PROXY STATEMENT
FOR ANNUAL MEETING OF SHAREHOLDERS
To Be Held On June 29, 2010

INTRODUCTION

This Proxy Statement and enclosed proxy card are being furnished in connection with the solicitation by the Board of Directors of Syms Corp, a New Jersey corporation (the Company), of proxies for use at the 2010 Annual Meeting of the Shareholders (the Annual Meeting), to be held on June 29, 2010 at 10:30 a.m. at the Company's executive offices located at One Syms Way, Secaucus, New Jersey 07094 or at any adjournment(s) or postponement(s) for the purposes set forth in the accompanying Notice of Annual Meeting of Shareholders.

The cost of preparing and mailing the proxy and this Proxy Statement and all other costs in connection with this solicitation of proxies will be borne by the Company. It is anticipated that the accompanying proxy and this Proxy Statement will be sent to shareholders of the Company on or about May __, 2010.

Proxies in the accompanying form which are properly executed and duly returned to the Company and not revoked will be voted as specified. Any such proxy which is properly executed but in which no direction is specified will be voted FOR the election of the Board of Directors' nominees for director, FOR the proposed amendment to the Company's certificate of incorporation and FOR the ratification of the appointment of BDO Seidman, LLP as the independent registered public accounting firm for the fiscal year ending February 26, 2011 and in the discretion of the proxies named on the proxy card with respect to any other matters properly brought before the meeting and any adjournment(s) or postponement(s) thereof. Each proxy granted is revocable and may be revoked at any time prior to its exercise, by notifying the Secretary of the Company prior to the commencement of the meeting, by executing and submitting, prior to the completion of balloting, a subsequent proxy or by electing to vote in person at the Annual Meeting. Mere attendance at the Annual Meeting will not serve to revoke a proxy. The Company intends to reimburse brokerage companies and others for forwarding proxy materials to beneficial owners of shares.

Only shareholders of record of the Company's voting securities as of the close of business on May __, 2010 are entitled to notice of and to vote at the Annual Meeting. As of the record date, 14,448,188 shares of common stock, par value \$0.05 per share (Common Stock), were outstanding. Each share of Common Stock entitles the record holder thereof to one vote on each of the Proposals and on all other matters properly brought before the Annual Meeting. Concurrently with the mailing of this Proxy Statement, the Company is mailing its Annual Report for its fiscal year ended February 27, 2010 (fiscal 2009), to shareholders of record on May __, 2010.

Shareholders vote at the Annual Meeting by casting ballots (in person or by proxy) which are tabulated by a representative of the Company's independent transfer agent appointed to serve as Inspector of Election at the meeting and who has executed and verified an oath of office. The holders of a majority of the shares of Common Stock issued and outstanding represented in person or by proxy shall constitute a quorum. The affirmative vote of a plurality of the votes cast at the Annual Meeting is sufficient to elect a director. The affirmative vote of a majority of the votes cast at the Annual Meeting is required to approve the proposed amendment to the Company's certificate of incorporation and to ratify the appointment of BDO Seidman, LLP as the Company's independent registered public accounting firm.

Abstentions and broker non-votes are included in the determination of the number of shares present at the Annual Meeting for quorum purposes. A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power on that matter and has not received instructions from the beneficial owner. With respect to Proposals 1, 2 and 3, abstentions and broker non-votes will not be included in total votes and will have no effect on the outcomes of these proposals.

ELECTION OF DIRECTORS

Proposal 1

At the Annual Meeting, all four directors of the Company are to be elected for the term of one year or until their respective successors have been elected and qualified. It is intended that votes will be cast pursuant to proxies received from holders of Common Stock of the Company for the nominees listed below, unless the proxy contains contrary instructions. The affirmative vote of a plurality of the votes cast at the meeting is necessary for the election of directors. Thus, provided a quorum is present and voting, the four directors receiving the most votes will be elected as directors.

If any of the nominees listed below is unavailable for election at the date of the Annual Meeting, the shares represented by the proxy will be voted for the remaining nominees and for such substitute nominee or nominees as the Board of Directors, in their judgment, designate. The Company at this time has no reason to believe that any of these directors and nominees will decline or be unable to serve if elected.

Background information with respect to the Board of Directors nominees for election as directors, appears below. All of the nominees for directors are incumbent directors, who were elected by shareholders at a meeting for which proxies were solicited. There is no family relationship between any nominee and any other nominee or executive officer of the Company. See Security Ownership of Certain Beneficial Owners and Management for information regarding the equity securities of the Company owned by each nominee for director.

