## INDEPENDENT AUDITORS' REPORT

Administrative Committee of  
Sterling Bancorp/Sterling National Bank 401(K) Plan:

We have audited the accompanying statements of assets available for plan benefits of Sterling Bancorp/Sterling National Bank 401(K) Plan (the Plan) as of December 31, 2002 and 2001, and the related statement of changes in assets available for plan benefits for the year ended December 31, 2002. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the assets available for plan benefits of the Plan as of December 31, 2002 and 2001, and the changes in assets available for plan benefits for the year ended December 31, 2002 in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule H, line 4i - schedule of assets (held at end of year) at December 31, 2002 and schedule H, line 4j - schedule of reportable transactions - for the year ended December 31, 2002 are presented for the purpose of additional analysis and are not a required part of the basic financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA).

## Edgar Filing: STERLING BANCORP - Form 11-K

These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

(1) DESCRIPTION OF THE PLAN

The assets of the Sterling Bancorp/Sterling National Bank 401(K) Plan (the Plan) are primarily financial instruments and are subject to risk from individual investment objectives, stock markets, interest rates, economic conditions, and world affairs. The following brief description of the Plan is presented for information purposes only and is not intended as a summary plan description for participants. Participants should refer to the Plan document for more complete information.

(a) GENERAL

The Plan is a defined contribution plan covering all employees of Sterling Bancorp and subsidiaries (the Company or Plan Sponsor), excluding Sterling National Mortgage Company, to help supplement participants' retirement income. The Plan was established effective January 1, 1990, amended and restated effective January 1, 1994. Under the terms of the amendment, participants and their account balances of the Profit-Sharing Plan for Employees of Sterling National Bank and the Profit-Sharing Plan for Employees of Sterling Bancorp were transferred and merged into the Plan. In 2001, the Plan was amended and restated effective January 1, 2001 reflecting certain changes on service credit and compensation provisions. In 2002, the Plan was further amended effective January 1, 2002 to reflect certain changes under the Economic Growth and Tax Relief Reconciliation Act (EGTRRA). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

## Edgar Filing: STERLING BANCORP - Form 11-K

The Plan is administered by a committee appointed by the board of directors of Sterling Bancorp, and such committee acts as the Plan's administrator. Sterling Bancorp is a bank holding company and its common shares are listed on the New York Stock Exchange. Sterling National Bank (the Bank) is a wholly owned subsidiary of Sterling Bancorp.

(b) PARTICIPATION AND CONTRIBUTIONS

Regular salaried employees are eligible to participate in the Plan if employed for at least six months and have attained age 20-1/2 years. Employees who have attained the age of 50 years may contribute up to \$12,000 in 2002. The Company may contribute 25% of the first 6% of base compensation that a participant contributes if the participant is employed on the last day of the plan year. Additional Company contributions may be contributed at the option of the Company's board of directors. No contributions were made by the Company during 2002 and 2001.

Participants may elect to increase and decrease their contributions once every calendar quarter by giving at least ten days' prior written notice to the Committee. Participants may discontinue their contributions at any time.

(h) TRUST FUNDS MANAGED BY STERLING NATIONAL BANK

concerning purchases and sales of investments in this account.

(i) INVESTMENT FUNDS MANAGED BY PRINCIPAL MUTUAL LIFE INSURANCE COMPANY

Principal Mutual Life Insurance Company (the Custodian or Principal) manages the Plan's assets on behalf of the Plan, pursuant to the terms of an annuity contract effective January 1, 1996 between the Trustee and the Custodian.

The Custodian has been granted discretionary authority concerning purchases and sales of investments in the pooled separate accounts and guaranteed investment contract.

(j) PARTICIPANT LOANS

Under the Plan, a participant may borrow up to the lesser of 50% of his or her vested account balance or \$50,000, subject to a minimum amount of \$1,000. Interest is charged to participants at rates that provide a return commensurate with the prevailing rate of interest that would be charged by independent lenders for similar loans. The period of repayment of any loan shall not exceed five years unless the loan is to be used in conjunction with the purchase of the principal residence of the participant. A participant may have more than one loan outstanding at a time.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) GENERAL ACCOUNTING POLICIES

The accompanying financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

(b) USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires that management make estimates and assumptions relating to the reporting of assets available for plan benefits and changes in the assets available for plan benefits and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(c) INVESTMENT VALUATION AND INCOME RECOGNITION

Statement of Financial Accounting Standards No. 107, (SFAS No. 107), Disclosure about Fair Value of Financial Statements, defines fair value of a financial instrument as the amount at which the instrument could be exchanged in a current transaction between willing parties.

Investments are valued at fair value based upon the net asset value per fund which, in turn, is based upon the market quotations of the underlying investments. Money market accounts are valued at cost, which approximates fair value. Stocks traded on security exchanges are valued at closing

market prices; when no trades are reported by the security exchanges, they are valued at the most recent bid quotation. Participant loans are valued at cost, which approximates fair value.

The net unrealized appreciation or depreciation for the period is reported together with the realized gains and losses in the statement of changes in assets available for plan benefits.

Investment income of each investment fund is allocated to participant accounts at the end of each quarter based upon the ratio of each participant's account to the total of the investment fund balance.

Realized investment gains and losses are calculated using the weighted average historical cost basis of the investments. Interest income is recognized when earned. Purchases and sales of investments are recognized on a trade-date basis. Dividend income is recognized on the ex-dividend date.

(d) PAYMENTS OF BENEFITS

Benefits are recorded when paid.

(e) RISKS AND UNCERTAINTIES

The Plan offers a number of investment options including the Company common stock and a variety of pooled investment funds. The investment funds consist of U.S. equities, international equities, and fixed income securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonable to expect that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the statement of assets available for plan benefits.

The Plan's exposure to a concentration of credit risk is limited by the diversification of investments across all participant-directed fund elections. Additionally, the investments within each participant-directed fund election are further diversified into varied financial instruments, with the exception of the Company common stock, which principally invests in the securities of a single issuer.

(3) Investments

The following table presents the fair value of investments that represent 5% or more of the Plan's net assets at December 31, 2002 and 2001:

(6) INCOME TAX STATUS

The Plan obtained a favorable determination letter dated November 22, 2002, from the Internal Revenue Service, which stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC).
