VOTING PROCEDURES AND METHOD OF COUNTING VOTES

You are entitled to vote your Company common stock if the records of the Company show that you held your shares as of the close of business on the Voting Record Date. If your shares are held through a broker, bank or similar holder of record, you are considered the beneficial owner of shares held in street name and these proxy materials are being forwarded to you by your broker or other holder of record. As the beneficial owner, you have the right to direct your broker or other holder of record how to vote by filling out a voting instruction form that accompanies these proxy materials. Your broker, bank or other holder of record may allow you to provide voting instructions by telephone or by the Internet. Please see the voting instruction form provided by your broker, bank or other holder of record that accompanies this proxy statement.

If you participate in the SharePlus Federal Bank Employee Stock Ownership Plan (the ESOP) or if you hold Company common stock through the SharePlus Federal Bank 401(k) Plan (the 401(k) Plan), you will receive vote authorization forms for the plans that reflect all shares you may direct the trustees to vote on your behalf under the plans. Under the terms of the ESOP, the ESOP trustee votes all shares held by the ESOP, but each ESOP participant may direct the trustee how to vote the shares of common stock allocated to his or her account. The ESOP trustee, subject to the exercise of its fiduciary responsibilities, will vote all unallocated shares of Company common stock held by the ESOP and allocated shares for which no voting instructions are received in the same proportion as shares for which it has received timely voting instructions. Under the terms of the 401(k) Plan, a participant is entitled to provide voting instructions for all shares credited to his or her 401(k) Plan account and held in the SP Bancorp, Inc. Stock Fund. Shares for which no voting instructions are given or for which instructions were not timely received will be voted in the same proportion as shares for which voting instructions were received. **The deadline for returning your ESOP and 401(k) Plan voting instructions is May 12, 2011.**

As to the election of the directors, the proxy card provided by the Board of Directors enables a stockholder to vote FOR the election of the nominees proposed by the Board of Directors or to WITHHOLD AUTHORITY to vote for the nominees being proposed. Under Maryland law and our Articles of Incorporation and Bylaws, directors are elected by a plurality of the shares voted at the Meeting without regard to either broker non-votes or proxies as to which the authority to vote for the nominee is withheld. Plurality means that individuals who receive the largest number of votes cast are elected, up to the maximum number of directors to be elected at the Meeting.

As to the ratification of McGladrey & Pullen, LLP as our independent registered public accountants, by checking the appropriate box a stockholder may vote FOR the item, vote AGAINST the item or ABSTAIN from voting on the item. The ratification of independent registered public accountants must be approved by a majority of the shares voted at the Meeting without regard to broker non-votes or proxies marked ABSTAIN.

In the event at the time of the Meeting there are not sufficient votes for a quorum or to approve or ratify any matter being presented, the Meeting may be adjourned in order to permit the further solicitation of proxies.

Proxies solicited hereby will be returned to us and will be tabulated by Diane Stephens, the Corporate Secretary of SharePlus Federal Bank, who has been designated the inspector of election by our Board of Directors.

PROPOSAL I ELECTION OF DIRECTORS

Our Board of Directors is comprised of nine persons, and is divided into three classes with one class of directors elected each year. Directors are generally elected to serve for a three-year period or until their respective successors shall have been elected and shall qualify. Our Nominating and Corporate Governance Committee has nominated Carl W. Forsythe, David Stephens and Jeffrey L. Weaver to serve as directors for three-year terms. Messrs. Forsythe, Stephens and Weaver are currently members of the Board of Directors and have agreed to serve, if elected.

The table below sets forth certain information, as of the Voting Record Date, regarding the Board of Directors and executive officers. It is intended that the proxies solicited on behalf of the Board of Directors (other than proxies in which the vote is withheld as to the nominees) will be voted at the Meeting for the election of the nominees identified below. If a nominee is unable to serve, the shares represented by all such proxies will be voted for the election of such substitute as the Board of Directors may recommend. At this time, the Board of Directors knows of no reason why any of the nominees might be unable to serve, if elected. There are no arrangements or understandings between any of the nominees and any other person pursuant to which the nominees were selected.

