PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON APRIL 20, 2005

Edgar Filing: AMERICAN STONE INDUSTRIES INC - Form DEF 14A

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of American Stone Industries, Inc. ("American Stone" or the "Company") of proxies to be used at the Annual Meeting of Stockholders of the Company to be held on Wednesday, April 20, 2005, at 10:30 a.m., local time, at the Union Club of Cleveland, 1211 Euclid Avenue, Cleveland, Ohio (the "Annual Meeting") and at any adjournment or postponement thereof.

The accompanying proxy is solicited by the Board of Directors of the Company and will be voted in accordance with the instructions contained therein if it is returned duly executed and is not revoked before it is voted. If no choice is specified on the proxy it will be voted FOR the election of the seven nominees for Director named herein. Any stockholder giving a proxy pursuant to this solicitation may revoke it by giving written notice to the Secretary of the Company at any time prior to its exercise, by voting in person at the Annual Meeting or by submission of a duly executed proxy bearing a later date.

This Proxy Statement and accompanying form of proxy are being mailed to stockholders on or about March 16, 2005.

The record date for determination of stockholders entitled to vote at the Annual Meeting was the close of business on March 9, 2005. On that date, 2,032,021 shares of Common Stock were outstanding and entitled to vote. The Company has no other voting securities outstanding.

At the Annual Meeting, in accordance with the Delaware General Corporation Law and the Company's Bylaws, the inspectors of election appointed by the Board of Directors for the Annual Meeting will determine the presence of a quorum and will tabulate the results of stockholder voting. The holders of a majority of the outstanding shares of the Company's Common Stock entitled to vote at the meeting, present in person or by proxy, will constitute a quorum. The inspectors of election intend to treat properly executed proxies that are marked, with respect to election of Directors, as "vote withheld" or, with respect to any other proposals, "abstain," as shares present for purposes of determining whether a quorum is present. Likewise, broker non-votes will be counted in determining a quorum.

The seven nominees for Director receiving the greatest number of votes will be elected. In the election of Directors, votes may be cast in favor or withheld; votes that are withheld or broker non-votes will have no effect on the outcome of the election of Directors.

In voting on matters other than the election of Directors, proposals will be decided by the vote of holders of a majority of the outstanding shares entitled to vote thereon present in person or by proxy at the meeting, unless otherwise provided by law or by the Certificate of Incorporation. In voting on such other matters, votes may be cast in favor, against or abstained. Abstentions will count as present for purposes of the proposal on which the abstention is noted and will have the effect of a vote against the proposal. Broker non-votes, however, are not counted as present and entitled to vote for purposes of determining whether a proposal has been approved and will have no effect on the outcome of any proposal requiring the affirmative vote of the holders of a majority of the outstanding shares present and entitled to vote.

ELECTION OF DIRECTORS

Under the Company's Bylaws adopted by the stockholders on November 22, 1996, the authorized number of Directors of the Company shall be not less than three, nor more than seven, as may be fixed from time to time by resolution of the Board of Directors, and each Director shall be elected or designated to

The charter requires that the Nominating Committee recommend annually nominees for election to the Board. Each recommended nominee must have indicated willingness to serve on the Board and must be prepared to represent the interests of the Company and its stockholders in general and not just to represent a particular stockholder or group. The Nominating Committee charter provides in part that the Nominating Committee shall consider all director nominees recommended to it, including those recommended by third parties such as stockholders, and that such recommendation shall be evaluated using the same criteria as applicable to candidates identified by the Nominating Committee. On June 24, 1998, the stockholders approved the American Stone Industries, Inc. 1998 Non-Employee Director Stock Option Plan (the "Non-Employee Option Plan"). Under this plan, each non-employee Director automatically receives an option to purchase 1,500 shares of Common Stock on the date of each annual meeting of stockholders in which the Director is elected or re-elected to the Board of Directors. In addition, each Director receives an option to purchase 150 shares of Common Stock for each Board or committee meeting attended. The Chairman of the Board receives twice the number of options as the other Directors. Each option is granted at the fair market value of the Common Stock on the date of grant and expires on the fifth anniversary of the date of grant. All options granted are non-qualified stock options for federal income tax purposes. On February 19, 2003, the Board of Directors unanimously approved amending the Non-Employee Option Plan to extend the terms of all options granted under the Non-Employee Option Plan that were outstanding prior to the Board meeting on February 19, 2003 for an additional three years. AUDIT COMMITTEE REPORT

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. The Audit Committee's activities are governed by a written charter adopted by the Board of Directors. The charter includes the Audit Committee's pre-approval policies and procedures related to engaging audit or non-audit services.

