteria and Achievement

The tables below show:

- the performance criteria for the 2012 annual bonus plan and PSU awards; and
- in each case, the extent to which the performance criteria were achieved and performance-based incentives were earned.

Annual Bonus Plan and Performance-Based Equity Criteria and Achievement. As noted above, funding under the FY12 bonus plan was guaranteed at 75%, with the remaining 25% funding subject to the metrics and targets set by the Compensation Committee. As shown in the table below, neither the non-guaranteed portion of the bonus nor any portion of the PSUs would be earned unless the threshold of \$143.2 million in second-half core revenue and \$33.6 million in second-half non-GAAP core operating income was achieved, at which point 50% of the non-guaranteed portion of the bonus and 50% of the PSUs would be earned. Thereafter, up to the remaining 50% of the non-guaranteed bonus portion and 50% of the PSUs could be earned based on the extent to which second-half core revenue between the threshold of \$143.2 million and the target of \$179 million and the second-half non-core operating income between the threshold of \$33.6 million and the target of \$42 million were achieved. Additional amounts could be earned to the extent of overachievement.

FY12 Performance-Based Annual Bonus Plan and PSUs Criteria and Achievement

Metrics/Achievement	Threshold (50% earned)	Target (100% earned)	Maximum (200% earned)	Actual Achievement	Actual Achievement %	Payout %
Corp. Revenue for FY12 H2	\$143.2 million	\$179 million	\$214.8 million	\$171.5 million	96%	90%
Non-GAAP Operating Income for FY12 H2	\$33.6 million	\$42 million	\$50.4 million	\$48 million	114%	171%
Average					105%	130% ⁽¹⁾

(1) Payout percentage applies to the 25% non-guaranteed portion of the bonus under the FY12 corporate bonus plan. Amounts Earned under the FY12 Corporate Bonus Plan. As shown in the table above, the achievement percentage within the two metrics was 105%, which equates to a funding percentage for the 25% non-guaranteed portion of 130%. We then blended the funding percentage for the non-guaranteed portion with the 75% guaranteed portion, which resulted in an aggregate funding percentage of 108%.

The actual bonus percentages applicable to Ms. Cruz, Mr. Zupsic, Mr. Aquilina and Mr. Goodson were then determined based on individual performance evaluations given by Mr. Pead, with the recommended bonus amounts then approved by the Compensation Committee.

The table below shows the amount earned by each named executive officer under the FY12 Corporate Bonus Plan. Corporate Bonus Plan Amounts Earned for 2012

Executive Officer	Target Bonus	Eligible Bonus @ 105% Funding	Percentage of Eligible Bonus Earned	Actual Bonus
Philip M. Pead ⁽¹⁾	\$—	\$—	—	% \$—
Jay H. Bhatt ⁽²⁾	1,050,000	—	—	—
Melissa H. Cruz ⁽³⁾	275,000	111,477	100	111,477
Charles F. Wagner, Jr. ⁽⁴⁾	300,000	100,307	100	100,307
Andrew E. Zupsic ⁽⁵⁾	300,000	214,816	100	214,816
Antonio J. Aquilina ⁽⁶⁾	157,500	151,925	125	189,906
John P. Goodson	190,000	205,200	125	256,500

(1) Mr. Pead was not eligible for a bonus under the FY12 Corporate Bonus Plan.

(2) Mr. Bhatt voluntarily terminated his employment on November 2, 2012 and, as a result, was not eligible for a bonus under the FY12 Corporate Bonus Plan.

(3) Ms. Cruz's bonus was pro-rated from her employment commencement date of July 16, 2012.

In accordance with his executive severance agreement, Mr. Wagner received a pro-rata amount of his target bonus (4) for FY12 based on the number of days he was employed prior to his employment termination date of March 22, 2012.

(5) Mr. Zupsic's bonus was pro-rated from his employment commencement date of April 2, 2012.

(6) Mr. Aquilina's bonus was pro-rated from his employment commencement date of January 9, 2012.

PSUs Earned by the Executives for FY12. No portion of the PSUs was guaranteed and the achievement percentage within the two financial metrics of 105% was utilized to determine the number of PSUs earned. The 105% achievement percentage equated to a 125% payout of PSUs. The table below shows the number of PSUs issued as annual performance-based equity. One-third of the PSUs earned vest on April 1, 2013, subject to continued employment, and the remaining two-thirds vest over two years in substantially equal installments beginning in October 2013.

Performance-Based Annual Equity Earned for 2012

Executive Officer	Target PSUs	PSUs Earned at 125%	Value of PSUs Earned ⁽²⁾
Philip M. Pead ⁽¹⁾	—	—	\$—
Jay Bhatt ⁽¹⁾	—	—	—
Melissa H. Cruz ⁽¹⁾	—	—	—
Charles F. Wagner, Jr. ⁽¹⁾	—	—	—
Andrew E. Zupsic	15,000	18,750	373,688
Antonio J. Aquilina	8,750	10,938	217,994
John P. Goodson	8,750	10,938	217,994

(1) Mr. Pead, Mr. Bhatt, Ms. Cruz and Mr. Wagner were not eligible to receive PSUs in FY12.

(2) The value of the PSUs earned was determined by multiplying the PSUs earned by \$19.93, the closing price on the grant date.