Director Qualifications

In considering and identifying individual candidates for director, our Nominating and Corporate Governance Committee and our board of directors takes into account several factors that they believe are important to the operations of the Company and the Bank, as a community banking institution. With respect to specific candidates, the board and Committee assess the specific qualities and experience that such individuals possess, including: (1) overall familiarity and experience with the market areas served by the Bank and the community groups located in such communities; (2) knowledge of the local real estate markets and real estate professionals; (3) contacts with and knowledge of local businesses operating in the Bank's market area; (4) professional and educational experience, with particular emphasis on real estate, legal, accounting or financial services; (5) experience with the local governments and agencies and political activities; (6) any adverse regulatory or legal actions involving the individual or entity controlled by the individual; (7) the integrity, honesty and reputation of the individual; (8) experience or involvement with other local financial services companies and potential conflicts that may develop; (9) the past service with the Company or its subsidiaries and contributions to their operations; and (10) the independence of the individual. While the board of directors and the Committee do not maintain a written policy on diversity which specifies the qualities or factors the board or Committee must consider when assessing board members individually or in connection with assessing the overall composition of the board, the board and Committee take into account: (1) the effectiveness of the existing board of directors or additional qualifications that may be required when selecting new board members; (2) the requisite expertise and sufficiently diverse backgrounds of the board of directors' overall membership composition; and (3) the number of independent outside directors and other possible conflicts of interest of existing and potential members of the board of directors. Additionally, the charter of the Nominating and Corporate Governance Committee includes a statement that it and the board of directors believe that diversity is an important component of the board of directors, including such factors as background, skills, experience, expertise, gender, race and culture.

Table of Contents

Board Independence

The board of directors has determined that each of our directors, with the exception of President and Chief Executive Officer Jeffrey Weaver, is independent as defined in the listing standards of the Nasdaq Stock Market. Mr. Weaver is not independent because he is one of our executive officers. There were no transactions not required to be reported under Transactions With Certain Related Persons, below that were considered in determining the independence of our directors.

Board Leadership Structure and Risk Oversight

To assure effective and independent oversight of management, the Board of Directors separated the roles of Chief Executive Officer and Chairman of the Board in recognition of the differences between these two roles in management of the Company. The Chief Executive Officer is responsible for setting the strategic direction for the Company and the day-to-day leadership and performance of the Company, while the Chairman of the Board provides guidance to the Chief Executive Officer, sets the agenda for Board meetings and presides over meetings of the full Board. The Chairman of the Board is an independent, non-management role.

The Board of Directors has an active role, as a whole and also at the committee level, in overseeing management of the Company's risks. The Board regularly reviews reports from members of senior management on areas of material risk to the Company, including credit, financial, operational, liquidity, legal and regulatory risks. In reviewing the reports, the full Board, or the appropriate Committee in the case of risks that are under the purview of a particular Committee, discuss with the members of senior management responsible for the areas covered by the reports how risks have been identified and what strategies and procedures have been put in place to mitigate risks. When a Committee receives a report, the Chairman of the relevant Committee communicates the results of the report review to the full Board at the next Board meeting. This enables the Board and its Committees to coordinate the risk oversight role, particularly with respect to risk interrelationships.

Meetings and Committees of the Board of Directors

We conduct business through meetings of our board of directors and its committees. The Company was incorporated on June 15, 2010. During the period beginning on the Company's date of incorporation and December 31, 2010, the board of directors of SP Bancorp, Inc. had three regular meetings and two special meetings. The board of directors of SP Bancorp, Inc. has established the following standing committees: the Compensation Committee, the Nominating and Corporate Governance Committee and the Audit Committee. Each of these committees operates under a written charter, which governs their composition, responsibilities and operations. Each of the written charters is available at our website, www.shareplus.com. Each member of each of these committees is considered independent, as defined in the Nasdaq corporate governance listing standards (and, in the case of the Audit Committee, under applicable federal securities rules).

