(1) Inclusive of net assets attributable to Preferred Shares outstanding.

(2) PAST PERFORMANCE IS NO GUARANTEE OF FUTURE RESULTS. Total return is calculated by subtracting the value of an investment in the Fund at the beginning of each specified period from the value at the end of the period and dividing the remainder by the value of the investment at the beginning of the period and expressing the result as a percentage. The calculation assumes that all income dividends and capital gain distributions have been reinvested at prices obtained under the Fund's dividend reinvestment plan. Total return does not reflect broker commissions or sales charges. Total return for a period of greater than one year represents the average annual total return. Total return for a period of less than one year is not annualized.

An investment in the Fund involves risk, including the loss of principal. Total return, price, yield and net asset value will fluctuate with changes in market conditions. This data is provided for information only and is not intended for trading purposes. A portion of the income generated by the Fund may be subject to federal, state and local taxes, and may at times be subject to the alternative minimum tax. Closed-end funds, unlike open-end funds, are not continuously offered. There is a one-time public offering and once issued, shares of closed-end funds are sold in the open market through a stock exchange. Net asset value is total assets applicable to common shareholders less total liabilities divided by the number of common shares outstanding. Holdings are subject to change daily.

(3) Market Price Yield is determined by dividing the annualized current monthly per share dividend payable to common shareholders by the market price per common share at November 30, 2004.

(1) Inclusive of net assets attributable to Preferred Shares outstanding.

(2) PAST PERFORMANCE IS NO GUARANTEE OF FUTURE RESULTS. Total return is calculated by subtracting the value of an investment in the Fund at the beginning of each specified period from the value at the end of the period and dividing the remainder by the value of the investment at the beginning of the period and expressing the result as a percentage. The calculation assumes that all income dividends have been reinvested at prices obtained under the Fund's dividend reinvestment plan. Total return does not reflect broker commissions or sales charges. Total return for a period of greater than one year represents the average annual total return. Total return for a period of less than one year is not annualized.

An investment in the Fund involves risk, including the loss of principal. Investment return, price, yield and net asset value will fluctuate with changes in market conditions. This data is provided for information only and is not intended for trading purposes. A portion of the income generated by the Fund may be subject to federal, state and local taxes, and may at times be subject to the alternative minimum tax. Closed-end funds, unlike open-end funds, are not continuously offered. There is a one-time public offering and once issued, shares of closed-end funds are sold in the open market through a stock exchange. Net asset value is total assets applicable to common shareholders less total liabilities divided by the number of common shares outstanding. Holdings are subject to change daily.

(3) Market Price Yield is determined by dividing the annualized current monthly per share dividend payable to common shareholders by the market price per common share at November 30, 2004.

PIMCO MUNICIPAL INCOME FUNDS II NOTES TO FINANCIAL STATEMENTS
November 30, 2004 (unaudited)

1. ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

PIMCO Municipal Income Fund II ("Municipal II"), PIMCO California Municipal Income Fund II ("California Municipal II") and PIMCO New York Municipal Income Fund II ("New York Municipal II") collectively referred to as the "Funds" or

Edgar Filing: PIMCO MUNICIPAL INCOME FUND II - Form N-CSRS

"PIMCO Municipal Income Funds II", were organized as Massachusetts business trusts on March 29, 2002. Prior to commencing operations on June 28, 2002, the Funds had no operations other than matters relating to their organization and registration as closed-end management investment companies registered under the Investment Company Act of 1940 and the rules and regulations thereunder, as amended. PA Fund Management LLC, (the "Investment Manager"), serves as the Funds' Investment Manager and is an indirect, wholly-owned subsidiary of Allianz Global Investors of America L.P. ("AGI"), formerly Allianz Dresdner Asset Management of America L.P. AGI is an indirect, majority-owned subsidiary of Allianz AG. The Funds have an unlimited amount of \$0.00001 par value common stock authorized.

Municipal II invests substantially all of its assets in a portfolio of municipal bonds, the interest from which is exempt from federal income taxes. California Municipal II invests substantially all of its assets in municipal bonds which pay interest that is exempt from federal and California state income taxes. New York Municipal II invests substantially all of its assets in municipal bonds which pay interest that is exempt from federal, New York State and New York City income taxes. The Funds will seek to avoid bonds generating interest income which could potentially subject individuals to alternative minimum tax. The issuers' abilities to meet their obligations may be affected by economic and political developments in a specific state or region.