Timing of Equity Grants

We do not time grants either to take advantage of a depressed stock price or in anticipation of an increase in stock price and have limited the amount of discretion that can be exercised in connection with the timing of awards. We generally make awards only on pre-determined dates to ensure that awards cannot be timed to take advantage of material non-public information.

Equity awards may be made only by the Compensation Committee. The Compensation Committee makes awards only at Committee meetings and generally does not make awards in trading blackout periods (the period encompassing ten

days prior to the end of each fiscal quarter through 48 hours after the earnings for that quarter are announced).

Tax and Accounting Implications

Deductibility of Executive Compensation. Section 162(m) of the Internal Revenue Code places a limit of \$1 million on the amount of compensation that public companies may deduct in any one year with respect to certain of their named executive officers. Certain performance-based compensation approved by shareholders is not subject to this deduction limit. The Compensation Committee's strategy in this regard is to be cost and tax effective. Therefore, the Compensation Committee intends to preserve corporate tax deductions, while maintaining the flexibility in the future to approve arrangements that it

deems to be in our best interests and the best interests of our shareholders, even if such arrangements do not always qualify for full tax deductibility.

Section 409A of the Internal Revenue Code. Section 409A of the Internal Revenue Code imposes additional significant taxes in the event that an executive officer, director or service provider receives “deferred compensation” that does not satisfy the requirements of Section 409A. Our severance and change in control agreements described below, including the Employee Retention and Motivation Agreements we entered into with our named executive officers, contain provisions that are intended to either avoid the application of Section 409A or, to the extent doing so is not possible, comply with the applicable Section 409A requirements. The Compensation Committee has the sole discretion to change the severance guidelines applicable to executive officers to the extent necessary to avoid the application of Section 409A or comply with applicable Section 409A requirements.

Accounting for Stock-Based Compensation. Stock-based compensation expense reflects the fair value of stock-based awards measured at the grant date and recognized over the relevant service period. We estimate the fair value of each stock-based award on the measurement date using either the current market price or the Black-Scholes option valuation model.

Compensation Committee Report

This report is submitted by the Compensation Committee of our Board of Directors. The Compensation Committee has reviewed the Compensation Discussion and Analysis included in this Form 10-K/A and discussed it with management. Based on that review and discussions, the Compensation Committee has recommended to our Board of Directors that the Compensation Discussion and Analysis be included in this Form 10-K/A.

No portion of this Compensation Committee Report shall be deemed to be incorporated by reference into any filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, through any general statement incorporating by reference in its entirety the Form 10-K/A in which this report appears, except to the extent that the company specifically incorporates this report or a portion of it by reference. In addition, this report shall not be deemed filed under either the Securities Act or the Exchange Act.

Respectfully submitted by the Compensation Committee,

David A. Krall, Chairman

John R. Egan

Charles F. Kane

Compensation Committee Interlocks and Insider Participation

The members of our Compensation Committee during FY12 were Messrs. Egan, Krall, Kane (from October 2012), and Pead (until October 2012). Messrs. Egan, Krall and Kane are not nor have they ever been an officer or employee of our company or of any of its subsidiaries, or had any relationship with us requiring disclosure in this Form 10-K/A. Mr. Pead stepped down from his position on the Compensation Committee effective upon his appointment as our Executive Chairman. There are no compensation committee interlocks amongst any of our directors.

Analysis of Risk Associated with Our Compensation Plans

In setting compensation, the Compensation Committee considers the risks to our shareholders and to the achievement of our goals that may be inherent in the compensation plans and programs for all employees, including our executives. When evaluating our executive compensation program, the Compensation Committee considers whether the program is based on the appropriate philosophy, benchmarked against the appropriate peer group and balanced between long and short-term performance targets, company and individual performance. Although a significant portion of our executives' compensation is performance-based and “at-risk,” we believe our compensation plans and programs are appropriately structured so as not to encourage our employees to take excessive or unreasonable risks.

We considered the following elements of our compensation plans and policies when evaluating whether such plans and policies are structured to encourage our employees to take unreasonable risks:

Compensation consists of both fixed and variable components. The fixed portion (i.e., base salary) and variable portion (i.e., performance-based bonus and equity awards) provide a mix of compensation intended to produce corporate performance without encouraging excessive risks.

• We set performance goals that we believe are reasonable in light of past performance and market conditions.

•

We use consistent corporate performance metrics from year-to-year rather than changing the metric to take advantage of changing market conditions.

• Our short-term incentive plans are capped as to the maximum potential payout, which we believe mitigates excessive risk taking by limiting bonus payments even if we dramatically exceed the performance targets.

We use a combination of PSUs and RSUs for equity awards because RSUs retain value even in a depressed market, which makes our executives less likely to take unreasonable risks to earn PSU awards or get, or keep, stock options “in-the-money.”

The time-based vesting for RSUs (including a portion of PSU awards earned) ensures that our executives' interests align with those of our shareholders for the long-term performance of our company.

Assuming achievement of at least a minimum level of performance, payouts under our performance-based plans result in some compensation at levels below full target achievement, rather than an “all-or-nothing” approach.

In accordance with our written stock option grant policy, all equity grants must occur at a meeting of the Compensation Committee and management has no authority to issue equity.

The Compensation Committee retains and does not delegate any of its power to determine matters of executive compensation and benefits.