Table of Contents

The table below sets forth the directors of each of the listed standing committees, and the number of meetings held by each committee during the year ended December 31, 2010. Compensation Committee. The Compensation Committee reviews annually the compensation levels of the executive officers and the fee level of directors and recommends compensation and fee changes to the full Board of Directors. The Committee intends that executive compensation be structured so as to attract, develop and retain talented executive officers and directors who are capable of maximizing our performance for the benefit of our stockholders. The Committee also seeks to set compensation and fee levels that are competitive in the markets in which we operate. We encourage directors, officers and employees to own shares of our common stock, as their means permit. However, we do not currently have any stock ownership guidelines for our executive officers or directors.

Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee nominates individuals for election as directors.

The functions of the Nominating and Corporate Governance Committee include the following:

to lead the search for individuals qualified to become members of the Board and to select director nominees to be presented for stockholder approval;

to review and monitor compliance with the requirements for Board independence;

to review the committee structure and make recommendations to the Board regarding committee membership;

to develop and recommend to the Board for its approval a set of corporate governance guidelines; and

to develop and recommend to the Board for its approval a self-evaluation process for the Board and its committees.

The Nominating and Corporate Governance Committee identifies nominees by first evaluating the current members of the Board of Directors willing to continue in service. Current members of the Board with skills and experience that are relevant to our business and who are willing to continue in service are first considered for re-nomination, balancing the value of continuity of service by existing members of the Board with that of obtaining a new perspective. If any member of the Board does not wish to continue in service, or if the Committee or the Board decides not to re-nominate a member for re-election, or if the size of the Board is increased, the Committee would solicit suggestions

for director candidates from all Board members. In addition, the Committee is authorized by its charter to engage a third party to assist in the identification of director nominees. The Committee would seek to identify a candidate who at a minimum satisfies the following criteria:

- has the highest personal and professional ethics and integrity;

- has had experiences and achievements that have given him or her the ability to exercise and develop good business judgment;

Table of Contents

is willing to devote the necessary time to the work of the Board and its committees, which includes being available for Board and committee meetings;

is familiar with the communities in which we operate and/or is actively engaged in community activities;

is involved in other activities or interests that do not create a conflict with his or her responsibilities to the us and our stockholders; and

has the capacity and desire to represent the balanced, best interests of our stockholders as a group, and not primarily a special interest group or constituency.

In addition, the Committee will determine whether a candidate satisfies the qualifications requirements of our Bylaws. Finally, the Committee will take into account whether a candidate satisfies the criteria for independence under the Nasdaq corporate governance listing standards, and if a nominee is sought for service on the audit committee, the financial and accounting expertise of a candidate, including whether the individual qualifies as independent for audit committee standards under the federal securities rules and as an audit committee financial expert.

Procedures for the Nomination of Directors by Stockholders. The Nominating and Corporate Governance Committee has adopted procedures for the submission of director nominees by stockholders. If a determination is made that an additional candidate is needed for the Board, the Committee will consider candidates submitted by our stockholders. Stockholders can submit qualified names of candidates for director by writing to our Corporate Secretary at 5224 W. Plano Parkway, Plano, Texas 75093. The Corporate Secretary must receive a submission not less than ninety (90) days prior to the anniversary date of our proxy materials for the preceding year's annual meeting for a candidate to be considered for next year's annual meeting of stockholders. The submission must include the following information:

a statement that the writer is a stockholder and is proposing a candidate for consideration by the Nominating Committee;

the qualifications of the candidate and why the candidate is being proposed;

the name and address of the stockholder as they appear on our books, and number of shares of our common stock that are owned beneficially by such stockholder (if the stockholder is not a holder of record, appropriate evidence of the stockholder's ownership will be required);

the name, address and contact information for the candidate, and the number of shares of our common stock that are owned by the candidate (if the candidate is not a holder of record, appropriate evidence of the stockholder's ownership will be required);

a statement of the candidate's business and educational experience;

such other information regarding the candidate as would be required to be included in the proxy statement pursuant to SEC Rule 14A;

a statement detailing any relationship between the candidate and us;

a statement detailing any relationship between the candidate and any of our customers, suppliers or competitors;

detailed information about any relationship or understanding between the proposing stockholder and the candidate; and

a statement that the candidate is willing to be considered and willing to serve as a director if nominated and elected.