The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

In the normal course of business the Funds enter into contracts that contain a variety of representations which provide general indemnifications. The Funds' maximum exposure under these arrangements is unknown as this would involve future claims that may be made against the Funds based upon events that have not yet been asserted. However, the Funds expect the risk of any loss to be remote.

The following is a summary of significant accounting policies consistently followed by the Funds:

(a) VALUATION OF INVESTMENTS

Portfolio securities and other financial instruments for which market quotations are readily available are stated at market value. Portfolio securities and other financial instruments for which market quotations are not readily available or if a development/event occurs that may impact the value of the security, may be fair-valued in good faith pursuant to procedures established by the Board of Trustees. The Funds' investments are valued daily by an independent pricing service. The independent pricing service uses information provided by market makers or estimates of market values obtained from yield data relating to investments or securities with similar characteristics. Short-term investments maturing in sixty days or less are valued at amortized cost, if their original maturity was 60 days or less or by amortizing their value on the 61st day prior to maturity, if the original term to maturity exceeded 60 days. Exchange traded options, futures and options on futures are valued at the settlement price determined by the relevant exchange. The prices used by the Funds to value securities may differ from the value that would be realized if the securities were sold and the differences could be material to the financial statements. The Funds net asset value is determined daily at the close of regular trading (normally 4:00 p.m. Eastern time) on the New York Stock Exchange.

(b) INVESTMENT TRANSACTIONS AND INVESTMENT INCOME

Investment transactions are accounted for on the trade date. Realized gains and losses on investments are determined on the identified cost basis. Interest income is recorded on an accrual basis. Original issue discounts or premiums on

Edgar Filing: PIMCO MUNICIPAL INCOME FUND II - Form N-CSRS

debt securities purchased are accreted or amortized daily to non-taxable interest income. Market discount, if any, is accreted daily to taxable income.

(b) FEDERAL INCOME TAXES

The Funds intend to distribute all of their taxable income and to comply with the other requirements of the U.S. Internal Revenue Code of 1986, as amended, applicable to regulated investment companies. Accordingly, no provision for U.S. federal income taxes is required. In addition, by distributing substantially all of their taxable ordinary income and long-term capital gains, if any, during each calendar year, the Funds intend not to be subject to U.S. federal excise tax.

1. ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(d) FUTURES CONTRACTS

A futures contract is an agreement between two parties to buy and sell a financial instrument at a set price on a future date. Upon entering into such a contract, the Funds are required to pledge to the broker an amount of cash or securities, equal to the minimum "initial margin" requirements of the exchange. Pursuant to the contracts, the Funds agree to receive from or pay to the broker an amount of cash equal to the daily fluctuation in the value of the contracts. Such receipts or payments are known as "variation margin" and are recorded by the Funds as unrealized appreciation or depreciation. When the contracts are closed, the Funds record a realized gain or loss equal to the difference between the value of the contracts at the time they were opened and the value at the time they were closed. Any unrealized appreciation or depreciation recorded is simultaneously reversed. The use of futures transactions involves the risk of an imperfect correlation in the movements in the price of futures contracts, interest rates and the underlying hedged assets, and the possible inability of counterparties to meet the terms of their contracts.

(e) OPTION TRANSACTIONS

The Funds may purchase and write (sell) put and call options for hedging on. The risk associated with purchasing an option is that the Funds pay a premium whether or not the option is exercised. Additionally, the Funds bear the risk of loss of premium and change in market value should the counterparty not perform under the contract. Put and call options purchased are accounted for in the same manner as portfolio securities. The cost of securities acquired through the exercise of call options is increased by the premiums paid. The proceeds from the securities sold through the exercise of put options is decreased by the premiums paid.

