**Item 2.03. Creation Of A Direct Financial Obligation Or An Obligation Under An Off-Balance Sheet Arrangement Of A Registrant**

Genco Shipping & Trading Limited (the “Company”) entered into an interest rate swap transaction on July 31, 2007 with DnB NOR Bank ASA, New York Branch (the “Counterparty”). The Counterparty has underwritten the Company’s current \$1.4 billion credit facility entered into on July 18, 2007 and is also acting as Lead Arranger, Bookrunner, and Administrative Agent. The Company entered into the interest rate swap transaction to mitigate the Company’s floating rate interest risk on an aggregate of \$100,000,000 of the Company’s debt that is currently outstanding under its \$1.4 billion credit facility. The swap has an effective date of November 30, 2007 and a termination date of November 30, 2011. The Company is required to make certain quarterly fixed rate payments to the Counterparty calculated on a notional amount of \$100,000,000 for the swap, while the Counterparty is obligated to make certain quarterly floating rate payments to the Company referencing the same notional amount. The interest rate swap transaction effectively fixes the annual interest rate payable on \$100,000,000 of the Company’s debt to 5.115% plus the applicable margin under the \$1.4 billion credit facility. Notwithstanding the terms of the interest rate swap transaction, the Company is ultimately obligated for all amounts due and payable under the credit facility. The Company may enter into additional swap transactions in the future from time to time.
