PROXY STATEMENT

INTRODUCTION

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors (the "Board") of SL Industries, Inc., a New Jersey corporation (the "Company") of proxies in the accompanying form to be used at the Annual Meeting of Shareholders of the Company to be held on May 17, 2006, and any adjournment or postponement thereof (the "Meeting"). This Proxy Statement, the accompanying form of proxy and the Company's Annual Report for the fiscal year ended December 31, 2005 (the "2005 Annual Report") are being mailed to shareholders on or about April 17, 2006. The shares represented by the proxies received pursuant to the solicitation made hereby and not revoked will be voted at the Meeting.

MEETING OF SHAREHOLDERS

The Meeting will be held at the Warwick Hotel, 65 West 54th Street, New York, New York, on May 17, 2006, at 10:00 A.M., Eastern Time.

RECORD DATE AND VOTING

The Board of Directors fixed the close of business on April 3, 2006, as the record date (the "Record Date") for the determination of holders of outstanding shares of the Company entitled to notice of and to vote on all matters presented at the Meeting. Such shareholders will be entitled to one vote for each share

Edgar Filing: SL INDUSTRIES INC - Form DEF 14A

held on each matter submitted to a vote at the Meeting. On the Record Date, there were 5,614,696 shares of the Company's common stock, \$.20 par value per share (the "Common Stock"), issued and outstanding, each of which is entitled to one vote on each matter to be voted upon.

PURPOSES OF THE MEETING

The purposes of the Meeting are to vote upon (i) the election of seven (7) directors until the next annual meeting in 2007, or until their successors have been elected and qualified; (ii) the ratification of Grant Thornton LLP as the Company's independent auditors for the fiscal year ending December 31, 2006; and (iii) such other business as may properly come before the Meeting.

QUORUM AND REQUIRED VOTE

Under the By-Laws of the Company, the presence of a quorum is required for each matter to be acted upon at the Meeting. The presence, either in person or by properly executed proxy, of the holders of a majority of the outstanding shares of Common Stock is necessary to constitute a quorum for the purpose of acting on the matters referred to in the Notice of Annual Meeting of

Shareholders accompanying this Proxy Statement and any other proposals that may properly come before the Meeting. Broker non-votes and abstentions will be counted only for the purpose of determining whether a quorum is present at the Meeting. Broker non-votes occur when a broker returns a proxy but does not have the authority to vote on a particular proposal.

The director nominees receiving a plurality of the votes cast during the Meeting will be elected to fill the seats of the Board. For the other proposal to be approved, the favorable vote of a majority of shares present and entitled to vote thereon is required. Abstentions count for quorum purposes and will have the same effect as a vote against the other proposal.

PROXIES

The Board requests your proxy. Giving the Board your proxy means you authorize it to vote your shares at the Meeting in the manner you direct. You may vote for all, some or none of the director nominees. You may also vote for or against the other proposal or abstain from voting.

On the matters coming before the Meeting as to which a choice has been specified by a shareholder by means of the ballot on the proxy, the shares will be voted accordingly. If no choice is so specified, the shares will be voted (i) FOR the election of the nominees for director listed in this Proxy Statement, and (ii) FOR the ratification of Grant Thornton LLP as the Company's independent auditors, all as referred to in Items 1 and 2, respectively, in the Notice of Annual Meeting of Shareholders and as described in this Proxy Statement.

The form of proxy accompanying this Proxy Statement confers discretionary authority upon the named proxy holders with respect to amendments or variations to the matters identified in the accompanying Notice of Annual Meeting of Shareholders and with respect to any other matters which may properly come before the Meeting. As of the date of this Proxy Statement, management of the Company knows of no such amendment or variation or of any matters expected to come before the Meeting which are not referred to in the accompanying Notice of Annual Meeting of Shareholders.

A shareholder who has given a proxy may revoke it by voting in person at the Meeting, by giving written notice of revocation to the Secretary of the Company or by giving a later dated proxy at any time before voting.

