PROXY STATEMENT
April 28, 2006

INTRODUCTION

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors (the Board of Directors or the Board) of Golden Telecom, Inc. (the Company or Golden Telecom) of proxies to be voted at the annual meeting of shareholders of the Company to be held in the Salon Marzio, Ground Floor, Kempinski Hotel Corvinus Budapest, Erzsébet tér 7-8, Budapest, Hungary on May 18, 2006 beginning at 1:00 p.m. local time (the Annual Meeting). Enclosed with this Proxy Statement is a Notice of the Annual Meeting of Shareholders, together with a Proxy Card for your signature if you are unable to attend. Shareholders of record who execute Proxy Cards may revoke them at any time before they are voted. Any Proxy Card may be revoked by the person giving it any time before it is voted by delivering to the Corporate Secretary of the Company at the principal executive offices of the Company at the Representative Offices of Golden TeleServices, Inc., 1 Kozhevnichecky Proezd, 2nd Floor, Moscow, Russia, 115114, on or before the business day prior to the Annual Meeting or at the Annual Meeting itself, a subsequent written notice of revocation or a subsequent Proxy Card relating to the same shares or by attending the meeting and voting in person. The approximate date on which this Proxy Statement and the accompanying Proxy Card will be first sent to the Company s shareholders is April 28, 2006.

PROXIES AND VOTING PROCEDURES

Shares of the Company s common stock, par value \$0.01 per share (Common Stock), represented by properly executed Proxy Cards received prior to or at the meeting, unless such Proxy Cards have been revoked, will be voted in accordance with the instructions indicated on the Proxy Card.

Shareholders of record (the Shareholders) on April 11, 2006 (the Record Date) are entitled to vote at the Annual Meeting. On April 11, 2006, the Company had outstanding approximately 36,500,785 shares of Common Stock, with each share representing one vote.

If you return your signed Proxy Card to the Company before the Annual Meeting, Golden Telecom will vote your shares as you direct. Items 1, 2 and 3 will be presented at the Annual Meeting by management. Item 4 is expected to be presented at the Annual Meeting by a shareholder.

If you return the Proxy Card to us and do not specify on your Proxy Card how you want to vote your shares, we will vote them FOR the election of all Company nominees for director as set forth under Election of Directors below, FOR the proposal to approve the Company s 2005 Stock Appreciation Rights Plan, FOR the proposal to ratify the selection of our auditors and will WITHHOLD AUTHORITY from the shareholder proposal to elect a director.

The affirmative vote of the holders of a plurality of the votes cast by shareholders will elect candidates for director (Items No. 1 and 4 on your Proxy Card). The affirmative vote of the holders of at least a majority of the shares of Common Stock present in person or represented by proxy at the meeting and entitled to vote is required to approve the 2005 Stock Appreciation Rights Plan (Item No. 2 on your Proxy Card) and ratify the Board of Directors appointment

of Ernst & Young LLC (Ernst & Young) as the Company s independent auditors for 2006 (Item No. 3 on your Proxy Card). The required quorum is a majority of the outstanding

shares of voting stock of Golden Telecom. Golden Telecom intends to count abstentions both for purposes of determining presence or absence of a quorum and in the total number of shares represented and voting with respect to a proposal. Accordingly, abstentions will have the same effect as a vote against Item 2 and 3.

The ten nominees for director receiving the highest number of affirmative votes will be elected. If you vote FOR all ten of the Company's nominees for Director under Item 1 and you also vote FOR the shareholder proposal under Item 4, your Proxy Card will be invalid with respect to Items 1 and 4 because you will have voted for eleven candidates. Therefore, if you would like to vote FOR the shareholder proposal, you must WITHHOLD AUTHORITY to vote for at least one of the Company's nominees. Unless authority to vote is withheld or another contrary instruction is indicated, properly executed Proxy Cards received by Golden Telecom prior to or at the Annual Meeting will be voted FOR the election of the Company nominees listed on the following pages and will be voted to WITHHOLD AUTHORITY on the shareholder proposal listed on the following pages. Should any of the nominees be unavailable to serve at the time the election occurs, the proxyholders named in the Proxy Card will vote for substitute nominees at their discretion.

Broker non-votes occur when nominees have voted on some of the matters to be acted on at a meeting, but fail to vote on certain other matters because they are not permitted to vote on such matters in the absence of instructions from the beneficial owners of shares. Broker non-votes, if any, with respect to a proposal will not be counted for purposes of determining the presence or absence of a quorum, and will not be counted as shares represented and voting with respect to that proposal. A broker non-vote will have no effect on the outcome of the election of directors.

Board and Committee Matters

Board of Directors. The Board of Directors met ten times and acted through unanimous written consents in lieu of meetings twice during the year ended December 31, 2005. During 2005, each of the then-incumbent directors attended, in person or by telephone, 75 percent or more of the meetings of the Board of Directors and 75 percent or more of the meetings of the committees on which each director served.

The Board of Directors has four standing committees: the Executive Committee, the Audit Committee, the Compensation Committee, and the Nominating and Corporate Governance Committee.

Executive Committee. During the fiscal year ended December 31, 2005, the Executive Committee of the Board of Directors met eleven times and acted through unanimous written consent in lieu of meeting two times. A principal responsibility of the Executive Committee is to have and exercise all the powers of the Board of Directors when the Board is not in session, so far as such may be delegated in accordance with law, except that the Committee may not take any final action to: amend the Certificate of Incorporation or Bylaws; elect directors to fill vacancies or newly created directorships on the Board of Directors; fix the compensation of directors for services in any capacity; fill vacancies on the Committee or change its membership; declare dividends (unless authorized by resolution of the Board of Directors); exchange, consolidate, sell, lease, pledge or exchange all or substantially all of the Company's property and assets; recommend to the shareholders a plan of dissolution of the Company or a revocation of a dissolution; or adopt an agreement of merger or consolidation for the Company. The Executive Committee also assumes an advisory role for the senior management of the Company. In this capacity, the Executive Committee shall (i) provide counsel in regard to significant matters affecting the Company, its operations and financial performance; (ii) provide advice on proposed corporate structure, financings and financial strategy; (iii) review and offer comment upon the strategic direction of the Company; and (iv) undertake such other actions as may be requested by the Board of Directors. The Board amended the Charter of the Executive Committee in May 2005 to include the President and the Chief Executive Officer of the Company as non-voting members of the Executive Committee.

The current members of the Executive Committee are Mr. Johnsen (Chair), Mr. Calvey and Mr. Malis. Mr. Calvey is not seeking election to the Board of Directors in 2006.

Audit Committee. During the fiscal year ended December 31, 2005, the Audit Committee of the Board of Directors held eight meetings and acted through unanimous written consent in lieu of meeting seven times. The primary function of the Audit Committee is to advise and assist the Board in fulfilling its oversight responsibilities to the investment community, including current and potential shareholders. The Audit Committee's purposes include assisting: Board oversight of the integrity of the Company's financial statements, the Company's compliance with legal and regulatory requirements, and the performance of the Company's internal audit function and ethics and compliance function. The Audit Committee also has sole responsibility for the appointment, compensation and oversight of the Company's independent auditors. The Audit Committee's principal responsibilities in serving these functions are described in the Audit Committee charter that was adopted by the Company's Board of Directors.