We maintain a system of controls and procedures designed to ensure that amounts are earned and paid in accordance with our plans and programs.

In accordance with our written stock option grant policy, we have appointed an Options Executive, who is responsible for ensuring that we comply with applicable laws, regulations and accounting standards related to the granting of equity-based compensation, and that our policies, procedures and equity compensation plans are followed. Our Options Executive reports quarterly to the Compensation Committee.

We do not allow our executives and directors to hedge their exposure to ownership of, or interest in, our stock. We also do not allow them to engage in speculative transactions with respect to our stock.

Summary of Executive Compensation

The following table sets forth certain information with respect to compensation for the fiscal years ended November 30, 2012, 2011 and 2010, earned by:

The three individuals who served as Chief Executive Officer during fiscal 2012: Mr. Pead, who served as our Interim Chief Executive Officer from November 2, 2012 until the end of fiscal 2012; Mr. Bhatt, who served as our (a) Chief Executive Officer from December 5, 2011 until November 2, 2012; and Mr. Reidy, who served as our Chief Executive Officer for the first five days of fiscal 2012.

The two individuals who served as Chief Financial Officer during fiscal 2012: Ms. Cruz, who served as our Chief Financial Officer from July 16, 2012 until the end of fiscal 2012; and Mr. Wagner, who served as our Chief (b) Financial Officer from the beginning of fiscal 2012 until March 22, 2012. Between March 22, 2012 and July 16, 2012, Mr. Bhatt served as Acting Chief Financial Officer. Mr. Bhatt received no additional compensation in connection with his service as Acting Chief Financial Officer.

Mr. Zupsic, Mr. Aquilina, and Mr. Goodson, who were our three other most highly compensated executive (c) officers, although Messrs. Aquilina and Goodson were not serving in executive officer capacities at the end of fiscal 2012.

We refer to these individuals collectively as our named executive officers.

As described above in “Compensation Discussion and Analysis” and reflected in the Summary Compensation Table below, we pay our named executive officers a mix of cash and equity compensation.

Cash Compensation. We paid our named executive officers a base salary and cash bonus compensation under a non-equity incentive plan.

Equity Compensation. We made annual equity awards to the named executive officers consisting of RSUs and PSUs. Certain named executive officers who were hired in 2012 also received stock options as a portion of their “new hire” award. Stock options had an exercise price equal to the closing price of our stock on the date of grant and vest in monthly increments over four years. The amounts shown in the “Option Awards” column reflect the grant date fair value calculated using the Black-Scholes model. RSUs and PSUs convert to shares of our common stock upon vesting. Generally, RSUs vest in six equal installments over three years beginning six months after issuance. To the extent that PSUs are earned, those units are subject to subsequent time-based vesting (one-third vests upon determination of achievement of the performance goals established for that year and one-third in each of the next two years if the executive remains employed on the vesting date). The amounts shown in the “Stock Awards” column reflect the grant date fair value (which was the stock price on the date of grant) with respect to the RSUs and PSUs at target

performance.

Other Forms of Compensation. We do not provide our named executive officers with pensions or the ability to defer compensation. Amounts shown in the “All Other Compensation” column reflect the contribution under our 401(k) plan and certain other items described in the footnotes below.

Represents the grant date fair value of options on the date of grant. The grant date fair value of our options is equal to the number of shares subject to the option multiplied by the fair value of our options on the date of grant determined using the Black-Scholes option valuation model. The methodology and assumptions used to calculate (2) the Black-Scholes value of our options are described in Note 12 of the consolidated financial statements contained in our Annual Report on Form 10-K for the fiscal year ended November 30, 2012. See the “Grants of Plan-Based Awards Table” for further detail regarding these awards.

The amounts listed reflect the amounts earned under our corporate bonus plan as described in “Compensation Discussion and Analysis” in this Form 10-K/A. For all individuals, bonus payments were accrued in the year (3) indicated and paid in the succeeding fiscal year. Thus, the 2012 bonus amounts were paid in fiscal year 2013, the 2011 bonus amounts were paid in fiscal year 2012 and the 2010 bonus amounts were paid in fiscal year 2011.

(4) Amounts listed in this column for 2012 include:

From and after the date of his appointment as Executive Chairman, Mr. Pead was no longer eligible to receive compensation (5) paid to our non-employee directors. Prior to his appointment, for the period from December 1, 2011 until the date of his appointment as Executive Chairman, Mr. Pead received the compensation described in the section of this 10-K/A entitled, “Director Compensation.” The amounts shown in the Summary Compensation Table above do not include amounts Mr. Pead received as a non-employee director.

December 5, 2011, upon the appointment of Mr. Bhatt as our new Chief Executive Officer, Mr. Reidy resigned as our Chief Executive Officer and, on December 9, 2011, his employment with our company terminated. The amount shown in the Summary Compensation Table under “All Other Compensation” applicable to Mr. Reidy is severance paid to him pursuant to the terms of the severance agreement we previously entered into with Mr. Reidy. See “Severance and Change in Control Agreements.” Of the amount shown in the Summary Compensation Table under “Option Awards” applicable to Mr. Reidy in 2011, approximately \$584,000 represents the fair value associated with extending the post-termination exercise period applicable to Mr. Reidy’s vested stock options from 90 days to 15 months.