When an option is written, the premium received is recorded as a liability and subsequently marked to market to reflect the current market value of the option written. These liabilities are reflected as options written in the Statements of Assets and Liabilities. Premiums received from writing options which expire unexercised are recorded on the expiration date as a realized gain. The difference between the premium received and the amount paid on effecting a closing purchase transaction, including brokerage commissions, is also treated as a realized gain, or if the premium is less than the amount paid for the closing purchase transactions, as a realized loss. If a call option is exercised, the premium is added to the proceeds from the sale of the underlying

Edgar Filing: PIMCO MUNICIPAL INCOME FUND II - Form N-CSRS

security in determining whether there has been a realized gain or loss. If a put option is exercised, the premium reduces the cost basis of the security. In writing an option, the Funds bear the market risk of an unfavorable change in the price of the security underlying the written option. Exercise of an option written could result in the Funds purchasing a security at a price different from the current market price.

(f) RESIDUAL INTEREST MUNICIPAL BONDS ("RIBS")/RESIDUAL INTEREST TAX EXEMPT BONDS ("RITES") The Funds invest in RIBS and RITES whose interest rates bear an inverse relationship to the interest rate on another security or the value of an index. RIBS and RITES are created by dividing the income stream provided by the underlying bonds to create two securities, one short-term and one long-term. The interest rate on the short-term component is reset by an index or auction process normally every seven to 35 days. After income is paid on the short-term securities at current rates, the residual income from the underlying bond(s) goes to the long-term securities. Therefore, rising short-term interest rates result in lower income for the longer-term portion, and vice versa. The longer-term bonds may be more volatile and less liquid than other municipal bonds of comparable maturity. An investment in RITES typically will involve greater risk than an investment in a fixed rate bond.

(g) DIVIDENDS AND DISTRIBUTIONS--COMMON STOCK The Funds declare dividends from net investment income monthly to common shareholders. Distributions of net realized capital gains, if any, are paid at least annually. Each Fund records dividends and distributions to its shareholders on the ex-dividend date. The amount of dividends and distributions from net investment income and net realized capital gains are determined in accordance with federal income tax regulations, which may differ from generally accepted accounting principles. These "book-tax" differences are either considered either temporary or permanent in nature. To the extent these differences are permanent in nature, such amounts are reclassified within the capital accounts based on their federal income tax treatment; temporary differences do not require reclassification. To the extent dividends and/or distributions exceed current and accumulated earnings and profits for federal income tax purposes they are reported as dividends and/or distributions of paid-in capital in excess of par.

(h) CUSTODY CREDITS EARNED ON CASH BALANCES
The Funds benefit from an expense offset arrangement with their custodian bank whereby uninvested cash balances earn credits which reduce monthly custodian and accounting agent expenses. Had these cash balances been invested in income producing securities, they would have generated income for the Funds.

2. INVESTMENT MANAGER AND SUB-ADVISER

Each Fund has entered into an Investment Management Agreement (the "Agreements") with the Investment Manager. Subject to the supervision by each Fund's Board of Trustees, the Investment Manager is responsible for managing, either directly or through others selected by it, the Fund's investment activities, business affairs and other administrative matters. Pursuant to the Agreements, the Investment Manager receives an annual fee, payable monthly, at the annual rate of 0.65% of each Fund's average daily net assets, including net assets attributable to any preferred shares that may be outstanding. In order to reduce Fund expenses, the Investment Manager has contractually agreed to reimburse each Fund for fees and expenses at the annual rate of 0.15% of each Fund's average

Edgar Filing: PIMCO MUNICIPAL INCOME FUND II - Form N-CSRS

daily net assets, including net assets attributable to any preferred shares that may be outstanding, from the commencement of operations through June 30, 2007, and for a declining amount thereafter through June 30, 2009.

The Investment Manager has retained its affiliate, Pacific Investment Management Company LLC (the "Sub-Adviser") to manage each Fund's investments. Subject to the supervision of the Investment Manager, the Sub-Adviser makes all the Fund's investment decisions. The Investment Manager, and not the Funds pays a portion of the fees it receives to the Sub-Adviser in return for its services, at the maximum annual rate of 0.50% of each Fund's average daily net assets including net assets attributable to any preferred shares that may be outstanding. The Sub-Adviser has contractually agreed to waive a portion of the fees it is entitled to receive from the Investment Manager, such that the Sub-Adviser will receive 0.26% of each Fund's average daily net assets, including net assets attributable to any preferred shares that may be outstanding, from the commencement of the Funds' operations through June 30, 2007, and will receive an increasing amount not to exceed 0.50% of each Fund's average daily net assets, including net assets attributable to any preferred shares that may be outstanding thereafter through June 30, 2009. The Investment Manager informed the Funds that it paid the Sub-Adviser \$1,733,868, \$884,406 and \$305,145 in connection with sub-advisory services for Municipal II, California Municipal II and New York Municipal II, respectively, for the six months ended November 30, 2004.