Current copies of the Audit Committee charter and the Company's Conduct Guidelines, which apply to all of the Company's employees and directors and its subsidiaries and both of which comply with the Sarbanes-Oxley Act of 2002 and the Nasdaq National Market corporate governance standards, are available at www.goldentelcom.com. In addition, the Audit Committee charter and the Company's Conduct Guidelines may also be obtained by writing:

Corporate Secretary
Golden Telecom, Inc.
2831 Twenty-Ninth St., N.W.
Washington, D.C.
20008

If the Company amends any provision of its Conduct Guidelines that is required under the Nasdaq National Market corporate governance standards or the Sarbanes-Oxley Act of 2002, or if a waiver of such provision is granted to a director or an executive officer, the notice of such amendment, other than technical, administrative, and other non-substantive amendments, or waiver will be posted on the Company's website at www.goldentelcom.com. While the Board or the Audit Committee may consider a waiver for an executive officer or director, such waivers are not

expected to be granted.

The current members of the Audit Committee are Mr. Herman (Chair) and Mr. Calvey. Mr. Ashley Dunster also served on the Audit Committee until his resignation from the Board of Directors on March 15, 2006.

A Report from the Audit Committee is contained herein in the section following Item No. 2 on Your Proxy Card: Ratification of Appointment of Auditors.

Independence of the Audit Committee. The National Association of Securities Dealers, as a condition for quotation on the Nasdaq National Market, requires the Company to comply with the Nasdaq's Marketplace Rules. One such rule requires the Company to certify that it has and will continue to have an audit committee comprised of at least three members, each of whom is independent, as defined by the Marketplace Rules and Rule 10A-3 of the Securities Exchange Act of 1934. Currently, there is one vacancy on the Audit Committee, which resulted from Mr. Ashley Dunster's resignation as of March 15, 2006 from the Company's Board of Directors, and his positions on the Audit Committee and the Nominating and Corporate Governance Committee. This vacancy shall be filled at the meeting of the Board of Directors to be held on May 18, 2006 following the election of directors at the annual general meeting of shareholders. The Company has given notice to the Nasdaq National Market that between March 15, 2006 and May 18, 2006, there are only two directors on the Company's Audit Committee in reliance on NASD Rule 4350(d)(4)(B). Aside from this approximately two month period following Mr. Dunster's resignation, the Company has been in continual compliance with the audit committee composition requirements without reliance on Rule 4350(d)(4)(B). The slate of nominees for election to the Board includes several additional persons who meet the independent director definition as well as the more stringent requirements for Audit Committee service under Rule 4350(d). As noted above, the Board intends to fill the vacancy on the Audit Committee immediately following the Company's Annual Meeting. It is anticipated that Mr. Gallagher and Mr. Smyth, if elected to the Board of Directors by the shareholders, will join the Audit Committee.

Audit Committee Financial Expert. The Board of Directors has determined that the Audit Committee members are financially literate under the current listing standards of the Nasdaq National Market and able to devote sufficient time to serving on the Audit Committee. Item No. 2 on Your Proxy Card: Approval of 2005 Stock Appreciation Rights Plan

Introduction

On November 22, 2005, the Board of Directors, with the recommendation of the Compensation Committee, approved the Golden Telecom, Inc. 2005 Stock Appreciation Rights Plan (the 2005 SAR Plan) and the EDN Sovintel 2005 Stock Appreciation Rights Bonus Plan (the Sovintel SAR Plan). The 2005 SAR Plan provides for the award of stock appreciation rights (SARs), which confers a benefit that is based on appreciation in value of the Common Stock, and is payable in the form either of shares of the Common Stock of the Company or cash to officers and employees of the Company and its subsidiaries. The Sovintel SAR Plan also provides for the award of SARs which are payable only in the form of cash to officers and employees of the Company s subsidiary, Sovintel.

Since the 2005 SAR Plan provides for the issuance of up to 200,000 shares of Common Stock to be issued to participants, the Company is requesting that stockholders consider and act upon this proposal at the Annual Meeting to approve the 2005 SAR Plan, a copy of which is attached as Appendix A to this Proxy Statement, in order to comply with the Nasdaq National Market rules. Notwithstanding the foregoing, if the 2005 SAR Plan is not approved by stockholders, all awards made under the 2005 SAR Plan will be settled in cash rather than Common Stock as is otherwise contemplated.

The purpose of the 2005 SAR Plan is to promote the long-term success of the Company and to create stockholder value by (a) encouraging officers and employees performing services for the Company to focus on critical long-range objectives, (b) encouraging the attraction and retention of officers and employees with exceptional qualifications, and (c) linking officers and employees directly to stockholder interests through ownership of the Company. The 2005 SAR Plan seeks to achieve this purpose by providing for awards in the form of SAR grants to officers and employees designated in the sole discretion of the Company.

The aggregate number of shares of Common Stock that may be issued pursuant to the 2005 SAR Plan is 200,000. On April 11, 2006, the closing price of the Common Stock, as reported on The Nasdaq National Market, was \$30.18 per share.

Description of the 2005 SAR Plan

The following is a summary of the 2005 SAR Plan that is qualified in its entirety by reference to the full text of the 2005 SAR Plan, which is attached as Appendix A to this Proxy Statement.

Plan Administration. The Compensation Committee of the Board of Directors has been appointed by the Board to administer the 2005 SAR Plan. The Compensation Committee has the authority, subject to the terms of the 2005 SAR Plan, to determine the persons eligible to receive awards, when and how each award will be granted, the provisions of each award and the number of SARs granted, and to construe and interpret the terms of the 2005 SAR Plan and awards granted under it.

Eligibility. SAR awards may be granted to any employee or officer of the Company or any of its subsidiaries. As of December 31, 2005, there were 16 officers and employees of the Company and its subsidiaries eligible to participate

in the 2005 SAR Plan.

Shares Subject to Plan. The aggregate number of shares of Common Stock that may be issued pursuant to the 2005 SAR Plan is 200,000. If an award as to any shares is surrendered before the applicable restrictions lapse, or expire or terminate for any reason, the number of shares subject to the award will again become available for grant under the 2005 SAR Plan as if no award had been previously granted with respect to such shares.

SAR Awards. The 2005 SAR Plan only provides for awards of SARs. A SAR award shall contain such terms and conditions, as determined by the Board including: (i) the value for each SAR equal to the fair market value of one share of Common Stock on the date of grant (Base Value) and (ii) the number of SARs being granted to the individual, where one (1) SAR shall equal one share of Common Stock. The Company will have the discretion to grant SARs to participants specifying a premium to the Base Value in an amount that exceeds the Base Value (Premium Base Value). A SAR generally entitles the grantee to receive, subject to the terms of the 2005 SAR Plan and the award agreement, the appreciation in the Base Value (or Premium Base Value) between the date of grant and the value of the Common Stock on the date of exercise of the SAR. A SAR is payable in the form of cash or shares of the Common Stock in accordance with the terms of the 2005 SAR Plan and the award agreement.

All awards granted under the 2005 SAR Plan will be settled in cash, unless a grantee's award agreement expressly provides the grantee with the ability to elect to receive cash or Common Stock at his or her election upon exercise. Notwithstanding the foregoing, if stockholders do not approve the 2005 SAR Plan, all awards made under the plan will be settled in cash without regard to a grantee's election to receive stock pursuant to his or her award agreement.

SARs will vest and be exercisable pursuant to the terms and conditions outlined in each grantee's individual award agreement, which will be determined by the Compensation Committee, as administrator of the 2005 SAR Plan. Vested SAR awards will be exercisable by grantees only until the fifth anniversary of the date of grant. In the event of a grantee's death prior to receiving a share distribution payment when due, such distribution will be made to the grantee's designated beneficiary (as identified in the award agreement). If the grantee is legally married at the time of the designation, and the designated beneficiary is not the grantee's spouse, then a written consent of his/her spouse will be required to be provided by the grantee, or else the Company may not pay benefits under the 2005 SAR Plan to the designee named and the benefit would pass to the grantee's estate under applicable law. If a grantee dies, becomes disabled or otherwise is unable to exercise a SAR award, the grantee's designated beneficiary shall have the right to exercise such award under the terms and conditions set forth in the 2005 SAR Plan and under the applicable award agreement. In the event that a grantee dies, SARs granted under the 2005 SAR Plan shall expire and thus be rendered not exercisable either by the grantee, or as appropriate, his or her beneficiary on the ninety-first (91st) day following the date of death. In the event that a grantee terminates his or her employment with the Company other than through discharge by the Company, SARs granted hereunder shall expire and thus be rendered not exercisable by the grantee or as appropriate, his beneficiary, on the thirty-first (31st) day following the effective date of the termination of his or her employment. Any vested SAR awards that remain unexercised after five years from the date of grant will expire by their terms.

