Cautionary Statements Regarding Forward-Looking Information

This document contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Forward-looking statements are typically identified by words or phrases such as may, believe. forecast, and other words and terms of similar me estimate, expect, project, intend. plan, target, Forward-looking statements involve estimates, expectations, projections, goals, forecasts, assumptions, risks and uncertainties. Duke Energy and Progress Energy caution readers that any forward-looking statement is not a guarantee of future performance and that actual results could differ materially from those contained in the forward-looking statement. Such forward-looking statements include, but are not limited to, statements about the benefits of the proposed merger involving Duke Energy and Progress Energy, including future financial and operating results, Duke Energy s or Progress Energy s plans, objectives, expectations and intentions, the expected timing of completion of the transaction, and other statements that are not historical facts. Important factors that could cause actual results to differ materially from those indicated by such forward-looking statements include risks and uncertainties relating to: the ability to obtain the requisite Duke Energy and Progress Energy shareholder approvals; the risk that Progress Energy or Duke Energy may be unable to obtain governmental and regulatory approvals required for the merger, or required governmental and regulatory approvals may delay the merger or result in the imposition of conditions that could cause the parties to abandon the merger; the risk that a condition to closing of the merger may not be satisfied; the timing to consummate the proposed merger; the risk that the businesses will not be integrated successfully; the risk that the cost savings and any other synergies from the transaction may not be fully realized or may take longer to realize than expected; disruption from the transaction making it more difficult to maintain relationships with customers, employees or suppliers; the diversion of management time on merger-related issues; general worldwide economic conditions and related uncertainties; the effect of changes in governmental regulations; and other factors discussed or referred to in the "Risk Factors" section of each of Duke Energy's and Progress Energy's most recent Annual Report on Form 10-K filed with the Securities and Exchange Commission. These risks, as well as other risks associated with the merger, will be more fully discussed in the joint proxy statement/prospectus that will be included in the Registration Statement on Form S-4 that will be filed with the SEC in connection with the merger. Additional risks and uncertainties are identified and discussed in Progress Energy s and Duke Energy s reports filed with the SEC and available at the SEC s website at www.sec.gov. Each forward-looking statement speaks only as of the date of the particular statement and neither Duke Energy nor Progress Energy undertakes any obligation to update or revise its forward-looking statements, whether as a result of new information, future events or otherwise.

You can obtain free copies of these documents from Duke Energy and Progress Energy using the contact information above.

Slide Title

What are the benefits of the merger and why is it a good deal for our customers, shareholders and employees?

Paula Sims

This merger has very good benefits for our customers. If you think about it, our contiguous nature really offers us the ability to deliver fuel savings day one through joint dispatch as well as fuel procurement. We buy a lot of coal, and we ll be able to save money in the process. Also, our two companies are coming from a position of strength. We both have best practices, so we have an opportunity to improve our safety, our reliability and our customer service. Through this we should be able to achieve cost savings over time.

AR Mullinax

For shareholders, this combination should allow us to see strong earnings growth and cash flow over time as well as leverage our strong balance sheet. For employees, we should see expanding opportunities for which employees can take advantage of and grow their careers.