The Funds are subject to certain limitations and restrictions while Preferred Shares are outstanding. Failure to comply with these limitations and restrictions could preclude the Funds from declaring any dividends or distributions to common shareholders or repurchasing common shares and/or triggering the mandatory redemption of Preferred Shares at their liquidation value.

Preferred Shares, which are entitled to one vote per share, generally vote together with the common stock but vote separately as a class to elect two Trustees and on any matters affecting the rights of the Preferred Shares.

6. SUBSEQUENT COMMON DIVIDEND DECLARATIONS

On December 1, 2004, the following dividends were declared to common shareholders payable December 31, 2004 to shareholders of record on December 17, 2004:

California Municipal II	\$0.08125 per common share
New York Municipal II	\$0.08125 per common share

On January 3, 2005, the following dividends were declared to common shareholders payable February 1, 2005 to shareholders of record on January 14, 2005:

Municipal II	\$0.084375 per common share
California Municipal II	\$0.08125 per common share
New York Municipal II	\$0.08125 per common share

7. LEGAL PROCEEDINGS

On September 13, 2004, the Securities and Exchange Commission (the "Commission") announced that the Investment Manager and certain of its affiliates had agreed to a settlement of charges that they and certain of their officers had, among other things, violated various antifraud provisions of the federal securities laws in connection with an alleged market-timing arrangement involving trading of shares of various open-end investment companies ("open-end funds") advised or distributed by the Investment Manager and certain of its affiliates. In their settlement with the Commission, the Investment Manager and their affiliates consented to the entry of an order by the Commission and, without admitting or denying the findings contained in the order, agreed to implement certain compliance and governance changes and consented to cease-and-desist orders and censures. In addition, the Investment Manager and its affiliates agreed to pay civil money penalties in the aggregate amount \$40 million and to pay disgorgement in the amount of \$10 million, for an aggregate payment of

\$50 million. In connection with the settlement, the Investment Manager and its affiliates have been dismissed from the related complaint the Commission filed

Edgar Filing: PIMCO MUNICIPAL INCOME FUND II - Form N-CSRS

on May 6, 2004 in the U.S. District Court in the Southern District of New York. Neither the complaint nor the order alleges any inappropriate activity took place with respect to the Funds.

In a related, action on June 1, 2004, the Attorney General of the State of New Jersey announced that it had entered into a settlement agreement with AGI and certain other affiliates of the Investment Manager, in connection with a complaint filed by the New Jersey Attorney General ("NJAG") on February 17, 2004. The NJAG dismissed claims against the Sub-Adviser, which had been part of the same complaint. In the settlement, AGI and other named affiliates neither admitted nor denied the allegations or conclusions of law, but did agree to pay New Jersey a civil fine of \$15 million and \$3 million for investigative costs and further potential enforcement initiatives against unrelated parties. They also undertook to implement certain governance changes. The complaint relating to the settlement contained allegations arising out of the same matters that were subject of the Commission order regarding market timing described above.

On September 15, 2004, the Commission announced that the Investment Manager and certain of its affiliates agreed to settle an enforcement action in connection with charges that they violated various antifraud and other provisions of federal securities laws as a result of, among other things, their failure to disclose to the board of trustees and shareholders of various open-end funds advised or distributed by the Investment Manager and its affiliates material facts and conflicts of interest that arose from their use of brokerage commissions on portfolio transactions to pay for so-called "shelf space" arrangements with certain broker-dealers. In the settlement, the Investment Manager and its affiliates consented to the entry of an order by the Commission without admitting or denying the findings contained in the order. In connection with the settlement, the Investment Manager and its affiliates agreed to undertake certain compliance and disclosure reforms and consented to cease-and-desist orders and censures. In addition, the Investment Manager and these affiliates agreed to pay a civil money penalty of \$5 million and to pay disgorgement of \$6.6 million based upon the amount of brokerage commissions alleged to have been paid by such open-end funds in connection with these arrangements (and related interest). In a related action, the California Attorney General announced on September 15, 2004 that it had entered an agreement with an affiliate of the Investment Manager in resolution of an investigation into matters that are similar to those discussed in the Commission's order. The settlement agreement resolves matters described in the complaint filed by the California Attorney General in the Superior Court of the State of California alleging, among other things, that this affiliate violated certain antifraud provisions of California law by failing to disclose matters related to the shelf-space arrangements described above. In the settlement agreement, the affiliate did not admit to any liability but agreed to pay \$5 million in civil penalties and \$4 million in recognition of the California Attorney General's fees and costs associated with the investigation and related matters. Neither the Commission's order nor the California Attorney General's complaint alleges any inappropriate activity took place with respect to the Funds.