Restrictions on Transferability. Until a SAR award is exercised, none of the shares of Common Stock that may be paid to the grantee upon settlement of a SAR may be sold, assigned, transferred, pledged, hypothecated or otherwise disposed of or encumbered by the grantee.

Amendment and Termination of the Plan. The Company's Board of Directors, as well as the Compensation Committee under authority delegated to it by the Board, may amend or terminate the 2005 SAR Plan, provided that no such action may adversely affect any outstanding awards without the grantees' consent.

SAR Grants. As of April 11, 2006, the Company has awarded 217,400 SARs under the 2005 SAR Plan to employees and officers of the Company, of which 4,000 have since been forfeited by an employee who left the Company. On December 12, 2005, SAR awards were made with respect to 157,400 shares, with a Base Value of \$26.808 per share. As of January 11, 2006, an additional 10,000 SARs were granted. The Base Value of the SARs granted on January 11, 2006 was \$27.052. On March 17, 2006, SAR awards were made with respect to 50,000 shares, with a Base Value of \$29.63 per share. There is a three year vesting schedule for the SAR awards pursuant to which participants will vest in 25% per year of the SARs awarded each year over three years. With respect to 75% of SARs subject to time vesting, the Base Value (granting price) shall increase by five percent on each anniversary date after December 12, 2005 in

association with the SARs that shall be and become vested and nonforfeitable on each such anniversary date. The remaining additional 25% shall vest if the Company's Common Stock achieves a closing trading price of at least \$50 per share for thirty

(30) consecutive days as determined in the sole discretion of the Company within three years of the date of grant or such portion of the Award shall expire by its terms and not be exercisable.

New Plan Benefits. The table on the following page sets forth information with respect to SARs granted to each of the following individuals or groups as of the date of this Proxy Statement. Directors of the Company and its subsidiaries are not eligible to receive awards under the 2005 SAR Plan. Any future awards under the 2005 SAR Plan to officers and employees of the Company and its subsidiaries are discretionary and cannot be determined at this time.

Accounting Treatment. In December 2004, the FASB issued SFAS No. 123R (revised 2004), Share Based Payment (SFAS 123(R)). Under SFAS No. 123(R), companies must calculate and record the cost of equity instruments, such as stock options or restricted stock, awarded to employees for services received in the income statement; pro forma disclosure (permitted before issuance of SFAS 123(R)) is no longer permitted. The cost of the equity instruments is to be measured based on fair value of the instruments on the date they are granted (with certain exceptions) and is required to be recognized over the period during which the employees are required to provide services in exchange for the equity instruments. SFAS 123(R) became effective for the Company beginning in the first quarter of fiscal year 2006. The impact of the adoption of SFAS 123(R) is estimated to result in a reduction of net earnings from approximately \$6.2 million in 2006 depending on, among other things, the price of our stock, as well as the assumptions used to value SARs granted, such as the volatility of our stock, risk-free interest rates, employee exercise patterns and forfeiture rates. All other variables being constant, a \$1 increase/decrease in the price of our stock is estimated to result in approximately \$0.6 million increase/decrease of the SARs compensation costs. The impact of additional SARs grants, if any, cannot be estimated at this time.

U.S. Federal Income Tax Consequences

The following is only a summary of the consequences of U.S. federal income taxation to the participants and the Company with respect to the grant and exercise of awards under the 2005 SAR Plan. The summary is not complete as it does not discuss the income tax laws of any municipality, state or foreign country in which a participant may reside, and is subject to change. Participants in the 2005 SAR Plan should consult their own tax advisors regarding the specific tax consequences to them of participating in and receiving awards under the 2005 SAR Plan.

Generally, a participant will not recognize income upon the grant of a SAR. Instead, the holder of a SAR will recognize ordinary income at the time of exercise in an amount equal to the excess of the fair market value of the Common Stock at the time of exercise over the Base Value (or Premium Base Value) specified in the award agreement times the number of SARs exercised. Upon a subsequent sale of the shares of Common Stock received upon exercise, the difference between the net proceeds of sale and the fair market value of the shares on the date of exercise will generally be taxed as capital gain or loss (long-term or short-term, depending on the holding period).

The Company will generally be entitled to a tax deduction corresponding in amount and time to the participant's recognition of ordinary income in the circumstances described above, provided, the deduction is not otherwise disallowed under the Internal Revenue Code of 1986, as amended.

Sovintel SAR Plan

On November 22, 2005, the Board of Directors approved the Sovintel SAR Plan. The purpose of the Sovintel SAR Plan is to promote the long-term success of the Company, Sovintel and the creation of shareholder value by (a) encouraging officers and employees performing services for Sovintel, to focus on critical long-range objectives and (b) encouraging the attraction and retention of officers and employees with exceptional qualifications. The Sovintel SAR Plan provides for the grant of SARs, which confers a benefit that is based on the appreciation in value of the Common Stock, and is payable upon exercise only in the form of cash. The Sovintel Board of Directors and has

the authority to determine the persons eligible to receive awards, when and how each award shall be granted, the provisions of each award, and the number of stock appreciation rights granted. SAR awards may be granted to any employee or officer of Sovintel. As of

December 12, 2005, there were 694,400 SARs granted under the Sovintel SAR Plan to officers and employees of Sovintel. The Base Value of the SARs was \$26.808. The vesting of SARs is calculated in the same manner under the Sovintel SAR Plan as under the 2005 SAR Plan.

Item No. 3 on Your Proxy Card: Ratification of Appointment of Auditors

Golden Telecom's Audit Committee has voted to appoint Ernst & Young as independent auditors to examine the consolidated financial statements of Golden Telecom, Inc. and subsidiaries for the year ending December 31, 2006, and also report on their internal controls over financial reporting as of December 31, 2006, and you are asked to ratify that appointment at the Annual Meeting. In keeping with good corporate governance practice, the Audit Committee will periodically assess the suitability of its incumbent independent auditors taking into account all relevant facts and circumstances, including the possible consideration of the qualifications of other accounting firms.

Ernst & Young's report on the Company's consolidated financial statements as of December 31, 2005 and 2004 and for each of the three fiscal years in the period ended December 31, 2005 and on internal controls over financial reporting as of December 31, 2005 and 2004, did not contain any adverse opinion or disclaimer of opinion and was not qualified or modified as to uncertainty, audit scope, or accounting principles. During the fiscal years ended December 31, 2004 and 2005 and thereafter through the filing date of the Company's 2005 annual report on Form 10-K, there were no disagreements between the Company and Ernst & Young on any matter of accounting principles or practices, financial statements disclosures, or auditing scope or procedures, which, if not resolved to the satisfaction of Ernst & Young, would have caused Ernst & Young to make reference to the matter in their report. None of the reportable events described in Item 304 (a)(1)(v) of Regulation S-K of the Securities Exchange Act of 1934 have occurred during the fiscal years ended December 31, 2004 and 2005 or through the filing date of the Company's 2005 annual report on Form 10-K.

