**Item 1.01. Entry into a Material Definitive Agreement.**

**Indenture**

On September 29, 2009, PHH Corporation (the Company, we or our ) issued \$250 million in aggregate principal amount of 4.00% Convertible Senior Notes due 2014 (the Notes ) under an indenture, dated as of September 29, 2009 (the Indenture ), between the Company and The Bank of New York Mellon, as trustee (the Trustee ). The Notes will bear interest at a rate of 4.00% per year, payable semiannually in arrears in cash on March 1st and September 1st of each year, beginning on March 1, 2010. The Notes are our senior unsecured obligations and will rank equally with all of our existing and future senior unsecured debt and senior to all of our existing and future subordinated debt.

Holder may convert their Notes at their option on any day prior to the close of business on the scheduled trading day immediately preceding March 1, 2014 only under the following circumstances: (1) during the five business-day period after any five consecutive trading day period (the measurement period ) in which the trading price per Note for each day of that measurement period was less than 98% of the product of the last reported sale price of our common stock and the conversion rate on each such day; (2) during any calendar quarter after the calendar quarter ending December 31, 2009, and only during such calendar quarter, if the last reported sale price of our common stock for 20 or more trading days in a period of 30 consecutive trading days ending on the last trading day of the immediately preceding calendar quarter exceeds 130% of the applicable conversion price in effect on each such trading day; or (3) upon the occurrence of specified corporate events. The Notes will be convertible, regardless of the foregoing circumstances, at any time from, and including, March 1, 2014 through the third scheduled trading day immediately preceding the maturity date.

Upon conversion we will pay cash and, if applicable, deliver shares of our common stock based on a daily conversion value calculated on a proportionate basis for each VWAP trading day of the relevant 60 VWAP trading day observation period. The initial conversion rate for the Notes will be 38.7522 shares of common stock per \$1,000 in principal amount of Notes, equivalent to a conversion price of approximately \$25.805 per share of common stock. The conversion rate will be subject to adjustment in some events but will not be adjusted for accrued interest.

Subject to certain exceptions, holders may require the Company to repurchase, for cash, all or part of their Notes upon a fundamental change (as defined in the Indenture) at a price equal to 100% of the principal amount of the Notes being repurchased plus any accrued and unpaid interest up to, but excluding, the fundamental change repurchase date. In addition, upon a make-whole fundamental change (as defined in the Indenture) prior to the maturity date of the Notes, we will, in some cases, increase the conversion rate for a holder that elects to convert its Notes in connection with such make-whole fundamental change. The Company may not redeem the Notes prior to maturity.

The Indenture contains certain events of default after which the Notes may be due and payable immediately. Such events of default include, without limitation, the following: failure to pay interest on any Note when due and such failure continues for 30 days; failure to pay any principal of, or extension fee (if any) on, any Note when due and payable at maturity, upon required repurchase, upon acceleration or otherwise; failure to comply with our obligation to convert the Notes into cash, our common stock or a combination of cash and our common stock, as applicable, upon exercise of a holder's conversion right and such failure continues for 5 days; failure in performance or breach of any covenant or agreement by us under the Indenture and such failure or breach continues for 60 days after written notice has been given to us; failure by us to provide timely notice of a fundamental change; failure to pay any indebtedness borrowed by us or one of our majority owned subsidiaries in an outstanding principal amount in excess of \$25 million if such default is not rescinded or annulled within 30 days after written notice; failure by us or one of our majority-owned subsidiaries to pay, bond or otherwise discharge any judgments or orders in excess of \$25 million within 60 days of notice; and certain events in bankruptcy, insolvency or reorganization of the Company.

**Convertible Note Hedge Amendments and Additional Warrant Transactions**

Concurrently with the pricing of the Notes, on September 23, 2009, the Company entered into convertible note hedging transactions (collectively, the Note Hedges ) with respect to its common stock (the Purchased Options )

with affiliates of certain of the initial purchasers (collectively, the Option Counterparties ). The Purchased Options cover, subject to adjustments substantially similar to those in the Notes, up to 8,525,484 shares of our common stock. Separately and concurrently with the pricing of the Notes, on September 23, 2009, the Company entered into warrant transactions (collectively, the Warrant Transactions ), whereby it sold to the Option Counterparties warrants to acquire, subject to adjustments, up to 8,525,484 shares of its common stock (the Sold Warrants ).

Concurrently with the issuance of the Notes, on September 29, 2009, the Company entered into amendments to the Note Hedges (collectively, the Note Hedge Amendments ). The Note Hedge Amendments increase the number of shares covered by the Purchased Options by up to 1,162,566 shares, from 8,525,484 shares to up to 9,688,050 shares (subject, in each case, to adjustments substantially similar to those in the Notes).

Separately and concurrently with the issuance of the Notes, on September 29, 2009, the Company entered into additional warrant transactions (collectively, the Additional Warrant Transactions ), whereby it sold to the Option Counterparties warrants to acquire, subject to adjustments, up to an additional 1,162,566 shares of its common stock (the Additional Sold Warrants ). The Additional Sold Warrants could have a dilutive effect on our earnings per share to the extent that the price of our common stock exceeds the strike price of the Additional Sold Warrants during the measurement period at their maturity.

The Note Hedge Amendments and Additional Warrant Transactions are separate transactions, entered into by the Company with the Option Counterparties, and are not part of the terms of the Notes. Holders of the Notes will not have any rights with respect to the Purchased Options and Additional Sold Warrants.

In connection with the Additional Warrant Transactions, we entered into confirmation letters with the Option Counterparties (collectively, the Additional Warrant Confirmations ) setting forth the terms and conditions of the Additional Warrant Transactions.

The foregoing summary of the Indenture, Note Hedge Amendments and Additional Warrant Transactions set forth above is qualified in its entirety by reference to the full text of the Indenture, Amendments to Convertible Note Hedging Transaction Confirmations and the Additional Warrant Confirmations, copies of which are attached to this Current Report on Form 8-K ( Form 8-K ) as Exhibits 4.1, 10.1, 10.2, 10.3, 10.4, 10.5 and 10.6, and incorporated herein by reference.