Since February 2004, the Investment Manager, the Sub-Adviser and certain of their affiliates have been named as defendants in 14 lawsuits filed in U.S. District Court in the Southern District of New York, the Central District of California and the Districts of New Jersey and Connecticut. Ten of those lawsuits concern "market timing," and they have been transferred to and consolidated for pre-trial proceedings in the U.S. District Court for the District of Maryland; the remaining four lawsuits concern "revenue sharing" with brokers offering "shelf space" and have been consolidated into a single action in the U.S. District Court for the District of Connecticut. The lawsuits have been commenced as putative class actions on behalf of investors who purchased, held or redeemed shares of affiliated funds during specified periods or as derivative actions on behalf of the funds. The lawsuits generally relate to the

Edgar Filing: PIMCO MUNICIPAL INCOME FUND II - Form N-CSRS

same facts that are the subject of the regulatory proceedings discussed above. The lawsuits seek, among other things, unspecified compensatory damages plus interest and, in some cases, punitive damages, the rescission of investment advisory contracts, the return of fees paid under those contracts and restitution. The Investment Manager and the Sub-Adviser believe that other similar lawsuits may be filed in U.S. federal or state courts naming as defendants the Investment Manager, the Sub-Adviser, AGI, the Funds, other open- and closed-end funds advised or distributed by the Investment Manager, the Sub-Adviser and/or their affiliates, the boards of trustees of those funds, and/or other affiliates and their employees.

Under Section 9(a) of the Investment Company Act of 1940, if any of the various regulatory proceedings or lawsuits were to result in a court injunction against the Investment Manager, the Sub-Adviser, AGI and/or their affiliates, they and their affiliates would, in the absence of exemptive relief granted by the Commission, be barred from serving as an investment adviser/sub-adviser or principal underwriter for any registered investment company, including the Funds. In connection with an inquiry from the Commission concerning the status of the New Jersey settlement described above under

11.30.04 | PIMCO Municipal Income Funds II Semi-Annual Report 33

PIMCO MUNICIPAL INCOME FUNDS II NOTES TO FINANCIAL STATEMENTS

7. LEGAL PROCEEDINGS (CONTINUED)

Section 9(a), the Investment Manager, the Sub-Adviser, and certain of their affiliates (together, the "Applicants") have sought exemptive relief from the Commission under Section 9(c) of the Investment Company Act of 1940. The Commission has granted the Applicants a temporary exemption from the provisions of Section 9(a) with respect to the New Jersey settlement until the earlier of (i) September 13, 2006 and (ii) the date on which the Commission takes final action on their application for a permanent order. There is no assurance that the Commission will issue a permanent order.

It is possible that these matters and/or other developments resulting from these matters could lead to a decrease in the market price of the Funds' shares or other adverse consequences to the Funds and their shareholders. However, the Investment Manager and the Sub-Adviser believe that these matters are not likely to have a material adverse effect on the Funds or on the Investment Manager's or the Sub-Adviser's ability to perform its respective investment advisory services relating to the Funds.

8. CORPORATE CHANGES

On July 29, 2004, Stephen Treadway resigned as the Funds' Chairman. On September 14, 2004, David C. Flattum was appointed to the Board of Trustees and Youse Guia was named as the Funds' Chief Compliance Officer. On October 5, 2004, the Board of Trustees elected Robert E. Connor as Chairman. On December 14, 2004, Thomas J. Fuccillo was appointed as the Funds' Secretary.
