MetroPCS Communications, Inc. Announces Appointment of President and Chief Operating Officer

DALLAS (June 27, 2007) MetroPCS Communications, Inc. (NYSE:PCS), the nation's leading provider of flat rate unlimited wireless communications service with no signed contract, announced today that it has appointed Mr. Thomas Keys to the new position of President and Chief Operating Officer due to the need for Mr. Roger Linquist, MetroPCS Chief Executive Officer and the Chairman of its Board, to cut back on his schedule for personal health reasons and the company's desire to provide for succession planning for its Chief Executive Officer should Mr. Linquist retire. Mr. Roger Linquist remains MetroPCS Chief Executive Officer and Chairman of the Board. Mr. J. Braxton Carter, the company's Senior Vice President and Chief Financial Officer, and Mark A. Stachiw, the company's Senior Vice President, General Counsel, and Secretary, continue to report to Mr. Linquist. All of the other executive officers who reported to Mr. Linquist now report to Mr. Keys, except Mr. John Olsen, Vice President and Chief Information Officer, who reports to Mr. Carter.

Mr. Keys will bring additional focus on MetroPCS day-to-day operations and to the future growth of the company resulting from its recent acquisition of spectrum in Auction 66, which will allow me to focus more on MetroPCS overall strategy, Mr. Linquist stated. Mr. Keys has a wealth of experience which is important to running the day-to-day operations of the business and he was instrumental in the highly successful launch of our Dallas-Ft. Worth metropolitan area, said Mr. Linquist.

I am honored to be given this opportunity and look forward to the challenges of running the day-to-day operations of MetroPCS, said Mr. Keys.

This is an important step in the evolution of MetroPCS and we look forward to the contributions that we expect both Roger and Tom to continue to make to MetroPCS, said Arthur Patterson, a director of MetroPCS since its founding. Mr. Keys became MetroPCS Senior Vice President, Market Operations, West in January 2007. Previously, Mr. Keys served as its Vice President and General Manager, Dallas from April 2005 until January 2007. Prior to joining MetroPCS, Mr. Keys served as the President and Chief Operating Officer for VCP International Inc., a Dallas-based wholesale distributor of wireless products, from July 2002 to April 2005. Prior to joining VCP International Inc., Mr. Keys served as the Senior Vice President, Business Sales for Weblink Wireless Inc. (formerly PageMart, Inc.) from March 1999 to June 2002, which included leading and managing the national sales and distribution efforts, and in other senior management positions with Weblink Wireless Inc. from January 1993 to March 1999.

Mr. Linquist expects to be in a position by the end of the year to clarify his retirement plans. The Board of Directors has launched both an internal and external search for Chief Executive Officer candidates in the event that Mr. Linquist retires.