Edgar Filing: SL INDUSTRIES INC - Form DEF 14A

Only holders of Common Stock, their proxy holders, and the Company's invited guests may attend the Meeting. If you wish to attend the Meeting in person but you hold your shares through someone else, such as a stockbroker, you must bring proof of your ownership and identification with a photo at the Meeting. For example, you could bring an account statement showing that you beneficially owned shares of the Common Stock as of April 3, 2006 as acceptable proof of ownership.

COSTS OF SOLICITATION

The Company will bear the cost of printing and mailing proxy materials, including the reasonable expenses of brokerage firms and others for forwarding the proxy materials to beneficial owners of Common Stock. In addition to solicitation by mail, solicitation may be made by certain directors, officers and employees of the Company, or firms specializing in

2

solicitation; and may be made in person or by telephone or telegraph. No additional compensation will be paid to any director, officer or employee of the Company for such solicitation. The Company has retained Innisfree M&A, Inc. to assist the Company in the solicitation of proxies for a fee of \$6,500, plus expenses.

ITEM 1: ELECTION OF DIRECTORS

The adequacy of the charter has been reviewed and assessed by the Audit Committee on an annual basis. The members of the Audit Committee are Avrum Gray, James A. Risher and J. Dwane Baumgardner. The Company certifies that it has and will continue to have an Audit Committee of at least three members, each of whom meets the criteria for being "independent" set forth under Section 121(A) of the listing standards of the AMEX. In addition, the Board has determined that Avrum Gray, the Chairman of the Audit Committee and a non-management director, is an audit committee financial expert serving on the Audit Committee. The primary purpose of the Audit Committee is to assist the Board in fulfilling its responsibility to oversee the Company's financial reporting activities. The Audit Committee annually selects independent public accountants to serve as auditors of the Company's books, records and accounts, reviews the scope of the audits performed by such auditors and the audit reports prepared by them and reviews and monitors the Company's internal accounting procedures. A report from the Audit Committee is also included in this Proxy Statement. See Audit Committee Report. NOMINATING AND CORPORATE GOVERNANCE COMMITTEE

The Nominating and Corporate Governance Committee recommends criteria for service as a director, reviews candidates and recommends appropriate governance practices and compensation for directors. The Nominating and Corporate Governance Committee has adopted a written charter, which is available on the Company's website at www.slindustries.com. The members of the Nominating and Corporate Governance Committee are Mark E. Schwarz, Avrum Gray and J. Dwane Baumgardner. Each member of the Nominating and Corporate Governance Committee meets the criteria for being "independent" set forth under Section 121(A) of the listing standards of the AMEX. Edgar Filing: SL INDUSTRIES INC - Form DEF 14A

written consent once.

The Nominating and Corporate Governance Committee considers and makes recommendations to the Board with respect to the size and composition of the Board and identifies potential

7

candidates to serve as directors, to the extent there are vacancies on the Board. The Nominating and Corporate Governance Committee considers recommendations for director nominees from a wide variety of sources, including members of the Board, business contacts, community leaders, third-party advisory services and members of management. The Nominating and Corporate Governance Committee also considers shareholder recommendations for director nominees that are properly received in accordance with the Company's By-laws, and applicable rules and regulations of the Securities and Exchange Commission (the "SEC"). The Nominating and Corporate Governance Committee does not evaluate director candidates recommended by shareholders differently than director candidates recommended by other sources.

In considering Board candidates, members of the Nominating and Corporate Governance Committee take into consideration all factors that it deems appropriate, including, but not limited to, the individual's character, education, experience, knowledge and skills. The Nominating and Corporate Governance Committee will also consider the extent of the individual's experience in business, education or public service, his or her ability to bring a desired range of skills, diverse perspectives and experience to the Board and whether the individual possesses high ethical standards, a strong sense of professionalism and is capable of serving the interests of shareholders. In addition to reviewing a candidate's background and accomplishments, candidates for director nominees are reviewed in the context of the current composition of the Board and the evolving needs of the Company's businesses. It is the policy of the Board that at all times at least a majority of its members meet the standards of independence promulgated by the AMEX and the SEC. Additionally, the Nominating and Corporate Governance Committee will consider the number of boards on which the candidate already serves when assessing whether the candidate has the appropriate time to devote to service on the Board.