Table of Contents

Submissions that are received and that meet the criteria outlined above are forwarded to the Chairman of the Committee for further review and consideration. A nomination submitted by a stockholder for presentation by the stockholder at an annual meeting of stockholders must comply with the procedural and informational requirements described in this proxy statement under the heading **Stockholder Proposals**. We did not receive any outside submissions for Board nominees for the Meeting.

Stockholder Communications with the Board. Any of our stockholders who wish to communicate with the Board or with any individual director may write to our Corporate Secretary, 5224 W. Plano Parkway, Plano, Texas 75093, Attention: Board Administration. The letter should indicate that the author is a stockholder and if shares are not held of record, should include appropriate evidence of stock ownership. Depending on the subject matter, management will:

- forward the communication to the director or directors to whom it is addressed;

- attempt to handle the inquiry directly, for example where it is a request for information about us or a stock-related matter; or

- not forward the communication if it is primarily commercial in nature, relates to an improper or irrelevant topic, or is unduly hostile, threatening, illegal or otherwise inappropriate.

At each Board meeting, management will present a summary of all communications received since the last meeting that were not forwarded and make those communications available to the directors.

The Audit Committee. The Audit Committee reviews our records and affairs to determine our financial condition, reviews with management and the independent auditors the systems of internal control, and monitors adherence in accounting and financial reporting to accounting principles generally accepted in the United States of America. The Audit Committee reports to the Board on its activities and findings. The duties and responsibilities of the Audit Committee include, among other things:

- retaining, overseeing and evaluating a firm of independent certified public accountants to audit our annual financial statements;

- in consultation with the independent registered public accountants and the internal auditor, reviewing the integrity of our financial reporting processes, both internal and external;

- approving the scope of the audit in advance;

- reviewing the financial statements and the audit report with management and the independent registered public accountants;

- considering whether the provision by the external independent registered public accountants of services not related to the annual audit and quarterly reviews is consistent with maintaining the independent registered public accounting firm's independence;

- reviewing earnings and financial releases and quarterly reports filed with the SEC;

- consulting with the internal audit staff and reviewing management's administration of the system of internal accounting controls;

- approving all engagements for audit and non-audit services in excess of specified amounts by the independent registered public accountants; and

- reviewing the adequacy of the audit committee charter.

Audit Committee Report

Management has the primary responsibility for our internal controls and financial reporting processes. The independent registered public accountants are responsible for performing an independent audit of our consolidated financial statements in accordance with auditing standards generally accepted in the United States and issuing a report thereon. The Audit Committee's responsibility is to monitor and oversee these processes.

As part of its ongoing activities, the Audit Committee has:

reviewed and discussed with management, and the independent registered public accountants, our audited consolidated financial statements for the year ended December 31, 2010;

discussed with the independent registered public accountants the matters required to be discussed by Statement on Auditing Standards No. 61, as amended, *Communications with Audit Committees*, as amended; and

received the written disclosures and the letter from the independent registered public accountants required by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*, and has discussed with the independent registered public accountants their independence.

Based on the review and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2010 and be filed with the SEC. In addition, the Audit Committee engaged McGladrey & Pullen, LLP as our independent registered public accountants for the year ending December 31, 2011, subject to the ratification of this appointment by our stockholders.

McGladrey & Pullen, LLP did not use the services of any persons other than its full-time permanent employees on its audit of our 2010 consolidated financial statements.

2010 Incentive Compensation Plan. SharePlus Federal Bank sponsored a 2010 Annual Incentive Plan for Executives (2010 AIP), which was administered by the Compensation Committee of the board of directors. The Committee has the authority to select employees who will participate in the plan, determine the terms and conditions of the awards, and interpret the plan. The Committee also has the authority to increase, reduce or eliminate the final award determinations, based upon object or subjective criteria it deems appropriate.

Under the 2010 AIP, the Compensation Committee set the bonus pool at approximately 19% of pre-tax net income, net of the bonus accrual. For 2010, if pre-tax net income equaled or exceeded the \$1,073,000 target, the maximum available bonus of each participant, as a percentage of such persons' base salary, was determined to be between 10% and 30%, depending on each participant's position. If pre-tax net income did not reach 50% of the targeted amount, no bonuses would be paid.