Edgar Filing: SYMS CORP - Form PRE 14A

BERNARD H. TENENBAUM is President of the Children's Leisure Products Group, a holding company with investments in children's leisure product businesses, a position he has held since 1997. He has also served as an advisor to Bel Air Partners, an investment banking firm from 2000 to the present. Previously, he was Vice President of Corporate Development for Russ Berrie, a gifts and juvenile products company and was the founding Director of the George Rothman Institute of Entrepreneurial Studies at Fairleigh Dickinson University as well as the first George Rothman Clinical Professor of Entrepreneurial Studies.

THOMAS E. ZANECCHIA is the founder and has been the President of Wealth Management Consultants, Inc. since 1993. He is also co-founder of Branzan Investment Advisors, Inc. Prior to founding these companies, Mr. Zanicchia was a stockholder and President of Financial Consulting Services for Asset Management Group.

Board Qualifications

The Company's Board does not have a formal policy of considering diversity in identifying potential director candidates. The Board considered the following attributes of its nominees in determining that each is qualified to serve as a director of the Company:

With respect to Marcy Syms, the Board took into consideration her long-time dedicated service to, and her substantial familiarity with, the Company, her knowledge of the Company's business and product lines and her public image, which is closely associated with the Company and its public image.

With respect to Mr. Chidgey, the Board took into consideration his experience with the jewelry business and consumer preferences, as well as his experience in serving as the chief operating officer of diverse businesses.

With respect to Mr. Tenenbaum, the Board took into consideration his experience with retail businesses, his background in entrepreneurial studies and the role he typically performs as a business counselor.

With respect to Mr. Zanicchia, the Board took into consideration his experience with finance and the extent of his consulting capabilities.

With respect to each candidate, the Board also considered the contributions that the respective directors have made to the Company over their respective periods of service.

In naming Marcy Syms as the Chairman of the Board, the Board considered the fact that certain commentators have raised concerns regarding having a company's chief executive officer also serve as board chairman. The Board concluded that in light of the size of the Board, Marcy Syms familiarity with the Company and the manner in which the Board operates, there was no need to separate the offices of the Chairman of the Board and the chief executive officer.

Role in Oversight

The Board's role in our risk oversight process includes receiving regular reports from members of management on areas of material risk to the Company, including operational, financial, legal strategic risks. The full Board or the appropriate committee receives these reports from management to enable it to understand the Company's risks, to respond to unexpected contingencies and to take proactive steps to mitigate risk. Any such matters considered at the committee level are reported to the full Board. This enables the Board and its committees to coordinate the risk oversight role.

The Board of Directors recommends that the shareholders vote FOR the election of each nominee for director named above. Executed proxies solicited hereby will be voted FOR each nominee named above unless a direction to withhold authority is specifically indicated.

MEETINGS AND COMMITTEES OF THE BOARD OF DIRECTORS

During fiscal 2009 there were twelve meetings of the Board of Directors. During fiscal 2009, all directors attended all of the meetings of the Board of Directors and of the committees of which he or she was a member.

Based on information supplied to it by the Directors, the Board of Directors has determined that three of the current directors, Bernard H. Tenenbaum, Henry M. Chidgey and Thomas E. Zaneccchia, are independent under the listing standards of the NASDAQ Stock Market (NASDAQ) and the rules and regulations promulgated by the Securities and Exchange Commission (the SEC). The Board of Directors has made such determinations based on the fact that none of such persons have had, or currently have, any material relationship with the Company or its affiliates or any executive officer of the Company or his or her affiliates, that would impair their independence, including, without limitation, any commercial, industrial, banking, consulting, legal, accounting, charitable or familial relationship.

The Board of Directors has determined that the Company is a controlled company (as defined in the NASDAQ Marketplace Rules) based on the fact that more than 50% of the voting power of the Company's voting stock is held by Marcy Syms, individually and as trustee of The Laura Merns Living Trust, dated February 14, 2003 and as President of a general partnership that controls The Cortlandt Enterprises LLP which entity holds Syms Corp common shares. As a result, the Company is exempt from the provisions of the NASDAQ governance standards requiring that (i) a majority of the board consist of independent directors, (ii) the nominating committee be composed entirely of independent directors and (iii) the compensation committee be composed entirely of independent directors.