Audit Fees. For professional services rendered in connection with the audit of the Company's 2005 and 2004 financial statements, the audit of the Company's internal control over financial reporting as of December 31, 2005 and 2004, and the review of the financial statements included in the Company's 2005 and 2004 Forms 10-Q, Ernst & Young billed the Company a total of \$1,449,000 in 2005 and \$1,168,000 in 2004. These amounts also include statutory audits of certain subsidiaries, reviews of Securities and Exchange Commission (SEC) filings and accounting consultations.

Audit-Related Fees. For professional audit-related services rendered, Ernst & Young billed the Company a total of \$270,000 in 2005 and \$179,000 in 2004. Audit-related services generally include due diligence on potential acquisitions.

Tax Fees. Ernst & Young's fees for the years 2005 and 2004 for expatriate tax services were \$85,000 and \$51,000, respectively.

All other fees. Ernst & Young's fees for 2005 for training courses were \$52,000. Ernst & Young's fees for 2004 for training courses were \$35,000.

The Company's Audit Committee pre-approved all of the services described above that were provided after the pre-approval requirements under the Sarbanes-Oxley Act of 2002.

The Audit Committee considered whether the non-audit services rendered by Ernst & Young were compatible with maintaining Ernst & Young's independence as auditors of the Company's financial statements and determined that they were.

During 2003, the Company adopted policies and procedures governing pre-approval of services to be provided by the Company's independent auditors consisting of the following key components:

The Audit Committee is directly responsible for the appointment, compensation, retention, and oversight of the Company's independent auditors.

The Audit Committee is responsible for the pre-approval of all audit, audit-related, tax and non-audit services. Pre-approval may be, but in the past has not been, delegated to one or more members of the Audit Committee. The details of any services approved under this delegation must be reported to the full Audit Committee at its next regular meeting.

Pre-approval of certain recurring audit, audit-related and tax services may be accomplished through pre-approval of a detailed budget or an updated forecast for such services.

The Company's independent auditors are prohibited from providing certain non-audit services. Any other permissible non-audit service engagement must be specifically approved in advance by the Audit Committee.

Generally, the Audit Committee will not engage the Company's independent auditors for services other than audit, audit-related, and tax services.

The Company provides regular reporting to the Audit Committee regarding all audit, audit-related, tax and non-audit services provided by the Company's independent auditors.

The Company's policy governing the provision of non-audit services by the Company's independent auditors is more restrictive than is required by the regulations implementing the Sarbanes-Oxley Act of 2002.

It is not expected that representatives of Ernst & Young will be present at the Annual Meeting.

The Audit Committee of the Board of Directors has selected Ernst & Young, independent public accountants, to audit the consolidated financial statements of the Company for the fiscal year ending December 31, 2006 and recommends that the shareholders ratify such selection.

The ratification of the appointment of Ernst & Young is not required by law or by the By-laws of the Company. The Board of Directors is nevertheless submitting it to the shareholders to ascertain their views. If the shareholders do not ratify the appointment, the selection of other independent public accountants will be considered by the Board of Directors. If Ernst & Young shall decline to accept or become incapable of accepting its appointment, or if its appointment is otherwise discontinued, the Board of Directors will appoint other independent public accountants.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR RATIFICATION OF THE APPOINTMENT OF AUDITORS (ITEM NO. 3 ON YOUR PROXY CARD).

Report of the Audit Committee. The Audit Committee of the Board, which is composed of independent Directors and has the principal responsibilities described on pages 8 through 9 of this proxy statement, has furnished the following report:

The Audit Committee has reviewed and discussed the Company's audited consolidated financial statements with management. The Audit Committee has also discussed with the Company's independent auditors the matters required to be discussed by Statements on Auditing Standards No. 61 (SAS 61 - Communication with Audit Committees), as amended, relating to the auditors' judgment about the quality of the Company's accounting principles, judgments and estimates, as applied in its financial reporting.

The Audit Committee has received written disclosures and the letter from the independent auditors required by Independence Standards Board No. 1 (Independence Discussions with Audit Committees) that relates to the auditors independence from the Company and subsidiaries, and has discussed with the independent auditors their independence.

The Audit Committee met with management periodically during fiscal year 2005 to consider the adequacy of the Company's internal controls and discussed these matters with the Company's independent auditors and with appropriate Company financial personnel. The Audit Committee also discussed with senior management and the independent auditors the Company's disclosure controls and procedures and the certifications by the Company's Chief Executive Officer and Interim Chief Financial Officer, which are required by the SEC for certain of the Company's filings with the SEC. The Audit Committee met privately with the independent auditors, the internal auditor and other members of management, each of whom has unrestricted access to the Audit Committee.

Based on the reviews and discussions referred to above, the Audit Committee recommended to the Board that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2005, for filing with the SEC.

Item No. 4 on Your Proxy Card: Shareholder Proposal to elect Mr. Dmitry Korol as a Director

A shareholder, Rostelecom, whose address is 1st Tverskaya-Yamskaya 14, Moscow, Russia, submitted the following proposal under Rule 14(a)-8 of the SEC's proxy rules, which they intend to introduce at the Annual Meeting (designated as Item 4). The Company has been notified that Rostelecom held 4,024,067 shares of the Company's stock as of April 11, 2006. The Company has agreed to provide Rostelecom with access to this proxy statement to present this candidate to the shareholders.

Rostelecom intends to nominate at the Annual Meeting Mr. Dmitry Korol to serve as a director in place of one of the Company's candidates listed in Item 1 above. Mr. Korol currently serves as a director of the Company.

Supporting Statement:

As the third largest shareholder of Golden Telecom, owning in excess of 11% of the Company, Rostelecom has a substantial stake in its success. To succeed in today's competitive telecommunications market, Rostelecom believes that the Company needs a Board of Directors with the necessary background, skills and experience to address the challenges faced by the Company in its existing and prospective business environment. It is also important to have a significant number of independent voices on the Board.

Rostelecom is therefore nominating Dmitry Korol to continue to serve the Company as a director for another one-year term. Mr. Korol is an outside consultant, providing advice on securities matters, to a variety of Russian companies. Rostelecom had proposed Mr. Korol as an independent nominee to the Company's Board at the 2005 annual meeting of shareholders, because of his experience in securities and public company matters, including strategic development. Mr. Korol was approved by the Company's Nominating and Corporate Governance Committee as an independent director and elected by the shareholders in 2005. He has regularly attended meetings of the Board and has been an effective contributor.

Rostelecom believes that Mr. Korol's credentials make him well suited for continued participation as an independent director on the Board. His resume boasts a strong record of leadership in business strategy and development for two public companies: Bank of Moscow, one of Russia's leading banks, and Sibneft, one of Russia's largest integrated oil companies. He also, as Vice President of ZAO National Registry Company, the

department head of the Emission Operations Unit of the Securities Department of Bank of Moscow and the former General Director at OAO Nezavisimy Registrator Reestr-Tsentr, has extensive experience in securities and laws affecting public companies.

Unlike some other independent nominees selected by the Nominating and Corporate Governance Committee, Mr. Korol has the following combination of attributes that we believe make him a more effective director: first-hand experience with the business of the Company and the Russian telecommunications industry, having served the Company as an independent director during the previous year, residency in Moscow and participation in and familiarity with the Moscow business community.

Mr. Korol has indicated that he is willing and able to serve as a director if elected and to fulfill his commitment to the Company through continued active participation on the Board. We believe that Mr. Korol is a candidate who has provided noteworthy service on the Board and possesses the necessary business acumen and sound judgment to provide continued value to the Company.