Table of Contents

The available bonus amount varied depending on the actual pre-tax net income achieved for the year, up to 300% of budgeted pre-tax net income. Actual pre-tax net income achieved for 2010 was \$831,190 and the available bonus pool for the year was approximately \$290,241 (including taxes). The Compensation Committee exercised its judgment and paid virtually the entire pool at \$290,117.

Assuming achievement of pre-tax net income at or above the threshold level, participants achieved a bonus for the year based on satisfaction of corporate/team goals and individual goals, using a scorecard model. Achievement of the corporate/team goal determined 70% of the individual's bonus and achievement of individual goals determined up to 30% of such person's bonus. The corporate/team goal was set as achievement of the pre-tax net income goal. The individual goals, on the other hand, were tailored to each position within SharePlus Federal Bank. Each individual has approximately three to four individual goals that are weighted based on relative importance and specific to their positions (which goals comprise 75% of the potential bonus for individual achievement) and five goals characterized as competencies and behaviors which measure the individual's performance in five areas that directly relate to the Bank's mission, vision and values, including: (i) always does what is right; (2) teamwork; (3) customer service focus; (4) community service; and (5) results focus.

For Mr. Weaver, the individual position-specific goals included, among other things, completing the stock conversion, maintaining asset quality through management of classified assets, internal and external loan reviews, ongoing credit administration and audits, and completing a strategic development plan. For Ms. Rowland, individual position-specific goals included, among other things, producing \$50 million in mortgage and consumer loans, maintaining quality throughout the retail lending function, team development, and working with management to establish an ongoing program of community support and involvement within the defined Community Reinvestment Act assessment areas. For Ms. Salls, the individual position-specific goals included successfully completing all pre- and post-conversion tasks, including initial and ongoing SEC reporting, improving efficiencies and board reporting, and building the processes that would allow in-house mortgage servicing in 2011. For Mr. Sanders, position-specific goals included growing the commercial loan portfolio to \$36 million, maintaining credit quality, fully developing loan administration processes and efficiencies, and implementing e-commerce and remote deposit capture.

2008 Nonqualified Deferred Compensation Plan. SharePlus Federal Bank adopted the 2008 Nonqualified Deferred Compensation Plan to provide selected executive employees with nonqualified deferred compensation, subject to vesting. The committee administering the plan selects the executive employees eligible to participate in the plan. At this time, the only participant in the plan is Jeffrey Weaver, our President and Chief Executive Officer. A participant's benefit under the plan consists solely of the net amount credited to his or her account. The participant's account will be credited periodically with any interest or other investment earnings credited under the annuity contract or other investment alternative identified in the plan. Mr. Weaver's account accrues interest measured under an annuity contract identified in a schedule to the plan. The amount credited to his account is also subject to a vesting schedule that vests Mr. Weaver at the rate of 20% per year, starting on the first anniversary of his initial participation date. Mr. Weaver's account will also become 100% vested upon his death, disability or upon a change in control. In the event of his termination for cause, Mr. Weaver will forfeit his benefit. Payment of the plan's benefit will be made in a single cash payment within 90 days of the earlier of the date on which his account becomes 100% vested or the date of the participant's separation from service other than for cause. In the event of his death, payment will be made to the participant's beneficiary.

Phantom Stock Plan. SharePlus Federal Bank adopted a Phantom Stock Plan in 2006 (and later amended) to provide participants with the opportunity to realize benefits commensurate with SharePlus Federal Bank's performance and value creation. Employees and eligible directors selected by the committee established under the plan were granted awards of phantom stock units, the value of which would be based on increases in the net worth of SharePlus Federal Bank.

The Phantom Stock Plan has been terminated and all participants have been vested in their accounts. Phantom stock units with value will be cashed out by SharePlus Federal Bank not less than 12 months after the date of termination in accordance with Section 409A of the Internal Revenue Code. Ms. Rowland was the only one of our Named Executive Officers who was not fully vested at the termination date. Her account value that will be distributed in 2011 is \$1,584.