The committees of the Board of Directors include an Audit Committee, an Executive Committee, a Stock Option Committee, a Compensation Committee and a Nominating & Corporate Governance Committee. Each of the aforementioned committees has written charters, copies of which are available on the Company's website at www.syms.com. The charters will be provided in print to any shareholder who submits a written request for the charters, to the Company's Secretary, Syms Corp, One Syms Way, Secaucus, New Jersey 07094.

The Audit Committee has the principal function of reviewing the adequacy of the Company's internal system of accounting controls, conferring with the independent registered public accountants concerning the scope of their examination of the books and records of the Company and their audit and non-audit fees, recommending to the Board of Directors the appointment of independent registered public accountants, reviewing and approving related party transactions and considering other appropriate matters regarding the financial affairs of the Company. The current members of the Audit Committee are Bernard H. Tenenbaum (Chairman), Henry M. Chidgey and Thomas E. Zaneccchia. None of these individuals is, or has ever been, an officer or employee of the Company and all are considered independent for the purposes of the NASDAQ governance standards.

In addition to meeting the independence standards of NASDAQ, each member of the Audit Committee is financially literate and meets the independence standards established by the SEC. The Board of Directors has also determined that Bernard H. Tenenbaum has the requisite attributes of an audit committee financial expert as defined by regulations of the SEC and that such attributes were acquired through relevant education and experience. The Audit Committee met four times during fiscal 2009.

The Executive Committee is authorized to exercise all of the powers and authority of the Board of Directors in the management and affairs of the Company between meetings of the Board of Directors, to the extent permitted by law. Marcy Syms and Bernard H. Tenenbaum are members of the Executive Committee. The Executive Committee did not meet during fiscal 2009.

The Stock Option Committee reviews and recommends to the Board of Directors remuneration arrangements and compensation plans for the Company's officers and key employees, administers the Company's stock option and appreciation plans and determines the officers and key employees who are to be granted equity based incentive compensation awards under such plans. The current members of the Stock Option Committee are Bernard H. Tenenbaum, Henry M. Chidgey and Thomas E. Zaneccchia, none of whom is, or has ever been, an officer or employee of the Company and all of whom are independent in terms of the NASDAQ governance standards. The Stock Option Committee did not meet during fiscal 2009.

The Compensation Committee is responsible for reviewing and approving for the Chief Executive Officer and other executives of the Company annual base salary, and for determining director compensation and benefit programs (other than those programs administered by the Stock Option Committee). The full Board of Directors reviews and approves the recommendations of the Compensation Committee for the annual base salary of the

Edgar Filing: SYMS CORP - Form PRE 14A

Chief Executive Officer and Chairman of the Board. Marcy Syms and Bernard H. Tenenbaum are members of the Compensation Committee. The Compensation Committee did not meet during fiscal 2009, as all of its determinations were made by the full Board.

The Nominating & Corporate Governance Committee seeks to, among other matters; find qualified individuals to serve as directors of the Company. Marcy Syms and Bernard H. Tenenbaum are members of the Nominating & Corporate Governance Committee. The Nominating & Corporate Governance Committee did not meet during fiscal 2009, as all of its determinations were made by the full Board.

Minimum Qualifications: The Company does not set specific criteria for directors except to the extent required to meet applicable legal, regulatory and stock exchange requirements, including, but not limited to, the independence requirements of NASDAQ and the SEC, as applicable. Nominees for director will be selected on the basis of outstanding achievement in their personal careers; board experience; wisdom; integrity; ability to make independent, analytical inquiries; understanding of the business environment; the ability to represent fairly all shareholders without advocating for any particular shareholder constituency; the absence of a conflict of interest, and the willingness to devote adequate time to Board of Directors duties. While the selection of qualified directors is a complex and subjective process that requires consideration of many intangible factors, the Board believes that each director should have a basic understanding of (i) principal operational and financial objectives and plans and strategies of the Company, (ii) results of operations and financial condition of the Company and of any significant subsidiaries or business segments, (iii) the need for adopting and implementing internal controls, and (iv) the relative standing of the Company and its business segments in relation to its competitors.

Nominating Process: The following paragraphs describe the processes that the Board or the Nominating & Corporate Governance Committee will take should it be necessary to fill vacancies or should the Board decide to expand its size.

