These forward-looking statements are based upon our current plans or expectations and are subject to a number of uncertainties and risks that could significantly affect current plans, anticipated actions and our future financial condition and results. These statements are not guarantees of future performance, and we have no specific intention to update these statements. The uncertainties and risks include, but are not limited to:

significant weather-related or other natural or human-made catastrophes and disasters;

the cyclical nature of the property and casualty insurance industry;

changes in market prices of our equity investments and changes in value of our debt portfolio;

adverse loss development for events insured by our insurance operating units in either the current year or prior years;

the long-tail and potentially volatile nature of certain casualty lines of business written by our insurance operating units;

changes in our plans, strategies, objectives, expectations, or intentions, which may happen at any time at our discretion. As a consequence, current plans, anticipated actions, and future financial condition and results may differ from those expressed in any forward-looking statements made by us or on our behalf.

You should consider these risks and those set forth in, or incorporated into, the **Risk Factors** section of this prospectus prior to investing in our debt securities.

USE OF PROCEEDS

Unless another use is specified in a prospectus supplement accompanying this prospectus or in documents that we incorporate by reference herein, the net proceeds from the sale of the debt securities to which this prospectus relates will be used for general corporate purposes, including, but not limited to, acquisitions, additions to working capital, capital expenditures, investments, contributions of capital to our subsidiaries, repayment of debt, and repurchases and redemptions of our securities. Pending any specific application, net proceeds may initially be temporarily invested in short-term marketable securities.

RATIO OF EARNINGS TO FIXED CHARGES

The following table sets forth our ratio of earnings to fixed charges for each of the periods indicated:

	Six Months Ended June 30, 2010	December 31, 2009	December 31, 2008	Fiscal Year Ended December 31, 2007	December 31, 2006	December 31, 2005
Ratio of Earnings to Fixed Charges	62.4x	68.0x	21.3x	69.9x	29.2x	8.5x

For purposes of calculating these ratios, **earnings** consists of (x) net income, (y) fixed charges and (z) amortization of any capitalized interest, and **fixed charges** consists of (x) interest expensed and capitalized, (y) amortized premiums, discounts and capitalized expenses related to indebtedness and (z) an estimate of the interest within rental expense.

RECENT DEVELOPMENTS

On September 9, 2010, we entered into a three-year credit agreement (the **Credit Agreement**), providing commitments for a two tranche revolving credit facility in an aggregate principal amount of up to \$100 million, consisting of (x) a secured credit facility (Tranche A), subject to a borrowing base, as set forth therein, in an aggregate principal amount of up to \$50 million and (y) an unsecured credit facility (Tranche B) in an aggregate principal amount of up to \$50 million. The commitments are scheduled to terminate on September 9, 2013, unless earlier terminated. Borrowings under the Credit Agreement will be available for working capital and general corporate purposes. Under the Credit Agreement, U.S. Bank National Association serves as administrative agent for the lenders. Please see our Current Report on Form 8-K filed on September 14, 2010 for a complete description of the Credit Agreement.

DESCRIPTION OF DEBT SECURITIES**General**

You can find the definitions of the terms used in the following summary under the subheading Certain Definitions. In this section entitled Description of Debt Securities when we refer to Alleghany, the Company, we, our or us referring to Alleghany Corporation, as issuer of the debt securities, and we do not include any of Alleghany's subsidiaries.

This prospectus describes certain general terms and provisions of the debt securities. The debt securities will be issued in one or more series under an indenture, to be entered into between us and The Bank of New York Mellon, as trustee. The terms of the debt securities include those stated in the indenture and those made

Table of Contents

part of that indenture by reference to the Trust Indenture Act of 1939, as amended. When we offer to sell the debt securities, we will describe the specific terms of the debt securities being offered in a supplement to this prospectus. The prospectus supplement will also indicate whether the general terms and provisions described in this prospectus apply to the debt securities.

We have summarized certain terms and provisions of the indenture. The summary is not complete. The form of indenture has been filed as an exhibit to the registration statement for these debt securities that we have filed with the SEC. We urge you to read the indenture because it, and not this description, defines your rights as a holder of the debt securities.

