**CVRD signs Memorandum of Understanding with  
ThyssenKrupp Stahl**

Rio de Janeiro, December 3, 2004 Companhia Vale do Rio Doce (CVRD), the largest producer of iron ore and pellets in the world, and ThyssenKrupp Stahl A.G. (ThyssenKrupp), one of the largest European steelmakers, have signed a Memorandum of Understanding (MoU) whose objective is the construction of an integrated slab plant in Brazil.

The next step will be the creation of a Joint Venture Company, Companhia Siderúrgica do Atlântico (CSA) to conclude the joint feasibility study and to implement the project.

The 4.4 million tons per year slab plant is expected to be located in the State of Rio de Janeiro and to start production in 2008.

This initiative is consistent with CVRD's strategy of attracting new investments in the steel industry in Brazil; thereby, increasing iron ore consumption and generating jobs, revenues and income in Brazil. This support may take place via long-term iron ore contracts to guarantee future supply and/or minority equity participations.