The Nominating & Corporate Governance Committee is willing to consider candidates submitted by a variety of sources (including incumbent directors, shareholders, Company management and third party search firms) when reviewing candidates to fill vacancies and/or expand the Board of Directors. If a vacancy arises or the Board of Directors decides to expand its membership, the Nominating & Corporate Governance Committee will ask each director to submit a list of potential candidates for consideration. The Nominating & Corporate Governance Committee will then evaluate each potential candidate's educational background, employment history, outside commitments and other relevant factors to determine whether he/she is potentially qualified to serve on the Board of Directors. At that time, the Nominating & Corporate Governance Committee also will consider potential nominees submitted by shareholders in accordance with the procedures adopted by the Board of Directors, by the Company's management and, if the Nominating & Corporate Governance Committee deems it appropriate, by an independent third party search firm retained to provide potential candidates. The Nominating & Corporate Governance Committee seeks to identify and recruit the best available candidates, and it intends to evaluate qualified shareholder nominees on the same basis as those submitted by Board of Directors members, Company management, third party search firms or other sources.

After completing this process, the Nominating & Corporate Governance Committee will determine whether one or more candidates are sufficiently qualified to warrant further investigation. If the process yields one or more desirable candidates, the Nominating & Corporate Governance Committee will rank them by order of preference, depending on their respective qualifications and the Company's needs. The Nominating & Corporate Governance Committee will then contact the preferred candidate(s) to evaluate their potential interest and to set up interviews with the Nominating & Corporate Governance Committee. All such interviews are held in person, and include only the candidate and the Nominating & Corporate Governance Committee members. Based upon interview results and appropriate background checks, the Nominating & Corporate Governance Committee then decides whether it will recommend the candidate's nomination to the full Board of Directors.

When nominating an incumbent director for re-election at an annual meeting, if asked by the Board, the Nominating & Corporate Governance Committee will consider the director's performance on the Board of Directors and the director's qualifications in respect of the criteria referred to above.

Consideration of Shareholder Nominated Directors: The Nominating & Corporate Governance Committee will consider candidates for the Board of Directors submitted by shareholders in a timely manner in accordance with our by-laws and applicable securities laws. Any shareholder wishing to submit a candidate for consideration

Edgar Filing: SYMS CORP - Form PRE 14A

should submit a notice in accordance with the procedures set forth under the caption *Shareholder Nominations and Proposals* .

As appropriate, some of the executive sessions of the non-management directors may be with the Chief Executive Officer and others will be conducted outside the presence of the Chief Executive Officer and any other management officials.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Compensation Philosophy: The Company's compensation program is designed to integrate compensation with the achievement of the Company's business objectives and to ensure that total compensation paid to executive officers and key employees is fair, reasonable and competitive. The Company has structured its executive compensation to motivate executives to achieve the business goals set by the Company and reward the executives for achieving such goals. This philosophy also includes aligning and rewarding management for increasing shareholder value. The Company's compensation levels and individual programs are assessed against a number of benchmarks including pay levels of other retail and vendor organizations and information from published surveys of the retail and general industry.

The Compensation Committee, through its executive compensation policy, strives to provide compensation rewards based upon corporate and individual performance. It seeks to maintain a relatively simple compensation program in order to avoid the administrative costs which the Compensation Committee believes are inherent in multiple complex compensation plans and agreements.

The Company does not have employment agreements with any of its executive officers or key employees.

Base Salary: The base salary for Company personnel is intended to provide competitive remuneration for services provided to the Company over a one-year period and is designed to compensate an individual for his or her level of responsibility and performance.

Bonus: Bonuses may be awarded based upon individual performance as measured against individual goals and objectives, combined with the Company's attainment of corporate goals and objectives.

Long-Term Incentive: The Stock Option Committee of the Board of Directors has the responsibility of administering the Company's stock option plans and is, therefore, responsible for authorizing all grants of options. The Stock Option Committee is comprised entirely of non-employee directors that have no direct or indirect

Edgar Filing: SYMS CORP - Form PRE 14A

material interest in, or relations with, the Company outside of their position as a Director. The Stock Option Committee currently consists of the following members of the Company's Board of Directors: Bernard H. Tenenbaum, Henry M. Chidgey and Thomas E. Zanicchia.