Management has the primary responsibility for the Company's financial statements and the reporting process, including the system of internal controls. The independent auditors audit the annual financial statements prepared by management and express an opinion on the conformity of those financial statements with accounting principles generally accepted in the United States of America. The Audit Committee monitors these processes.

In this context, the Audit Committee met and held discussions with management and the independent auditors. Management represented to the Audit Committee that the Company's financial statements were prepared in accordance with accounting principles generally accepted in the United States of America, and the Audit Committee reviewed and discussed the audited financial statements with management and the independent auditors, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of specific judgments and the clarity of disclosures in the financial statements. The Audit Committee also discussed with the independent auditors such other matters as are required to be discussed with the Audit Committee under auditing standards generally accepted in the United States of America.

In addition, the independent auditors provided to the Audit Committee the written disclosures and letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), related to the auditors'

Edgar Filing: AMERICAN STONE INDUSTRIES INC - Form DEF 14A

independence. The Audit Committee discussed with the independent auditors the auditors' independence from the Company and its management and considered the compatibility of non-audit services with the auditors' independence.

The Audit Committee discussed with the Company's financial management and independent auditors the overall scope and plans for the audit. The Audit Committee also met with the independent auditors, with and without management present, to discuss the results of the examinations, their evaluation of the Company's internal controls and the overall quality of the Company's financial reporting. In addition, the Audit Committee considered other areas of its oversight relating to the financial reporting process that it determined appropriate.

Based on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors, and the Board of Directors has approved, that the audited financial statements be included in the Company's Annual Report on Form 10-KSB for the year ended December 31, 2004 for filing with the Securities and Exchange Commission.

Edgar Filing: AMERICAN STONE INDUSTRIES INC - Form DEF 14A

On December 18, 2002, American Stone Corporation, a wholly-owned subsidiary of the Company, purchased approximately 150 acres of property adjacent to the Company in the Township and Village of South Amherst, Lorain County, Ohio from Amherst Quarry, Inc., P.O. Box 1072, Amherst, Ohio 44001 for the purchase price of \$500,000. The purchase price was determined by an independent third party appraiser. Mr. Gasparini and Mr. Costantino are holders of 60% and 20%, respectively, of the shares of Amherst Quarry, Inc. American Stone Corporation delivered a promissory note to Amherst Quarry, Inc. for the full purchase price bearing interest at the rate of 4.5% per annum with all outstanding interest and principal due and payable in a single lump-sum installment on November 21, 2007. In addition, upon the note's expiration, or if during the term of the note any part of the property is sold to a third party, American Stone Corporation is obligated to pay Amherst Quarry, Inc. on the maturity date 50% of the difference between the fair market value of the property and the purchase price of \$500,000. The note is secured by a mortgage deed executed by American Stone Corporation in favor of Amherst Quarry, Inc. granting a mortgage lien upon the property. The transaction was approved on November 20, 2002 by unanimous vote of the Board of Directors of the Company with Mr. Gasparini and Mr. Costantino abstaining from the vote.

The Company has adopted a policy whereby in the event that management recommends the Company, or any of its subsidiaries, enter into any business transactions with a related party, such transactions will be reviewed by a majority of the Board who are independent. In addition, if a Director is affiliated with the subject related party, that Director will abstain from voting on any such proposal.

Based solely on its review of copies of reports furnished to the Company and, where applicable, any written representation that no reports were required, the Company believes during fiscal 2003 all but one Section 16(a) filing requirements were met. One Form 4 filing for Thomas H. Roulston II regarding a single transaction on October 1, 2004 was reported late during 2004.