Shareholders wishing to bring a nomination for a director candidate prior to a shareholders meeting must give written notice to David R. Nuzzo, Secretary, SL Industries, Inc., 520 Fellowship Road, Suite A-114, Mt. Laurel, New Jersey 08054, either by personal delivery or by United States mail, postage prepaid. The shareholder's notice must be received by the Secretary not later than the close of business on the 120th calendar day prior to the anniversary date on which notice of the prior year's annual meeting was first mailed to shareholders. The shareholder's written notice to the Secretary shall set forth (i) as to each person whom the shareholder proposes to nominate for election or reelection as a director, all information relating to such person that is required to be disclosed in solicitations of proxies for election of directors, or is otherwise required, in each case pursuant to Regulation 14A under the Exchange Act, including such person's written consent to being named in the proxy statement as a nominee and to serving as a director if elected; and (ii) as to the shareholder giving the notice and the beneficial owner, if any, on whose behalf the nomination is made, the name and address of such shareholder, as they appear on the Company's books; and of such beneficial owner, (a) the class and number of shares of the Common Stock that are owned beneficially and of record by such shareholder and such beneficial owner; and (b) a representation that the shareholder is a holder of record of shares of the Common Stock and intends to appear in person or by proxy at the meeting to

Edgar Filing: SL INDUSTRIES INC - Form DEF 14A

propose such business.

The Nominating and Corporate Governance Committee initially evaluates a prospective nominee on the basis of his or her resume and other background information that has been made available to the Committee. A member of the Nominating and Corporate Governance Committee will

8

contact for further review those candidates who the Committee believes are qualified, who may fulfill a specific Board need, and who would otherwise best make a contribution to the Board. If, after further discussions with the candidate, and other further review and consideration as necessary, the Nominating and Corporate Governance Committee believes that it has identified a qualified candidate, it will make a recommendation to the Board.

Except as set forth above, the Nominating and Corporate Governance Committee does not have a formal policy regarding the handling or consideration of director candidate recommendations received from a shareholder, or a formal process for identifying and evaluating nominees for directors (including nominees recommended by shareholders).

CODE OF CONDUCT AND ETHICS

The Company has adopted a code of conduct and ethics (the "Code") that applies to all of its directors, officers and employees. The Code is reasonably designed to deter wrongdoing and to promote (i) honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships, (ii) full, fair, accurate, timely and understandable disclosure in reports and documents filed with, or submitted to, the SEC and in other public communications made by the Company, (iii) compliance with applicable governmental laws, rules and regulations, (iv) the prompt internal reporting of violations of the Code to appropriate persons identified in the Code, and (v) accountability for adherence to the Code. Amendments to the Code and any grant of a waiver from a provision of the Code requiring disclosure under applicable SEC rules will be disclosed on the Company's website at www.slindustries.com.

LONG-TERM INCENTIVE PLANS-AWARDS IN LAST FISCAL YEAR

The Company did not grant awards to any of its executive officers under any long-term incentive plans during the fiscal year ended December 31, 2005.

In May 2005, the Compensation Committee of the Board of Directors of the Company adopted the 2005 Bonus Plan (the "Bonus Plan") to provide incentives to officers and members of management of the Company and its subsidiaries, including certain of the Company's executive officers, in the form of cash bonus payments for achieving certain performance goals established for them. Participants in the Bonus Plan who are executive officers of the Company include James C. Taylor, President and Chief Executive Officer of the Company and David R. Nuzzo, Vice President and Chief Financial Officer of the Company.

The Bonus Plan includes two components. The first component is a Short Term Incentive Plan ("STIP"), and the second component is a Long Term Incentive Plan ("LTIP"). The structure of the Bonus Plan is designed to provide incentives to participants for achieving annual targets, while also motivating and rewarding eligible participants for achieving longer term growth goals.