Stock Option Plans: The Company's Amended and Restated Stock Option and Appreciation Plan (the "Stock Option Plan") allows for the granting of incentive stock options, as defined in Section 422A of the Internal Revenue Code of 1986 (as amended), non-qualified stock options and stock appreciation rights. The plan requires that incentive stock options be granted at an exercise price not less than the fair market value of the Company's common stock on the date the option is granted. The exercise price of the option for holders of more than 10% of the voting rights of the Company must be not less than 110% of the fair market value of the Common Stock on the date of grant. Non-qualified options and stock appreciation rights may be granted at any exercise price, subject to limitations imposed pursuant to Section 409A of the Internal Revenue Code which penalizes employees who receive options and stock appreciation rights granted at a price below the then current fair market value. The Company has reserved 1,500,000 shares of common stock for issuance thereunder. No option or stock appreciation rights may be granted under the Stock Option Plan after July 28, 2013. The maximum exercise period for any option or stock appreciation right under the plan is ten years from the date the option is granted (five years for any optionee who holds more than 10% of the voting rights of the Company).

In 2005, the Company adopted the 2005 Stock Option Plan (the "2005 Plan"). The 2005 Plan permits the grant of options, share appreciation rights, restricted shares, restricted share units, performance units, performance shares, cash-based awards and other share-based awards. Key employees, non-employee directors, and third party service providers of the Company who are selected by a committee designated by the Board of Directors of the Company are eligible to participate in the 2005 Plan. The maximum number of shares issuable under the 2005 Plan is 850,000, subject to certain adjustments in the event of changes to the Company's capital structure.

The 2005 Plan requires that incentive stock options be granted at an exercise price not less than the fair market value of the Company's common stock on the date the option is granted. The exercise price of such options for holders of more than 10% of the voting stock of the Company must be not less than 110% of the fair market value of the Company's common stock on the date of grant. The exercise price of non-qualified options and stock appreciation rights must not be less than fair market value.

The maximum exercise period for any option or stock appreciation right under the 2005 Plan is ten years from the date the option is granted (five years for any incentive stock options issued to a person who holds more than 10% of the voting stock of the Company).

The fair value of each option award is estimated on the date of grant using a Black-Scholes option valuation model. Expected volatility is based on the historical volatility of the price of the Company's stock. The risk-free interest rate is based on U.S. Treasury issues with a term equal to the expected life of the option. The Company uses historical data to estimate expected dividend yield, expected life and forfeiture rates. There were no options granted during fiscal 2009, and all options previously issued are fully vested.

Retirement Benefits

Each of the Company's executive officers who were employed prior to December 31, 2006 is entitled to participate in the Syms Corp Defined Benefit Plan on the same basis as all other eligible executives. This plan was frozen and no additional benefits will accrue, effective December 31, 2006.

Each of the Company's executive officers is entitled to participate in the Company's defined contribution 401K Plan on the same basis as all other eligible employees. In addition, the Company also has a Profit Sharing Plan to which the Company makes a discretionary contribution based on its performance. PENSION PLAN

The following table sets forth the estimated annual benefits payable on retirement to persons in specified remuneration and years of participation classifications under the Company's defined benefit pension plan (the Pension Plan) for employees not covered under collective bargaining agreements:

Highest Five Year Average Compensation	15 Years of Participation	20 Years of Participation	25 Years of Participation	30 Years of Participation	35 Years of Participation
\$ 50,000	\$ 5,700	\$ 7,600	\$ 9,500	\$ 9,500	\$ 9,500

175,000	19,950	26,600	33,250	33,250	33,250
200,000	22,800	30,400	38,000	38,000	38,000

A Pension Plan's participant's interest vests over a seven year period commencing in the third year at the rate of 20% after completing three years of employment and 20% for each year thereafter, and is 100% vested after the completion of seven years of service. Benefit payments are made in the form of one of five annuity payment options elected by the participant. Amounts in the table are based on a straight life annuity. For the executive officers named in the Summary Compensation Table, compensation for purposes of the Pension Plan generally corresponds to the amounts shown in the Salary column of the Summary Compensation Table.

Currently no more than \$200,000 (as adjusted from time to time by the Internal Revenue Service) of cash compensation may be taken into account in calculating benefits payable under the Pension Plan. Executive officers in the Summary Compensation Table were credited with the following years of service at December 31, 2009: Marcy Syms, 31 or more years; Myra Butensky 18 or more years; Mary A. Mann, 7 or more years; and Raymond R. Siconolfi, 8 or more years. Neither Philip A. Piscopo nor Gary Roberts were eligible as the Pension Plan was frozen as of December 31, 2006. Benefits under the Pension Plan are not subject to any deduction for social security or other offset amount. The annual retirement benefit is reduced pro rata if the employee has completed less than 25 years of service. A participant is entitled to be paid his or her benefits upon retirement at age 65. If a participant has completed at least 15 years of service, he or she may retire upon reaching age 55 but the benefits he or she receives will be actuarially reduced to reflect the longer period during which he or she will receive a benefit. A participant who leaves the Company for any reason other than death, disability or retirement will be entitled to receive the vested portion of the benefit payable over different periods of time depending on the aggregate amount vested and payment option elected.