Dmitry Korol
Age 32

Mr. Korol currently provides consulting services to a variety of companies in Russia with respect to securities matters. From February 2004 until November 2004, Mr. Korol was the General Director at OAO Nezavisimy Registrator Reestr-Tsentr. From August 2002 to January 2004, he served as the department head in Emission Operations Unit of the Securities Department of Bank of Moscow. Prior to working at Bank of Moscow, Mr. Korol served from August 1998 to May 2000 as the Head of the Strategic Development Department at ZAO National Registry Company and then from June 2000 to August 2002 as a Vice President at ZAO National Registry Company. From August 1997 to July 1998, Mr. Korol worked as the department Head for the Future Development Department of Sibneft. Mr. Korol was elected to the Company's Board of Directors in May 2005.

Board of Directors Statement: Recommendation that you WITHHOLD AUTHORITY from Item 4

The Board of Directors recommends that you withhold authority when voting on Item 4. The Board has determined that it would be advantageous to increase the number of Directors who are not affiliated with any of the Company's largest shareholders. After considering various candidates including the current members of the Board of Directors, the Nominating and Corporate Governance Committee recommended, and the Board of Directors approved, the nominations of the persons listed in Item 1 of this proxy statement and did not nominate either Mr. Korol or Mr. Vladimir Androsik, who are current members of the Board of Directors. Mr. Korol and Mr. Androsik were previously designated for election by Rostelecom in accordance with a shareholders agreement. We believe that Rostelecom is our third largest shareholder beneficially owning approximately 11% of our shares.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU WITHHOLD AUTHORITY WHEN VOTING ON THE SHAREHOLDER PROPOSAL (ITEM NO. 4 ON YOUR PROXY CARD).

Note as to Director Voting Procedures

Please be aware that this year you have the option to choose from eleven persons for election to the Board of Directors. There are only ten available positions on the Board of Directors. When voting on Item 1 (1) you may vote FOR ALL of the Company's nominees, (2) you may WITHHOLD AUTHORITY from the Company's nominees, or (3) you may vote FOR ALL EXCEPT of the Company's Director nominees in which case you should list the

individuals for which you are withholding your vote. If you choose to **WITHHOLD AUTHORITY** or **FOR ALL EXCEPT** (and indicate the name(s) you are withholding your vote from), you may then vote **FOR** the shareholder proposal to elect a director (Item 4) without invalidating your Proxy Card with respect to Items 1 and 4. If you vote **FOR** Item 4, but take no action with respect to

Item 1, your Proxy Card will be considered a vote FOR Item 1 and your Proxy Card will be invalid with respect to Items 1 and 4 because it will be deemed to be a vote for 11 directors. If you vote FOR ALL of the Company's Director nominees, you must choose to WITHHOLD AUTHORITY from the shareholder proposal to elect a director (Item 4) or take no action with respect to Item 4, or you will invalidate your Proxy Card with respect to Items 1 and 4. If you vote both FOR the Company's nominees and FOR the shareholder's proposal, your Proxy Card will be invalid with respect to Items 1 and 4. If you do not vote for either Item 1 or Item 4, your Proxy Card will be considered a vote FOR Item 1, the Company's nominees, and an instruction to WITHHOLD AUTHORITY from Item 4, the shareholder proposal.

REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

Overview. The role of the Compensation Committee is to oversee and direct the development of executive compensation policies and programs that are consistent with, explicitly linked to, and supportive of the strategic objectives of growing the Company's businesses in order to maximize shareholder value. The Committee's specific

responsibilities consist of determining the appropriate levels of compensation, including salaries, quarterly or annual incentives, long-term incentives and employee benefits for members of the Company's senior management, including executive officers. The Committee believes that a strong link should exist between executive compensation and the financial results of the Company's operations. The Committee seeks to realize this goal by developing incentive compensation programs that provide competitive compensation and reflect Company performance.

Compensation Philosophy. The three fundamental principles to which the Committee adheres in discharging its responsibilities are as follows. First, most annual and long-term incentive compensation for the Company's executive officers should be at risk, with actual compensation levels correlating to the Company's performance in certain key areas determined by the Committee. Second, incentive compensation of the Company's executive officers should focus more heavily on long-term rather than short-term accomplishments and results. Third, the overall executive compensation program should be competitive, equitable and structured

so as to ensure the Company's ability to attract, retain, motivate and reward the executives and senior management who are essential to the Company's continuing success in the difficult markets in which the Company operates. Total compensation, rather than distinct compensation elements, is the focus of the Company's goal to provide competitive compensation opportunities.

Compensation Elements. The Company's compensation program for executives and senior management consists of four principal elements, each of which is vitally important in meeting the Company's need to attract, retain, motivate and reward highly-qualified executives and senior management in the markets where the Company operates. The four principal elements are described below and include base salaries, periodic performance incentives, long-term incentives and benefits.

Base Salaries. Base salaries for executive officers and senior management are generally set at levels that reflect the competitive marketplace for companies that are of comparable size and complexity and that would be considered competitors of the Company in attracting and retaining qualified executives. The salaries of the executive officers are reviewed and approved by the Compensation Committee based on its assessment of each executive's experience and performance and a comparison of salaries of peers in other companies.

Periodic Performance Incentives. Incentive awards are made on a quarterly or annual basis to executive officers and senior management on the basis of Company and business unit performance relative to budget in such areas as revenue, net income, and EBITDA, which is a common performance measure in the telecommunications industry and means earnings before interest, tax, depreciation and amortization. The Company adopted a revised executive officer and senior management executive bonus program in 2001, whereby an additional criterion, personal performance objectives, was added and executives and senior management are eligible for an annual incentive payment based on the fulfillment of these personal objectives. The bonus program was revised in 2003 such that all bonus components will be paid annually, and the formula for the determination of the amount of bonuses payable was amended in 2005. The Company intends to continue providing incentives in concert with other compensation elements in order to maintain a competitive total compensation program for its executive officers. The Committee reviews and approves all performance measures and goals established under the annual and long-term incentive plans.

Long-Term Incentives. At the time leading up to the Company's initial public offering in 1999, the Company relied on stock options as the principal means of providing long-term incentive compensation. Stock options were granted to executive officers and senior management under the 1999 Equity Participation Plan. In December 2005, we granted SARs with respect to 851,800 shares of our common stock to senior management and other employees. The SARs were granted pursuant to the Golden Telecom, Inc. 2005 Stock Appreciation Rights Plan and the EDN Sovintel Stock Appreciation Rights Bonus Plan at a share price which shall be the lower of: (i) the average between the high and low sales price per share of the common stock on the grant date, or in case no such sale takes place on grant date, the last date on which a sale occurred, in either case as reported in the principal consolidated transaction reporting system with respect to securities listed or admitted to trading on a national securities exchange or included for quotation on the Nasdaq National Market; or (ii) the average closing sales price per share of our common stock for the fourteen trading days immediately preceding such date, as reported in the principal consolidated transaction reporting system with respect to securities listed or admitted to trading on a national securities exchange or included for quotation on the Nasdaq National Market, which was \$26.808 (Granting Share Price). Seventy-five percent of the SAR grant shall be subject to time vesting, one-third of which shall be and become vested and nonforfeitable on each of the first three anniversary dates from December 12, 2005, provided that the employee remains continuously employed by the Company until each such relevant date. The Granting Share Price shall increase by five percent on each anniversary date after December 12, 2005, in association with the SARs that shall be and become vested and nonforfeitable on each such anniversary date. Twenty-five percent of the SARs granted are subject to performance vesting upon our common stock achieving a closing trading price of at least \$50.00 per share for thirty consecutive days as determined in the sole discretion of the Company. If the Company's Common Stock does not achieve a closing trading price of at

least \$50.00 per share for thirty consecutive days within three years of the date of grant, such portion of the SARs shall expire by its terms and shall not be exercisable. The aggregate number of shares of common stock which may be issued pursuant to the Golden Telecom, Inc. 2005 Stock Appreciation Rights plan shall be 200,000 shares.

Benefits. Benefits offered to executive officers serve a different purpose than do other elements of the total compensation program. In general, they act as a safety net against problems that can arise from illness, disability or death.