(8) Ms. Cruz became our Chief Financial Officer on July 16, 2012. The amounts shown for Ms. Cruz in 2012 are base salary and non-equity incentive plan compensation for the period from July 16, 2012 until November 30, 2012.

Mr. Wagner became our Chief Financial Officer on November 15, 2010. The amounts shown for Mr. Wagner in 2010 are base salary and non-equity incentive plan compensation for the period of November 15, 2010 until November 30, 2010. On March 22, 2012, Mr. Wagner's employment with our company terminated. The amount shown in the Summary Compensation Table under "All Other Compensation" applicable to Mr. Wagner includes severance paid to him pursuant to the terms of the severance agreement we previously entered into with Mr. Wagner. See "Severance and Change in Control Agreements."

On April 2, 2012, Mr. Zupsic became our Senior Vice President, Global Field Operations. The amounts shown for Mr. Zupsic are base salary and non-equity incentive plan compensation for the period of April 2, 2012 until November 30, 2012.

Mr. Aquilina became Senior Vice President, Strategy and Corporate Development on January 9, 2012. The amounts shown for Mr. Aquilina in 2012 are base salary and non-equity incentive plan compensation for the period of January 9, 2012 until November 30, 2012. The amount shown for Mr. Aquilina under the "Bonus" column includes a new hire signing bonus of \$75,000 in connection with his commencement of employment and a special one-time cash bonus of \$35,000 paid to Mr. Aquilina in November 2012 in connection with the completion of substantially all of the divestitures of the non-core product lines.

The amount shown for Mr. Goodson under the "Bonus" column for 2011 includes a special \$100,000 cash retention bonus he was awarded in March 2011, the receipt of which was subject to the condition that he remained employed with our company until January 2012. This bonus was paid in January 2012.

(1) These columns indicate the range of payouts targeted for fiscal year 2012 performance under our corporate bonus plan as described in “Compensation Discussion and Analysis” in this Form 10-K/A. The actual payout with respect to fiscal year 2012 for each named executive officer is shown in the Summary Compensation Table in the column titled “Non-Equity Incentive Plan Compensation.”

(2) These columns indicate the range of payouts with respect to PSUs subject to subsequent time-based restrictions. These PSUs could be earned only to the extent the established criteria were met.

(3) Except as described in the next sentence, represents RSUs that vest, so long as the executive continues to be employed with us, in six equal installments beginning six months after date of issuance. With respect to Messrs. Aquilina and Goodson, 6,000 and 4,000 RSUs, respectively, vest on June 1, 2013, so long as they continue to be employed with us on that date. In all cases, dividends are not payable on unvested RSUs.

(4) Represents stock options that become exercisable, so long as the executive continues to be employed with us, in equal monthly installments over four years. These options had exercise prices equal to the closing price per share of our common stock on the date of grant.

(5) The grant date fair value of our options is equal to the number of shares subject to the option multiplied by the fair value of our

options on the date of grant determined by using the Black-Scholes option valuation model. The Black-Scholes value of our options on December 5, 2011 and January 16, 2012 was \$5.72 and \$5.09, respectively. The methodology and assumptions used to calculate the Black-Scholes value of our options are described in Note 12 of the consolidated financial statements contained in our Annual Report on Form 10-K for the fiscal year ended November 30, 2012.

(6) Represents the grant date fair value of the award, which is equal to the number of RSUs granted multiplied by the closing price of our stock on the grant date. The closing prices of our stock on December 5, 2011 and July 16, 2012 were \$21.08 and \$19.34, respectively. Because the NASDAQ Global Select Market was closed for trading on May 28, 2012, we utilized the closing price on May 29, 2012 of \$19.93 for purposes of determining the grant date fair value of the awards issued on that date. For PSUs, the value determined at the grant date assumes that the award will be earned in full at target performance.

(7) The Board of Directors approved the terms of Mr. Bhatt's compensation, including his annual target bonus, on November 15, 2011, subject to his commencing employment on December 5, 2011. The Compensation Committee approved Mr. Bhatt's new hire award of stock options and RSUs on November 15, 2011, subject to his commencing employment on December 5, 2011.

Non-Equity Incentive Plan Awards

Our corporate bonus plan is designed to grant annual cash bonuses based on our financial results for the fiscal year. For more information about our annual bonus plan, see the discussion under "Compensation Discussion and Analysis."

Equity Incentive Plan Awards

The awards made pursuant to the PSUs were granted under our FY12 corporate bonus and equity plan. The PSUs provide for vesting in April 2013 (with respect to 33% of such units that have been earned) with the remainder vesting in equal installments every six months over two years. For more information about the terms of the PSUs, see the discussion under "Compensation Discussion and Analysis."

Stock Awards

The RSUs were granted under our FY12 corporate bonus and equity plan. The RSUs provide for vesting in equal installments every six months over three years, subject to continued employment.

Option Exercises and Stock Vested

The following table sets forth certain information regarding the number of stock options exercised and RSUs that vested in the fiscal year ended November 30, 2012 under our equity incentive plans and the corresponding amounts realized by the named executive officers. The value realized on exercise for stock option awards is calculated as the difference between the closing prices of our common stock on the NASDAQ Global Select Market on the exercise date and the exercise price of the applicable stock option award. The value realized on vesting for RSUs is calculated as the product of the number of shares subject to the RSUs that vested and the closing price of our common stock on the NASDAQ Global Select Market on the vesting date.