The following table sets forth, for each of the executive officers named in the Summary Compensation Table, information regarding the benefits payable under the Pension Plan, which represents the only plan of the Company that provides for payments or other benefits at, following, or in connection with an officer's retirement. In accordance with the SEC's rules, the following table does not provide information regarding tax-qualified defined contribution plans or nonqualified defined contribution plans.

Syms was the Chairman of the Board of Directors of the Company until his death and was succeeded in that role by Marcy Syms. Marcy Syms is the Company's Chief Executive Officer and President. No member of the Compensation Committee or Stock Option Committee had any relationship requiring disclosure by the Company under Item 404 of Regulation S-K since the beginning of fiscal 2009.

REPORT OF THE COMPENSATION AND STOCK OPTION COMMITTEES

The Compensation Committee, through its executive compensation policy, strives to provide compensation rewards based upon both corporate and individual performance while maintaining a relatively simple compensation program in order to avoid the administrative costs which the Compensation Committee believes are inherent in multiple complex compensation plans and agreements. The Stock Option Committee, which is comprised solely of independent directors, administers the issuances of equity-based compensation arrangements under the Company's stock incentive compensation plans.

The determination of compensation ranges for executive officers reflects a review of salaries and bonuses for executive officers holding similar positions in retailers of relatively comparable size and orientation. However, in making compensation decisions, the Compensation Committee remains cognizant of the Board of Directors' responsibility to enhance shareholder value. The Compensation Committee utilizes cash bonuses, when it feels a bonus is merited, based on factors such as an executive's individual performance and the Company's performance relative to its past performance and the performance of competitors. The Company has available a long-term incentive for executives to both remain in the employ of the Company and to strive to maximize shareholder value through the Company's option plans, which align the interests of executives with those of shareholders.

Determination of Marcy Syms' compensation as the Company's Chief Executive Officer for fiscal 2009 reflects the Company's performance and a comparison with chief executive officer compensation of the Company's competitors, and also reflects recognition of Ms. Syms' unique, ongoing contribution to the growth, success and viability of the Company.

It is the responsibility of the Compensation Committee to address the issues raised by the tax laws which make certain non-performance-based compensation to executives of public companies in excess of \$1,000,000 non-deductible to the Company. In this regard, the Compensation Committee must determine whether any actions with respect to this limit should be taken by the Company. At this time, it is not anticipated that any executive officer will receive any compensation in excess of this limit. Therefore, the Compensation Committee has not taken any action to comply with the limit.

The Compensation Committee and the Stock Option Committee have reviewed the Compensation Discussion and Analysis and discussed that analysis with management. Based on their review and discussions with management, the committees recommended to our Board of Directors that the Compensation Discussion and Analysis be included in the Company's fiscal 2009 proxy statement.

PROPOSAL 2

LIMITATION OF CERTAIN LIABILITIES DIRECTORS AND OFFICERS

In response to a proliferation of lawsuits challenging actions taken by the management of various corporations and a resultant tightening in the market for directors' and officers' liability insurance, the New Jersey legislature amended the New Jersey Business Corporation Act (the Business Corporation Act) in 1988 to permit New Jersey corporations to include in their certificates of incorporation provisions which would limit the liability of directors and officers in certain instances. Specifically, with respect to the personal liability of directors and officers, the Business Corporation Act was amended to provide as follows:

The certificate of incorporation [of a New Jersey corporation] may provide that a director or officer shall not be personally liable, or shall be liable only to the extent therein provided, to the corporation or its shareholders, for damages for breach of any duty owed to the corporation or its shareholders, except that such provision shall not relieve a director or officer from liability for any breach of duty based upon an act or omission (a) in breach of such person's duty of loyalty to the corporation or its shareholders, (b) not in good faith or involving a knowing violation of law or (c) resulting in receipt by such person of an improper personal benefit.

