

LEAP WIRELESS INTERNATIONAL INC

Form 425

September 04, 2007

Filed by MetroPCS Communications, Inc.

Pursuant to Rule 425 under the
Securities Act of 1933

Subject Company: Leap Wireless International, Inc.

Commission File No.: 000-29752

September 4, 2007

Dear MetroPCS Employee,

As you may already know, this morning we sent Leap Wireless International a letter, which we also issued with a press release, proposing a strategic stock-for-stock tax-free merger of our two companies. The combined company would create a new national wireless carrier with licenses covering nearly all of the top 200 markets in the United States. A copy of the press release with the letter we sent to Leap explaining the proposed transaction and the anticipated benefits to MetroPCS, you and our customers and shareholders is attached to this email. Also attached is a list of anticipated FAQs and answers to those questions.

We believe our proposal presents a strategically advantageous combination that would create significant value for the stakeholders of both companies, including employees, customers and shareholders. Given our complementary assets, as a combined company we would significantly expand the network service area available to subscribers and would be better positioned strategically to compete more aggressively in the rapidly changing United States wireless market. We believe we would also benefit from improvements in customer penetration in our present markets as well as from improvements in customer retention.

Employees will have the opportunity to become part of a larger, more diversified organization that is poised for further growth and success in our dynamic industry. In addition, by combining the skills of our talented workforce with Leap's we will be able to capitalize on the combined company's expanded service area.

Under our proposal for a stock-for-stock tax-free transaction, upon completion of the proposed merger, MetroPCS and Leap shareholders would own approximately 65.4% and 34.6%, respectively, of the combined company. The new ownership structure would provide all shareholders the opportunity to participate in the significant upside potential created by the merger. Given the compelling nature of this combination, we look forward to sitting down with Leap to make this proposed transaction a reality. Any transaction will be subject to the negotiation and execution of a definitive merger agreement and approval by the Boards of Directors of both companies, and consummation will require approval by the FCC and shareholders of both companies.

Although we must adhere to certain legal and regulatory requirements, we will make every effort to keep you informed throughout this process. In the meantime, if you have any questions, please feel free to speak with your manager for additional information.

Over the coming days and weeks, you may be contacted by members of the media, financial community or the general public regarding this proposed transaction. It is important we speak with one voice on this matter, and I ask that you please do not respond, but rather forward any calls you may receive to Keith Terreri, Vice President Finance & Treasurer, at 214-571-4641 or investor_relations@metropcs.com.

As always, we must remain focused on running our business, while continuing to offer our customers quality products and superior service. Thank you for your ongoing commitment, dedication and valued contribution to our business.

Sincerely,

Roger D. Linquist

Chairman of the Board and Chief Executive Officer

We do not intend to, and do not undertake a duty to, update any forward-looking statement or projection in the future to reflect the occurrence of events or circumstances, except as required by law.
