**Item 12. Results of Operations and Financial Condition.**

The following information, is furnished under Item 12, Results of Operations and Financial Condition. This information shall not be deemed filed for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the Exchange Act), or incorporated by reference in any filing under the Securities Act of 1933, as amended, or the Exchange Act, except as shall be expressly set forth by specific reference in such a filing.

On January 27, 2004, United Defense Industries, Inc. issued a press release announcing certain financial and operating results for the fourth quarter of 2003 and the year ended December 31, 2003. The press release and financial tables include non-GAAP financial information. Free cash flow, which is defined as cash from operations less capital expenditures, is included because management believes that free cash flow is the best indicator of discretionary cash available to management to pay down debt or make acquisitions or distributions and is therefore useful to both management and investors. Free cash flow is reconciled to cash from operations in the financial tables accompanying the press release. A copy of the press release is filed as exhibit 99.1 hereto and is incorporated into Item 12 of this Form 8-K by reference.
