Earnings Release

On August 3, 2007, GLG Partners (GLG) released its earnings for the second fiscal quarter of 2007, and Freedom Acquisition Holdings, Inc. (Freedom) is furnishing a copy of the earnings release issued by GLG to the Securities and Exchange Commission as Exhibit 99.1 to this Current Report on Form 8-K and incorporated herein by reference.

GLG presents certain financial measures, such as adjusted net income and comprehensive limited partner profit share, compensation and benefits, that are not prepared in accordance with U.S. generally accepted accounting principles, or GAAP, in addition to financial results prepared in accordance with GAAP. See the discussion in the earnings release under Non-GAAP Financial Measures . GLG 's management uses these non- GAAP financial measures in its evaluation of GLG 's core results of operations and trends between fiscal periods and believes these measures are an important component of its internal performance measurement process. GLG 's management also prepares forecasts for future periods on a basis consistent with these non-GAAP financial measures. Under the credit facility expected to be entered into in connection with the acquisition, Freedom and its subsidiaries will be required to maintain compliance with certain financial covenants based on adjusted earnings before interest expense, provision for income taxes, depreciation and amortization, or adjusted EBITDA, which is calculated based on the non-GAAP adjusted net income measure, further adjusted to add back interest expense, provision for income taxes, depreciation and amortization. Non-GAAP adjusted net income has certain limitations in that it may overcompensate for certain costs and expenditures related to GLG 's business and may not be indicative of the cash flows from operations as determined in accordance with GAAP.