The indenture will not limit the amount of debt securities we may issue and provides that debt securities may be issued under it from time to time in one or more series. We may issue debt securities of one or more series up to an aggregate principal amount as we may authorize from time to time. With respect to each particular series that we offer by this prospectus, the prospectus supplement will describe the terms of each series of debt securities being offered, including:

the designation and aggregate principal amount, if any;

the maturity date;

the interest rate, if any, at which such debt securities shall bear interest and the method for calculating the interest rate;

the interest payment dates and the record dates for the interest payments;

any mandatory or optional redemption terms or prepayment or sinking fund provisions;

the place where we will pay principal and interest;

the denominations, if other than denominations of \$1,000 or multiples of \$1,000, such debt securities will be issued in;

the currency or currencies, if other than the currency of the United States, in which principal and interest will be paid;

any listing on a securities exchange;

any additional events of default or covenants;

whether and under what circumstances we will pay additional amounts on the debt securities of the series in respect of any tax, assessment or governmental charge;

any other terms and conditions and any other deletions from, modifications or additions to the indenture in respect of such debt securities.

The debt securities will be our senior unsecured obligations and will rank equally with all of our other senior unsecured indebtedness.

Status

The debt securities of each series will constitute direct, unsecured, unconditional and unsubordinated obligations of Alleghany and will at all times rank equally among themselves and (subject to such obligations as are mandatorily preferred by law) with all other present and future unsecured and unsubordinated obligations of Alleghany. Neither the indenture nor the debt securities of any series will limit other indebtedness or debt securities that may be incurred or issued by Alleghany. Alleghany conducts its business primarily through subsidiaries. Because the creditors of Alleghany's subsidiaries, and policyholders of Alleghany's insurance subsidiaries, generally would have a right to receive payment which is superior to Alleghany's right to receive payment from the assets of its subsidiaries, the holders of the debt securities of any series will effectively be subordinated to the creditors of Alleghany's subsidiaries and to the policyholders of Alleghany's insurance subsidiaries. If Alleghany were to liquidate or reorganize, the right of the holders of the debt securities of any series to participate in any distribution of the assets of Alleghany's subsidiaries

Table of Contents

would be subject to the claims of the subsidiaries' creditors, including the claims of policyholders of the insurance subsidiaries, and might also be subject to approval by certain insurance regulatory authorities having jurisdiction over the insurance subsidiaries.

Events of Default

An event of default with respect to debt securities of a series issued (an "Event of Default") is:

- (a) a default in the payment of principal or premium, if any, on any outstanding debt securities of that series;
- (b) a default for 30 days in the payment of any interest with respect to outstanding debt securities of that series;
- (c) a default for 30 days in the deposit of any mandatory sinking fund payment;
- (d) a default in the performance or breach of any other covenant or warranty of Alleghany in the debt securities or the indenture with respect to any outstanding debt securities of that series for 90 days after written notice to Alleghany as provided in the indenture; or
- (e) certain events involving bankruptcy, insolvency or reorganization of Alleghany.

If an Event of Default (other than an Event of Default described in subsection (e) above) with respect to any series of outstanding debt securities shall have occurred and be continuing, the trustee shall, at the written request of the holders of not less than 25% in aggregate principal amount of the then outstanding debt securities of that series, by notice in writing to Alleghany, declare the principal of all the debt securities of that series to be due and payable immediately, and upon any such declaration such principal and any accrued interest will become immediately due and payable. If an Event of Default specified in subsection (e) occurs and is continuing, the principal and any accrued interest on all of the debt securities then outstanding shall become due and payable immediately without any declaration or other act on the part of the trustee or any holder.

At any time after such declaration of acceleration with respect to debt securities of any series has been made but before a judgment or decree based on acceleration, the holders of a majority in aggregate principal amount of the then outstanding debt securities of such series may, under certain circumstances, rescind and annul such acceleration if sufficient funds have been paid or deposited with the trustee and all Events of Default, other than the nonpayment of accelerated principal and interest, have been cured or waived as provided in the indenture.