Severance and Change in Control Agreements

We have agreements with, or guidelines applicable to, our executive officers that provide the benefits described below in connection with certain terminations of employment or a change in control of our company.

Mr. Pead's Executive Employment Agreement

In connection with his appointment as our President and Chief Executive Officer, we and Mr. Pead entered into an employment agreement, effective as of December 7, 2012, setting forth Mr. Pead's compensation and certain other terms. Mr. Pead's employment agreement provides that in the event that his employment is terminated as a result of an "involuntary termination," he will be entitled to:

- the payment of cash severance equal to 18 months of total target cash compensation as of the date of termination, which will be paid over 18 months;
- the continuation, for a period of 18 months, of benefits that are substantially equivalent to the benefits (medical, dental, vision and life insurance) that were in effect immediately prior to termination; and
- 18 months of acceleration of unvested stock options and RSUs.

Receipt of the severance and benefits is subject to the execution of a standard separation and release agreement.

Separation payments upon any involuntary termination within twelve months following a change in control would be governed by the Employee Retention and Motivation Agreement described below and not by Mr. Pead's employment agreement.

An "involuntary termination" is defined in the employment agreement as a termination of employment by us other than for cause, disability or death or a termination by Mr. Pead as a result of certain events occurring without his consent such as an assignment to him of duties, a significant reduction of his duties, either of which is materially inconsistent with his position prior to the assignment or reduction, or the removal of Mr. Pead from that position, a material reduction in Mr. Pead's base salary or target bonus, a relocation of Mr. Pead to a facility or location more than fifty miles from his then present location or a material breach of the employment agreement by us.

Mr. Pead's employment agreement also includes non-competition and related covenants. The non-competition covenant will be in effect for the duration of the period in which severance and other benefits are paid. The non-competition covenant relates to certain businesses with similar product areas and activities as our company.

Mr. Pead's Employee Retention and Motivation Agreement

We and Mr. Pead have also entered into an Employee Retention and Motivation Agreement ("Pead ERMA"), which provides certain compensation and benefits if his employment is involuntarily terminated within 12 months of a change in control of our company. If an involuntary termination of Mr. Pead's employment occurs under other circumstances, the severance terms of his employment agreement, as described above, would control and not the Pead ERMA.

Change in Control Benefits. Under the Pead ERMA, upon a change in control of our company, Mr. Pead would be entitled to:

- the payment of his annual target cash bonus on a pro-rata basis with respect to the elapsed part of the relevant fiscal year; and
 - accelerated vesting in full of all unvested stock options and RSUs, unless the acquirer assumes all such options and restricted equity. If such outstanding stock options and shares of restricted equity held by Mr. Pead are continued by us or assumed by our successor entity, then vesting will continue in its usual course.
- Involuntary Termination Following Change in Control.** In the event of an involuntary termination within twelve (12) months following a change in control, Mr. Pead would be entitled to:
- the payment of cash severance equal to 18 months of total target cash compensation as of the date of termination, which will be paid over 18 months;
 - the continuation, for a period of 18 months, of benefits that are substantially equivalent to the benefits (medical, dental, vision and life insurance) that were in effect immediately prior to termination; and
 - accelerated vesting in full of all unvested stock options and RSUs.

In the event that any amounts provided for under the Pead ERMA or otherwise payable to Mr. Pead would constitute "parachute payments" within the meaning of Section 280G of the Internal Revenue Code and be subject to the related

excise tax, Mr. Pead would be entitled to receive either full payment of the benefits under the agreement or such lesser amount which would

result in no portion of the benefits being subject to the excise tax, whichever results in the greatest amount of after-tax benefits to Mr. Pead.

Mr. Bhatt's Executive Employment Agreement

In connection with his appointment as our President and Chief Executive Officer, Mr. Bhatt entered into an employment agreement, setting forth Mr. Bhatt's compensation and certain other terms. Pursuant to this employment agreement, in the event that Mr. Bhatt's employment was involuntarily terminated, he was eligible to receive:

- the payment of cash severance equal to 12 months of total target cash compensation as of the date of termination, which would have been paid over 12 months;
- the continuation, for a period of 12 months, of benefits that were substantially equivalent to the benefits (medical, dental, vision and life insurance) that were in effect immediately prior to termination; and
- 12 months of acceleration of unvested stock options and RSUs.

The definition of involuntary termination in Mr. Bhatt's employment agreement is substantially identical to the definition included in Mr. Pead's employment agreement as described above.

If the involuntary termination had occurred within 12 months of Mr. Bhatt's commencing employment, Mr. Bhatt would have been entitled to the severance and benefits described above for 24 months. In all cases, receipt of the severance and benefits was subject to the execution of a separation and release agreement. Separation payments upon any involuntary termination of Mr. Bhatt's employment within twelve months following a change in control would have been governed by the Employee Retention and Motivation Agreement described below and not by Mr. Bhatt's employment agreement.

Mr. Bhatt's employment agreement also includes non-competition and related covenants. The non-competition covenant would have been in effect for the duration of the period in which severance and other benefits are paid.