Table of Contents**Tax Qualified Plans**

401(k) Plan. SharePlus Federal Bank provides its employees with tax-qualified retirement benefits through a 401(k) plan. All employees who meet the age and service requirements may participate in the 401(k) plan. Participants may contribute up to 100% of their annual compensation to the plan on a pre-tax basis, subject to limits prescribed by law. SharePlus Federal Bank provides a 401(k) match equal to at least 5% of the participant's salary. Employer contributions are subject to a six-year graded vesting schedule such that 20% of a participant's discretionary contributions vest after two years of service and an additional 20% vest after each following year of credited service so that a participant is 100% vested in his or her discretionary contributions after six years of credited service. Participants in the 401(k) plan have the opportunity to purchase SP Bancorp, Inc. common stock in their plan accounts. Upon termination of employment, participants may elect to receive payments of their benefits in a lump sum or in installments.

Employee Stock Ownership Plan. SharePlus Federal Bank has adopted an employee stock ownership plan for eligible employees who have attained age 21 and are employed for one year in which they complete 1,000 hours of service. The employee stock ownership plan funded its initial stock purchase with a loan from SP Bancorp, Inc. equal to the aggregate purchase price of the common stock. The loan will be repaid principally through SharePlus Federal Bank's contribution to the employee stock ownership plan and dividends payable on common stock held by the employee stock ownership plan over the anticipated 20-year term of the loan.

The trustee holds the shares purchased by the employee stock ownership plan in an unallocated suspense account, and shares are released from the suspense account on a pro-rata basis as SharePlus Federal Bank repays the loan. A participant becomes vested in his or her account balance at the rate of 20% per year over a 6-year period.

Transactions with Certain Related Persons

The Sarbanes-Oxley Act of 2002 generally prohibits corporations from making loans to their executive officers and directors, but it contains a specific exemption from such prohibition for federally insured depository institutions, such as SharePlus Federal Bank, provided these loans are made to our executive officers and directors in compliance with federal banking regulations. At December 31, 2010, all of our loans to directors and executive officers were made in the ordinary course of business, were made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable loans to persons not related to SharePlus Federal Bank, and did not involve more than the normal risk of collectability or present other unfavorable features.

In addition, loans made to a director or executive officer must be approved in advance by a majority of the disinterested members of the board of directors if the loan amount is greater than 5% of SharePlus Federal Bank's capital, up to a maximum of \$500,000. The aggregate amount of our loans to our executive officers and directors and their related entities was \$2.2 million at December 31, 2010. As of December 31, 2010, these loans were performing according to their original terms and were made in compliance with federal banking regulations.

Section 16(a) Beneficial Ownership Reporting Compliance

Our common stock is registered with the SEC pursuant to Section 12(g) of the Exchange Act. Our officers and directors and beneficial owners of greater than 10% of our common stock (10% beneficial owners) are required to file reports on Forms 3, 4, and 5 with the SEC disclosing beneficial ownership and changes in beneficial ownership of the common stock. SEC rules require disclosure in our Proxy Statement or Annual Report on Form 10-K of the failure of an officer, director, or 10% beneficial owner of our common stock to file a Form 3, 4, or 5 on a timely basis. Based on our review of such ownership reports, no officer, director or 10% beneficial owner of our common stock failed to file such ownership reports on a timely basis for the year ended December 31, 2010.

PROPOSAL II RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS

Our independent registered public accountants for the year ended December 31, 2010 were McGladrey & Pullen, LLP. The Audit Committee has engaged McGladrey & Pullen, LLP to be the our independent registered public accountants for the 2011 fiscal year, subject to the ratification of the engagement by our stockholders. At the Meeting, stockholders will consider and vote on the ratification of the engagement of McGladrey & Pullen, LLP for the year ending December 31, 2011. A representative of McGladrey & Pullen, LLP is expected to attend the Meeting to respond to appropriate questions and to make a statement if he so desires.

Stockholder ratification of the selection of McGladrey & Pullen, LLP is not required by our bylaws or otherwise. However, the Board of Directors is submitting the selection of the independent registered public accountants to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection of McGladrey & Pullen, LLP, the Audit Committee will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of a different independent accounting firm at any time during the year if it determines that such change is in our best interests of our stockholders.