Golden Telecom, Inc. 401(k) Plan. The Company offers a 401(k) retirement savings plan (the 401(k) Plan) to its employees. The 401(k) Plan is a defined contribution retirement benefit, the prototype of which has been submitted by the Company's 401(k) Plan administrators to the Internal Revenue Service for favorable tax treatment under Section 401 of the Internal Revenue Service Code. All employees of Golden Telecom, subject to certain regulatory qualifications, who are U.S. citizens and are at least 21 years of age and have completed the minimum service requirement are eligible to participate in the 401(k) Plan. The 401(k) Plan participants are able to defer pre-tax income by contributing to the plan up to the maximum amount permitted by law. After-tax contributions are also permitted under the 401(k) Plan. Golden Telecom matches 50% of each participant's pre-tax contribution to the 401(k) Plan. In addition, Golden Telecom may, in its sole discretion and in a nondiscriminatory manner, contribute additional amounts as profit sharing to each participant's account. The Company did not contribute additional amounts as profit sharing for the year 2005. The amounts deposited into each participant's account will be invested among various investment options according to the instructions of the participant. Each participant's pre-tax and after-tax contributions will be immediately vested and non-forfeitable. The Company's matching contribution and profit sharing allocations to each participant's account will not vest until the participant has completed three years of service with Golden Telecom at which time the matching contribution and profit sharing allocations become 100% vested.

Evaluation Procedures. In determining matters regarding executive officer compensation (other than the Chief Executive Officer), the Committee, with the Chairman of the Board and Chief Executive Officer, reviews the performance of key executives including the executive officers, the respective areas of authority and responsibility of the various executive officers, and the contribution of each to the efforts of the Company in meeting its financial and strategic goals. The Committee has confirmed that the compensation paid in 2005 to the named executive officers is consistent with the Company's compensation philosophy and objectives.

Compensation of the Chief Executive Officer. The positions of Chief Executive Officer and President of the Company were separated in July 2005, when Jean-Pierre Vandromme was appointed Chief Executive Officer effective September 1, 2005. Alexander Vinogradov remains President of the Company and focuses on government relations and regulatory aspects of the Company's business and regional expansion. On July 18, 2005, Mr. Vinogradov's employment arrangement was amended to provide for the change in his position.

Under the terms of Mr. Vandromme's employment agreement, Mr. Vandromme receives a base salary of \$500,000 per year, which amount will be reviewed by the Compensation Committee of the Board of Directors annually. Mr. Vandromme is eligible for an annual performance-based, incentive bonus, which, in the first year of the term hereof, is in the amount of up to \$375,000. The Company paid to Mr. Vandromme a one time signing bonus in the amount of \$250,000 during August 2005. Mr. Vandromme was issued SARs with respect to 200,000 shares of Golden Telecom common stock, at a share price which was the closing price of GTI common stock on the Nasdaq National Market on July 19, 2005 (Granting Share Price), which was \$29.83, one-third of which shall be and become vested and nonforfeitable on each of the first three anniversary dates from September 1, 2005, provided Mr. Vandromme remains continuously employed by the Company or one of its subsidiaries or business units until each such relevant date. If, prior to August 31, 2008 and during Mr. Vandromme's period of employment with the Company or one of its subsidiaries or business units, the average closing stock price of one share of the Company common stock on the Nasdaq National Market, or any such other exchange on which the Company common stock may then be traded, exceeds \$50.00 during any thirty day consecutive period, Mr. Vandromme will be granted SARs for an additional 200,000 shares of the Company common stock at the Granting Share Price, which SARs shall be fully vested upon issuance. The employment agreement also provides for payments to Mr. Vandromme following a change of control equal to two times his salary and a pro rata share of the projected bonus (as described in the agreement) other than a

change of control involving an excluded party which shall mean (1) the Company or any of its subsidiaries, (2) any trustee or other fiduciary holding securities under an employee benefit plan of GTI or any of its subsidiaries, (3) an underwriter temporarily holding securities pursuant to an offering of such securities, (4) any corporation owned, directly or indirectly, by the stockholders of the Company substantially in the same

proportions as their ownership of GTI's common stock or (5) Alfa Telecom Limited, Nye Telenor East Invest AS, Rostelecom or their respective wholly-owned subsidiaries.

Deductibility of Certain Executive Compensation. Beginning in 1994, the Omnibus Reconciliation Act of 1993 limits to \$1 million the amount that may be deducted by a publicly-held company for compensation paid to each of its named executive officers in a taxable year, unless the compensation in excess of \$1 million is qualified performance-based compensation. The Committee and the Company design short-term and long-term compensation plans to qualify for the exemption from the deduction limitations of Section 162(m) of the Internal Revenue Code and to be consistent with providing appropriate compensation to executives. Shareholder approval of incentive compensation plans and various provisions thereunder covering the executive officers has been sought and obtained and will be sought in the future to continue to qualify performance-based compensation for the exemption. Although it is the Company's intent to qualify compensation for the exemption from the deduction limitations, the Company's compensation practices have been, and will continue to be, designed to serve the best interests of the shareholders regardless of whether specific compensation qualifies for the exemption.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Shareholders and Standstill Agreements. On December 1, 2003, subsidiaries of the Company completed the purchase of OAO Comincom from Telenor. As a result of the transaction, Telenor acquired 19.5% of the Company's then issued and outstanding shares. Also as a result of the transaction, the Company and certain major shareholders of the Company entered into a shareholders agreement and a standstill agreement. The shareholders agreement and standstill agreement, which came into effect on December 1, 2003, were entered into by the Company, Alfa Telecom Limited, Nye Telenor East Invest AS, Rostelecom, Capital International Global Emerging Markets Private Equity Fund L.P., Cavendish Nominees Limited and First NIS Regional Fund SICAV. An Independent Committee of the Board of Directors authorized both agreements and granted its approval of the acquisition pursuant to Section 203(a)(1) of the Delaware General Corporate Law.

The shareholders agreement provided that the parties to the agreement would vote their shareholding such that the nominees to the Board designated by the parties pursuant to the agreement will be elected to the Golden Telecom Board of Directors. It is the Company's opinion that this provision of the Shareholders Agreement expired on December 1, 2005. Accordingly, the Nominating and Corporate Governance Committee of the Board of Directors recommended to the Board of Directors a slate of candidates to be elected as directors which the Nominating and Corporate Governance Committee considered to be in the best interests of the Company, and not in accordance with any provisions of the Shareholders Agreement. At a meeting held on March 16, 2006, the Board of Directors approved the slate of candidates recommended by the Nominating and Corporate Governance Committee for presentation to the shareholders of the Company for election on May 18, 2006.

The standstill agreement expired on June 1, 2005. The standstill agreement had provided that Alfa Telecom Limited may not acquire over 49.99%, Telenor may not acquire over 40.00% and Rostelecom may not acquire over 35.00% of the Company's outstanding stock on a fully diluted basis. Similar standstill provisions were applicable to Capital and Barings whereby neither of these entities' shareholdings may exceed 20% of the Company's outstanding stock.