On November 2, 2012, Mr. Bhatt voluntarily resigned as our President and Chief Executive Officer and, in connection with his termination of employment, Mr. Bhatt's employment agreement terminated without the payment of severance or any other benefits.

Mr. Bhatt's Employee Retention and Motivation Agreement

We also entered into an Employee Retention and Motivation Agreement with Mr. Bhatt ("Bhatt ERMA"), which provided certain compensation and benefits if his employment was involuntarily terminated within 12 months of a change in control of our company. If an involuntary termination of Mr. Bhatt's employment had occurred under other circumstances, the severance terms of his employment agreement would have controlled and not the Bhatt ERMA. The terms of the Bhatt ERMA were substantially identical to the terms of the Pead ERMA described above. Upon termination of Mr. Bhatt's employment on November 2, 2012, Mr. Bhatt's ERMA automatically terminated.

Mr. Reidy's Amended Severance Agreement

On August 1, 2011, we announced that Mr. Reidy would leave our company when his successor was named. In connection with the announcement of Mr. Reidy's departure, we and Mr. Reidy entered into an amendment to his existing Severance Agreement, dated as of October 13, 2009. This severance agreement provided Mr. Reidy with various payments and benefits upon a termination of Mr. Reidy's employment with the Company.

The amendment provided that Mr. Reidy's employment as Chief Executive Officer would terminate and that such termination of employment would entitle Mr. Reidy to the payments and benefits set forth in the severance agreement. However, at our request, Mr. Reidy agreed to remain as our Chief Executive Officer until the date Mr. Reidy's replacement commenced employment. Jay H. Bhatt, Mr. Reidy's replacement, commenced employment on December 5, 2011 and Mr. Reidy resigned as President and Chief Executive Officer on that date.

The amendment further provided that in consideration for Mr. Reidy's agreement to remain with us until his replacement commenced employment, upon termination of employment, we extended the period of time following the termination of Mr. Reidy's employment during which he may exercise vested stock options by twelve months so that he would have a total of fifteen months following termination of employment during which to exercise his vested stock options. In no event, however, would this extended exercise period go beyond the original expiration date of any stock option. This extended exercise period would not have applied if Mr. Reidy had voluntarily terminated his employment prior to February 29, 2012.

Mr. Reidy's severance agreement provided that upon the termination of Mr. Reidy's employment and the execution by Mr. Reidy of a standard release of claims, Mr. Reidy was entitled to receive twenty-four months of his total target compensation, which would be paid out monthly over a twenty-four month period. Mr. Reidy's benefits in effect as of the date of the termination (such as medical, dental, vision and life insurance) would also continue for twenty-four months. In addition, any

unvested options and restricted equity held by Mr. Reidy as of the date of the termination that would have vested during the two-year period following such date if Mr. Reidy had remained employed, automatically vested. The severance agreement also includes non-competition, non-disparagement and related covenants. The non-competition covenant will be in effect for two years following the termination of Mr. Reidy's employment.

Mr. Reidy's Amended Executive Retention and Motivation Agreement

On October 13, 2009, we and Mr. Reidy also entered into the Amended Executive Retention and Motivation Agreement (ERMA). Under the Amended ERMA, Mr. Reidy was entitled to various payments and benefits upon a change in control of our company and upon an involuntary termination of Mr. Reidy's employment by us within twelve months after the change in control. Upon termination of Mr. Reidy's employment on December 9, 2011, Mr. Reidy's Amended ERMA automatically terminated.

Executive Severance Agreements

In December 2011, we entered into Executive Severance Agreements with our executive officers, including Messrs. Wagner and Goodson. In October 2012, we expanded the recipients of these executive severance agreements to include other direct reports of Mr. Bhatt, including Ms. Cruz and Messrs. Zupsic and Aquilina. These executive severance agreements provide each executive officer with certain payments and benefits upon an involuntary termination of employment. These executive severance agreements contain essentially identical terms. The definition of involuntary termination in these executive severance agreements is substantially identical to the definition included in Mr. Pead's employment agreement.

Each executive severance agreement provides that upon an involuntary termination and the execution of a standard release of claims, such executive officer will be entitled to:

- the payment of cash severance equal to twelve months of total target cash compensation as of the date of termination, which will be paid over twelve months;
- the continuation, for a period of twelve months, of benefits that are substantially equivalent to the benefits (medical, dental and vision) that were in effect immediately prior to termination; and
- twenty-four months of acceleration of unvested stock options and RSUs.

Severance payments and benefits upon any involuntary termination within twelve months following a change in control would be governed by the Employee Retention and Motivation Agreement described below.

Each executive severance agreement also includes non-competition, non-disparagement and related covenants. The non-competition covenant will be in effect for one year following the termination of employment.

Each executive severance agreement will expire on September 1, 2013. Upon expiration of the executive severance agreements, the executive officers will thereafter be subject to the severance plan, if any, then applicable to members of our Executive Committee upon an involuntary termination.

The terms of the executive severance agreements generally reflect the severance and benefits payable to executive officers under the company-wide severance guidelines we previously adopted, except that the acceleration of vesting of stock options and restricted stock units is 12 months under those guidelines.

