The Company's actual future results and trends may differ materially depending on a variety of factors discussed in the Company's filings with the Securities and Exchange Commission. These factors include without limitation: (a) the ability and willingness of the Company's tenants, operators, borrowers, managers and other third parties to meet and/or perform their obligations under their respective contractual arrangements with the Company, including, in some cases, their obligations to indemnify, defend and hold harmless the Company from and against various claims, litigation and liabilities; (b) the ability of the Company's tenants, operators, borrowers and managers to maintain the financial strength and liquidity necessary to satisfy their respective obligations and liabilities to third parties, including without limitation obligations under their existing credit facilities and other indebtedness; (c) the Company's success in implementing its business strategy and its ability to identify, underwrite, consummate, finance and integrate diversifying acquisitions or investments, including those in different asset types and outside the United States; (d) the nature and extent of future competition; (e) the extent of future or pending healthcare reform and regulation, including cost containment measures and changes in reimbursement policies, procedures and rates; (f) increases in the Company's cost of borrowing as a result of changes in interest rates and other factors; (g) the ability of the Company's operators and managers, as applicable, to deliver high quality services, to attract and retain qualified personnel and to attract residents and patients; (h) the results of litigation affecting the Company; (i) changes in general economic conditions and/or economic conditions in the markets in which the Company may, from time to time, compete, and the effect of those changes on the Company's revenues and its ability to access the capital markets or other sources of funds; (j) the Company's ability to pay down, refinance, restructure and/or extend its indebtedness as it becomes due; (k) the Company's ability and willingness to maintain its qualification as a REIT due to economic, market, legal, tax or other considerations; (l) final determination of the Company's taxable net income for the ending December 31, 2010; (m) the ability and willingness of the Company's tenants to renew their leases with the Company upon expiration of the leases and the Company's ability to reposition its properties on the same or better terms in the event such leases expire and are not renewed by the Company's tenants or in the event the Company exercises its right to replace an existing tenant upon default; (n) risks associated with the Company's senior living operating portfolio, such as factors causing volatility in the Company's operating income and earnings generated by its properties, including without limitation national and regional economic conditions, costs of materials, energy, labor and services, employee benefit costs and professional and general liability claims, and the timely delivery of accurate property-level financial results for those properties; (o) the movement of U.S. and Canadian exchange rates; (p) year-over-year changes in the Consumer Price Index and the effect of those changes on the rent escalators, including the rent escalator for Master Lease 2 with Kindred Healthcare, Inc., and the Company's earnings; (q) the Company's ability and the ability of its tenants, operators, borrowers and managers to obtain and maintain adequate liability and other insurance from reputable and financially stable providers; (r) the impact of increased operating costs and uninsured professional liability claims on the liquidity, financial condition and results of operations of the Company's tenants, operators, borrowers and managers, and the ability of the Company's tenants, operators, borrowers and managers to accurately estimate the magnitude of those claims; (s) the ability and willingness of the lenders under the Company's unsecured revolving credit facilities to fund, in whole or in part, borrowing requests made by the Company from time to time; (t) risks associated with the Company's recent acquisition of businesses owned and operated by Lillibridge Healthcare Services, Inc. and its related entities,