Short Term Incentive Plan. The Compensation Committee has established two components for the STIP, a quantitative component based on a return on invested capital ("ROIC") and a qualitative component based on the achievement of pre-determined individual objectives. Based on the determination of the objectives under the two components, the annual STIP bonus earned by a participant ranges from 20% to 45% of his or her base salary, but may exceed such range in

the event that ROIC exceeds the Company's plan. STIP bonuses earned are paid annually. No STIP bonus will be paid if either component is below a predetermined threshold.

Long Term Incentive Plan. The LTIP component of the Bonus Plan is based on a combination of the achievement of certain sales targets and ROIC targets over the three fiscal years beginning in 2005. Based on the determination of these objectives, the annual LTIP bonus that may be earned by a participant ranges from 10% to 55% of his or her base salary, but may exceed such range in the event that ROIC exceeds the Company's plan. LTIP bonuses earned will be paid following the conclusion of the 2007 fiscal year. A bonus payout under the LTIP will not occur if either the ROIC or sales component is below 80% of the respective target.

Under the Bonus Plan, the total bonus that may be earned by the President and Chief Executive Officer of the Company is 100% of his base salary and the total bonus that may be earned by the Vice President and Chief Financial Officer of the Company is 50% of his base salary, however, each bonus may exceed the applicable percentage in the event that ROIC exceeds the Company's plan.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

None of the committee members have ever been officers or employees of the Company, or ever had any relationship requiring disclosure below under the caption "Certain Relationships and Related Transactions."

BOARD COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board is responsible for the establishment of the level and manner of compensation of the Company's executive officers (including its Named Executive Officers). In addition, the Compensation Committee seeks to ensure that sound compensation policies and practices exist and are being followed. At the end of fiscal year 2005, the members of the Compensation Committee were James A. Risher (Chairman), Mark E. Schwarz and Avrum Gray, each of whom are non-employee directors of the Company.

The following describes the Compensation Committee's compensation policies applicable to its executive officers (including its Named Executive Officers), including the relationship of corporate performance to executive compensation, with respect to compensation reported for the last fiscal year.

The Compensation Committee believes that executive compensation should be linked to value delivered to shareholders. The Company's compensation programs have been designed to provide a correlation between the financial success of the

Edgar Filing: SL INDUSTRIES INC - Form DEF 14A

executive and the shareholders. Both long and short-term incentives are intended to align the interests of executives and shareholders and to reward the executive for building value within the Company.

The functions of the Compensation Committee are to oversee general compensation policies for the Company's employees, to review and approve compensation packages annually for the Company's executive officers and subsidiary presidents, and to approve cash incentive programs for all subsidiaries. The Company seeks to provide executive compensation that will support the achievement of the Company's financial goals, while attracting and retaining talented executives and rewarding superior performance. In performing this function, the Compensation Committee reviews executive compensation surveys, the compensation levels of executive officers of companies in competing businesses and in the Company's geographic markets, and recommendations by Mr. Taylor, the Company's Chief Executive Officer and President. The Compensation Committee may also from time to time consult with independent compensation consultants and others.

The Committee's current philosophy is to balance short-term performance of executives with achievement of long-range strategic goals resulting in continuously improving shareholder value, and to engender and preserve a sense of fairness and equity among employees, shareholders, and customers. In keeping with that philosophy, it has set the following objectives: (i) to link a significant portion of annual compensation directly to operating performance; (ii) to promote achievement of the Company's long-term strategic goals and objectives; (iii) to align the interest of Company executives with long-term shareholder interest; (iv) to align the interest of Company employees with long-term shareholder interest; and (v) to attract, retain, and motivate executives critical to the Company's long-term success.

