REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Trustees of
Crescent Real Estate Equities, Ltd. 401(k) Plan

We have audited the accompanying statements of net assets available for benefits of the Crescent Real Estate Equities, Ltd. 401(k) Plan as of December 31, 2005 and 2004, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Crescent Real Estate Equities, Ltd. 401(k) Plan as of December 31, 2005 and 2004, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of Form 5500, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

1. Description of the Plan continued

Participant Loans

Participants may borrow from their fund accounts, a minimum of \$1,000 and a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans are available to all participants. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant loan fund. Loan terms range from one to five years or a reasonable period of time greater than five years for the purchase of a principal residence. The loans are secured by the balance in the participant's account and bear interest at the prime rate listed in the *Wall Street Journal* plus 2%. The interest rate must be one that a bank or other professional lender would charge for making a loan in a similar circumstance. The interest rates at December 31, 2005 and 2004 were 9.00% and 7.00%, respectively. Principal and interest have a defined repayment period, which provides for payments to be made not less frequently than quarterly.

Payment of Benefits

On termination of service due to death, disability, retirement, or termination of employment, a participant or designated beneficiary is entitled to receive in a lump sum the value of the participant's vested interest in his or her account as defined by the Plan. Payment shall be made as soon as practicable following the participant's normal retirement date, disability, termination of employment or death, as the case may be.

Payment of benefits to participants with balances less than \$5,000 will be made in a lump-sum distribution.

As of December 31, 2005 and 2004, there were no unpaid benefit payment requests.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

2. Summary of Significant Accounting Policies continued

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value as of the end of the Plan year. Shares of registered investment companies are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end. The Company shares are valued using quoted prices. Participant loans are valued at cost, which approximates fair value.

The net realized and unrealized gains and losses on investments includes realized gains and losses on sales of investments during the year and unrealized increases or decreases in the market value of investments held at year end.

Certain funds in which the Plan invests utilize various investment strategies including the use of derivative investments. Derivatives are used to hedge against currency and interest rate fluctuations. Derivative investments underlying funds are stated at fair market value. The Plan's exposure is limited to the fund(s) utilizing such derivative investments.

Purchases and sales of investments are reflected on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income. The Plan's investments are generally subject to market or credit risks customarily associated with debt and equity investments.

Contributions

Contributions from the participants and the Company are accrued in the period in which they are deducted in accordance with salary deferral agreements and become obligations of the Company, as determined by the Plan's Administrator.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

Employees of the Company perform certain administrative functions with no compensation from the Plan. To the extent possible, Plan administrative costs are paid by any available forfeitures. Any remaining expenses will be paid by the Company (See Note 7). These administrative expenses are not reflected in the accompanying financial statements. Under the terms of the Plan, the Plan is not responsible for reimbursing the Company for any fees paid by the Company.

8. Plan Amendment

Effective March 28, 2005, the mandatory distribution provisions of the Plan were amended. The amendment allows for the automatic rollover to an individual retirement account established in the name and for the benefit of the participant of a terminated participant's account if the vested account balance exceeds \$1,000 but is less than \$5,000. These automatic rollovers are completed only if the participant does not request a distribution from the Plan in a timely manner following their termination. Terminated participants with vested account balances of less than \$1,000 are subject to an involuntary lump-sum distribution if they do not submit distribution instructions in a timely manner.

The Plan was also amended, effective February 26, 2004, to allow participants to withdraw any part of their vested account which results from any or all contributions in the event of hardship due to an immediate and heavy financial need.
