Independent Auditor's Report

To the Pension Committee
The Andersons, Inc. Retirement Savings Investment Plan

We have audited the accompanying statement of net assets available for plan benefits of The Andersons, Inc. Retirement Savings Investment Plan as of December 31, 2002 and 2001, and the related statement of changes in net assets available for plan benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for plan benefits of the Plan as of December 31, 2002 and 2001, and the changes in net assets available for plan benefits for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets held for investment purposes is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to those basic financial statements taken as a whole.

Note 1 Significant Accounting Policies

The accounting records of The Andersons, Inc. Retirement Savings Investment Plan (the Plan) are maintained on the accrual basis by The Andersons, Inc. (Plan Sponsor). Plan assets are maintained by Fidelity Management Trust Company (Trustee) and monitored by the Pension Committee established by the Plan sponsor.

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates. Unpaid withdrawals due to terminated participants have not been deducted in

determining assets available for benefits for financial reporting purposes, but have been deducted from total assets in the Plan's annual return on Form 5500.

These amounts totaled \$752,411 and \$685,574 at December 31, 2002 and 2001, respectively.

As a result, withdrawals for financial reporting purposes were \$66,837 and \$73,456 higher for 2002 and 2001, respectively, than the amounts reported on Form 5500.

Investments are stated at fair value. The fair values of the Plan's investments in mutual funds are based on net asset values on the last business day of the Plan year. The fair value of the Plan's investments in The Andersons, Inc.'s common stock is based on NASDAQ closing market prices on the last business day of each