Mr. Wagner's Amended Executive Severance Agreement

On March 23, 2012, Mr. Wagner's employment terminated and, in connection with an amendment to his executive severance agreement we entered into with Mr. Wagner upon termination, the vesting of all stock options that would have otherwise vested during the thirteen months following the date of termination and the vesting of 30,999 RSUs were accelerated. The severance and other benefits provided to Mr. Wagner upon his termination of employment are as set forth in his executive severance agreement, as described above.

Other Employee Retention and Motivation Agreements

In addition to the agreement with Mr. Pead, we have entered into an ERMA with each of the other named executive officers. Each agreement is substantially identical to the Pead ERMA except that upon the involuntary termination of the executive officer within twelve months following a change of control, the executive officer will be entitled to receive a lump sum payment equal to fifteen months of his total target compensation and his benefits will continue for fifteen months.

Estimate of Severance and Change in Control Benefits

The following table indicates the estimated payments and benefits that Mr. Pead, Ms. Cruz and each of Messrs. Zupsic, Aquilina and Goodson would have received under their respective executive severance agreement and ERMA assuming that the change of control of our company and/or termination of his or her employment occurred at November 30, 2012. For purposes of

the table below, the payments and benefits payable to Mr. Pead have been calculated assuming that Mr. Pead had entered into his employment agreement and ERMA as Chief Executive Officer as of November 30, 2012. Mr. Bhatt's employment terminated on November 2, 2012 and he was not paid any severance or other amounts under his employment agreement as a result of his termination of employment. Mr. Wagner's employment terminated on March 22, 2012 and he received the severance and other benefits provided under his amended executive employment agreement described above.

These amounts are estimates only and do not necessarily reflect the actual amounts that would be paid to the named executive officer, which would only be known at the time that he or she becomes entitled to such payment.

The amounts shown in the first column, with respect to stock options and RSUs, represent the value of certain (1) unvested options and RSUs becoming fully vested and are calculated using the exercise price for each unvested stock option and the closing price of our common stock on November 30, 2012, which was \$20.11.

In the event of a change of control, there is no accelerated vesting of options or RSUs provided that the acquirer assumes all existing, outstanding stock options and RSUs of the individual. These tables have been prepared under that assumption. However, if the acquirer does not assume all existing, outstanding stock options and RSUs of the (2) individual, all unvested stock options and RSUs become fully vested and the value indicated in the third column would apply upon a change of control. The amounts shown in the third column are calculated using the exercise price for each unvested stock option and the closing price of our common stock on November 30, 2012, which was \$20.11.

(3) Represents the estimated value (based on the cost as of November 30, 2012) of continuing benefits (medical, dental and vision) for:

• eighteen months in the case of an involuntary termination of Mr. Pead's employment other than in connection with a change in control;

• twelve months in the case of an involuntary termination of employment of Ms. Cruz and Messrs. Zupsic, Aquilina and Goodson, other than in connection with a change in control; and

• fifteen months, in the case of the third column.

(4) In December 2012, Ms. Cruz announced that she was retiring as Chief Financial Officer effective February 1, 2013 and that her employment with our company would terminate on April 1, 2013. Ms. Cruz will not receive any severance or other benefits in connection with her termination of employment.

Director Compensation

We pay our directors a mix of cash and equity compensation. Employee directors receive no compensation for their service as directors.

For fiscal year 2012, our non-employee directors were paid an annual retainer of \$275,000. This annual retainer was paid \$75,000 in cash and \$200,000 in equity (with the equity paid in the form of RSUs or stock options, at the election of the individual director). The non-executive Chairman of the Board was paid an additional cash retainer of \$37,500. The number of option shares was determined by dividing the compensation amount by the grant date Black-Scholes value. The number of restricted stock units was determined by dividing the compensation amount by the grant date closing price of our common stock as reported by NASDAQ. Upon grant, the options and restricted stock units vested on December 1, 2012.

With respect to service on the committees of our Board of Directors, the following fees were paid:

• Audit Committee - \$25,000 for the Chairman and \$20,000 for the other members;

• Compensation Committee - \$20,000 for the Chairman and \$15,000 for the other members;

• Nominating and Corporate Governance Committee - \$12,500 for the Chairman and \$10,000 for the other members.

The fiscal 2012 director compensation was paid to our non-employee directors in one installment on May 28, 2012.

In April 2010, our Board of Directors adopted revised stock retention guidelines for non-employee directors.

These guidelines provide for all non-employee directors to hold at least 7,500 shares of our common stock and/or deferred stock units. Directors have five years to attain this ownership threshold.

Each newly elected director receives an initial director appointment grant of \$300,000 of option equivalent shares at the first April or October grant date following his or her election to our Board of Directors. This initial grant may be received in the form of options, deferred stock units or a combination of the two. The split between options and deferred stock units is determined by each director individually by written election made prior to the newly elected director's appointment to our Board of Directors. The election will be expressed as a percentage of the initial director appointment grant (e.g., 50% in options and 50% in deferred stock units) and may consist of all options, all deferred stock units or any combination thereof. Options and deferred stock units awarded to new directors vest over a 48-month period, beginning on the first day of the month following the month the director joins our Board of Directors, with full acceleration of vesting upon a change in control.

Director Compensation Table – Fiscal Year 2012

The following table sets forth a summary of the compensation earned by or paid to our non-employee directors in fiscal year 2012.