No holder of debt securities of any series will have any right to institute any proceeding with respect to the indenture or any remedy thereunder, unless such holder of debt securities of such series shall have previously given to the trustee written notice of a continuing Event of Default and also unless the holders of at least 25% in aggregate principal amount of the then outstanding debt securities of such series shall have made a written request, and offered reasonable indemnity, to the trustee to institute such proceeding as trustee, and the trustee shall not have received from the holders of a majority in aggregate principal amount of the then outstanding debt securities of such series a direction inconsistent with such request and shall have failed to institute such proceeding within 60 days. However, such limitations do not apply to a suit instituted by a holder of a note for the enforcement of payment of the principal or interest on such note on or after the respective due dates expressed in such note.

Governing Law

The indenture and the debt securities will be governed by, and construed in accordance with, the laws of the State of New York.

Table of Contents

Concerning the Trustee

The Bank of New York Mellon is the trustee under the indenture. The Bank of New York Mellon has performed and will perform other services for Alleghany and for certain of Alleghany's subsidiaries in the normal course of its business.

PLAN OF DISTRIBUTION

We may sell the debt securities from time to time in one or more of the following ways: through underwriters or dealers;

directly to one or more purchasers;

through agents; or

through a combination of any such methods of sale.

The prospectus supplement with respect to the offered debt securities will set forth the terms of the offering, including:

the name or names of any underwriters or agents;

the purchase price of the offered debt securities and the proceeds to us from their sale;

any underwriting discounts or sales agents' commissions and other items constituting underwriters' or agents' compensation;

any initial public offering price;

any discounts or concessions allowed or reallocated or paid to dealers; and

any securities exchanges on which those debt securities may be listed.

Only underwriters or agents named in the accompanying prospectus supplement are deemed to be underwriters or agents in connection with the debt securities offered thereby.

If underwriters are used in the sale, the debt securities will be acquired by the underwriters for their own account and may be resold from time to time in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale. The obligations of the underwriters to purchase those debt securities will be subject to certain conditions precedent, and unless otherwise specified in the accompanying prospectus supplement, the underwriters will be obligated to purchase all the debt securities of the series offered by such accompanying prospectus supplement relating to that series if any of such debt securities are purchased. Any initial public offering price and any discounts or concessions allowed or reallocated or paid to dealers may be changed from time to time.

We may also sell debt securities directly or through agents we designate from time to time. Any agent involved in the offering and sale of the offered debt securities will be named in the accompanying prospectus supplement, and any commissions payable by us to that agent will be set forth in the accompanying prospectus supplement. Unless otherwise indicated in such accompanying prospectus supplement, any agent will be acting on a best efforts basis for

the period of its appointment.

If so indicated in an accompanying prospectus supplement, we will authorize agents, underwriters or dealers to solicit offers by certain institutional investors to purchase securities, which offers provide for payment and delivery on a future date specified in such accompanying prospectus supplement. There may be limitations on the minimum amount that may be purchased by any such institutional investor or on the portion of the aggregate principal amount of the particular debt securities that may be sold pursuant to these arrangements.

Institutional investors to which offers may be made, when authorized, include commercial and savings banks, insurance companies, pension funds, investment companies, educational and charitable institutions and

Table of Contents

such other institutions as may be approved by us. The obligations of any purchasers pursuant to delayed delivery and payment arrangements will only be subject to the following two conditions:

the purchase by an institution of the particular securities will not, at the time of delivery, be prohibited under the laws of any jurisdiction in the U.S. to which that institution is subject; and

if the particular debt securities are being sold to underwriters, we will have sold to those underwriters the total principal amount or number of those debt securities less the principal amount or number thereof, as the case may be, covered by such arrangements.

Underwriters will not have any responsibility in respect of the validity of these arrangements or the performance by us or institutional investors thereunder.

LEGAL MATTERS

Unless otherwise specified in the prospectus supplement accompanying this prospectus, Day Pitney LLP, New York, New York 10036, will provide an opinion regarding the authorization and validity of the debt securities and other legal matters. (2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(A) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(B) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(5) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;