Agreements with affiliates of the Company. In the past, companies affiliated with Alfa Telecom Limited have provided investment banking, corporate finance and consulting services to the Company. We expect that this relationship will continue. In particular, on October 6, 2005, the Company's subsidiary, Sovintel, entered into a Contract for Consulting Services (hereinafter "the Contract") with AT Consulting Limited, a legal entity organized under the laws of the British Virgin Islands (hereinafter "the Service Provider") that is an affiliate of Alfa Telecom Limited. The Contract provides that the Service Provider may be called upon by the Company to provide specified services pursuant to a written order signed in advance of the provisioning of any particular services by the General Director of the Company. The Company may pay the Service Provider remuneration for the Services which shall be negotiated and agreed between the General Director of the Company and an authorized person on behalf of the Service Provider. The aggregate amount of remuneration for Services that may be paid for Services provided between the date of this Contract and December 31, 2005 shall not exceed the equivalent of: \$1.0 million, exclusive of VAT if applicable, and will be calculated with regard to individual orders. The Company has ordered services from the Service Provider under the Contract and paid \$700,000 to the Service Provider under the Contract during 2005. Prior to this Contract, the Company had entered into a consulting services agreement with Alfa Telecom Limited which became effective on April 1, 2003 and terminated on December 31, 2004. The Company has reached an agreement with Alfa Telecom Limited, in which compensation for the services provided under the consulting services agreement were in the aggregate \$0.5 million for the period of April 1, 2003 to December 31, 2004. In December 2003, the Company entered into a one year agreement with OOO Alfa Insurance, an affiliate of Alfa Telecom Limited, to provide the Company with property and equipment liability insurance. The amount payable under this agreement was approximately \$0.2 million. The Company extended this agreement until February 2005 and in February 2005, the Company entered into a one year agreement with OOO Alfa Insurance to provide the Company with property and equipment liability insurance. The amount payable under this agreement is approximately \$0.4 million. The Company has also entered into commercial arrangements in the ordinary course of business with affiliates of Alfa Telecom Limited, Telenor, and with Rostelecom. In the regular course of business, the Company enters into infrastructure, settlement and other operational contracts with Rostelecom. In 2005 and 2004, the Company incurred costs from Rostelecom under such contracts of approximately \$24.0 million and \$25.8 million, respectively. In 2005 and 2004, the Company incurred costs from Telenor of approximately \$605,000 and \$332,000, respectively. The Company believes that the arrangements with these companies have been conducted on commercially reasonable terms.

The Company maintains bank accounts with Alfa Bank, which acts as one of the clearing agents for the payroll of the Russian staff of the Company. The balances at these bank accounts were minimal at December 31, 2004 and 2005. In addition, certain of the Company's Russian subsidiaries maintain current accounts with Alfa Bank. The amounts on deposit were \$0.1 million at December 31, 2004 and \$0.2 million at December 31, 2005.

The Company maintains bank accounts with International Moscow Bank. The spouse of the Company's President is a member of the Executive Board of Directors of International Moscow Bank. The amounts on deposit were approximately \$1.7 million at December 31, 2004 and \$2.6 million at December 31, 2005.

Mr. Malis's brother is a senior vice president of two Russian based telecommunications service providers. The Company received revenue from these two telecommunications service providers in the amount of approximately \$5.3 million and \$5.1 million for the years ended December 31, 2004 and December 31, 2005, respectively and incurred costs to these two telecommunications service providers in the amount of approximately \$1.9 million and \$1.3 million in the years ended December 31, 2004 and December 31, 2005, respectively. At December 31, 2004, the Company had accounts receivable of approximately \$0.7 million and accounts payable of approximately \$0.3 million

with these two telecommunications service providers. At

December 31, 2005, the Company had accounts receivable of approximately \$0.9 million and zero accounts payable with these two telecommunications service providers.

Registration Rights Agreements. Golden Telecom entered into a registration rights agreement with Alfa Telecom Limited, Telenor, Rostelecom, Capital and Cavendish and First NIS on August 19, 2003 which became effective on the closing of the OAO Comincom transaction on December 1, 2003. The agreement provides that upon the written request of any of Alfa Telecom Limited, Telenor, or Rostelecom, the Company will use all reasonable efforts to register under the applicable federal and state securities laws the resale of any of the shares of the Company's Common Stock owned by Alfa Telecom Limited, Telenor or Rostelecom, respectively. Each of Alfa Telecom Limited, Telenor, and Rostelecom may make such requests twice. The agreement also provides that upon the written request of either Capital or Barings, the Company will use all reasonable efforts to register under the applicable federal and state securities laws the resale of any of the shares of the Company's Common Stock owned by Capital or Barings, respectively. Each of Capital or Barings may make such request once. Alfa Telecom Limited, Telenor, Rostelecom, Capital and Barings each have the right to include their respective shares of the Company's Common stock in future registrations initiated by the Company on its own behalf or on behalf of other shareholders. This right is subject to certain limitations as to whether and to what extent each of Alfa Telecom Limited, Telenor, Rostelecom, Capital and Barings may include their shares in any such registration. The Company has agreed to pay any registration expenses. The registration rights agreement contains customary indemnification and contribution provisions between the Company, Alfa Telecom Limited, Telenor, Rostelecom, Capital, Cavendish and First NIS.

3.01 *Plan Administration.* The Board shall administer the Plan unless and until the Board delegates administration responsibility to the Committee in the manner provided in Section 3.02. The Board shall have the powers, subject to, and within the limitations of, the express provisions of the Plan:

(a) To determine from time to time which of the persons eligible under the Plan shall be granted Awards; when and how each Award shall be granted; the provisions of each Award granted (which need not be identical), including the time or times when a person shall be permitted to receive the number of Stock Appreciation Rights granted.

(b) To construe and interpret the Plan and Awards granted under it, and to establish, amend and revoke rules and regulations for its administration. The Board, in the exercise of this power, may correct any defect, omission or inconsistency in the Plan or in any Award Agreement, in a manner and to the extent it shall deem necessary or expedient to make the Plan fully effective.

(c) To amend the Plan or an Award Agreement pursuant to the terms of Article IX hereof.

(d) Generally, to exercise such powers and to perform such acts as the Board deems reasonable and necessary to promote the best interests of the Company which are not in conflict with the provisions of the Plan.

3.02 *Delegation to the Committee.* The Board may delegate administration of the Plan to the Committee which shall be comprised of three (3) or more members of the Board, and the term Committee shall apply to those whom such

authority has been delegated. If administration is delegated to the Committee, the Committee shall have, in connection with the administration of the Plan, the powers theretofore possessed by the Board, including the power to authorize an officer of the Company to assume those limited administrative powers that are related to the day to day operation and administration of the Plan that the Committee is authorized to exercise (and references in this Plan to the Board shall thereafter be to the Committee), subject, however, to such resolutions, not inconsistent with the provisions of the Plan, as may be adopted from time to time by the Board. The Board may abolish the Committee any time and revert in the Board the administration of the Plan.

A-2

3.03 *Revocation for Misconduct.* Any Stock Appreciation Rights Award under this Plan, whether or not vested and exercisable, made to a Participant who is discharged from the employ of the Company or any of its subsidiaries due to the individual's (i) personal dishonesty of a material nature affecting his or her ability to perform his or her duties with the Company, (ii) willful misconduct or gross negligence, (iii) breach of fiduciary duty involving personal profit, or (iv) conviction of any criminal offense which involves dishonesty or breach of trust or conviction of any felony shall automatically terminate, rescind and be revoked.

3.04 *Limitation on Liability.* No member of the Board shall be liable for any action or determination made in good faith with respect to the Plan. ARTICLE IV

ELIGIBILITY

Awards may be granted to such Employees and Officers as may be designated from time to time by the Board or Committee, pursuant to guidelines, if any, which may be adopted by the Board or Committee from time to time.

ARTICLE V

COMMON STOCK AVAILABLE FOR THE PLAN; ADJUSTMENTS

The aggregate number of shares of Common Stock which may be issued pursuant to this Plan shall be two hundred thousand (200,000) shares. If and to the extent that the number of issued shares of Common Stock shall be increased or reduced by change in par value, split up, reclassification, distribution of a dividend payable in Common Stock, merger, consolidation, reorganization, recapitalization, reincorporation, or the like, the Board may make appropriate adjustment in the number of shares of Common Stock authorized by the Plan and in the number of shares covered by outstanding Awards under the Plan. In the event of any adjustment in the number of shares covered by any Award, any fractional shares resulting from such adjustment shall be disregarded and each such Award shall cover only the number of full shares resulting from such adjustment. The Board may make such adjustments, and its determination shall be final, binding and conclusive.