Many New Jersey corporations acted promptly to amend their certificates of incorporation to provide for the limitations permitted by the New Jersey statute. In other states, including but certainly not limited to, Delaware, similar statutes were adopted and several corporations in those jurisdictions also acted promptly to add so-called exculpation provisions to their certificates of incorporation.

For more than two decades, however, the Company did not take advantage of this provision in the Business Corporation Act. After analysis of the benefits available under the Business Corporation Act, the Board of Directors has now determined that the Company should amend its certificate of incorporation to permit the limitations of liability permitted by the Business Corporation Act. This determination was based on the following considerations:

Protection against ill-advised litigation and the maintenance of suitable directors' and officers' liability insurance are required by many persons as a condition to their serving as members of management of public corporations. The Company will be in a better position to recruit and retain officers and directors if their liability is limited under the Business Corporation Act.

Adoption of an exculpation provision is expected to assist the Company in negotiating its premiums for its directors' and officers' liability insurance. It may also reduce the need for insurance companies to seek reductions in the scope of the Company's insurance package.

The Company's obligations to indemnify its directors and officers can result in significant exposure to the Company. The adoption of an exculpation provision may operate to limit this exposure.

The absence of exculpation may cause those who do serve to act more defensively and conservatively than would otherwise be in the best interests of corporations and their shareholders.

The Company's Board of Directors has determined that it would be in the best interest of Syms Corp to offer directors and officers the protection currently allowed by New Jersey law. Accordingly, the Board of Directors has approved, and recommends that the shareholders adopt, an amendment (the Amendment) to the Company's Certificate of Incorporation providing as follows:

TWELFTH: The personal liability of the Officers and Directors of the Corporation is hereby eliminated to the fullest extent permitted by subsection 14A:2-7(3) of the New Jersey Business Corporation Act, as the same may be amended or supplemented. No amendment to or repeal of this Article TWELFTH shall apply to or have any effect on the liability or alleged liability of any Officer or Director for or with respect to any acts or omissions of such Officer or Director occurring prior to such amendment or repeal. If the laws of the State of New Jersey are hereafter amended to authorize corporate action further eliminating or limiting the personal liability of directors or officers, then the liability of an Officer or Director of the Corporation shall be eliminated or limited to the fullest extent then permitted. No repeal or modification of this Article TWELFTH shall adversely affect any right of or protection afforded to an Officer or Director of the Corporation existing immediately prior to such repeal or modification.

The primary focus of the Amendment is upon the elimination of liability for violation of the duty of care. The duty of care refers to the fiduciary duty of directors and officers to manage the affairs of the corporation with the same degree of care as would be applied to an ordinarily prudent person under similar circumstances. While this standard theoretically seeks to be objective, in practice this standard has led to subjective, after-the-fact, analysis. Accordingly, to protect management against this type of analysis, the Amendment eliminates the personal liability of directors and officers to the Company and its shareholders for monetary damages for acts or omissions (including negligent and grossly negligent acts or omissions) in violation of the duty of care.

The Amendment does not in any way eliminate or limit the liability of a director or officer for breaching his or her duty of loyalty (*i.e.*, the duty to refrain from fraud, self-dealing and transactions involving improper conflicts of interest) to Syms Corp or its shareholders, failing to act in good faith, knowingly violating a law or obtaining an improper personal benefit. The Amendment would not eliminate or limit the liability of directors and officers arising in connection with causes of action brought under the federal securities laws, nor would the Amendment have any effect on the availability of equitable remedies, such as an injunction or rescission, for breach of fiduciary duty. However, as a practical matter, equitable remedies may not be available in particular circumstances.

The effects of the Amendments remain uncertain to some extent. Courts could rule that certain liabilities that the Amendment purports to eliminate remain, notwithstanding the incorporation of the Amendment into the Company's Certificate of Incorporation. If the courts or the New Jersey Legislature narrow or expand the coverage of the relevant provisions of the New Jersey Business Corporation Act, the potential liability of directors

and officers for their actions and the rights of shareholders to institute litigation for breaches of fiduciary duties likewise will be affected without further shareholder action.

