**Item 2.02. Results of Operations and Financial Condition**

On April 23, 2007, Independent Bank Corporation filed a Form 8-K Current Report that included a press release (Exhibit 99.1) dated April 23, 2007 announcing the Registrant's financial results for the quarter ended March 31, 2007 and supplemental financial data (Exhibit 99.2) to the press release. This Form 8-K/A is being filed to revise the financial results included with such Form 8-K Current Report.

The previously reported financial results included within the Form 8-K Current Report have been revised to increase the Registrant's allowance for loan losses and provision for loan losses by \$650,000. The increase in the allowance for loan losses is to record a specific reserve on a residential real estate development loan collateralized by property located in East Lansing, Michigan. In the fourth quarter of 2006, a partial charge-off of \$1.3 million was recorded on this loan (reducing the balance on the loan from \$4.7 million to \$3.4 million). Based on an updated appraisal, including a review appraisal received in early May 2007, the Registrant has determined that an additional specific reserve of \$650,000 is required.

The additional specific reserve results in the following changes to the previously reported financial results (dollars in thousands, except per share numbers):