Where appropriate, the Board also may adjust the number of shares subject to outstanding Awards and the terms of outstanding Awards to take into consideration material changes in accounting practices or principles, extraordinary dividends, acquisitions or dispositions of stock or property or any other event if it is determined by the Board that such adjustment is appropriate in order to prevent dilution or expansion of the rights of Participants.

No shares shall be the subject of more than one Award at any time, but if an Award as to any shares is surrendered before the applicable restrictions lapse, or expires or terminates for any reason, the number of shares covered thereby shall again become available for grant under the Plan as if no Awards had been previously granted with respect to such shares.

ARTICLE VI

PARTICIPATION; STOCK APPRECIATION RIGHTS AWARD AGREEMENTS

The Board shall, in its discretion, determine from time to time which Employees and Officers will participate in the Plan and receive Awards under the Plan. In making all such determinations there shall be taken into account the duties, responsibilities and performance of each respective Employee and Officer, his or her present and potential contributions to the growth and success of the Company, his or her cash

A-3

compensation and such other factors as the Board shall deem relevant to accomplishing the purposes of the Plan.

All awards are subject to the terms, conditions, restrictions and privileges of the Plan in addition to the terms, conditions, restrictions and privileges for an Award contained in the Award Agreement. No Award under this Plan shall be effective unless memorialized in writing by the Board or Committee in an Award Agreement delivered to and signed by the Participant.

ARTICLE VII

STOCK APPRECIATION RIGHTS AWARDS

7.01 Stock Appreciation Rights. Subject to the provisions hereof and individual Stock Appreciation Rights Award Agreements, the Company shall award to Participants that it designates in its sole discretion, Stock Appreciation Rights. This Stock Appreciation Rights Award Agreement shall contain such terms and conditions as the Board shall from time to time determine, shall specify the Base Value of one (1) share of Common Stock, and shall specify the number of Stock Appreciation Rights being granted to the individual, where one (1) Stock Appreciation Right shall equal one share of Common Stock. The Company shall have the discretion to grant Stock Appreciation Awards to Participants specifying a premium Base Value expressed in dollars that exceeds Base Value (Premium Base Value).

7.02 Vesting of Stock Appreciation Rights Awards. Stock Appreciation Rights Awards shall vest and be exercisable pursuant to the terms outlined in each Grantee's individual Stock Appreciation Rights Award Agreement.

7.03 Settlement of Stock Appreciation Rights Upon Exercise. A Grantee shall exercise his Stock Appreciation Rights by submitting to the Board or the Committee a Notice of Exercise in the form provided by the Board or the Committee. Under a Stock Appreciation Rights Award Agreement, as soon as practicable following exercise of such Award, the Grantee will receive cash or shares (including fractional shares) of Common Stock equal in value to the positive difference between the Base Value (or Premium Base Value) and the Final Value multiplied by the number of Stock Appreciation Rights being exercised. This process shall be referred to as the settlement of Stock Appreciation Rights.

Partial exercises of Stock Appreciation Rights are permitted hereunder. A Stock Appreciation Rights Award may not be exercised if there is no positive difference between the Base Value (or Premium Base Value) and the Final Value, and the Grantee shall not be entitled to any settlement in cash or Common Stock hereunder in such circumstances. All Awards granted under the Plan shall settle in cash unless a Grantee's Award Agreement expressly provides the Grantee with the ability to elect to receive cash or Common Stock at his or her election upon exercise. Notwithstanding the foregoing, if the Board is unable to secure shareholder approval of the Plan, all Awards made hereunder shall be settled in cash without regard to a Grantee's election to receive stock pursuant to his or her Stock Appreciation Rights Award Agreement.

In the event of the Grantee's death prior to receiving such share distribution payment when due, such distribution will be made to the Grantee's designated beneficiary (as identified in the Stock Appreciation Rights Award Agreement). If the Grantee is legally married at the time of the designation, and the designated beneficiary is not the Grantee's spouse, then a written consent of his/her spouse will be required to be provided by the Grantee, or else the Company may not pay benefits under the Plan to the designee named and the benefit would pass to the Grantee's estate under applicable law. A Grantee may at any time designate a new beneficiary, subject to the restrictions in the preceding sentence, by notifying the Board or as appropriate, the Committee, in writing and such new designation shall be incorporated with and attached to the Company's file copy of the Stock Appreciation Right Awards Agreement.

7.04 *Restriction on Transfer.* Until an Award is exercised, none of the shares of Common Stock which may be paid to the Grantee upon settlement may be sold, assigned, transferred, pledged, hypothecated or otherwise disposed of or encumbered by the Grantee, and no attempt to transfer the shares or the right to

A-4

receive such shares, whether voluntary or involuntary, by operation of law or otherwise, shall vest the transferee with any interest or right in or with respect to the shares.

7.05 *Exercise by Beneficiary.* If a Grantee dies, becomes disabled or otherwise is unable to exercise an Award, the Grantee's designated beneficiary shall have the right to exercise such Award under the terms and conditions set forth hereunder and under the applicable Stock Appreciation Rights Award Agreement.

7.06 *Termination of Employment, Effect on Awards.* In the event that a Grantee dies, Stock Appreciation Rights granted hereunder shall expire and thus be rendered not exercisable either by the Grantee or as appropriate, his beneficiary, on the ninety-first (91st) day following the date of death.

In the event that a Grantee terminates his employment with the Company other than for the reasons set forth in Section 3.03 hereof, Stock Appreciation Rights granted hereunder shall expire and thus be rendered not exercisable by the Grantee or as appropriate, his beneficiary, on the thirty first (31st) day following the effective date of the termination of his employment.

ARTICLE VIII

AMENDMENT AND TERMINATION OF THE PLAN

The Board may, by resolution, at any time terminate or amend the Plan with respect to any shares of Common Stock or Awards which have not been granted, but no such action shall adversely affect the rights under any outstanding Award without the Grantee's consent.

ARTICLE IX

EMPLOYMENT RIGHTS

Neither the Plan nor any Award hereunder shall create any right on the part of any Employee of the Company or any of its subsidiaries to continue in such capacity.

ARTICLE X

TAX CONSIDERATIONS

In order to provide the Company with the opportunity to claim the benefit of any income tax deduction which may be available to it in connection with the exercise of a Stock Appreciation Rights Award, and in order to comply with all applicable federal or state tax laws or regulations, the Company may take such action as it deems appropriate to insure that, if necessary, all applicable federal or state income and social security taxes are withheld or collected from the Grantee in connection with the exercise of any Award.

ARTICLE XI

EFFECTIVE DATE OF THE PLAN; TERM

11.01 *Effective Date of the Plan.* This Plan shall become effective on the Effective Date, and Awards may be granted hereunder as of or after the Effective Date and prior to the termination of the Plan.

11.02 *Term of Plan.* Unless sooner terminated, this Plan shall remain in effect for a period of ten (10) years ending on the tenth anniversary of the Effective Date. Termination of the Plan shall not affect any Awards previously granted and such Awards shall remain valid and in effect until the restrictions contained therein have lapsed, or by their terms expire or are forfeited.

A-5

ARTICLE XII
GOVERNING LAW

To the extent not governed by Federal law, this Plan shall be construed under the laws of the State of Delaware.

IN WITNESS WHEREOF, the Company has caused a duly authorized officer to execute this Golden Telecom, Inc. 2005 Stock Appreciation Rights Plan, and to apply the Corporate seal hereto as of the day of , 2005.