20

The Company's executive compensation program consists of base salary and a cash bonus incentive, which is provided through a short-term incentive plan, or STIP, and a long-term incentive plan, or LTIP. The structure of the bonus plan is designed to provide incentives to participants for achieving annual targets, while also motivating and rewarding eligible participants for achieving longer term growth goals. The Compensation Committee has established two components for the STIP, a quantitative component based on return on invested capital ("ROIC") and a qualitative component based on the achievement of pre-determined individual objectives. Based on the determination of the objectives under the two components, the bonus that may be earned by the participants ranges from 20% to 45% of base salary, but may exceed such range in the event that ROIC exceeds the Company's plan. STIP bonuses earned are paid annually. No STIP bonus will be paid if either component is below a predetermined threshold. The LTIP component of the Bonus Plan is based on a combination of the achievement of certain sales targets and ROIC targets over the three fiscal years beginning in 2005. Based on the determination of these objectives, the bonus that may be earned by the participants ranges from 10% to 55% of base salary, but may exceed such range in the event that ROIC exceeds the Company's plan. LTIP bonuses earned will be paid following the conclusion of the 2007 fiscal year. A bonus payout under the LTIP will not occur if either the ROIC or sales component is below 80% of the respective target.

Under the bonus plan, the total bonus that may be earned by the President and Chief Executive Officer of the Company is 100% of his base salary and the total bonus that may be earned by the Vice President and Chief Financial Officer of the Company is 50% of his base salary, although the bonus of each such person may exceed such range under certain circumstances. At the present time, the

Edgar Filing: SL INDUSTRIES INC - Form DEF 14A

Company does not have any option plans in effect. Along with all other employees, executives also participate in one of the Company's defined contribution pension plans. Salary levels of executive officers are reviewed annually by the Compensation Committee. In order to align the interests of executive officers with long-term shareholder interest, bonus payments are awarded only if Company performance targets are met, or if the Compensation Committee believes there are special circumstances. If the Company performance targets are met, bonus payments are based on the achievement of such targets and the achievement of individual performance goals, including certain non-financial performance measurements such as improvements in productivity, improvement of product quality, development and introduction of new products, and relationships with customers.

In 2005, James C. Taylor, the Company's President and Chief Executive Officer, earned a bonus payment of \$120,712, and David R. Nuzzo, the Company's Vice President, Chief Financial Officer, Treasurer and Secretary earned a bonus payment of \$50,147.

No specific weight or relative importance was assigned to the various qualitative factors and compensation information considered by the Compensation Committee. Accordingly, the Company's compensation policies and practices may be deemed subjective, within an overall published framework based on both the financial and non-financial factors.

21

In the past, the Compensation Committee has provided long term incentive compensation in the form of stock options, where appropriate, as compensation for its executive officers. In determining whether individual stock option grants were made, the Compensation Committee evaluated each participant's job responsibilities and performance during the last completed year, as well as the perceived potential that the individual has in contributing to the success of the Company.

In discharging its responsibility for oversight of the audit process, the Audit Committee obtained from the independent auditors, Grant Thornton LLP, a formal written statement describing any relationships between the auditors and the Company that might bear on the auditors' independence consistent with the Independent Standards Board Standard No. 1, "Independence Discussions with Audit Committees," and discussed with the auditors any relationships that might impact the auditors' objectivity and independence and satisfied itself as to the auditors' independence.

The Committee discussed and reviewed with the independent auditors the communications required by generally accepted auditing standards, including those described in Statement on Auditing Standards No. 61, as amended, "Communication with Audit Committees" and discussed and reviewed the results of the independent auditors' examination of the financial statements for the fiscal year ended December 31, 2005.

The Committee reviewed the audited financial statements of the Company as of and for the fiscal year ended December 31, 2005, with management and the independent auditors. Management has the responsibility for preparation of the Company's financial statements and the independent auditors have the responsibility for examination of those statements.

Based upon the above-mentioned review and discussions with management and the independent auditors, the Committee recommended to the Board that the Company's audited financial statements be included in its Annual Report on Form 10-K for the fiscal year ended December 31, 2005, for filing with the SEC.