Name	Fees Earned or Paid in Cash (\$)	Stock Awards (1)(2) (\$)	Option Awards (3)(4) (\$)	Total (\$)
Barry N. Bycoff	\$75,000	\$199,998	\$—	\$274,998
John R. Egan	110,000	100,009	99,971	309,980
Ram Gupta	87,500	199,998	—	287,498
Charles F. Kane	100,000	199,998	—	299,998
David A. Krall	95,000	199,998	—	294,998
Michael L. Mark	142,500	—	199,947	342,447
Philip M. Pead (5)	100,000	199,998	—	299,998

(1) Represents RSUs issued to the named directors electing to receive RSUs in the following amounts:

Name	Total RSUs Granted in FY2012
Mr. Bycoff	10,035
Mr. Egan	5,018
Mr. Gupta	10,035
Mr. Kane	10,035
Mr. Krall	10,035
Mr. Mark	—
Mr. Pead	10,035

The RSUs to the named directors in the table above vested on December 1, 2012.

(2) Represents the grant date fair value of RSUs granted on May 28, 2012. The grant date fair value is equal to the number of restricted stock units granted multiplied by the closing price on the date of grant. Because the NASDAQ Global Select Market was closed for trading on May 28, 2012, we utilized the closing price on May 29, 2012 of \$19.93 for purposes of determining the grant date fair value of the RSUs issued on that date.

(3) Mr. Mark elected to receive the equity compensation portion of his annual retainer in the form of stock options. As a result, Mr. Mark was granted an option to purchase 36,969 shares of our common stock with an exercise price of \$19.93 on May 28, 2012, which became fully exercisable on December 1, 2012. The aggregate grant date fair value of these options was approximately \$200,000.

Mr. Egan elected to receive 50% of the equity compensation portion of his annual retainer in the form of stock options. As a result, Mr. Egan was granted an option to purchase 18,484 shares of our common stock with an exercise price of \$19.93 on May 28, 2012, which became fully exercisable on December 1, 2012. The aggregate grant date fair value of these options was approximately \$100,000. Mr. Egan also elected to receive 50% of the equity compensation portion of his annual retainer in the form of RSUs. As a result, Mr. Egan was granted 5,018 RSUs, which vested on December 1, 2012. The grant date fair value of these RSUs was approximately \$100,000.

Each non-employee director had the following unexercised stock options outstanding at November 30, 2012:

Name	Unexercised Stock Options Outstanding at November 30, 2012
Mr. Bycoff	72,378

Mr. Egan	50,130
Mr. Gupta	8,125
Mr. Kane	56,705
Mr. Krall	51,503
Mr. Mark	235,738

Represents grant date fair value of options granted on May 28, 2012. The grant date fair value of our options is equal to the number of shares subject to the option by the fair value of our options on the date of grant determined by using the Black-Scholes option valuation model. The Black-Scholes value of our options on May 28, 2012 was (4) \$5.41. The methodology and assumptions used to calculate the Black-Scholes value of our options are described in Note 12 of the consolidated financial statements contained in our Annual Report on Form 10-K for the fiscal year ended November 30, 2012.

In October 2012, Mr. Pead became Executive Chairman and in November 2012, Mr. Pead added the title of Interim Chief Executive Officer. Prior to the date he became Interim Chief Executive Officer, Mr. Pead received a base salary in the amount of \$10,000 per month in cash. From and after the date he became Interim Chief Executive Officer, Mr. Pead's base salary was increased to \$25,000 per month. In addition, Mr. Pead was issued 1,480 RSUs in January, 2013, having a value equal to \$35,000. None of the compensation paid to Mr. Pead in connection with his service as Executive Chairman or Interim Chief Executive Officer is reflected in the Director Compensation Table above.

Item 13. Certain Relationships and Related Transactions, and Director Independence Review, Approval or Ratification of Transactions with Related Persons

Pursuant to the Audit Committee Charter, which can be found at www.progress.com under the Corporate Governance page located on the “About Progress/Who We Are” page, the Audit Committee is responsible for the review and approval of related person transactions. A related person is a director, executive officer, nominee for director or certain shareholders of our company since the beginning of the last fiscal year and their respective immediate family members. A related person transaction is a transaction involving: (1) our company and any related person when the amount involved exceeds \$120,000, and (2) the related person has a material direct or indirect interest.

We identify transactions for review and approval through our Code of Conduct which can be found at www.progress.com. under the Corporate Governance page located on the “About Progress/Who We Are” page. The Code of Conduct requires our employees to disclose any potential or actual conflicts of interest to his or her manager, our human resources department or our Chief Compliance Officer. Independence of Members of our Board of Directors

Our Board of Directors has determined that all of our current directors except Mr. Bycoff (who was our Executive Chairman until April 2011) and Mr. Pead (our current President and Chief Executive Officer) are independent within the meaning of the director independence standards of NASDAQ and the applicable rules of the SEC. In making this determination, our Board solicited information from each of the directors regarding whether that director, or any member of his immediate family, had a direct or indirect material interest in any transactions involving our company, was involved in a debt relationship with our company or received personal benefits outside the scope of the director's normal compensation. Our Board of Directors considered the responses of the directors, and independently considered the commercial agreements, acquisitions and other material transactions entered into by us during fiscal year 2012, and determined that none of our non-employee directors had a material interest in those transactions.
