**Item 7.01 Regulation FD Disclosure.**

At June 30, 2008, Independent Bank Corporation had \$6.2 million (fair value) of Fannie Mae and Freddie Mac preferred stock included in trading securities in its Consolidated Statement of Financial Condition. Changes in the fair value of these securities are recorded as a component of non-interest income each quarter. On September 8, 2008, the fair value of these securities had declined to approximately \$0.5 million due largely to the developments over this past weekend concerning Fannie Mae and Freddie Mac related to the intervention by the Federal Housing Finance Agency.

The total potential remaining loss (since June 30, 2008) on the Company's investment in Fannie Mae and Freddie Mac preferred stock is \$4.0 million on an after-tax basis, which represents only 1.66% of the Company's total Tier 1 capital of \$241.9 million at June 30, 2008. Even if this entire potential loss is realized, the Company would remain "well-capitalized" for regulatory capital purposes.