Management of Syms Corp believes that adoption of the Amendment will help the Company attract and retain qualified individuals to serve as directors and officers and will make directors and officers liability insurance more readily available at a lower cost to the Company and its shareholders. The Amendment may have the effect, however, of discouraging or deterring shareholders or management from bringing a lawsuit against directors and officers, even though such an action, if successful, might otherwise have benefited the Company and its shareholders. In addition, if the Amendment is adopted, directors and officers of Syms Corp. will not be liable for monetary damages to Syms Corp. or its shareholders for making grossly negligent business decisions, including decisions which may be made in connection with attempts by third parties to acquire control of Center Bancorp. The Amendment provides that no amendment or repeal of the Amendment and no amendment, repeal or termination of effectiveness of any law authorizing the Amendment would apply to or have any effect on the liability of a director or officer for any acts or omissions occurring prior to such amendment, repeal or termination of effectiveness.

The Board of Directors believes that the potential benefits to Syms Corp. and its shareholders of the Amendment outweigh the limitations the Amendment places on shareholder remedies. It is the opinion of the Board of Directors that the legal risks and potential personal liabilities associated with lawsuits which may be filed against the Company's directors and officers, coupled with the resulting substantial time, expense, abuse and anxiety which might be spent and endured in defending against such lawsuits, bears no reasonable or logical relationship to the amount of compensation received by such persons. Consequently, these risks pose a significant deterrent on the part of experienced and capable individuals to serve as directors and officers of the Company. The Amendment is not, however, being proposed in response to any litigation, threatened litigation, resignation, threat of resignation or refusal to serve by any existing or potential director or officer.

If approved by the shareholders, the Amendment would become effective upon the filing with the New Jersey Secretary of State of a Certificate of Amendment to the Company's Certificate of Incorporation, which filing would be made shortly after the Annual Meeting. The affirmative vote of a majority of the votes cast at the meeting is necessary for the approval of the Amendment.

THE AMENDMENT.**

PROPOSAL 3

**RATIFICATION OF APPOINTMENT OF THE INDEPENDENT REGISTERED
PUBLIC ACCOUNTING FIRM**

The Board of Directors has selected BDO Seidman, LLP (BDO) as the independent registered public accounting firm for the Company for the fiscal year ending February 26, 2011 and recommends that shareholders approve such appointment. The affirmative vote of a majority of the votes cast at the meeting is necessary for the approval of auditors.

BDO has audited the financial statements of the Company for more than the past five years. A representative of BDO is expected to be present at the meeting and will have an opportunity to make a statement if he or she desires to do so and will be available to respond to appropriate questions from shareholders.

The following is a summary of the fees for professional services rendered by BDO which were billed to us for the past two fiscal years:

Fee category	Fiscal year ended	
	February 27, 2010	February 28, 2009
Audit fees	\$ 629,000	\$ 383,000
Audit-related fees	205,000	46,000
Total fees	\$ 834,000	\$ 429,000

Audit Fees: Audit fees represent fees for professional services performed by BDO for the audit of our annual financial statements, audit of internal controls and the review of our quarterly financial statements, as well as services that are normally provided in connection with statutory and regulatory filings or engagements. The increase in audit fees for the year ended February 27, 2010 reflects audit work performed for Filene's Basement.

Audit Related Fees: Audit-related fees represent fees for assurance and related services performed by BDO that are reasonably related to the performance of the audit or review of our financial statements. These fees were for employee benefit related services in each of the past two fiscal years. The fees for the fiscal year ended February 27, 2010 also include services related to the acquisition of Filene's Basement.

Pre-approval Policies and Procedures: The Audit Committee Charter adopted by the Board of Directors of the Company requires that, among other things, the Audit Committee must pre-approve all audit and permissible non-audit services rendered by the independent registered accounting firm. These services may include audit services, audit-related services, tax services and other services, including services relating to compliance with Section 404 of the Sarbanes-Oxley Act of 2002. The independent registered public accounting firm and management are required to periodically report to the Audit Committee regarding the extent of services provided by the independent registered public accounting firm in accordance with this pre-approval, and the fees for the services performed to date. The Audit Committee may also pre-approve particular services on a case-by-case basis. All services provided during the past two fiscal years were pre-approved by the Audit Committee.

The Company and the Audit Committee have considered whether other non-audit services by BDO are compatible with maintaining the independence of BDO in its audit of the Company.

For purposes of determining whether to select BDO as the independent registered public accounting firm to perform the audit of our financial statements and our internal control over financial reporting for fiscal 2010, the Audit Committee conducted a thorough review of BDO's performance. The committee considered:

- § BDO's historical and recent performance on the Company's audit, including the quality of the engagement team and the firm's experience, client service, responsiveness and technical expertise;
- § The firm's leadership, management structure, client and employee retention and compliance and ethics programs;
